GREETS FAMILY—Spec. 5 Richard Friend greeted his family Tuesday night at the B. and O. station as he detrained from train No. 1, the National Limited, following his honorable discharge from the service in California in recent days. Specialist Friend, prior to leaving Vietnam, had received the Distinguished Service Cross, second highest award for valor, presented by Lt. Gen. Bruce Palmer, after displaying extraordinary heroism. Greeting him at the train were, left to right, his brother, Darvin Friend, his mother, Mrs. Arnold Friend, to the right Mrs. Fred Colaw, his sister, and in front, Jeffrey Colaw.

Local Soldier Awarded D.S.C.

An Oakland man, Spec. 4 Richard E. Friend, has been awarded the Distinguished Service Cross, second highest award for valor, as the result of extraordinary heroism in action in Vietnam.

The award was presented by Lt. Gen. Bruce Palmer, deputy commander, U. S. Army Vietnam, in a ceremony at Bearcat, 20 miles east of Saigon.

Friend, a member of the 959th Engineer Company, was cited for his actions while traveling with a convoy enroute to Soui Tac in Long Khanh Province, 45 miles east of Saigon, last May 21. At that time he was recommended for the Silver Star.

The convoy was attacked by a large Viet Cong force. Several shots struck the Jeep in which Friend was riding and killed the driver. The vehicle overturned, throwing Friend to the road.

As the attack became heavier, Friend saw a Viet Cong soldier running toward an armored personnel carrier with a satchel charge. Friend dashed through heavy fire toward the same carrier. He had lost his rifle when the jeep overturned, but he drew his knife, one which he had used while rabbit hunting in the States, and attacked the man in hand-to-hand combat. He killed the Viet Cong before he could detonate the satchel charge.

In praising Friend's heroism, Gen. Palmer said, "with young men like Specialist Friend

Sines Is President Of Commissioners In Reorganization

Carrying out their usual plans of reorganization, for the County Commissioners from year to year, John Ross Sines was elected president of the Board of County Commissioners, at a meeting on Tuesday in the Court House. He succeeds Allen S. Paugh who had served the previous year.

The motion was made by Hubert A. Friend and seconded by Mr. Paugh. The motion was made unanimous by Mr. Sines.

The motion also included the following: that Allen S. Paugh be vice-president; that Mr. Friend be associate member; that W. Dwight Stover be attorney to the commissioners; Mrs. Connie Eisentrout, secretary; Thomas Sluss, roads engineer. Harold J. Adams had been appointed for a two year period last year, so there was no necessity to take any action concerning his reappointment.

Governor Unveils Legislative Plan

Gov. Spiro T. Agnew met with legislative leaders of both parties to outline his legislative program for the 1968 session on Tuesday.

The governor unveiled a 15-point program which included proposals to:

Abolish death penalty in most cases but increase time a prisoner must serve of a life sentence before becoming eligible for parole.

Establish comprehensive water pollution program.

Create a crash program of building community health centers with emphasis on treatment of alcoholics.

Revise state highway construction program.

Agnew also indicated his legislative program would include higher education loans, business tax reforms, a transit system for Baltimore area, control of civil disorder, drug control and highway safety.

Beachy Recipient Of 2 Scholarships

Stanley Beachy, junior at Goshen College, Goshen, Ind., has been the recipient of two scholarship awards.

They were two of five hundred thirty gift awards totaling $229,371 administered by the college for the present school year.

Beachy, a son of Mr. and Mrs. Joel D. Beachy, route 1, Grantsville, received the G. L. Miller, M. D., and L. D. Kinzer, M. D., scholarship for premedical students, and also the D. A. Lehman scholarship. The latter is awarded to the junior student majoring in the division of natural science who makes the highest scholastic average during his first two years at Goshen college. The scholarship is in memory of Daniel A. Lehman, professor of mathematics at the college from 1905 to 1935. The specific amount of the grants was not announced.

Injured In Fall

Kelly Vance fell last Saturday morning when entering the Kelly Appliance and Furniture store at Loch Lynn Heights, and suffered torn ligaments in one of his legs.

He was hospitalized at Garrett County Memorial hospital and later transferred to Monongahela General hospital in Morgantown. He was planning to return to his home this morning where he would recuperate.

Mr. and Mrs. Fred A. Thayer and son returned to their home last evening after spending the holiday period in Canada with relatives.

FIRST BABY OF 1968—Here is the first baby born at Garrett County Memorial hospital in Oakland for the new year of 1968. This was a boy, Harold Lee Humberson, Jr., weighing seven pounds and thirteen ounces, and was born at 3:13 p. m. on Monday, January 1, to Mr. and Mrs. Harold Lee Humberson, Sr., of Friendsville. It was the only child born at the hospital on New Year's Day. The photograph was taken at the hospital on Tuesday afternoon.

Pyles Pleads Not Guilty To Murder Charge

Is Being Held Without Bond For March Grand Jury Action

Charles Pyles, 20, of near Vindex, last Friday was bound over to action of the March Term Grand Jury and was being held in the county jail without bond on a charge of the murder of his father, Sherman R. Pyles, 50, on December 22, at his home.

The young man appeared before Trial Magistrate Robert M. Maroney last Friday afternoon. His court appointed attorneys, W. Dwight Stover and Clarence A. Penman entered a plea of not guilty.

Sheriff James E. Frantz had received a telephone call about 6:15 p. m. on December 22 from a neighbor of the victim, reporting some difficulty at the Pyles' home, about a half mile off the Vindex road.

When the sheriff arrived at the home he found Mr. Pyles dead. An autopsy was performed at Sacred Heart hospital in Cumberland where the report showed death was caused by a knife wound in the back.

Charles Pyles was taken into custody at the home. Deputy Sheriff John Evans and Trooper Stephen Russell of the State police, also assisted in the initial investigation.

To Install Pastor Of Cove Church

Installation services for the Reverend August P. Kreutz, as new pastor for St. John's Lutheran church, Missouri synod, at Cove, will be conducted on Sunday afternoon, January 7, at 3 o'clock. The installing will be by the Reverend Herman R. Frincke, president of the Eastern district.

Liturgist for the service will be the Rev. Carl F. Dauphin, pastor of Zion Lutheran church, Accident. The sermon will be delivered by the Rev. Max G. Beck, institutional chaplain for the Lutheran center at Pittsburgh, who has been serving as vacancy pasor of St. John's. Rev. Walter R. Sommerfeld, Christ Lutheran church, Pittsburgh, will be the Lector.

The new pastor is a graduate of Concordia seminary, Springfield, Ill. He has served as pastor in several New York towns since his ordination in 1938. Pastor Kreutz is married and the father of two sons. He will be moving to the Cove parsonage during the first week of January.

St. John's church has been without a full-time pastor since the sudden death of the Rev. Arhur M. Bicker on Easter of last year.

Specific Dates of August 12 Thru 17 Set By Fair Board

At a meeting of the Garrett County Fair board on Tuesday evening at McHenry the week of August 12 through 17 was set for the eleventh annual fair, it was announced by H. G. Gortner president. This will have the fair coming a week later than previous years.

Mr. Gortner was re-elected president of the organization for the 10th year at Tuesday's session as were the other officers: John Brenneman, vice-president; Baity Ridder, secretary; and Allen S. Paugh, treasurer.

The fair manager will be C. W. Wagner Jr., who was re-elected. Routine business was conducted by the board of directors. The board was named a few weeks ago and included John J. Brenneman, Fredlock Schenk, Claude Wagner, Jr., Mrs. Robert O. Glotfelty, George Shawley, Charles Bowman, Harry Collier, Arthur Fitzwater, Mrs. Donald Newman, Hubert Friend, Gerald Glotfelty, Robert L. Glotfelty, Lawrence Glover, H. G. Gortner, Mrs. Leslie Guard, Mrs. Robert Hoffman, James Lininger, F. Ray Mattingly, Allan S. Paugh and Ross Crowe.

Way Paved For Progress In Jr. College Agenda

Commissioners Authorize Yoder Farm Survey By County Surveyor

Paving the way for progress for the County Community college, the County Commissioners on Tuesday passed a motion authorizing that Frank A. Corliss be employed to survey boundaries of the Yoder farm and to survey and establish contour lines as may be needed for any architectural firm. The motion was made by John R. Sines and seconded by Hubert A. Friend. There was no vote by Paugh.

The same afternoon Mr. Paugh made a motion to renew a previous motion of December 4 stating that "We make available necessary funds for the county's share for the Community college." The motion was not seconded.

There was no word from the office of the Board of Education on its reaction to the action taken by the Commissioners as Willard L. Hawkins, county superintendent, was in Baltimore on other school matters.

Members of the Board of Trustees for the Community college, who are members of the Board of Education had agreed December 18 to compromise with the two commissioners on the Yoder farm site for the college but only on condition the two commissioners accept five conditions concerning furnishing authorized funds.

Members of the Education Board had maintained their belief that the Glotfelty-Wagner site was the ideal one for the college, and issued a statement which appeared in The Republican on Dec. 21.

In order not to be charged with taking an arbitrary stand against a compromise that might prevent continuing the delay progress toward the development of the college the board agreed to compromise on the Yoder farm site but only on the conditions that the Commissioners provide at once sufficient funds to appraise and survey the Yoder farm as required by the State Board of Public Works; that upon approval that the commissioners proceed at once to turn over to the Board of Trustees the county's one-fourth share of the cost of the land; that the commissioners sign the contract with the architectural firm of Johannes and Murray guaranteeing payment of architectural fees; that the commissioners agree to turn over to the Board of Trustees the balance of the county's one-fourth share of the $1,250,000 project on the date the contract for construction is approved.

The commissioners were also asked to agree to removing themselves permanently from any further interference with

Deer Park Couple Tried In Juvenile Court For Neglect

Charles Junior Paugh and his wife, Betty Jane Paugh, were found guilty of the neglect of their six minor children for the second time in three months on December 29.

The couple, residents of Deer Park, were brought into Juvenile Court at the request of Wayne Wilt, county probation worker, who claimed the two were violating their probation by failing to provide adequate food, clothing, shelter, and supervision for their children.

First put on probation in October of this year after the court suspended a two year sentence, the Paughs had made an effort to follow the rules set down at that time. However, on December 22, it was discovered that two of the children were lacking adequate food, supervision and heat. Jack Turney, acting state's attorney, asked for a bench warrant for their arrest, and the case was heard by Associate Judge Stuart F. Hamill. Although the couple entered a plea of not guilty, the court declared them guilty, and Judge Hamill decreed that the Paughs will be on continued probation.

Jackson Company Store Gutted, Four Others Badly Damaged

The northeast corner of the DeWitt and DeBerry building, with the Germain Sewing Center and Oakland Electric and Radio store rear which were completely gutted with a loss of thousands of dollars.

Looking into the J. W. Jackson store from the McLaughlin building this morning.

The J. W. Jackson five and ten cent store was gutted by fire and four other business establishments badly damaged early this morning causing loss estimated at more than $200,000. The flames for a time threatened the entire downtown business area of Second and Alder Streets. Fortunately there was no wind and the weather was mild.

Six fire companies battled the blaze for three hours and the Oakland department was still on duty today to prevent any recurrence. Called in to assist the Oakland Fire department were the departments from Deer Park, Terra Alta, Kingwood, Deep Creek Lake and Accident.

Water remained plentiful and the steady streams kept the flames from spreading to the Matthews Restaurant, the Tom Kight Insurance agency, on the one side, McLaughlin building and the one housing the Department of Employment Security on the other.

The Alder street entrances of the Family Shoe Store, Oakland Electric and Radio Service, and DeWitt and DeBerry had only water damage but the Germain Sewing Center, in rear of the shoe store was completely gutted, as were the repair and storage areas of the Oakland Electric and Radio, and DeWitt and DeBerry establishments.

The blaze was discovered by city policemen about 11:50 as they prepared to change shifts. Hobart Shillingburg going off duty, met with Charles Wendlandt, who was preparing to take over. They noticed smoke and upon investigation discovered the flames bursting through the second floor of the area over the Oakland Electric and radio, which the five and ten used for a storage room. Employes of the dime store had been taking inventory until 9 o'clock last night.

Russell L. Smith, mayor of Oakland, got to the city water station and reported to firemen there was plenty of water and that he would remain there to watch if there was any change in the pressure.

The Helbig jewelry store was evacuated with the merchandise being moved to establishments across the street. The Family Shoe Store was able to get every pair of shoes out of the building and moved across Alder street, but a number of sewing machines were lost in the blaze. The sewing machines were in the rear of the building. Much of the furniture and TV models were removed from the Oakland Electric and Radio store to Alder street but were water damaged. Water was still

Snowfall Tops 22 Inches From Pair Of Storms

Initial Snow Heaps 17 In. On The Mountain Top; Five Added Sunday

One of the heaviest snowfalls in several years hit the Garrett county area last Thursday, dumping some 17 inches of the white stuff. Some five additional inches fell on Sunday night, and this was accompanied by a sharp drop in temperature Monday night for a record low of the year. The thermometer dropped to 21 below zero at Oakland and other parts of the county while there was a "crazy quilt" pattern which kept temperatures at near zero in certain "air pockets." Temperature and snow combined to create the worst storm of the year thus far.

The depth was variously reported up to 26 or more inches in the tri-state area.

The snow began to fall lightly last Thursday morning, continued steady during the day and at nightfall the depth had reached some eight or more inches. The flakes continued to fall during the early evening.

There was little or no drifting but the additional inches which fell Sunday evening caused some drifting and made it a real job for the county and state roads crews.

During the first storm there were 26-inch falls recorded at Bayard, Blaine, Elkins, Thomas and Mt. Storm. In Randolph county depths went as high as 30 inches. Some 50 crewmen and 30 pieces of equipment were in

Marriage Licenses For Year '67 Show Decrease of 40

The 1967 yearly total of all marriage licenses issued from the office of Richard L. Davis, Clerk of the Circuit Court at Oakland, was only 1,598, the lowest figure since 1958.

This is the second straight year for a decline in marriage license totals in Oakland. In 1966, 1,638 licenses were issued, which was 274 less than the peak year of 1965.

The year 1965 can claim the most civil ceremonies performed, having a total of 598. In 1966, 530 ceremonies were performed, while in 1967 the total had dwindled to 503 for a percentage of 31.47.

Monthly totals for marriage licenses and civil ceremonies were as follows:

January	107,	38
February	92,	27
March	128,	37
April	100,	23
May	134,	42
June	175,	52
July	158,	58
August	158,	58
September	132,	47
October	132,	36
November	137,	50
December	145,	45

The month of June topped all others with its high of 175 licenses. June was also high month last year, when 166 licenses were filed; and the year before, when 223 permits were issued.

Mathias May Run For Senate Seat

The Sixth District's Republican Congressman, Charles McC. Mathias, Jr., will announce his candidacy this month for the U. S. Senate seat now occupied by Sen. Daniel B. Brewster, the Washington Post said on Tuesday.

A decision clearing the primary field for Rep. Mathias was reportedly made at a meeting of the GOP held in Baltimore recently.

The decision was said to depend on the outcome of recent surgery on Rep. Mathias' back. Doctors have pronounced the surgery successful.

It was believed that Mathias, with a reputation as an independent minded moderate, would run a stronger race against the politically vulnerable Brewster than would Rep. Rogers C. B. Morton, the other and more conservative potential GOP challenger.

Mathias was said to have identification with the populous Washington suburbs and their problems including a direct tie with Montgomery county. He is a leader of the progressive wing of the House District of Columbia committee. Rep. Mathias is presently on a trip to Europe.

Bloodmobile Unit Due Wednesday

The American Red Cross bloodmobile unit from Johnstown, Pa., will be at the Oakland fire department next Wednesday, January 10, from 12 o'clock noon to 6 p. m., it has been announced.

The American Legion has been conducting a blood drive since last December 4, 1967 and a concerted drive is being planned to conclude the campaign next Wednesday.

Paul Hoye, mountain district commander of the Legion, is urging that Legion members and Auxiliary members give a gift of blood at this time. He pointed out that the combat veterans from Vietnam desperately need this blood and said that donations were falling 50 percent below requirements at this time of the year.

He termed the contribution of blood as not only a patriotic duty not only for former servicemen and women but for all Americans.

Mr. Hoye urged people to call American Legion, 4-9829 and transportation would be furnished to the fire hall. He concluded by saying "In doing this you may save the life of a soldier who is protecting your freedom".

Library To Embark On Enlargement of Service and Space

Bids for the construction of an addition and alterations to the Ruth Enlow library building in Oakland will be opened on Wednesday, January 10, and will launch a project which will add 8,374 feet of floor space to the present structure, providing a big step forward in library service in the county and provide much needed space for orderly growth of the book collection and for reading and study.

Ski Champion Races Are Set For Jan. 27, 28

Annual Event Will Include Races In Four Ski Classes

The annual Maryland State Junior ski championships will be held at the Wisp Ski area near McHenry on Saturday and Sunday, January 27 and 28, it was announced by Robert B. Sincell Oakland, president of the Western Maryland Ski club which sponsors the event.

The Ski club members will meet soon to make definite plans for the championship races. Last year's races were scheduled for the ninth annual event but were cancelled because of the scarcity of snow, so this year's matches will be billed again as the ninth annual event.

The races are sanctioned by the U. S. Eastern Amateur Ski association. There will be the usual classes I, II, III and IV for both boys and girls. Skiers ages 17 and 18 will compete in class one; those 15 and 16 in class two; those 13 and 14 in class three; and those 12 and under, in class four. Trophies are to be given for first, second and third places in all events, with the donors being the First National and Garrett National banks, Oakland. Deadline for entries will be January 26.

Ski club members are seeking a number of adults who will volunteer to participate as gate watchers and assume minor positions among officials.

It was announced that the giant slalom would be held on Saturday, January 27, with the slalom on Sunday, January 28. The course is scheduled to be set by Guy William "Butch" Hinebaugh.

County Worker Injured Monday

The New Year has started with a thud for one Garrett County Roads Department employe.

Joe Whitacre, 59, was admitted to Garrett County Memorial Hospital January 1 for treatment of a broken left shoulder and other injuries he sustained when a safety bar on his truck broke, dropping him and the cinders he was shoveling onto the Chestnut Grove Road.

Mr. Whitacre was later taken to Cumberland Memorial Hos-

Your Federal Income Tax

The Republican, in cooperation with the Internal Revenue Service, Baltimore District, will publish each week in this column, tax information that will enable taxpayers to became more familiar with the Federal income tax laws. CLIP AND SAVE FOR FUTURE REFERENCE.

Questions and Answers

Q. A friend of mine is still liable for his federal taxes even though he went bankrupt. Why does he still owe for taxes and not for anything else?

A. The law provides that although commercial debts of a legally declared bankrupt are dissolved, federal taxes remain a legally collectible debt.

Q. I've been told that you can save on estate taxes by using the marital deduction. How does this work?

A. The law provides that the total value of the taxable estate may be reduced by that portion of the estate that has been left, generally by will, to the surviving spouse. However, this total reduction is limited to one-half of the adjusted gross estate (the total estate less certain expenses).

Q. My husband is with the army in Viet Nam and I don't know how to answer the letter I just got regarding our tax return. What should I do?

A. Contact your local IRS office and they will give you all the help they can.

Q. I just got married. Is there any change I should make in my withholding?

A. A married taxpayer's withholding is at lower rates than a single taxpayer's, assuming other things are equal. Therefore, by notifying your employer of the change in your marital status, with the filing of a new Form W-4, your withholding may be reduced.

You also may want to take an exemption for your wife. This will reduce the amount withheld from your paycheck. However, if your wife works and claims her own exeoption, then you may not claim her exemption too.

Q. I lost my refund check. What can I do?

A. Report the loss to your local IRS office. They will explain the procedure for making a claim for a duplicate check.

Q. The deductions that were disallowed when my return was audited were put in by the fellow I paid to prepare my return. Actually, I wasn't aware of them until your agent pointed them out to me. Is there anything I can do to get back at the fly-by-night who prepared my return?

A. The taxpayer is legally responsible for all of the information on his return no matter who helped him prepare it. Your experience proves the value of using only reputable and trustworthy advisors for help on a tax return. Further, when help is used, the taxpayer should carefully check every item on it himself before signing his return, since he is responsible for its accuracy.

Q. Are gardeners considered household employees for Social Security purposes?

A. If you pay a gardener $50 or more cash wages during a calendar quarter, and an employer-employee relationship exists, then you are required to report the wages and pay the Social Security tax on them. Form 942 is used for this purpose. A gardener working for you as an independent contractor is not your employee.

Q. Can a divorced woman whose ex-husband has passed away and whose 11-year old daughter is collecting Social Security benefits still claim that daughter as an exemption?

A. If the mother furnishes more than half of her daughter's support during the calendar year, the mother may claim a dependency exemption for her daughter. (If the daughter's Social Security benefits are actually used to help support her, the amount of the benefits used for support must be compared with the amount of support furnished by the mother in order to determine whether the mother furnished more than half of her daughter's support during the year).

Q. Can this woman who maintains a home for her daughter be entitled to be classified as "Head of Household"?

A. If the mother furnishes more than half of the cost of maintaining the household during the year, the mother will qualify as "Head of Household" if she has not remarried before the end of the year, even if she did not furnish more than half of her daughter's support during the year.

Q. Is she also entitled to deduct child care payments she made in order to work?

A. If the daughter is her only child, she may deduct any amount paid for child care up to $600.00 for any one year, but only until the child reaches the age of 13, unless the child is physically or mentally incapable of caring for herself, and only if the mother furnishes more than half of the daughter's support for the year.

Q. My employees have been reporting their tips to me every month. Can I withhold for the tips on a weekly basis or do I have to do it monthly?

A. As long as the proper amount is withhold, you may withhold on the regular payroll period basis — weekly if you regularly have a weekly pay period.

Q. Our son is helping out in our store after school. A neighbor told me we would have to withhold taxes from any money we pay him. Is that right?

A. In the situation you describe of a minor child working for a parent, reasonable wages may be paid to the child. The wages are a deductible business expense for the parent and taxable income for the child.

In this situation, the child's wages are subject to withholding for income taxes but not for social security taxes.

Q. Are Revenue Agents evaluated on the basis of their "production" — the amount of tax increase — resulting from audits?

A. IRS agents are professional employees and evaluated by professional standards. No records by case count or dollars assessed are available to agents' supervisors.

The purpose of an audit is to insure that the correct tax has been paid. The government wants no more than it is entitled to and certainly no less. Each year, audits result in refunds unexpected by taxpayers as well as assessments for additional taxes. Whether a Revenue Agent recommends a refund or an assessment is immaterial to his professional progress in the Revenue Service.

For further information contact youur local Internal Revenue Service office.

Q. If I take a job overseas will I have to pay both a foreign tax as well as a U. S. one?

A. It depends on where you work and the circumstances of your employment. The U. S. has agreements with many countries to ease the problem of double taxation. A U. S. citizen may also, in many cases, be able to take a credit or a deduction on his U. S. income tax return for the foreign income taxes he pays.

Under certain conditions all or part of the income earned abroad may be exempt from Federal taxation. For details on this send a post card to your district director and ask for a free copy of Publication No. 54, "Tax Guide for U. S. Citizens Abroad".

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The "shine and haircut" used to be a regular ritual for gentlemen. But as haircut prices went up, along with everything else, the professional shoeshine became a near-luxury that more men did without.

* * *

In Washington, where appearances must be kept up at any cost, the demand for shoeshines continued pretty brisk. Until just recently. Suddenly, Washington shoeshine prices are up sharply, and customers are shying away. There may even be a bit less polish around the Capitol!

C. W. Harder

* * *

Local shoeshine parlor business was pretty good until government intervened, obstensibly to help professional bootblacks earn a better living.

* * *

Until then, prices were 15 or 20 cents a shine in most barber, valet and shoe repair shops, and a boy either received most of that fee or a weekly salary of $20 to $25 plus tips. Boys who were busy pocketed $50 or more in tips.

* * *

Then the District of Columbia Wage Board stepped in. It ruled that since most bootblacks do other work, like cleaning chores, they are "regular employees" and must be paid $1.25 per hour, and overtime.

* * *

That threw mud into the shoeshine business. At 2 cents a shine, a boy would have to average more than six shines an hour just to earn wages. And what about slow, rainy days . . . and overhead and profit?

* * *

With the Board edict, shine prices soared to 30 and 35 cents. Business immediately suffered, and employes faced a dilemma. Many laid off their boot buffers. One popular valet shop cut its bootblack staff from six to three. Other shops, if not cutting back, are operating their shine emporiums at a loss. One owner of three barber shops is replacing labor with electric shine stands.

* * *

Where does this leave the shoeshine boy? A few may be making more money. But tips are less generous now, so many are no better off than before. And, most significant, many bootblacks have lost their jobs.

* * *

This local situation provides an insight into what usually results when minimum wages are imposed, either by government or union. It reflects what happened across the nation this year when the minimum wage was raised from $1.25 to $1.40. As a result, surveys by the National Federation of Independent Business show that small business as a whole is not creating new jobs and, in fact, there is a net loss of employment among the smaller firms.

* * *

An economic lesson is to be learned: Bootblacks may be at the low end of the economic scale, but even lower are unemployed bootblacks.

Highlanders Lose To Tunnelton 69-55

Southern High school, ahead by 28 to 23 at halftime, faltered in the second half and dropped a 69-55 decision to Tunnelton High school Tuesday night at Tunnelton.

The Highlanders, whose ball control and backboard work spotted their five-point lead at intermission, could manage only ten points in the third stanza while Tunnelton was meshing twenty.

Tim Owens paced Tuunelton with 23 points on eleven field goals and one foul attempt.

Bill Hawkins, one of three Southern players to finish the double figures, was high man with 16 points. Teammates Jack Alvarez netted 14 points and Bob Evans had 12. Hawkins fouled out in the final stanza.

Tunnelton outshot Southern from the floor 28 to 23 and also held an 11-9 edge at the foul line.

The Highlanders will meet Bayard High at home on Friday evening, for the second meet. Bayard has been the only team to be defeated by Southern, the Highlanders losing to Valley, Aurora, Bruce and Terra Alta, in addition to Tunnelton.

On Look-and-Guess Children . . .

For forty years education in this country has been handicapped by a method of reading education called "whole-word" method, "look-say", method, picture reading or configuration reading. "Look-and-guess" would have been a better name. The child has been exposed to pictures which he is to associate with words. Actually, this "modern" innovation constituted a reversion to the use of pictographs of the kind used by primitive man. In adopting the system, our educationists threw overboard the alphabet, invented over 3,000 years ago, and adopted first by Greece and later by nearly all civilized nations.

Parents and the public at large were generally unaware of this new word-picture method of primary education until the disastrous results were apparent. Johnny couldn't read. And when he couldn't read, he couldn't master English nor any of the other subjects being taught. Reading ability, after all, is the indispensable requirement for all subjects.

Six years ago, a group of 250 alarmed educators, authors, civic leaders and parents formed what they called the "Reading Reform Foundation". The purpose: to expose the obvious failure of the look-and-guess method, and to force the educationists to restore the alphabet to its proper place as the basis of elementary reading instruction. The good news is that they are beginning to win their battle.

No less a person than the top man in education in this country, John Gardner, Secretary of Health, Education and Welfare, has gone on record describing as "the most important book on American education of the past 10 years", a book which has analyzed all the research on beginning reading, and finds: ". . . the research from 1912 to 1965 indicates that a code-emphasis (the alphabetic) method . . . produces better results". In other words, for 40 yrs. the educationists have been using an ineffective method. The fact is that alphabet-trained students read better, spell better, understand better. (The book: Learning to Read, the Great Debate, by Jeanne S. Chall, Professor of Education, Harvard University—McGraw-Inc.)

Frantic and frustrated parents need no longer be afraid to tackle their local school boards and school administrators on the subject of restoring the alphabet method of teaching beginners to read. If your child, niece, nephew or grandchild can't read, send off a letter to the Reading Reform Foundation (36 West 44 St., New York) to ask them what to do. They'll tell you how to win the battle for your child's right to learn to read.—U. S. Press Association, Inc.

Question

I want to use meat tenderizer, but my wife won't let me because somebody told her it would damage her stomach. What's the story on this one?

Answer

We'll have to admit that this is one rumor we hadn't yet heard about . . . and, come to think of it, it's really a rather interesting one, isn't it. You can tell your wife that using meat tenderizer will not cause damage to her stomach . . . assuming, of course, that you're not going to eat tenderized meat without having first thoroughly cooked it. Meat tenderizer softens meat fibers while the meat is raw. Your cooking the meat—the sustained heat you apply to it—makes the tenderizer completely harmless to you (and your stomach.)

around, we're going to do all right in Vietnam."

Spec. Friend had been sent to Vietnam in March of last year. He was one of three left unhurt in the ambush which killed 16 Americans and wounded 29.

The soldier is a son of Mrs. Alta Genevieve (Reckart) Friend and the late Arnold Friend and is a 1964 graduate of Southern High school.

Is Now At Home

A 1964 graduate of Southern High school he enlisted January 12, 1965. He arrived in Saigon March 26 of 1967. He was 21 years old last September 2.

He received his honorable discharge from the service a few days ago in California and arrived in Oakland on the National Limited on Tuesday night where he was greeted by members of his family.

Mr. Friend was urged by army officials to take it easy for a while as he is taking medication for malaria. He wants to find employment with heavy equipment operation.

Story Retold

According to the story which was written by Peter Arnett, aa Associated Press correspondent at the time of the action last May 21, the following was told in part:

Riding in a jeep, Spec. Friend, bulldozer driver from Oakland, heard the shout, "Ambush! Ambush!" over the jeep radio. Friend saw snipers in the trees and at the roadside. Shells exploded around the convoy. Then came a direct hit on the jeep's front wheel. It careened into the underbrush and caught fire. Friend was thrown out, striking his head against a tree.

The young soldier lay half stunned on the clay highway. His eye focused blurrily on a big armored carrier 300 yards ahead. Then he saw a figure slip into the highway and begin running toward the carrier. Friend pulled himself to his feet. Gunfire crackled. Men screamed in pain. The Marylander began running at a crouch toward the armored carrier. It seemed to be the only island of safety. The figure dashing toward it, dressed in fatigues with a pistol at his hip, a rifle in hand and carrying a bag, obviously was a Viet Cong.

I ran past three Viet Cong lying in a hole. I bent my head down instinctively. I told myself that this was the end. I wasn't armed. All I had was my knife. Incredibly they didn't fire at me. Maybe they were only ammunition bearers.

Afew yards farther on Friend was struck in the chest by a bullet fired from the other side of the road. It pierced his flak vest and lodged against an ammunition clip in his pocket, splintering the bullets, but did not wound him. Just ahead the Viet Cong was starting to climb on the armored carrier that apparently had been stopped temporarily with a rocket hit.

As I got nearer I could see he had something in that bag, an explosive, a satchel charge. All I had on me was the knife, a hunting knife with a four-inch blade I'd used to skin rabbits I'd shot back in Maryland. I pulled it out from the sheath. I had to do it.

Friend reached up and grabbed the Viet Cong by the collar. He raised his arm and drove the knife between the man's shoulder blades. He slid down from the side of the carrier, his rifle falling from his shoulder, the bag of explosives from his hand. As Friend moved around the carrier second lieutenant Ted Hendrickson, of Rock Island, Ill., met him and pulled him aboard. The carrier started up with a roar. We picked up a few more wounded and then got out of there fast.

inches deep on the floor this morning.

Equipment and stock were removed from the Matthews restaurant but they were back in business at 4 a. m. passing out hot dogs and coffee to the firemen. John Kurilla, manager of the J. W. Jackson company, said this morning he planned to move the store across the street to the location just vacated by the Monongahela Power company. He was ordering all new items today.

There was high praise for the firemen of the Oakland department and all other companies which responded, for their efficient and faithful work. Several of the firemen of the Oakland company remained on duty throughout the night and were still on hand today. They were applying water at 9 o'clock to portions of the J. W. Jackson store as well as the rear of the other business establishments. The building which houses the badly damaged places is owned by Emil Germain, proprietor of the Sewing Center and Shoe store.

Spectators were helpful in carrying out all the mechandise from businesses affected by the area. As the fire was brought under control a number of women were seen giving coffee to firemen.

Jess Jacobs, state fire marshal, arrived in Oakland about 3 a. m., and this morning determined that the blaze originated in the area over Oakland Electric and Radio.

The Board of Trustees requested a reply to these compromise demands not later than January 2.

There was no agreement as to carrying out these terms but the action of the Commissioners on Tuesday did indicate that they planned to move ahead.

use by the State Roads commission in this area on Friday. The County Roads department also had about 50 men and 32 pieces of equipment at work. They worked Thursday night and again moved out on Friday morning, according to Thomas Sluss, county roads engineer. All of the 600-mile county road system had been covered. Roads remained snow covered but were passable.

The second snow arrived from the southeast. Temperature on Saturday dipped to 15 and 14 degrees at Oakland and Accident, and at the same time it was five above zero.

Power Fails At Camp

A power failure believed to have been caused by the weather was reported at the Forestry Camp for Boys along Backbone mountain last Thursday afternoon. The current was interrupted from 3 p. m. to about 6:30. The cause of the failure may have been the result of precipitation getting into a cracked arrestor, causing a short circuit. It was the only power failure reported during the storm.

Skiing conditions for the weekend were considered ideal. The seventeen-inch snow made a good base. Temperatures remained moderate with sunshine on the slopes for good participation by hundreds of skiers who took advantage of the weather. The additional four-inch snowfall created some favorable conditions for New Year's day. The mercury dropped some points but skiers did not seem to mind this too much. All ski tows were in operation over the holiday week-end, and a good base has been provided for several additional days.

Tuesday's weather began with a sub-zero temperature reading of —16 degrees, but conditions moderated during the day, allowing the mercury to climb to a high of 30 before late afternoon.

Wednesday began with rain showers and a 38 degree reading at 8 a. m. However, the barometer must have been falling, since temperatures underwent a gradual decline during the day, ending near the 33 degree mark.

The mercury dropped sharply during the wee hours of Wednesday; Thursday dawned with murky skies and a chilly 25 degree temperature.

Library To

(Continued From Page One)

A resume of the growth of the library was furnished by Miss Edith Brock, librarian.

When the library building was opened in December, 1950, there were about 8,000 books in the collection. The yearly circulation of books for home use was 38,000.

There are now about 32,000 books in the collection, 500 phonograph records, and a file of 5,000 pamphlets. One hundred magazines are received regularly and back issues of many of these are kept on file. The total circulation of books for the past year was more than 90,000, Miss Brock stated.

Books are loaned from the main library, from the branch library in Grantsville and from the bookmobile. The present bookmobile, which replaces the small truck formerly used, was purchased in 1960. The bookmobile accounts for 20,000 of the total circulation, including 9,405 books loaned to the schools of the county.

The Grantsville Branch Library was opened in 1959 in what was then the Broadwater store building. During the past year it acquired its own building when the former Liberty Trust Company branch bank building was donated as a community library. This remodeled building now provides modern library facilities for residents of the northern part of the county. Circulation has grown rapidly in Grantsville since the opening of this building, she said.

In November, 1965, the Ruth Enlow Library joined the teletype network which connects all county libraries in Maryland with the Enoch Pratt Free Library in Baltimore. The teletype provides a quick and easy way of borrowing books and other materials, including films, from one of the largest libraries in the country.

The use of this and other services of the county library has grown steadily. Some 6,744 people have registered or re-registered as library borrowers within the past three years.

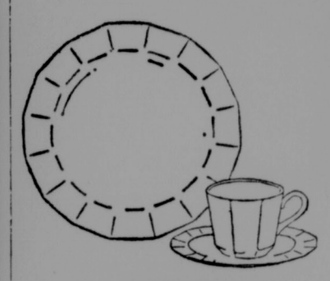
IN MEMORIAM



In memory of Carl Edward DeWitt, who passed away one year ago, January 5.

We stop to dust a picture
We gaze upon a book,
There lays a belt, there hangs a tie.
We can't forget it if we try.
One year ago God took our son,
Our loss has been so great,
Our only consolation is
Our loss has been His gain.

Sadly missed by his wife, father, mother, sisters, brothers and grandparents.

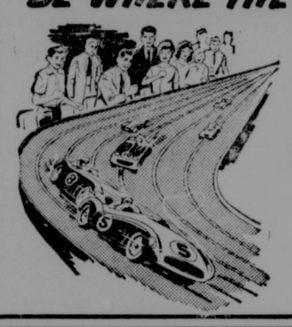
Speaking of Insurance

Rising automobile insurance premiums are no laughing matter.

But remember, the rates that nearly every auto owner complains about are not made by the state insurance department, nor by individual insurance companies.

These rates are made by drivers themselves. Rates are based on costs. Costs of claims, repairs, medical services, jury awards.



Since the 1957-59 period, medical costs alone have increased by 37%; cash settlements by the courts in auto injury cases have gone up 26%. Replacement of such parts as bumpers, fenders, trunk lids has doubled, tripled, even quadrupled in many instances.

How can you help? Support traffic enforcement programs. A careless, "accident prone" driver who "happens" to be involved in too many accidents should be taught the new defensive driving skills. Drive safely yourself. Keep your car mechanically sound. If you sit on a jury be fair.

Seventeen Killed On State Hiways

Seventeen persons were killed on Maryland highways last week according to the weekly survey published by the State Police. Five of those killed were drivers, five were passengers, and seven were pedestrians. Alcohol was a contributing factor in seven of the deaths, speed in six, and "driver error" in twelve.

"During the early part of last year there was considerable indication that there might be a downward trend in Maryland's highway fatality rate, a rate which had been going up steadily for the last several years", commented Lt. Col. George Davidson, Chief of Operations of the State Police. "But as the months went by, we caught up with the record figure of 1966 and ended up with 37 more deaths than for that year.

"Most of the 793 highway deaths in Maryland last year could have been prevented if—

Drivers had not been operating under the influence of alcohol.

Reasonable speed for existing conditions had been maintained.

Pedestrians had been more careful when walking.

Simple, fundamental rules of the road had been obeyed.

Some degree of common sense had been exercised by both drivers and pedestrians.

Seat belts had been used.

"At the beginning of a new year, most of us make resolutions to strive for improvement", conclued Lt. Col. Davidson. "Obviously, much improvement is needed in the area of highway safety and each of us can very definitely contribute toward this improvement. Let's all try to make this year better than last. IT CAN BE DONE".

Alumni Attend Christmas Brunch, Conference

A record number of sixty alumni were in attendance at the annual brunch and conference of seniors and alumni, December 22. The college students participated in one of five discussion groups which concerned college life and studies.

College-bound seniors were interested in hearing about aspects of college life, both social and scholastic.

Speech Group Plans Play

Members of Southern's Speech Association began practice this week for their next play. The three-act comedy is entitled "The Importance of Being Ernest".

Michael Posey is the director of the second offering this season.

Work on Student Handbook Is Completed by Council

Student Council class representatives and the organization's executive members are completing the Student Handbook which has been the main project for the past three years.

The new handbook containing school regulations, description of organizations, and a constitution of the student body and student government among other subjects, will be the first to be distributed for some time.

Sports Events Scheduled

Friday, January 5, Southern will host Bayard's Union High School's Tigers for a basketball game on the home court. Next week they will play the old rival Northern at home on January 12 and Elk Garden at home January 19.

January 10, at 7:30 Southern matmen will play host for a wrestling match with Allegany matmen.

Savings Bond Total Reaches $276,264

Garrett County dropped four places since October in the statewide sale of Series E & H Savings Bonds and Savings Notes for 1967. Garrett now is in eighth place, having sold only $12,458 worth of bonds and notes in November.

The county now has fulfilled 87.4 percent of its $316,00 quota for the year. In October, the quota was 83.5 of the desired amount.

November sales amounted to less than half that of October, when sales reached $29,141. The statewide collection for November was $9,098,823, which boosted the state total to $90,288,619, or 85.7 percent of its goal.

Garrett County's total for the months January through November reached $276,264, compared with $253,758 for the same period during 1966. To reach the yearly quota, another $39,736 must have been collected by the end of December

The county ranked behind Talbot, Anne Arundel, Howard, Baltimore, Frederick, Harford and St. Mary's for the month. Two counties, Talbot and Anne Arundel, have already fulfilled their 1967 quotas.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and neighbors for their kindness and helpfulness following the sudden death of our son and husband, the late Victor W. Pritts.

We also want to thank all who gave flowers, provided food and furnished the use of their automobiles for the funeral service.

Mr. and Mrs. Ralph Pritts, Sr.
Mrs. V. W. Pritts.

Richard Friend First in County To Get Distinguished Service Cross

Specialist 5 Richard Friend, who arrived at his Oakland home on Tuesday night after his honorable discharge from the service following a tour of duty in South Vietnam, is the first combat veteran ever to receive the Distinguished Service Cross, it is thought.

A search of the records of both World War I and World War II failed to disclose any such presentations and members of Proctor Kildow Post No. 71, American Legion, were unable to remember of any veteran of the Korean conflict being so honored.

The distinguished service cross, second highest award for valor, was presented to Specialist Friend in Vietnam shortly before his return to the states, by Lt. Gen. Bruce Palmer. He received his honorable discharge from the service a few days ago in California.

Highest award of all is the medal of honor, with the distinguished service cross next in line. This award was originated in 1918 and is earned for exceptional heroism in combat.

Other awards include the Navy Cross, Air Force Cross, Distinguished Service Medal, Silver Star, Legion of Merit, Distinguished Flying Cross, Soldier's Medal, Navy and Marine Corps Medal; Airman's medal; Coast Guard Medal; Bronze Star, Air Medal, Commendation Medal, Purple Heart.

So far as is known, this is the only Distinguished Service Cross ever to be presented to a Garrett county combat veteran.

John Matthews accompanied Mildred Peterson to McHenry one day recently where they visited his sister, Mrs. Blanche Rodeheaver.

Group Suggests Fee Increase on Car Registration

A study committee has recommended to Governor Agnew and leaders of the Maryland Legislature that motor vehicle registration fees be increased by one-third to help finance the State's lagging highway program.

The committee, headed by Robert E. Redding of Kensington, noted that Maryland's registration fees are among the lowest in the nation and that on heavier types of trucks they are lower than in any other state. The registration fees have not been increased in 20 years.

The committee at the same time recommended against any increase in the present 7-cents-per-gallon gasoline tax, because of the unfavorable competitive advantage it would give surrounding states. It also recommended against any increase in the 3 per cent excise titling tax on motor vehicles or the present fee for driver's licenses.

The committee recommended that all highway user funds, including the $11.4 million to be raised by increasing license tag fees, be lumped into a single fund and that the distribution of monies be changed. The State would retain 60 per cent and distribute 20 per cent to Baltimore City and 20 per cent to the 23 counties. Under the present formula, for gasoline taxes only, it keeps 50 per cent, distributes 30 per cent to the City and 20 per cent to the counties.

Under the new single formula, local governments would continue to receive as much money overall as they now do under separate plans.

The committee also recommended that the State abolish as impractical the present 6-year highway construction program started in 1964 and replace it with a perpetual 5-year program that would be updated each year with projects from a 20-year needs study.

County Seeking Airport Manager

A resolution was signed by the Board of County Commissioners at their December 26 meeting providing for continuation of the 20 percent Local Income Tax for the first six months of 1968.

The actual rate of Local Income Tax for the calendar year of 1968 will be established by a resolution of the Board on or before July 1, 1968.

In other developments before the meeting, L. A. Wagner, manager of the Garrett County Airport, has served notice that his present contract will be terminated as of December 31.

Preliminary discussions have been held with Cloyd B. Sayler relative to assuming the managership of the Airport, and it was expected that a contract would be signed in the near future.

A letter was written to H. C. Buckingham, State Forester, requesting consideration be given to provision of a site for a trash dump on land owned by the Maryland State Department of Forests and Parks.

Requests for a refund of taxes paid in error were received by the board from Richard Pagenhardt in the amount of $235.15 for taxes paid on the IBMI Building; and from Stanley Supply Company in the amount of $308.84 County tax and $16.55 State tax.

At the January 2 meeting, a refund of $235.15 was made to Richard Pagenhardt for county tax paid on the IBMI building. The building is ordinarily tax-free, although it was necessary to pay the tax in order to have the deed recorded.

A motion was made by Ross Sines that the error existing on the 67-68 tax bill of Stanley Supply be corrected by refunding $308.84 county tax. The motion was second by Mr. Paugh and made unanimous by Mr. Friend.

DIED

EDWARD W. VAN SICKEL

Edward W. Van Sickel, 48, died Thursday, December 28, at his home in Baton Rouge, La.

Born near Friendsville, he was a son of the late Lloyd M. and Myrtle (Casteel) Van Sickel. He was a veteran of World War II and was employed by the Allied Chemical Company in Baton Rouge.

Also surviving besides his widow, Mary Etta (Casteel) Van Sickel, are four grandchildren, a brother and four sisters.

Surviving are a brother, Charles Reid, Westernport, and a sister, Mrs. Lucretia Corick, Cumberland.

The body is at the Boal Funeral Home in Westernport. Services will be conducted there Friday at 1 p. m. by Rev. Meredith Henderson, pastor of First Baptist Church. Burial will be in Bloomington Cemetery.

MRS. MARY CATHERINE MILLER

Mrs. Mary Catherine Miller, 86, of Gormania, W. Va., died Thursday morning at her home.

She was the widow of the late Arch L. Miller, who died in 1950. She was born in Pendleton County, W. Va., a daughter of the late Jesse and Eliza (Armentrout) Shreves. She was a member of the Oak Grove Methodist Church of Gorman.

Surviving are two daughters, Mrs. Mamie Racey and Mrs. Hildred Foley, both of Gormania; two sons, Conrad Miller, of Petersburg, W. Va., and Claude Miller, of Gormania; one brother, Baxter Shreves, Sylvania, O.; nine grandchildren and 12 great grandchildren.

The body was taken to the Minnich Funeral Home in Oakland. Funeral arrangements are incomplete.

Appreciative Letter For Christmas Package Received

The first response to the gifts sent to Vietnam by workers for the American Red Cross has been received. It was directed to Mrs. Roger Tower, of Deep Creek Village, and said as follows:

Dear Mrs. Tower,

I received the gift package that you sent to Vietnam. I would like to take this opportunity to thank you. It really means a great deal to all of us over here to know that at this special time of the year, someone remembers.

It was a very sweet thing that you did and I want to, along with all the G.I.'s in Vietnam, wish you and your family a Merry Christmas and the best of everything in the New Year.

Thank you and God bless you.

Sincerely,
Houston D. Woods

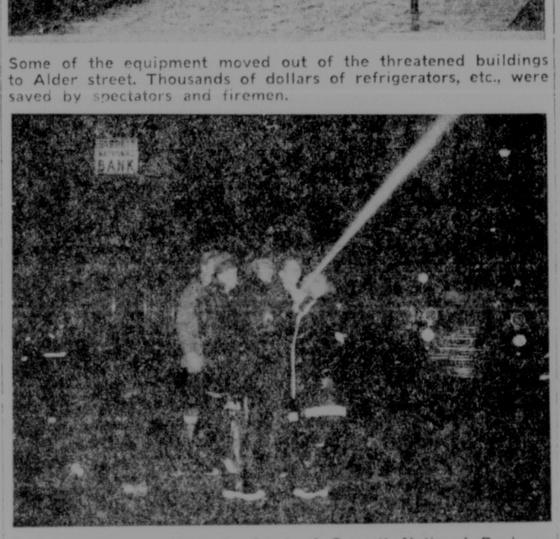
Announcement . . .

The recent death of Mr. Herbert C. Leighton has been brought to the attention of the State Board of Funeral Directors and Embalmers of Maryland, and it has ordered that the Leighton name be omitted from the business.

Therefore, beginning January 1, 1968, the Leighton-Durst Funeral Home will be known as the John O. Durst Funeral Home, offering the same thoughtful, courteous and dignified funeral and ambulance service given by Mr. Leighton since 1933.



JOHN O. DURST
Successor to
Herbert C. Leighton

Huskies Get Sixth Straight Victory

Northern High School, substituting freely throughout the game, breezed to its sixth win of the year without a loss, registering an 81-30 victory over Salisbury High Wednesday night at Northern.

The Huskies built up a 20-point lead, 25-5, after the first period of play and with second-stringers paving the way in the second quarter, led by 38-18 at halftime.

Gary Reichenbecher sparked the Northern attack with 18 points, coming on eight field goals and a pair of free throws, even though he missed a quarter of play. Teammate John Braskey turned in a 16-point performance on eight fielders, and Dana Umble had 12 points.

Northern outshot Salisbury from the floor by a comfortable 36-11 margin.

J. Hutzell led the losers in scoring with ten points. Salisbury could manage only three points in the third period when Northern was scoring 20, and the Huskies boosted its lead to 58-21 going into the final stanza.

Northern's next game is Friday night at Oldtown.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Now here's a clock that beats them all . . . Big Ben, himself, watching the passing parade. Somehow, old Ben still manages to keep an eye on things while he's telling the time, and the stories he could tell might fill a book.

With today's atomic clocks, which mark the passage of time by atom vibrations, time now can be measured more accurately than ever before. Yes, we've come a long way since the first clock, which was simply the alternating periods of darkness and daylight.

Just as man has always relied on some satisfactory method of telling the time, so has he always been aware of a hunger within his heart for peace and meaning in life.

Discover this timeless source of unfailing strength . . . worship in church this Sunday.

THE COMMUNICATOR

Lesson for January 7, 1968

Background Scripture: John 1:1-42; 20:30-31.
Devotional Reading: Hebrews 1:1-9

A few days ago I saw this sticker on a car bumper:

GOD IS NOT DEAD. HE JUST DOESN'T WANT TO GET INVOLVED!

Actually, this is the kind of God many people believe in: a deity so remote, so impersonal, that there can be little or no communication between the Creator and his creatures. He is more an Absentee Landlord, a Celestial Spectator rather than a participant.

Rev. Althouse

The greatest challenge to Christianity today, it seems, is not from those who say there is no God or who maintain that he is dead, but those who, though they believe in his existence, deny his involvement in the world he created. You cannot really know what God is like, they say, because he either chooses to remain silent or cannot communicate with us. Our prayers are assumed to be like the fruitless radio signals beeped into outer space to communicate with unknown civilizations that might be out there: no one probably hears them and, if they do, they probably cannot answer.

God Who Communicates

Christians, however, do not believe in a God who is mute or too remote to care or be involved. Ours is a God who can be known to us because he communicates with us, revealing to us what he is and what he wants us to become. Thus, the Gospel According to John begins: "In the beginning was the Word, and the Word was with God, and the Word was God."

The "Word" of which John speaks here is not the words of scripture nor even audible spoken words, but the dynamic power of God by which he reveals himself and his purpose to men and acts or becomes involved in their affairs. The "Word" is thus the self-expressiveness of God and the J. B. Phillips translation renders John 1:1, "In the beginning, God expressed himself."

When We Think of God

This is not a vague, elusive, unknowable God, but a Supreme Being who communicates himself to men, revealing himself, making himself known. But John goes on to say something else that sounds utterly audacious: "The Word became flesh and dwelt among us." Revealing himself in so many ways, God made the ultimate self-disclosure by transposing his divine nature into the person of a human being. As Phillips puts it: "So the expression of God became a human being and lived among us."

What this means for us, of course, is that all that man can ever know or understand about God is tied up in the person whom we know as Jesus Christ. If we come to know him, we will know God as fully as man can know him. If we understand him, we will understand as much of the divine mystery as our finite minds are capable of understanding. When the Christian thinks of God, then, he does not have to picture a white-haired old gentleman peering down from the heavens. He does not have to do the impossible by envisioning a finite picture of the infinite. He can point to Jesus Christ and say: "There, that is what God is like in human terms, the only terms we can understand."

Fuss About Jesus

This, then, is why Jesus Christ is so essential for the Christian. As a child I used to wonder, "Why all the fuss about Jesus? Why not just concentrate upon God?" What I did not realize, however, is that men cannot very well concentrate upon God without Jesus Christ. To think about God for any length of time becomes a very frustrating experience unless our thoughts of God are focused through Christ. "No one has ever seen God;" wrote John, "the only Son . . . he has made him known". (John 1:18 RSV)

To believe in a god is not enough. It is the kind of god you believe in that makes the vital difference. The kind of God whom Christians worship and serve is the God who communicates to us through Jesus Christ.

SENSING THE NEWS

No Victory Goal

With more than 300,000 fighting men stationed in Viet Nam and the conflict costing billions of dollars, the American people have a right to expect that the Johnson administration will pursue the struggle to a victorious conclusion.

Despite the existence of this right, the U. S. public has not received proper assurances from Mr. Johnson that this is what he intends to do. And some of the news concerning the patterns of warfare in Viet Nam contain disturbing evidence that victory over the communists is not the administration's goal despite the colossal American investment in men and national treasure.

To be specific, foreign correspondents report that the North Vietnamese recently have received large numbers of new, high-performance MIG-21 fighters from the Soviet Union, together with numbers of trained pilots and adequate supplies of jet fuel. The reported doubling of the number of modern MIGs in communist hands is very alarming. American airmen in the skies over North Viet Nam already face formidable threats in the form of surface-to-air missiles (SAMs) and tremendous concentrations of conventional anti-aircraft guns. If the communists have access to many new interceptor aircraft, American casualties are likely to rise sharply in the months ahead. There already have been reports of markedly increased aerial contacts with the MIGs.

What is especially dismaying in connection with these reports is the news that U. S. Navy and Air Force commanders are denied permission to attack the airfields in North Viet Nam on which the MIGS are based. It seems that these jet fields remain in the category of privileged sanctuary for the communist enemy.

The United States cannot afford to grant such privileged sanctuaries to the enemy. As September came to an end, U. S. casualties soared to a new weekly high, with 970 men killed, wounded or missing. The death toll of American dead in the Viet Nam war reached 6,400 by Sept. 17. The Americans who have given their lives or suffered wounds have gone all out for their country. They have not stinted themselves in courage or sacrifice.

Consider the air war alone. Jet Pilots taking off from carriers or airfields ashore risk their lives every time they penetrate enemy air space. A missile or anti-aircraft shell can knock them from the skies, and this frequently happens. Such sacrifice, such heroism, is justified when the civilian leaders in charge are as determined to achieve victory as are the men in the cockpits of the aircraft. But the Johnson administration has not shown equal determination. Mr. Johnson and Secretary of Defense McNamara have not ordered destruction of the most vital North Vietnamese targets. The Red airfields are still intact. The cities of North Viet Nam are virtually immune from retaliation, though communist terrorists are at work in South Viet Nam's cities. The North Vietnamese system of canals, on which the agriculture life of the communist land depends, has not been struck by U. S. bombers. Mr. McNamara has not given the word — that's why.

Many observers of the war point out that U. S. airmen are being asked to risk their lives in attacks on minor targets — barracks, barges, supply trains, and other objects of lesser importance. Certainly, this isn't the traditional American way to fight a war. In the past, the U. S. always has struck for the enemy's vitals, hitting at his basic capacity to carry on the war. Yet in Viet Nam the lives of Americans are being expended in attacks on the fringes of North Viet Nam's war-making capabilities. Oil facilities at Haiphong have been struck, but the port — vital to the Reds— has not been blockaded. And now the Reds are dispersing their fuel storage facilities.

The truth is that this kind of fringe warfare could continue forever, at terrific cost in American lives. It is a form of warfare that is grossly unfair to the able young Americans who fly the jets. If they are to risk their lives, they should know that the powers that be in Washington are backing them 100 per cent — determined to smash the enemy and cripple his will to wage a communist war of aggression. The failure of the Johnson administration to pursue a victory goal is a terribly costly failure — costly in terms of American lives. It is one of the great issues that should be carefully scrutinized by the voters as they make their decisions for a new Congress.

4-H Auto Clubs help put the Lid on Accidents!

Half the population, 102 million persons, drive cars, trucks, motorcycles, buses, taxis. Deaths and injuries involving 24.3 million drivers cost $10 billion, according to the National Safety Council. Four of every 10 drivers under 20 years of age were involved in accidents last year, nearly twice as many as all other age groups.

These overwhelming figures have spurred the Cooperative Extension Service to activate the national 4-H Automotive program for boys and girls 14 to 19 years old. An estimated 65,000 youngsters are enrolled this year.

The 4-H program is **not** a driver training program. It is designed to supplement school driver training courses by teaching driver responsibility, traffic laws, safety and desirable driver attitudes. Simple mechanics and car care also are covered.

The 4-H program has been recognized for preparing pre-drivers for learners' permits and for its community action projects.

The Firestone Tire & Rubber Company sponsors the automotive program and provides annual incentive awards including six $750 scholarships. Carl R. Miller, director of youth activity programs for Firestone, suggests that parents can help put more safe drivers on the road by urging their teenage youngsters to join a 4-H Automotive club.

A call to the County Extension office will supply the necessary 4-H enrollment information.

Firemen Answer Calls

The frame dwelling owned by George Zimmerman, in upper Crellin, and occupied by Melvin Friend, was slightly damaged by fire on Tuesday morning about 9:15.

The wood around the flue coming up through the roof had become ignited. The Oakland firemen were called and had to chop away a portion of the roof to get into the blaze area. There was no loss on contents and damage was not extensive.

Firemen also answered another alarm caused by a flue fire at the home of Florence Rounds, on Glendale road, about 12 miles from Oakland on December 23. There was no damage. The call came at 3:20 a. m.

Retarded Children in Blue Ridge Are Taught to 'Play' by March of Dimes

Child's play has become serious business for two attractive youngsters living high in the Blue Ridge Mountains.

Unlike most children who can't wait to rush out of the house every morning, romping and make-believe don't come naturally to Eddie, 6, and Shirley Frazier, 7, of Crozet, Va.

The pity is that the Blue Ridge Mountains would seem a paradise for children's play. Tinkling waterfalls lift their music everywhere. Great oaks and flowers grow lavishly over the landscape.

This brother and sister actually have to be taught how to play and have fun. These recreation lessons are part of their treatment at the March of Dimes Birth Defects Center at the University of Virginia School of Medicine, Charlottesville.

A visitor to the Frazier's weatherbeaten home, a cinder-block-and-shingle cottage hidden in the mists of the mountains, learns quickly why "play" is a word without joyous meaning for Eddie and Shirley. The reason they don't try to pet the nearly tame doe grazing close by, or romp around with stray cats and dogs, is that they are mentally damaged.

"When they aren't having their head spells (convulsions)," explains their mother, Mrs. Josephine Frazier, as she performs her chores, "they just sit around staring. Why won't these kids *play*?"

Blonde and blue-eyed Eddie and Shirley both suffer from several birth defects. One is an error in their metabolism, the vital process by which food is transformed into energy. Another is cerebral palsy, a lack of muscular control caused by brain damage. Aside from these problems, the children neither see nor hear well. Shirley can babble, but she cannot speak words.

From the Frazier home it's like entering another world as you cautiously drive down the precipitous road into Charlottesville, where the March of Dimes Birth Defects Center is located. Here the sun-filled recreation rooms for the young patients, and the unflagging optimism of the staff of pediatricians, speech and recreation therapists, psychologists and social workers, contrast sharply with the gloom at the Frazier cottage 5,000 feet up in the scudding clouds of the Blue Ridge.

STAFF PSYCHOLOGIST at March of Dimes Birth Defects Center, University of Virginia School of Medicine, Charlottesville, "teaches" Eddie, 6, and Shirley Frazier, 7, how to play. The children are mentally deficient.

Dr. Marilyn H. Grundig, one of the staff psychologists, sees the Frazier children for purposes of training when Eddie and Shirley and their mother slip down their mountain peak and journey into Charlottesville for check-ups.

"What we are doing here," she explains, "is preventing Eddie and Shirley from slipping further into retardation. We have brought Eddie along to the point where he is educable. In time to come, he'll be a reasonably useful citizen.

"Shirley is not educable, but the wonderful thing is that we have brought her along to the point where she is trainable. That's to say she can be taught self-care. Progress has been made possible by teaching these two handicapped children how to relate to others here. You might say that they are being taught to play by themselves and to play with others. This is of enormous importance in the prevention of their further withdrawal from the real world."

Commerce Secretary Trowbridge predicted a boom in '68.

U. S. deaths in Vietnam totaled 15,812 as of Dec. 23.

Listen, Americans!

Protestant, Catholic and Jewish clergymen participated in the Communist-instigated "Peace March on the Pentagon" in Washington, October 21. The Episcopal Chaplain of Yale University, William Sloan Coffin, was prominent in the up-front leadership. So was Jerry Rubin, revolutionary, an instigator of the riotous Berkeley (University of California) "free (obscene) speech" demonstrations, frequent visitor to Castro's Red Cuba, a reported member of the Marxist "Progressive Labor Movement". These facts are important because, through the default of major segments of the American press, the true nature of Communist power within the United States has not been clearly exposed to the public.

The whole spectacle was significant for its demonstration of how Communists within our nation have set in motion a massive corrupting of morals, especially among college-age youth; an expanding and serious use of marijuana and other inciting drugs; massive defiance of law and order, and a mounting subversive movement designed (in Hanoi, Peking, and Moscow) to get the U.S.A. to "negotiate" with world Communism for a Red victory in Vietnam.

Merriman Smith, UPI White House Reporter, author of "Thank You, Mr. President" and other best-sellers, sauntered through the crowds at the Lincoln Memorial and was shocked at what he saw and heard. Here is a part of his report, carried by the UPI:

"On Saturday afternoon a well-dressed matron of about 60 chatted with a UPI reporter beside the Reflecting Pool at the base of the Lincoln Memorial. 'My daughter is here with her high school class and I thought I should do my bit, too, to oppose the war', she said in a cultured voice. 'Isn't it inspirational, all these wonderfully dedicated people! And nothing violent or ugly'.

"Within easy earshot (reported Smith), a bare-chested man, leader of several delegations from New York's hippie community, used a portable public address system to extoll marijuana, Che Guevara (the Communist guerrilla war expert), heap incrediable obscenity on (President) Johnson and his family — and urge all within the range of his voice to join his group that night for mass fornication. 'We'll start it off with these two couples', he blared through his portable loud speakers, pointing to four young people lolling on the ground beside the Reflecting Pool.

"I came away from the week-end (said veteran newsman Merriman Smith, UPI) feeling depressed by so many attractive young people being caught up in virulent, frequently irrational hatred in the name of 'love and peace".

Our NEP staff man, who is a former UPI reporter, came away convinced that we can lose our nation to the Communists if they continue to enlarge on their capabilities to mobilize and incite vast gatherings, to "use" Americans, to stampede Americans, to set off riots and marauding gangs, to fool the American public and our governmental officialdom with propaganda, to organize and conduct guerrilla warfare such as wrecked our cities last summer, and to assault the Pentagon and U. S. troops protecting it—and then go scott free.

Senator Dirksen noted that although 669 arrests were made (of perhaps 5,000 persons storming the Pentagon) only one real sentence (four days imprisonment) was meted out: all the rest went free after token fines or suspended sentences; and the fines were paid from a "defense" fund. No one was arrested for public immorality, although the incidents of it were widespread and shocking.

DIED

ARTHUR T. BERNARD, JR.

Arthur Thomas Bernard, Jr., 50, of Pleasant Valley, route 2, Oakland, died rather suddenly on Monday, January 1, in Garrett County Memorial hospital after having been admitted earlier in the day.

Deceased was born July 25, 1917, in this county, a son of Arthur Thomas Bernard, Sr., and Mary Edna Welch Bernard. He was a farmer by occupation, and a member of Woodmen of the World, Camp No. 11.

Surviving are his widow, June Ailene Martin Bernard, three sons, Wayne Bernard, Swallow Falls; Arthur T. Bernard III, Pleasant Valley; and Lawrence Bernard, at home; two brothers, Marvin and Virgil Bernard, both of Beltsville; five sisters, Mrs. Norman Knox, Fairmont, W. Va.; Mrs. James Mulvey, Oakland; Mrs. Gertrude Kuntz, Clearspring; Mrs. William Turner, Lanham; and Mrs. Dale C. Sanders, Baltimore; and five grandchildren.

The body was taken to the John O. Durst funeral home and later removed to Wesley Memorial chapel, Pleasant Valley where funeral services were conducted Wednesday afternoon at 1:00 o'clock with Rev. William Markley, of Corinth, pastor, officiating. Interment was in Pleasant Valley cemetery. Serving as pallbearers were James Reel, Troy Gnegy, Robert Liller, Elmer Liller, Kenneth Martin and Elbert Hershman.

ISAAC M. MOON

Isaac Marcus Moon, 79, died Thursday, December 28, at his Kitzmiller home. He had been in ill health for several years.

Born October 22, 1888 in Cross ,W .Va., he was the son of the late Solomon and Anna (Smith) Moon and had lived in Kitzmiller since 1909.

A retired coal miner, he was a member and treasurer of Local 4597, United Mine Workers, and was a member of the Kitzmiller Presbyterian Church. Mr. Moon had been an elder in the church for 25 years and was Sunday School superintendent for 35 years.

Surviving are his wife, Mrs. Helen C. (Bernard) Moon; two daughters, Mrs. Marie Smith, Kitzmiller, and Mrs. Norma Butts, Shallmar; one sister, Mrs .Mary Liller, Mt. Lake Park; six grandchildren and four great-grandchildren.

The body was taken to the Sharpless Funeral Home in Blaine, W. Va. Services were conducted Sunday at 2 p. m. in the Kitzmiller Presbyterian Church. Interment was in Bernard cemetery at Chestnut Grove.

CECIL E. MOATS

Cecil Elmer Moats, 53, died Saturday, December 30 at his residence in Kingwood.

Born May 7, 1914, in Crellin, he was a son of the late Amos Walter and Mary Ellen Moats.

Mr. Moats is survived by his widow, Mrs. Edna (Lipscomb) Moats; two sons, Daniel Moats and Cecil Moats, both of Kingwood; five daughters, Mrs. Edwina Shrout, Oklahoma; Miss Helen Moats, Miss May Moats, Miss Linda Moats and Miss Kay Moats, all of Kingwood; two sisters, Mrs. Bertha White and Mrs. Alberta Friend; three brothers, Virgil Moats, Russell Moats and Delmar Moats, all of Crellin.

The body was returned to the Russell Moats residence in Crellin.

Services were conducted there Tuesday at 2 p. m. Rev. W. H. Leake officiated. Interment was in the family cemetery.

MRS. MILTON SCHLOSSNAGLE

Mrs. Margaret Ann Schlossnagle, 88, formerly of Cove, died Friday, December 29, at the Cuppett-Weeks Nursing Home in Oakland where she had been a patient the past seven years.

She was a member of the English Lutheran Church at Cove. Both her husbands preceded her in death; Jesse P. McClintock in 1916, and Milton Schlossnagle, in 1930.

Mrs. Schlossnagle is survived by one daughter, Mrs. Grace Shindle, Chambersburg, Pa.; one son, Merle McClintock, Oakland; four grandchildren and five great-grandchildren.

The body was taken to the Minnich Funeral Home in Oakland. Services were held Monday at 2 p .m. in the English Lutheran Church at Cove with Rev. William Carlson, pastor, officiating. Interment was in the Cove cemetery.

Dominic Pratt, R. D. No. 2 Terra Alta, W. Va.
vs.
Christa Pratt, Address Unknown
No. 5640 Equity. In the Circuit Court for Garrett County, Maryland

ORDER OF PUBLICATION

The object of this suit is to procure a divorce a mensa et thoro by the complainant from the respondent.

The bill recites that the marriage of the said parties was performed on the 15th day of August, 1942, at Oakland, Maryland; that the complainant is and has been a resident of Garrett County, Maryland, for more than one year; that the respondent's whereabouts is unknown; that the two children born of this marriage maintain separate homes; that the respondent deserted the complainant; that the desertion occurred on or about October 15, 1965; and that the parties have not lived together since the date of the said desertion.

It is thereupon this 11th day of December, 1967, by the Circuit Court for Garrett County, Maryland, in Equity, ORDERED that the complainant, by causing a copy of this Order to be inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 5th day of January, 1968, giving notice to the said absent respondent Christa Pratt, of the object and substance of the Bill of Complaint, and warning her to be and appear in this Court, either in person or by solicitor, on or before the 5th day of February, 1968, to show cause, if any she has, why a decree should not be passed as prayed.

No. 5644 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure foreclosure of all rights of redemption in the following property situate in Election District No. 8, of Garrett County, Maryland, sold by the Collector of Taxes for Garrett County and the State of Maryland to the plaintiffs in these proceedings.

A tract of coal containing 72 acres more or less situate in Election District No. 8, Garrett County, Maryland, which was reserved in a deed from Edmund Harvey and Bertha R. Harvey, his wife, to Arthur C. White and Clara R. White, his wife, dated March 31, 1922, and recorded in Liber E.Z.T. No. 82, folio 451, one of the land records of Garrett County, Maryland. That the said Bertha R. Harvey departed this life and subsequent thereto the said Edmund Harvey departed this life intestate leaving surviving him as his only heirs at law the following children, Lena H. Glotfelty, Alta H. Ketzner, Maude H. Paugh, Norma H. Carr and Carroll Harvey.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 26th day of December, 1967, by the Circuit Court for Garrett County, Maryland, in Equity, ORDERED that notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks warning all persons interested in the said property to be and appear in this Court by the 4th day of March, 1968, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property and vesting in the complainants a title, free and clear of all encumbrances.

Church To Observe Feast of Lights

The second annual service of the Feast of Lights will be held Sunday, January 7th, at 7:30 p. m. in St. Matthew's Episcopal Church, Oakland. This is a chancel drama emphasizing the importance of Christ as the Light of the world. The service begins in darkness, and as the candles of the Church, the apostles, the historic ministry and the three kings are lighted, together with those of the entire congregaion, it becomes evident that light is important to the lives of men. Tweny men of the parish portray the persons responsible for the spread of the light.

Men who are taking the parts of the twelve apostles are: Donald Wolf, David Cassidy, Willard Hawkins, Jack Hart, William Tinker, Dorsey Rumer, Irving Wolf, Harry Wolf, Richard Wolfe, Dominic Terlizzi, Francis Lee Martin, and Stuart Kuhnle. Ellis Cogley Sr., is cast in the role of Matthias, the apostle chosen to replace Judas Iscarlot. St. Paul is taken by Eugene McClellan. The historic ministry is represented by Joseph Germain, deacon; Joseph Frantz, priest; and Ralph Beachley, bishop. The three Wise Men are Richard Bisheff, Tom DeBerry, and Edward Smouse. Assisting the Rector of St. Matthew's, the Rev. W. Shelby Walthall, is the Rev. Thomas P. Staup, Vicar of St. John's Church, Deer Park. Mrs. Linn Grant is the organist and is in charge of the music for the service. Directing the choir is the rector of the parish.

The service is open to the community.

Funderburk-Gonder Nuptials Performed Saturday, December 16

Wedding vows were exchanged on the evening of Saturday, December 16 at a Nuptial Mass and double ring ceremony by Miss Mary Kathryn Gonder and David Clarkson Funderburk which was performed at Saint Peter the Apostle Roman Catholic Church in Oakland.

The Reverend Father Regis Larkin was the officiating clergyman. Juan Gutierrez and George Gutierrez served as Altar boys for the Mass. Miss Marcella Kerins, organist, accompanied Mrs. Lindsay A. Gonder, Jr., vocalist.

Former State Senator and Mrs. Bernard I. Gonder, Sr., Oakland, are the parents of the bride. Mr. Funderburk is the son of Mrs. Gaile C. Young, Dunbar, West Virginia, and Mr. Joseph V. Funderburk II, Lilburn, Georgia.

Given in marriage by her father, the bride wore a full length gown of embroidered silk organza in a diminutive cage silhouette trimmed in pearl beading around the wrists of the long tapered sleeves and neckline. The neckline consisted of a raised peau band from which fell the built-in Watteau chapel train of peau. Her bouffant veil of imported silk bridal illusion was trimmed with poinsettias of beaded pearl and crystal. The bride carried a bouquet of cymbidium orchids, mistletoe and holly.

Miss Anita Botti, Irwin, Pennsylvania, was maid of honor. Bridesmaids were Miss Sally Wooddell, Miss Pamela Wooddell, cousins of the bride, Davidsonville; Mrs. Marie McManis, niece of the bride, Lanham; Mrs. Joyce Hines, Charleston, West Virginia; and Miss Candy Gutierrez, Terra Alta, West Virginia.

The bridesmaids wore floor length "A" line gowns of hunter green velvet with Empire seaming and a mint green contrasting satin panel revealed by an inverted front pleat which was topped with a mint green satin Dior bow. Their headdresses consisted of the same mint green satin Dior bow with mint green illusion netting. The bridesmaids carried bouquets of white poinsettias and holly. The maid of honor wore the same styled dress in red velvet and pink satin. Her bouquet was of pink poinsettias and holly.

Joseph V. Funderburk III, of South Charleston, West Virginia was his brother's best man. Ushers were Gene Baker Brown, John Stanbury, James Mandeville, Robert Peters, cousin of the groom, all of South Charleston; Lindsay A. Gonder, Jr., nephew of the bride, Severna Park. Lector at the Mass was David W. Gonder, brother of the bride, a lay missionary in Kingston, Jamaica.

The church was decorated with arrangements of red and white poinsettias and four large decorated candelabras. The mother of the bride wore a dress and coat ensemble of mint green with matching accessories. The mother of the groom also wore a matching ensemble of beige with contrasting accessories of tapestry weave. Both wore corsages of orchids.

The reception was held at Cornish Manor in Oakland, immediately following the ceremony. Those assisting were Mrs. J. H. Wooddell, aunt of the bride from Davidsonville; Mrs. Helen Baumgartner, Oakland; Mrs. J. B. Mumma, aunt of the bride, Oakland; Mrs. Louise Peters, aunt of the groom, South Charleston, West Virginia; Mrs. June Funderburk, sister-in-law of the groom, Southern Charleston; Mrs. Lindsay A. Gonder, Sr., sister-in-law of the bride, Oakland.

For travel the bride wore a three piece wool fuchsia and black checked suit and black accessories. She wore a corsage of cymbidium orchids, holly and mistletoe which was lifted from her bridal bouquet.

The bride is a December, 1966, Magna Cum Laude graduate of West Virginia University, and until her recent resignation, was a teacher in the Garrett County School system.

The groom is a December, 1967, Magna Cum Laude graduate of West Virginia University, and will be attending graduate school in Oceanography at the University of Washington in Seattle, where he has been awarded a research assistantship in the same field.

The couple will reside at 6359 N.E. Radford Drive, Seattle, Washington.

North Glade 4-H Activity

A busload of 4-H'ers sang Christmas carols on Dec. 22.

Some 46 persons attended the club's Christmas party at the home of Cindy Tusing, in Oakland. Games were played, gifts exchanged, and refreshments served. Club members presented planters to the leaders.

William Fitzwater was unable to attend due to a knee injury suffered while he was using a power saw.

On Friday afternoon, Bill Hawkins, Linda Dodge, Linda Schmidt, Dianna Fitzwater, Cindy Tusing, Bill Lee, Edwin and Debra Friend decorated the Western Maryland 4-H Center for the County Older Youth Christmas Party. Attending the party from the North Glade club were Wilmer, Ellen and Edwin Friend, Linda and Jimmy Schmidt, Linda Dodge, Cindy Tusing, and their guests.

A sledriding party was held at the Schmidt's on December 31. A hot dog roast, and a taffy-pull concluded the evening.

NEW POSITIVE DRUGS REPLACING OLDTIMERS

Each new year has brought us new drugs which differ greatly from the guesswork ingredients of past years. It is difficult to realize that less than a hundred years ago, you could count on your fingers the known drugs which could be depended upon to give a positive medical result.

Now the multi-ingredient, hope they work, mixtures are rapidly disappearing. We have single ingredient medicines which can positively cause a desired result. We have drugs which raise or lower blood pressure. Others permit a diabetic to live a normal life. We can fill any prescription.

Great Big Thank You!..

"I'd like to shout from the housetop a great big THANK YOU to the firemen for their great work last Wednesday night". That was the expression of just one citizen. Similar statements of gratitude came from many others after six fire companies had battled last week's destructive fire in Oakland.

Firemen fought and won one of the most remarkable battles in the history of the town, in containing the flames as they did.

A fireman is really a great community-minded individual. One has admitted that it costs him personally some $200 annually for clothes, mileage, and incidentals; not counting the volunteer time he spends, the hours of training he takes, the danger he faces every time he answers an alarm. Yet one rarely hears a fireman grumble. There is adventure in being a fireman to be sure but the greatest reward is the satisfaction of helping other people.

Normally, folks don't realize what a volunteer fire company means to the community until an emergency occurs. Then they are lavish in their expressions of thankfulness. Gratitude can take many forms, of course, such as supporting the various companies in their regular fund raising activities. Firemen are not ones to hold out their hands for contributions, as they really are willing to accept the fact that a volunteer unit works to raise its own money for needed equipment and be as independent as possible from the public tax doles. But in case a person's gratefulness overflows and

Businesses Quick To Recuperate From Fire Loss

The Oakland business establishments which were either totally destroyed or badly damaged in last week's blaze were not slow in getting back on the board, while other nearby businesses that were threatened were already back in business.

Workmen for the J. W. Jackson 5 and 10 cent store were uncovering thousands of dollars worth of merchandise this week which they were moving to a new location across the street

John Kurilla, manager, said he was planning a fire sale within a few days, the exact date to be announced. Although the top floor was complete destroyed, many items were discovered apparently untouched by flames on the first floor, which would be offered at big savings.

The Germain Sewing center, which was almost totally destroyed, has moved to the basement room under Rolyans Furniture store and was open for business this week.

Two of the three stores which lost the backs of their establishments were back in business, while the third was expected to reopen this week-end. They were DeWitt and DeBerry, Oakland Electric and Radio, and the Family Shoe store. The first two named were open for busi-

1968 Beaver Season Opens January 16

The two-month beaver-trapping season in Garrett County opens Tuesday, January 16. Last day for trapping the animals is Monday March 11, according to Harold Harman, State Game and Inland Fish Commission, employee.

Limit for the season is 10, the same number allowed last year. In 1966, the limit was six, and in 1965 only four beaver could be taken.

All pelts must have a game commission seal on them before sold. Sealing of pelts will be done at Mt. Nebo Game Preserve, beginning on Saturday, January 20, and continuing every Wednesday and Saturday from 12 to 5 p. m. through March 26.

Pelts may also be sealed at the Bear Creek Fish Hatchery or by any wildlife officer.

Permits allowing persons to trap on state-owned property are available free at Mt. Nebo.

Some 30 beaver were taken last year, compared with slightly over 20 in 1966.

March of Dimes Now Under Way

The March of Dimes will observe its 3th year with a campaign which gets under way this month, it was announced by D. Lester White, campaign director for the county. He outlined plans for the campaign at a meeting Wednesday evening in the Allegheny room of the Proudfoot Oakland pharmacy.

Founded by President Franklin D. Roosevelt in 1938 to fight polio, it presented the world with polio vaccine in 1955 In 1958 the March of Dimes expanded its program to include those suffering with birth defects.

Each year 250,000 American babies are born with birth defects. Medical care for these children is available at some 100 March of Dimes supported centers in the nation.

Delegates End Work On New Constitution

Special Election To Vote On Approval Set For May 14

A convention put the finishing touches Saturday on a constiution for Maryland intended to replace a document adopted 100 years ago. The new constitution will be submitted to the voters at a special election on Tuesday, May 14.

While the new pact hammered out by 142 delegates since September 12 shakes up the three branches of the government, none of the changes from tradition appeared immediately to endanger approval of voters.

In the executive branch the new constitution creates the office of lieutenant governor, strengthens authority of the governor and trims the number of state agencies from about 250 to 20.

The office of attorney general was retained in its present status as an elected office. But the convention emasculated the traditional authority of the comprolier, continuing it as an elective position but with powers little more than a paymaster.

The comptroller had been the chief fiscal officer of Maryland and one of three on a board of public works which approved every state contract. The comptroller will continue serving on a new board of review, but the governor will be certain of two of the three votes—his own and his appointee from among the heads of the departments.

The legislature is to be revamped for the second time in four years. The House of Delegates will be reduced from 142 members to 120 and the Senate from 43 to 40. A radical change will require that no more than one delegate be elected from one district. Each senator will be chosen from three of the delegate districts. In the curent legislature, as many as eight delegates and two senators were elected from the same district.

The Maryland Legislature elected in 1966 was on a reapportionment resulting from a court order and for the first time not every county had a resident senator.

The new constitution also calls for revamping the court structure on a four-iter level which does away with magistrates and justices of the peace. Judges would be appointed initially by the governor from a list supplied by a commission of attorneys and laymen. After two years and then every eight

Huskies, Hi'landers To Meet on Friday For Initial Game

The first of two basketball games between the Southern Highlanders and the Northern Huskies will be played on the Southern High court at Oakland tomorrow evening, January 12.

It will be the 31st meeting of the two schools since 1953. Neither game will have a bearing on which team represents the county in the district playoffs, since Northern is in class "B" and Southern is in class "A". Classes are determined by the number of male students in the senior high school.

In competition thus far Southern has won 19 games and Northern High has won eleven. Southern won both games last year. The previous year Northern won both, but the teams split the year before that.

During the present campaign the Huskies had won every game up to Monday evening with a record of seven victories, defeating Bruce of Westernport, twice; Salisbury, twice; Bruceton Mills, Oldtown and the Alumni. They played Bayard on Monday.

The Highlanders have defeated Bayard high twice but have lost to Valley High of Lonaconing, Bruce High, Aurora, Terra Alta and Tunnelton.

Pep rallies are scheduled at both schools prior to Friday's encounter. The game will be called at eight o'clock with a preliminary encounter beginning at 6:30.

Community Action Obtains $207,510 For '68 Programs

The Garrett County Community Action committee has received a grant of $207,510 from the Office of Economic Opportunity for its programs during the coming twelve months, the office of Congressman Charles McC. Mathias, Jr., announced this week.

The Congressman's office was notified that the Federal funds had been awarded to G. Bradford Rinard, director of the county's anti-poverty committee, to support program administration, a head start program for 30 children from low-income families and neighborhood services in target areas with the county. The local contribution in 1968 will total $67,-114.

Of the total federal figure, $79,395 are unexpended funds from previously approved grants. The total grant was made up of three components: conduct and administration; full year head start; and neighborhood organization.

The administrative component will allow for the continuation of the Community Action agency's on-going programs along with programs for the coming year. Under direction of Mr. Rinard the staff consists of four professional employes.

The Head Start program is designed to benefit 30 preschool children in two classes of 15 each. All youngsters in the program will receive complete medical, dental, sociological and psychological services, along with a daily hot lunch and snack. The established Head Start curriculum will be utilized. Staff under the direction of Mrs. Barbara Sill, will consist of four professional and four non-professional employes. They will be helped by four volunteer workers.

The final component, Neighborhood Organization, will have a staff of seven professional and six non-professional employees.

Tom Johnson Loss Heavy In Bad Fire

Gusting winds and near-zero temperatures last Thursday night hampered firemen in their efforts to extinguish a giant blaze which broke out about 9 p. m. and completely consumed six businesses near Granville not far from Morgantown.

Five of the business establishments were owned by the Thomas Johnson family. Mr. Johnson, a director of the Garrett National Bank in Oakland, also is owner of the Tomar farm, on the Herrington Manor road.

Destroyed in the fire were Rosedale Brick and Siding, Johnson Welders Supply, Inc., Rosedale Coal Co., Inc., Mon-Valley Coal and Lumber Co., Rosedale Contracting, Inc., and Mon-Valley Mining, Inc. All but the first were owned by the Johnson family.

Inventory for the six firms was estimated at $500,000. Five fire companies, including Morgantown, answered the call and fought the blaze for four hours.

A 2,300-volt power line was burned through, blacking out portions of Granville and surrounding communities. According to Mrs. Thomas J. Johnson, Jr., at least 25 trucks and other vehicles were destroyed in the fire in addition to a complete lumber mill.

Five Day Schedule For B&O Station

In another economy move for the Baltimore and Ohio railroad, it was announced that effective Saturday, January 13, the station at Oakland would be closed on Saturdays and Sundays.

The office business hours in the future will be Monday through Friday, from 8:30 to 11 a. m., and from 12 o'clock noon until 5 p. m.

There will continue to be electric lights around the station at night, and the waiting room is expected to remain open for customers.

The move also will eliminate the position of secretary there which was held by Edwin Hardesty, who plans to return to Keyser, W. Va., where he now resides, and will work for the railroad in that area.

Elderly Couple's Bloomington Home Damaged By Fire

A 73-year-old Bloomington woman escaped serious injury Monday when fire threatened to destroy her aluminum-covered frame home.

Mrs. C. K. Rosier, an invalid, was brought to Garrett County Memorial Hospital in Oakland shortly before 11 a. m. suffering from smoke inhalation. Her husband, C. K. Rosier, was said to have suffered slightly from smoke inhalation, but was not hospitalized.

Mr. Rosier was in the basement of the home attempting to thaw a frozen water pipe when the fire started. Mrs. Rosier, in bed due to her condition, tried to telephone an alarm to the fire company but was unable to get on open line. Mr. Rosier, 83, went to the nearby home of Kenneth Harvey, a nephew, who called in the alarm.

Bloomington firemen were first on the scene, and Bernard Fazenbaker, a member of the fire company, carried Mrs. Rosier from the burning house and took her to the Harvey home. Dr. Paul R. Wilson, Piedmont, had been called to the scene and sent Mrs. Rosier to the hospital after examining her. She was listed in satisfactory condition.

Fire companies from Piedmont and Luke also responded. The fire reportedly gutted two rooms on one side of the house and broke through into the attic. The two gutted rooms were a living room and a bedroom directly over it.

Alpine Festival Set Near Davis

The Tucker County Alpine festival will be held February 1 through February 4, with the queen of the festival being crowned at Blackwater lodge near Davis by Gov. Hulett C. Smith on Thursday, February 1, at 8 p. m.

Candidates for queen are being sponsored by seven colleges and two ski clubs. The Western Maryland ski club is expected to enter a contestant.

A party is scheduled for the Crystal ballroom in Davis on Friday, February 2 from 5:30 to 7. A dinner for the queen and her court will follow at the Worden hotel at 7:30. At 9:30 a Germanfest will be held in the Thomas school gymnasium with ski clothes or other informal attire.

Saturday, February 3 the Governor's cup races will start at 10 a. m. and old fashioned ski races will be held in Canaan Valley.

At 2 p. m. the timberjack activities will include a coon chase on water, wood chopping, greased pig chase and egg throwing contest at the Davis skating pond. At 6 p. m. a buffet for the queen and her court and other guests will be held at Blackwater lodge. The queen's ball will be held at 9 p. m. at Mountaineer High school in Davis. The governor's cup will be awarded at 9:30 p. m.

A unique ceremony will be held Sunday, February 4 at 8 a. m., in Davis when the "blessing of the skis" takes place.

Office To Provide Income Tax Service

H & R Block, an income tax service, has announced the opening of an office at 116 South Third street in Oakland.

The organization began operations in 1955 with one location and now has over 2,000 offices throughout the country. In charge of the Oakland office will be Mrs. Carl (Retha) Whorton.

The company will guarantee each completed return and Mrs. Whorton said it would pay any penalty or interest which may result from any error the company makes.

She said the company has found that nearly 75 percent of those who come for aid on their income taxes give more than their fair share to the government through ignorance of the tax laws.

The Oakland office will be open Monday, January 15, and will remain open weekdays and evenings throughout the tax season.

Board of Trustees of College Seeks Court Mandamus Writ

Showing how simple it is to give blood is Rev. Owen Stultz. Observing is Dr. Linn Grant.

Area Residents Contribute 90 Pints Blood Yesterday

Residents of Oakland and nearby areas contributed ninety pints of blood during the regular visit of the Johnstown Red Cross bloodmobile unit here yesterday. The goal had been set for 100 pints.

Officials said the prevalence of influenza and a new ruling that eliminates persons who have had hepatitis from giving blood, were the main reasons for the failure to achieve the goal. Previously those who have had hepatitis could give their blood to be used as derivatives.

Cara Weber, Oakland, became a 4-gallon donor, while Mrs. Lena Burowski, Oakland and Bernard E. Burns, Mt. Lake Park, became one-gallon donors.

The following statistics were given: 156 persons scheduled; 100 persons kept their appointments; 45 walk-ins; eight were first time donors; 66 pints were for replacements. Two gave blood at the hospital which were added to the 88 received at the Oakland fire hall.

As usual Emil Germain's bus traveled to the Gortner area, returning with a bus load of Amish who contributed their blood. The American Legion members also cooperated with this drive and contributed a number of pints.

Welfare Costs In County For Year Total $653,066.61

Welfare expenditures in Garrett county during the fiscal year ending June 30, 1967, totaled $653,066.61, it was revealed by Robert W. Stemple, executive director of the county Welfare board. This was a decrease from $745,032.37 over the previous year, and involved fewer persons.

A complete report of the department was contained in a release from Mr. Stemple to William W. Grant, chairman of the county welfare board.

The report showed that during the year more than 5,000 individual requests having to do with one or more of the local department's assistance programs and services were received in the Oakland office. It showed that 1,047 persons were involved in a money payment; that 1,882 were certified for medical assistance and that 319 were certified to purchase food stamps.

Mr. Stemple noted that contrary to popular belief there were fewer persons receiving public assistance in the county last year than in any one of the preceding four years. Statistics show that there had been a gradual decrease in the total number of recipients for the past five years. During

Seven Injured In Head-On Crash Of Volkswagen, Truck

Seven persons were injured, three seriously and one critically, in a collision on the Mayhew Inn road, just off U. S. route 219, near Sand Flat, on Sunday evening about 5 o'clock.

Tom Skipper, driving a Volkswagen, suffered chest and internal injuries and was transferred to the West Virginia university medical center in Morgantown after undergoing emergency treatment in Garrett County Memorial hospital. Skipper collided with a car operated by Carl Sweitzer. Sweitzer was not injured.

Patients in Garrett County Memorial hospital include Geraldine DeWitt, suffering with internal injuries; Roger DeWitt, facial injuries, and Shirley Warnick, who has a broken collarbone and other injuries.

Treated and released were Roger Skipper, Donnie DeWitt and James Glotfelty.

The seven had enjoyed a sledding party and were returning to their homes. They are members of the Rocky Drean Assembly of God church.

Jesse Walker Gets Re-appointment

Jesse J. Walker, of Kitzmiller, was recently re-appointed as a member of the Board of Library Trustees for the Ruth Enlow Library. His seven-year commission was signed into effect on January 1, by Gov. Spiro T. Agnew.

Mr. Walker's re-appointment keeps at seven the number of trustees. The other six are Mrs. Lewis R. Jones, Board president; Mrs. F. D. Bittle, Mrs. C. W. Englander, Mrs. Walter A. Swauger, Mrs. Ralph Beachley, and Eric Ammann.

Order Would Compel Action By Commissioners To Release Funds

A petition for a declaratory judgment and writ of mandamus which would compel the Board of County Commissioners to provide funds necessary for the county's share in construction of the Community college, and placing the responsibility of site selection with the Board of Trustees of the proposed college, were filed in the Circuit Court in Oakland yesterday.

As a result the court issued an order stipulating that the Board of County Commissioners appear in court on or before 15 days from January 10, to answer the premises and abide by any and all further orders as may be passed in the proceedings. The order was signed by Associate Judge Stuart F. Hamill.

Richard L. Davis, clerk of the Circuit Court, said that the notice was served on the commissioners' office yesterday and the office given the petition, affidavit and the court order.

The County Commissioners, at a meeting January 8, had passed a motion with Commissioners Hubert A. Friend and Ross Sines, approving, that they authorize the Board of Trustees of the Community college to proceed to obtain from owners of the Kenneth Yoder Farm, the site for the college, to obtain necessary surveys of the property, the cost to be borne by the County Commissioners; and further that the board would make available, upon approval of the Yoder farm site by the Board of Public Works, and that the portion of the cost which the board is required to provide for establishment, would be provided. The third commissioner, Allen S. Paugh did not vote on the motion.

The motion also asked the board to proceed to investigate the best methods of raising the county's share of the college costs.

This procedure was termed unsatisfactory Tuesday at a meeting of the Board of Education. The board, acting as the Board of Trustees, issued the following statement: "The limited proposals of Commissioners Sines and Friend following their meeting last Monday were not acceptable to the Board of Trustees for the Garrett County Community College as complying with their compromise conditions set forth in a letter to the Commissioners December 18, 1967. Attorneys to the Board were instructed to proceed with legal action against the Board of

County Vocational Facilities Will Get $112,684 Grant

The Appalachian Regional Commission has approved two grants totaling $112,684 in Federal Appalachian funds for the construction of vocational education additions at both Northern and Southern High Schools, Governor Spiro T. Agnew announced.

The construction at Northern High School, will provide an addition to the Agriculture Center consisting of a shop and greenhouse. The addition will be of block and brick construction of approximately 3,000 sq. ft. The new facilities have been deemed necessary in order to meet the needs of a changing agriculture curriculum and to up-date the shop facilities in order to provide a quality program in agriculture.

The total cost of the Northern High School addition and equipment will be $90,000. Of this amount, $26,100 will be provided under Section 211 of the Appalachian Regional Development Act, and $63,900 will be granted from State vocational funds.

The addition to the area vocational facilities at Southern High School, in Oakland, will consist of a food service and business education wing. The construction will be two stories of block and brick construction

North Huskies Take 8th Win

A 30-point performance by Gary Reichenbecher sparked Coach Pat Wolfe's unbeaten Northern High school Huskies to their eighth triumph of the season over Union High school of Bayard on Monday night at Bayard by the score of 68 to 50.

Reichenbecher's 13 field goals and 4 for six at the foul line upped his season point total to 219 in eight games, an average of 27.4 per game. Gary was the only Northern player in double figures.

John Barkley was Union's high scorer with 22 points while Jack Townsend had 12. Each team sank ten foul shots but Northern outscored the home team 29 to 20 from the field.

Union led at the quarter 14 to 10, and also at intermission 25 to 23, but trailed 44-38 when the third period ended. Marshall Neel and Townsend fouled out for Union. The defeat was the eighth for Union which is winless to date.

To Conduct Seminar

Electric appliance dealers from this area will participate in a sales seminar to be held in Clarksburg on January 18. The seminar, sponsored by the Monongahela Power Company, is expected to attract an audience of 1,000 from the entire area served by the electric company.

Conducting the seminar will be a female consultant with a record of helping salesmen and executives of giant corporations. She is Eden Ryl, who logs more than 100,000 miles per year in meeting with sales and management groups.

She is a graduate of the American Academy of Dramatic Arts. Before turning to sales and management consultant activities, Miss Ryl was an actress and radio-television personality.

Company Installs 2 Millionth Phone

Somewhere in the state last fall the Chesapeake and Potomac Telephone Company of Maryland installed its two millionth telephone.

Reviewing 1967, C&P Vice President L. Mercer Smith noted that passing the two million mark was a good indication of the year itself - a year of growth and change.

It took from 1884 until 1956 to arrive at the first million Maryland phones, but only another eleven years to double that figure.

To improve, expand, and replace telephone buildings and facilities in 1967, the C & P spent over $103 million - the largest outlay of construction dollars in a single year in the history of the company.

"I look at our record", Mr. Smith said, "and then I look at the job ahead. What I see is even more of the same - growth and change to meet the steadily increasing need for communications services".

Eight Are Killed On State Highways

Highway fatalities for the week ending January 7 totaled eight according to the weekly survey published by the State Police. Of those killed, four were passengers, three were drivers and one was a pedestrian.

Speaking of the week's loss of lives on our highways, Lt. Col. George E. Davidson, Chief of Operations of the State Police, said: "During the past week, all persons killed on Maryland highways occurred at night. This certainly should be an object lesson to all who travel the streets and highways of our State, whether they be driver, pedestrian or passenger. Alcohol continues to be a big problem, for in one accident, three persons - all having consumed more than the legally tolerable amount of alcohol - lost their lives when a speeding car careened through the guard rail of a bridge, carrying the driver and two passengers to their deaths in the icy waters of a river".

Alcohol was a contributing factor in five of the deaths, speed in three, and 'driver error' in seven.

Huskies Win Easy One From Oldtown

Northern High Huskies jumped out to an early lead, then coasted to an easy 67-42 victory over the Indians of Oldtown last Friday afternoon at Oldtown.

It was the seventh consecutive victory for the Huskies, who have yet to taste defeat this season.

Dana Umbel and Gary Reichenbecher carried the load for Northern, scoring 22 points each. Umbel meshed ten field goals and was two for two at the foul line, while Reichenbecher had eight field goals and had six of eight foul attempts.

The Huskies, who held a 16-3 advantage after the first quarter, took a 29-17 lead at halftime and had a 43-24 edge at the end of the third period. They outshot Oldtown from the field 29 to 15 although the Indians took a meaningless edge at the charity stripe 12 to 9. Reichenbecher fouled out in the final quarter.

Foyce Duckworth was high scorer for the losers with 14 points, while Jimmy Jones had eleven.

Northern holds victories over Bruce, twice; Salisbury, twice; Bruceton, Alumni, and Oldtown.

Mrs. Speicher Feted On 90th Birthday

Mrs. Clara L. Broadwater Speicher was honored with a family dinner at the Beacon Restaurant dining room in Somerset, Pa., on Thursday, December 28, in observance of her 90th birthday anniversary.

Attending were two sisters, Mrs. Fanny Ault, LaVale; Mrs. Lawrence Brenneman, Bittinger, and the following children: Rev. Ross Speicher, of Harrisonburg, Va.; Mrs. Floyd H. Zehner, Somerset, Pa.; Mrs. Gilbert P. Smith, Davis, W. Va.

Other relatives attending included Mr. and Mrs. Fred Gates, LaVale; Roger C. Ault, Washington, D. C.; Mrs. Ross Speicher, Floyd Zehner; a grandson John Zehner and Mrs. Zehner; a grandson James Zehner and two great grandsons, Craig and Kevin Zehner, sons of John Zehner.

The table was centered with a decorated pink and white tiered cake lighted with tapers, and bouquets of sweetheart roses.

Mrs. Speicher was born December 28, 1877, at New Germany, eldest daughter of Perry H. and Eliza Jane Lohr Broadwater. She was married in 1901 to William Asa Speicher, Accident, where they resided and reared their family. Mr. Speicher died in 1930.

Mrs. Speicher has been a life-long member of the Accident Church of the Brethren. She resides with her son-in-law and daughter, Mr. and Mrs. Gilbert P. Smith, Davis, during the winter months and with another son-in-law and daughter, Mr. and Mrs. Floyd Zehner, Somerset, during the summer month where she enjoys farm life. She received numerous gifts and cards from relatives, friends and former neighbors.

Mrs. Speicher says her wide circle of friends is one of life's richest blessings.

Services Re-Set For Sunday Night

The service of the Feast of Lights, scheduled to be presented last Sunday in St. Matthew's Episcopal Church, Oakland, has been postponed until this Sunday, January 14th, at 7:30 p. m. The severe weather prevented its presentation.

This will be the second year this chancel drama of the Epiphany has been offered. The service dramatizes the events following the birth of Christ and the coming of the three kings. Twenty men of the local parish are taking the roles of the apostles, St. Paul, Matthias, bishop, priest and deacon, and the three kings. The service begins in darkness and concludes with the lighting of the candles of the congregation. The music is under the direction of Mrs. B. Linn Grant. The choir is composed of young people and adults and the members of the Acolyte Guild. Assisting the rector of the parish, the Rev. W. Shelby Walthall, is the Rev. Thomas P. Staup, Vicar of St. John's Church, Deer Park.

The public is invited.

PHARMACY PHACTS

from Clinton W. Englander

Question

I've been hearing that a surprisingly large percentage of people don't have their prescriptions filled after they've received them from the doctors. Is this really true?

Answer

Let's quote a report on this very subject published in the JOURNAL of the American Medical Association which states: "In this era of potent... medications, patient reliability in taking drugs becomes a primary consideration. Most physicians are aware that some patients fail to take prescribed medicines—but few realize the extent of the problem." So, while the actual amount of this dangerous gambling with personal health is unknown, we pharmacists have reason to believe that "a surprisingly large percentage of people" do take this unnecessary risk with their best-possible health. And this is being done today when the true man-hour (buying power) cost of prescriptions is less than it was thirty years ago!

Mandamus

(Continued From Page One)

County Commissioners, in order to clear the way for progress to be made toward the development of the college".

Members of the Board of Trustees had agreed previously to compromise with the two commissioners on the Yoder farm site but only on condition the two commissioners accept five conditions concerning furnishing authorized funds.

Members had maintained that the Glotfelty-Wagner site was the ideal one for the college but said they would accept the Yoder site only on condition that Commissioners provide at once sufficient funds to appraise and survey the Yoder farm as required by Board of Public Works; that upon approval, that commissioners proceed at once to turn over to Board of Trustees the county's one-fourth share of the cost of the land; that the commissioners sign the contract with the architectural firm of Johannes and Murray guaranteeing payment of architectural fees; that the commissioners agree to turn over to Board of Trustees the balance of the county's one-fourth share of the $1,250,000 project on the date the contract for construction is approved. Commissioners also were asked to agree to remove themselves permanently from any further interference with the planning, building and administration of the college.

In a statement this week Willard L. Hawkins, county superintendent of schools said: "If successful in the legal proceedings the Board of Trustees also would be free to locate the college on the Glotfelty-Wagner site as originally planned and to proceed with the architectural work for the building".

Mr. Hawkins pointed out that under the law providing for the referendum that was sought by the two commissioners, the Board of Education was authorized and directed to proceed with the establishment of the college in the event the county commissioners elect to submit the question to the voters and the same is approved. Mr. Hawkins pointed out the matter was submitted to the voters and approved more than 2 to 1 last June 13. At that time the Glotfelty site already has been selected unanimously by the Board of Trustees, by site committee and by former county commissioners and had been announced as the location. The Gerald Glotfelty acreage was surveyed, tested satisfactorily for sewage disposal, a topographical survey made of the property for the architect and preliminary drawings of the building sent to the State Office of Education. When more acreage was demanded by the Board of Public Works a bargain was made with Claude Wagner who owned property adjoining Gerald Glotfelty.

Members of the Board of Trustees said they felt that they cannot hope to progress further with the college until the two commissioners, Sines and Friend, are prevented from further interference with the plans and efforts of the trustees to proceed with this development.

In the petition for the declaratory judgment and writ of mandamus it is asserted that inaction "on the part of the County Commissioners is delaying approval of the project, . . . jeopardizing the participation by state agencies in the funds necessary for construction of said college.

"Petitioners allege determination of site is within the province of their responsibility and responsibility of defendant is to provide the funds required. They allege the rights of the petitioners have been challenged and denied by action of the County Commissioners.

They asked that the court pass an order providing for a speedy hearing. The petition was signed by Clinton W. Englander, president of the Board of Trustees, and by Lewis R. Jones and S. R. Pagenhardt, attorneys.

Welfare Costs

(Continued From Page One)

1962-63 the average number assisted monthly was 1,224, while in 1966-67 the number was 1,047, a decrease of 177.

The average public assistance grant showed an increase of $7.84 per person over five years.

Of the 1,410 requests or applications for service, 679 or 48 percent were for certification for medical assistance. Next largest group was for food stamp certification and totaled 313 or 22 percent of the total. There were 321 applications for a public assistance grant.

During the year financial assistance was discontinued in 296 cases, not including medical assistance or food stamp certifications.

Greatest cancellation activity was registered in aid to families with dependent children, with 99 families or 34 percent of total concellations. In Old Age assistance 86 cases or 29 percent were closed out. The number closed in General Public Assistance was higher with 53 cases. Some of these transferred to Aid to Permanently and Totally Disabled thus qualifying for federal and state funds rather than just county and state funds.

Mr. Stemple explained that for the fifth consecutive year the number of persons on welfare had decreased, from 833 in 1963 to 662, a decrease of 171.

An increasing cost trend was noted, the average grant per recipient increasing from $27.29 to $32.40. The average payment per recipient in this county is less than the state average.

The caseload as of March 1, 1967, was studied in relation to factors causing need on the part of families receiving assistance from the department. Unemployment of the father numbered 24, incapacitation of the father, 74; death of father or mother, 5; and absence of the father 62.

The second largest group of families on AFDC are those whose need results from absence of the father. There were 52 such families or some 38 percent of the caseload. Results of a study here showed that in 55 cases legal action had been initiated.

Since November, 1963, 99 percent of the men with families in need because of unemployment have been referred for assignment to work on a Community work and training program under sponsorship of County Commissioners and since April, 1965 to a work experience program. Eligible men were assigned to county roads department. The welfare department paid the monthly grant or wages of one so employed. Commissioners were responsible for transportation, compensation insurance, supervision and training, tools and equipment. From November, 1963 through June 30, public assistance grants paid for work performed on county roads totaled $150,198.59. Value of labor provided the roads department during fiscal 1966-67 was $34,417.55. Mr. Stemple said the county and all residents had benefited from the work performed by the unemployed men assigned to the project. Project participants have been helped through the work and training. Men know that although their check comes from the welfare department that it is earned. Good work habits are maintained and developed. Ninety-two men have been assigned. Numbers vary from one month to the next.

Tht amount expended through the welfare department was sub-divided as follows, with total, federal, state and local amounts respectively:

Old age assistance, $110,714.85, $79,440.44, $19,984.67, $11,289.74;

Aid to families with dependent children, $256,821.10, $174,972.72, $5,644.80, and private funds, $235.70;

Needy blind, $941, $670.50, $270.50, nothing from local;

Aid to permanently and totally disabled, $94,258.44, $68,216.78, $14,751.92, $11,289.74;

General public assistance, $27,524.49, no federal, $16,232.75, $11,289.74, $2 from private funds;

Foster care of children, $30,333.76, no federal, $20,662.36, $5,644.80, $4,026.60 from private funds;

Total assistance, $520,593.64 with $323,300.44 from federal, $147,870.08 from state, $45,158.82 from local and $4,264.30, from private funds.

Administration costs amounted to $132,472.97 with $6,658.57 from federal, $106,969.65 from state, and $18,844.75 from local, for a grand total of $653,066.61 with $329,959.01 from federal, $254,839.73 from state, $64,003.56 from local.

Great Big Thank You . . .

(Continued From Page One)

he is prompted to do something more concrete, a contribution is always welcome.

The fire companies of the area can use all the financial help they can get. New and better equipment makes fire fighting more effective and often increases the margin of safety to the firemen. Oakland, for instance, just purchased a new fire truck that will be put in operation soon, costing nearly $30,000. The firemen have shouldered this burden by themselves, as they have in the past.

Our point is this: be aware of our firemen and their needs year-round, not just when the chips are down.

Fire Loss

(Continued on Page Four)

ness the day after the fire, having moved much of their items off the street where they were taken during the fire, back into their showrooms. The shoe store was due to open this week-end.

The Helbig Jewelry store in the McLaughlin Building, and Matthew's Economy Market and restaurant, in the Kight building, which had removed all of their equipment the night of the fire were ready for business almost immediately. There was some damage to the restaurant equipment and items during the moving out and back. Although there was a hole burned in the gable of the south side of the Kight building, very little water seeped through to the restaurant.

Probe Finds Source

The fire that struck the business district last Wednesday night about 11:50, started in the area over the Oakland Electric and Radio store, according to Jesse Jacobs, deputy state fire marshal, who conducted the investigation. The Jackson 5 and 10 used this area for a storage room and employes of the store had taken inventory there until 9 o'clock that evening. The flames then quickly spread to the main building of the 5 and 10, and to the rear of the other stores.

Adjustors Busy

Insurance adjustors were on the scene for the ensuing few days, making estimates of the losses and the amount of coverage for each of the business men involved.

Damage estimates still reached between $100,000 and $200,000, with partial coverage in most instances.

Assembles Facts

Some additional facts concerning the fire were learned after the "heat of battle" had subsided.

Although the Kitzmiller fire department did not reach Oakland, it traveled to Deer Park where it remained on a stand-by basis while Deer Park took two of its units to the fire. Eight men from the Kitzmiller department remained at Deer Park all night and did not return home until after the Deer Park department returned to the town. The Kingwood firemen were on a stand-by basis, also.

Several firemen of the Oakland department remained on duty until 3 p. m. Thursday. Milton Fike suffered bruises when he slipped from the Oakland fire truck but there were no serious injuries.

The American Legion served many sandwiches and much coffee at the fire house for firemen and volunteers who were working during the time of the fire. Most of the firemen were wet and cold as the temperature remained around 31 degrees. The weather became blustery the next morning and before nightfall a strong wind was blowing. Firemen expressed thankfulness that there was no wind when they were fighting the blaze.

Attention was called to the work of Job Corps employes who aided the many volunteers in carrying items from the affected stores and also helped to get the material back after the flames were under control.

Sheriff James E. Frantz and Corp. Thomas E. Ruppert of the state police noted that despite the excitement there was no looting and the removal of merchandise was done in an orderly, methodical manner and returned in the same manner.

Lots of Gallons

There had been speculation concerning the amount of water used by the fire departments in subduing the flames. Tuesday afternoon James E. Lewis, water superintendent for Oakland said an estimate indicated that 700,000 gallons of water had been used.

The city water plant continued to pump the entire time the blaze was being fought and during that time the reservoirs lost some four to four and one-half feet. The reservoirs were filled to capacity the following day. But Mr. Lewis said the amount used was at least 700,000 gallons. There had been various estimates that the amount used reached several million gallons.

At the current water rate, the cost of water used last Wednesday and Thursday would have totaled $526.50.

years, they would have to face the electorate but without opponents. Incumbent judges now may be opposed for election.

The convention avoided taking stands on some other potential controversial subjects such as state aid for parochial schools, the death penalty and a labor bill of rights. It did retain a prohibition on any lottery designed to raise money for support of state or local government.

Speaking of Insurance

An official of a major manufacturer has released a sneak preview of the changes in store for the family car by the year 1980. For example, he expects that windows will be fixed—no more rolling up and down. The steering wheel will be retired along with the reins on yesterday's one horse shay. Steering will be by wrist action, with dual controls in each car, possibly lending new significance to the role of the "back seat driver."

Tires will last for from 50,000 to 100,000 miles. Air conditioning will be thermo-electric. Garages will provide diagnostic computers which will test cars completely through an electrical "umbilical cord," perhaps in a matter of minutes.

But, pretty obviously, one element will remain about the same. The human element. The man behind the wheel, who too often today walks away from his car leaving the keys in the ignition, thus contributing to the record 520,000 auto thefts tabulated last year. More than 80% of all cars stolen are left unlocked and nearly half contained the keys. It seems to me there is an important message for the automobile owner somewhere in this paragraph.

December Graduate

Miss Mary Jane Germain was graduated from West Virginia university in December 1967. She received her Bachelor of Science degree in Home Economics with a minor in Library Science. Miss Germain is presently teaching at Northern High School. She is the daughter of Mr. and Mrs. Emile F. Germain.

Frigid Weather Is Dominating Area

The week's weather has remained frigid, with temperatures for the majority of the time ranging near the zero mark.

Last Thursday saw an early morning temperature of 25 degrees, but colder weather set in during the night. Friday dawned with a -8 reading and sunny skies, although a one-inch snowfall had fallen the night before.

Friday's high was 11, and both Saturday and Sunday saw cloudy, cold and windy weather. Drifting snows and sub-zero temperatures caused church services in some areas to be cancelled.

Monday followed much the same pattern; it was -7 in the morning, but skies were clear rather than cloudy. High for the day was 7.

Tuesday brought a slight warming trend, along with heavy cloud cover and some snow flurries. The mercury climbed from a morning reading of 9 to a high of 28, while the snow flurries became a full-fledged snowfall in the afternoon.

Wednesday began with a 20 degree reading and cloudy skies. High was 25. Thursday's 8 a. m. temperature was 7 degrees, and skies were clear.

Death toll in the bridge collapse reached 28.

Nine Births Listed

Hospital officials reported nine births had occurred during the past week at the Garrett County Memorial Hospital. Five boys and four girls were born since January 4.

On January 4, a son to Mr. and Mrs. Franklin Paul Polce, Oakland; a daughter to Mr. and Mrs. William Edward Beere, Oakland.

On January 7, a son to Mr. and Mrs. Arthur Elwood Davis, Swanton; a daughter to Mr. and Mrs. Joseph Harry Windell, Oakland; a son to Mr. and Mrs. Howard Emerson Green, Deer Park; a son to Mr. and Mrs. Ura C. Garber, Rt. 1, Oakland.

On January 8, a daughter to Mr. and Mrs. Russell William Hoover, Friendsville; a daughter to Mr. and Mrs. Norman S. Thomas, Friendsville; a son to Mr. and Mrs. Glenville Elbert Moreland, Gormania.

The hospital admitted 51 persons and discharged 38 during the week. Census this morning was 58.

Mt. Top YFC Plans Snow Party

Mt. Top Youth For Christ is to have a "Snow Party" for all area teens Saturday, Jan. 20th, 7:00 at Ralph Lichty's farm near Gortner. This activity will include sled riding, old fashioned sleigh and sled rides, followed by serving of hot chocolate and having a hot dog roast. There is no charge. Those wishing to have sleds transported may bring them to Southern High where pick-up trucks will be available.

In spite of the inclement weather, 62 were in attendance at Northern High school to help kick off the first Campus Life rally of 1968 featuring the Northern area octet "The Glory Bound Choraliers" and a report from Oakland teenagers Dottie Glaze and Lisa Eary about the Holiday Teen convention they attended at Bethlehem, Pa. Dec. 26-28th. The next rally will be Jan. 27th, 7:30 p. m., at Southern High school, presenting the director of Fay-West Youth For Christ, Connellsville, Pa. Rev. Dwight Evans will be the speaker.

Aurora - Eglon

A celebration, planned by the children of Mr. and Mrs. Ernest Harsh, of Eglon, in honor of their 30th wedding anniversary, was held December 31 in the Memorial building in Eglon. They were married on January 1, 1937 by the Rev. D. B. Spaid. A covered dish dinner was served to relatives and close friends with open house in the afternoon. There were about 50 additional afternoon guests. The cake of three tiers was baked and decorated by Mrs. Rose Ina Harsh with roses and large wedding bells. The table was decorated with poinsettias and Christmas candles. The couple received several nice gifts. Mrs. Harsh is the former Miss Grace Evans, daughter of Mrs. Bessie Evans and the late Wilbur Evans. Theq have resided on their dairy farm at Eglon since their marriage.

Mr. and Mrs. Claud Pennington, Cash Valley, are the paternal grandparents of the third daughter, Judy Lynn, born January 2 to Mr. and Mrs. Harold Pennington, Cresaptown, Md. An infant son is deceased. The mother was Miss Catherine Kent, daughter of Mr. and Mrs. Ernest Kent, of Pennsylvania.

The Men's and Women's Bible Class of Maple Spring Church of the Brethren held a Chrismas dinner Sunday evening, December 31, in the church basement. After the dinner, Mr. and Mrs. Fred Beachy, of Gortner, showed slides of their recent trip to Alaska.

Mr. and Mrs. Marvin Harsh and family, of Cuyahoga Falls, O., were recent guests of the former's parents, Mr. and Mrs. Willis Harsh, Stemple Ridge.

Jack Menefee, of Florida, was a recent guest of Mr. and Mrs. Alan Lipscomb and family, Aurora.

Mr. and Mrs. Cecil Evans, of Horse Shoe Run, and Mr. and Mrs. Lawrence Artis, Eglon, left Tuesday, January 2, for two weeks vacation in Florida.

Lace White, Eglon, entered Garrett County Memorial hospital last Friday for medical treatment. Mrs. White who suffered a fracture of one shoulder and the other one dislocated, went Tuesday of last week to Morgantown for a check-up.

Mr. and Mrs. Billy Judy and children, of Michigan, and the Rev. and Mrs. Don Robinson and three children, of Pennsylvania, were recent guests of Mr. and Mrs. Ray C. Judy, Eglon. Mrs. Robinson and Billy are children of the Judys.

Recent guests of Mrs. Grace Myers, of Stemple Ridge, were Mr. and Mrs. C. E. Guthrie, of Washington, D. C.; Mr. and Mrs. Carl Myers, Ellerslie, Md.; Mrs. Murl See and sons, Hyndman, Pa.; and Mr. and Mrs. Robert Myers, Bel Air.

The Adult Sunday School class of the Aurora Methodist church held its Chrustmas dinner on December 29, at the home of Mr. and Mrs. Alan Lipscomb, Aurora. Games were played. The door prize went to Mrs. Doug Webster, Jr. and daughter. Others present were Mr. and Mrs. James W. Martin and daughter, Mr. and Mrs. Bernard Arnold, Doug Webster, Jr., Mr. and Mrs. Thomas Wotring and daughter, Eugene Wilt, Robert Knotts, Patsy Lipscomb, Bill Hall and the Alan Lipscomb family.

Mr. and Mrs. Edwin Fike, of Ohio, were recent guests of relatives and friends in this area. Mr. Fike is a son of Mrs. Olivia Fike, Oakland, and the late John T. Fike. The Fikes were formerly of Eglon.

The West Marva district area leaders met for the 90th anniversary campaign for Bridgewater college at Maple Spring church, Sunday, in spite of the severe weather.

Mrs. Franklin Kimmell, who had spent several weeks with her son and daughter-in-law, Mr. and Mrs. Franklin Kimmell, Jr. and family, Chaney, Pa., returned last week to her home at Aurora.

Mrs. Odessa Stemple Shaffer, of Texas, who suffered a fractured hip some time ago is now able to get around in a walker. The Shaffers and Stemples were former residents of Aurora.

Sunday dinner guests of Mr. and Mrs. Fred Stemple, of Mt. Top, were Mr. and Mrs. Alfred Wotring and Mr. and Mrs. Thurman Selders, all of Aurora.

Frankie's Amusements Contracted 10th Year

In making additional plans for the twelfth annual county fair at McHenry, to be held this year August 12 through 17, it was announced this week that Frankie's Amusements would furnish the carnival attractions for the tenth year.

Frankie's headquarters are located at Somerset, Pa.

It was also announced that there are two new members of the Board of Directors of the Fair association, who were actually named shortly after the conclusion of last year's fair. They are Mrs. Willie Warnick, of Grantsville, who replaces Mrs. Don Newman; and Gary Fratz, Accident, who succeeds Hubert A. Friend.

State Police Have Long Memories

Apparently it is not only the Royal Canadian Mounted Police who always get their man. After waiting two years and ten months, officers here were able to apprehend a law-breaker who, after striking an unattended vehicle some 34 months ago, left the state. As police were unable to apprehend the guilty party at the time, papers were filed with the State's Attorney, who held the case open.

And so, when Willie Lurcurtis Didawick, Keyser, W. Va., appeared in Garrett County, the long arm of the law tapped him for operating a motor vehicle without operators license, failing to stop after striking an unattended motor vehicle, and reckless driving.

Didawick was fined $15, $100, and $25 respectively, and was committed to the Garrett County Jail in default of the fines.

In other cases this week:

Sylvia Jean Paugh, Swanton, pleaded not guilty and was found not guilty by Trial Magistrate Robert Maroney of failing to drive to the right of the center line.

Delbert Ray Elliott, Oakland, pleaded guilty and was fined $17 and costs for operating a motor vehicle without registration plates.

Earl William Schrock, Gormania, W. Va., pleaded guilty and was fined $17 and costs for operating a motor vehicle without registration plates.

Dennis Edward Bennett, Baltimore, pleaded guilty and was fined $5 and costs for operating a motor vehicle against the restrictions on his license.

Eugene Smith, Crellin, pleaded guilty and was fined $5 and costs for failing to grant right of way.

Among those who forfeited collateral and costs during the past week were:

Laura Virginia Kelly, Bloomington, $15 for failing to grant right of way after stopping at a stop sign.

John Frank Durr, Kearneysville, W. Va., $10 for failing to drive on the right half of the road.

Melvin Wayne Gank, Crellin, $10 for failing to drive to the right of the highway.

David Clinton Friend, Kingwood, $5 for operating a motor vehicle with expired license.

Raymond Gordon Aronhalt, Jr., Mt. Lake, $15 for failing to stop after striking an unattended vehicle.

Daniel Albert Daris, Barton, $7 for operating a motor vehicle on a learner's permit without a licensed driver present.

Robert E. Hensley, Oakland, $7 for operating without a license.

Kennard Francis Bird, Camp Springs, $7 for improper passing.

George Thomas Cramer, Terra Alta, $7 for failing to keep right of center line.

Terry Max Strawser, Parlin, N. J., $7 for improper passing.

Couple To Wed

Mr. and Mrs. Clark Schlossnagle, Friendsville, announce the forthcoming marriage of their daughter, Linda Sue, to Dennis L. Sanders, son of Mr. and Mrs. Lawrence Sanders, Oakland.

Miss Schlossnagle is a graduate of Northern High school, class of 1967.

Mr. Sanders, a 1961 graduate of Southern High School attended Frostburg State College and served four years in the United States Air Force.

Both Miss Schlossnagle and Mr. Sanders are employed at the First National Bank of Oakland.

The marriage will take place Sunday, March 3, at 2:30 p. m. in the Bear Creek Church of the Brethren.

To Leave For Annapolis On January 17

Garrett County's only representative to the General Assembly, plans to leave for Annapolis on Wednesday, January 17, when the legislature convenes for the 1968 session. He is Benjamin O. Aiken, of Accident.

He plans to reside during the session at No. 16, Maryland avenue. His room is in the state house is 206.

Yesterday Mr. and Mrs. Aiken left for Baltimore to attend the annual State Farm Bureau meeting. Mrs. Aiken is chairman of the women's committee of the Farm Bureau. Accompanying them was Miss Bonnie Buckel, senior student at Northern High school, who will report on the Youthpower project which she attended last year in Chicago.

Delegates to the state farm bureau meeting from the Garrett County were I. William Umbel, Mr. and Mrs. Wayne Hamilton, Gary Fratz, Parker Warnick, John Beachy, and Clark Schlossnagle.

GORTNER

Stanley Weese, who was home from Bob Jones college in South Carolina, and his sister, Miss Diana Weese, of Davis-Elkins college, Elkins, visited Mr. and Mrs. Grover Lee, one day last week.

Ernest Gortner entered the veterans' hospital at Pittsburgh on Wednesday. He was accompanied there by Mrs. Gortner, who will remain with her brother, Everett Kight and family.

Mr. and Mrs. Simon Swartzentruber and Mr. and Mrs. Emanuel Miller spent Thursday with Owen Swartzentruber at University hospital, Morgantown, where he has been receiving treatment for a staph infection for the past eight weeks. He is expected to come home this week. His sister, Mrs. John C. Yoder, accompanied Mr. and Mrs. Wayne Hamilton, of Red House, visited him on Monday.

Pastor Sam Guengerich and sons, Alfred and Roman, of Mt. Perry, O., were here recently and conducted a service at the Amish church.

Mr. and Mrs. Kore Peachy and Mr. and Mrs. Joe Hostetler, newly weds of Belleville, Pa., were guests of their aunt, Mrs. John N. Yoder enroute to Stuart's Draft, Va.

Mr. and Mrs. Enos Maust, of Meyersdale, spent Saturday with his cousin, Mrs. Fannie Stutzman. The Pete Yoder family, of Springs, accompanied them here to be with their sister, Mrs. Simon Swartzentruber. Mr. and Mrs. Swartzentruber went to Cumberland on Monday where she entered Memorial hospital for a cataract operation.

Mrs. Jack Turney and children, Oakland, spent an evening with Claude Swartzentruber and family.

Eli Hershberger left Saturday for Warnersville, Pa., for two years' service. Mr. and Mrs. Atlee Hershberger and Miss Amelia Yoder accompanied him.

Mrs. Rlaph Lichty has been aiding in the care of little Anna Swartzentruber who had a check-up at University hospital, Morgantown. She had a seige of whooping cough and flu recently. She is now improved.

Mr. and Mrs. Jonas Kinsinger were with friends at Springs one day last week.

A number of young folks were with the Eli and Mylo Yoders, Sunday evening.

Mrs. Noah Schrock spent Saturday with her sister, Mrs. Albert Sisk.

Mrs. Allen Petersheim had a number of ladies to a quilting on Tuesday.

Miss Lavina Garber returned from Florida on Saturday.

it's the little things that make gas heat so great!

The cost, for instance.

There are a lot of great things about Gas heat. You take them for granted. Clean, circulating, whole-house heat seems as natural as . . . fresh air. But the biggest thing about Gas heat is the littleness of the cost—about one-third the cost of electric heat. Maybe the cost of heating your home with Gas doesn't seem like such a big thing to you.

That's because it isn't.

Education Board Presents Request For Salary Hikes

Approval of a request for teacher salaries that would range from $5,610 to $9,500, acceptance of resignations and naming of additional teachers in the system, and a report on the progress of several building developments were among the items taken care of at a regular meeting of the Board of Education on Tuesday.

The board approved inclusion in the next school budget the salary request for teachers ranging from $5,610 for beginners, to $9,500 for teachers with master's degrees and fifteen or more years of experience. This would add approximately $200,000 to the amount the county must provide for operation of the schools for 1968-69.

Willard L. Hawkins, county superintendent of schools, said school board members felt that the county schools could not be staffed with qualified teachers with a salary scale for any less than the one agreed upon.

He said contract time for teachers begins around the first of April and the Board should know by that time what salaries it will be able to offer for the coming year.

Progress Report

The board received a report on building developments for the addition to Dennett Road, of 8 rooms and a gymnasium; the addition to Bloomington school of four rooms and a gymnasium; vocational units for food service, commercial and guidance at Southern; enlargement of the agriculture shop to include a greenhouse, at Northern High. All units are expected to be ready for bidding by March 15.

Accept Resignations

The board accepted the resignations of Mrs. Martha Boyles, and Gustav Johnson, instructors at Southern High school, and maternity leave of absence to Mrs. Margaret H. Smith, of Southern.

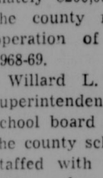
Also announced was the transfer of Miss Patricia Filsinger from Dennett Road to the art department at Southern, transfer of Mrs. Helen Kahl from Northern to Southern; appointment of Miss Mary Jane Germain to replace Mrs. Kahl at Northern; Russell K. McConnell to replace Miss Filsinger at Dennett road, and Walter R. McElderry to replace Mr. Secrist at North Glade, who is ill. Mr. Hawkins said no replacement for Mr. Johnson was available at this time.

Other Action

In other action the board donated some surplus folding chairs to the Deep Creek fire company; discussed a proposed program of marine mechanics in conjunction with the vocational auto mechanics programs, discussed need for more vocational guidance designed to increase enrollments in vocational classes for the coming year; approved purchase of replacement furniture, folding band and choral stands, replacement sewing machines and filing cabinets; approved appropriations to each high school for needed band instruments in amount of $2,000 per school; and approved March of Dimes drive in the schools.

Addresses AAUW Session

Dr. Lawrence Sherwood, pastor of St. Paul's Methodist church in Oakland, was the speaker at the monthly meeting of the American Association of University Women, held at the office of Mrs. Dick Travis, on Center street, on Tuesday evening. He spoke on "Changing Values in Religion."



This was a continuation of changing values in the world. In charge of the program were Mrs. Sherwood and Mrs. Walter Whitehair. A business meeting followed a discussion period.

DIED

DANIEL EARL SMITH

Daniel Earl Smith, 76, a former member of the Board of Veterans Appeals of the Veterans Administration, died Monday, January 1, of a heart ailment, at Doctors hospital in Washington.

A native of this county he was a son of the late Mr. and Mrs. W. A. Smith, of Hoyes, and a brother of the late W. Cecil Smith, of Oakland.

He was graduated from St. John's College, Annapolis, and the University of Maryland law school. He resided at 1421 Massachusetts avenue, northwest, Washington.

He was a veteran of World War I and reached the rank of captain. Later he joined the Veterans Administration, managing the regional offices in Richmond and Louisville. He was appointed to the Board of Veterans Appeals in 1934 by President Roosevelt and retired in 1961. He was a member of Oakland Lodge No. 192, A. F. and A. Masons.

He is survived by his wife, Marguerite; a sister, Mrs. B. C. Ayers, Arlington, Va., and a brother, Wayne, of Alexandria.

Funeral services were conducted Friday morning ,January 5, at 11 o'clock from Hines funeral home in Washington. Interment was in Maysville, Ky.

ZEBULON M. JUDY

Zebulon M. Judy, 85, of Harman, died unexpectedly January 4 at his home.

He was born November 22, 1882, at Harman, a son of the late Isaac and Hannah Harman Judy. His wife, Mrs. Mary Elizabeth Harman Judy, preceded him in death July 29, 1961.

Surviving are three sons, Harman Judy, Fern Park, Fla.; Ralph Judy, Uniontown, Pa.; and Troy Judy, Baltimore; 3 daughters, Miss Mae Judy and Mrs. Cora Butcher, both of Harman and Mrs. Mary Ann Becket, Hurricane; three sisters, Mrs. Ellen Yokum, Mouth of Seneca; Mrs. Florence Dolly, Canton, O.; and Mrs. Cenia Sites, Richmond, Va.; ten grandchildren and three great grandchildren. Mr. Judy was a retired blacksmith. Memorial rites were held Sunday at Harman.

VURL WILLIAM KIGHT

Vurl William Kight, 50, a Reynolds Bus line driver for 26 years, and resident of Elkins, W. Va., died Sunday evening, January 7, in Davis Memorial hospital where he had been a patient since January 2.

Kight became ill on Christmas day after returning from his Bluefield bus run. He went to the hospital for examination and treatment and became seriously ill Sunday afternoon.

The deceased was born November 5, 1917, in Shaffertown, a son of the late Alfred Kight and Mary Ball Kight, of Oakland.

He was reared in Oakland where he attended Oakland High school. He was twice married, his first wife, the former Bertie June Myers, died September 14, 1946. On April 18, 1955 in Elkins he married the former Lucile Dumire, a teacher in the commerce department of Elkins High school. He was a member of the Brotherhood of Railroad Trainmen and the Moose Lodge of Terra Alta.

In addition to his wife and mother, he is survived by one daughter, Cassandra Ann, wife of James Stewart, of Oakland; also five brothers, Theodore Kight, Silver Lake, W. Va.; Alvy Kight, Cumberland; George, Gilbert and Alfred Kight, all of Oakland.

Funeral services were conducted from the Lohr Funeral chapel in Elkins on Wednesday afternon at 1 o'clock with the Rev. Donald Lockhart, pastor of the Elkins EUB church, officiating. Interment was in Maplewood cemetery in Elkins.

HENRY M. SKIPPER

Henry Murray Skipper, 86, of RD 2, Deer Park, (Sand Flat) died Wednesday in the Garrett County Memorial Hospital where he had been a patient four weeks.

A native of Swallow Falls, he was a son of the late Thomas and Romana (Schaffer) Skipper.

Mr. Skipper was a member of the Rocky Drean Assembly of God Church at Swallow Falls.

Survivors include his widow, Mrs. Laura (Bowser) Skipper; two daughters, Mrs. Mary Cuppett and Mrs. Geneva Ann Cuppett, both of Glen Dale; six sons, John and Leo Skipper, both of RD 1, Oakland; David A. and Jesse Skipper, both of RD 2, Deer Park; Serbert Skipper, Star Route, Oakland, and Robert Skipper, Canton, Ohio; a brother Charles Skipper, RD 1, Oakland; 23 grandchildren and eight great grandchildren.

The body is at the Minnich Funeral Home in Oakland. Services will be conducted Saturday at 2 p. m in the Sand Flat Tabernacle by Rev. Gail Hixon, assisted by Rev. Robert Collett. Interment will be in the Garrett County Memorial Gardens.

The family suggests that memorials be made to the Rocky Drean Assembly of God church.

Record Expansion Program Planned

Monongahela Power Company, has forecast record expenditures of over $100 million for plant expansion and improved facilities, in the next three years.

The major slice of the $100 million will be spent for generating capacity to provide the additional power needed. Monongahela Power Company has estimated that its expenditures for power generation in the three-year period will amount to nearly $50 million.

One of the "smaller items" in the three-year forecast, amounting to $8,500,000, will provide new customer and service facilities. This includes construction of several division and district service and maintenance centers.

Listed for new offices, line shops, storerooms, or division service and maintenance centers are Fairmont, Spencer, Belington, Morgantown, Elkins, Weirton, and Clarksburg. New facilities in Monongahela's improvement program were completed last year at Weston, and Oakland, and were started at Sistersville. Several other properties were remodeled.

Other improvements scheduled for 1969 and 1970 include increased precipitator capacity for Albright Power Station near Kingwood and Willow Island Power Station near St. Marys.

Slightly Hurt In Car-Truck Crash

One person was slightly injured in a truck-car collision which occurred about 5 p. m. Wednesday. Injured was Rodney Rinehart, driver of the automobile which was struck by a truck carrying pulpwood and driven by Galen Rohrbaugh of Gorman.

Rinehart apparently was turning left into Shorty's Service station south of Oakland on Route 219, when Rohrbaugh began to pass him. Rinehart's car was pushed some 50 feet by force of the impact, while the truck went on to hit a car parked at Shorty's, and owned by Minnie Moore, an employee at the combination gas station and store.

That car was carried from its place near the gas pumps to a point some feet down the road. The truck came to rest against a bank on the opposite side of the road, its front axle slammed back almost to the rear wheels. The logs had shifted on impact and smashed down onto the cab, but the driver seemed unhurt even though passers-by had to pry the door open so he could get out.

Trooper Robert Lashley of the State Police is investigating.

Miss Englander Addresses Terra Alta Rotary

Miss Marilyn Englander, student at Southern High School, was guest speaker at the Terra Alta Rotary Club meeting last Thursday evening. She was introduced by Harold Miller.

During the past summer, Marilyn had the privilege of taking part in an "experiment in international living program" after a concentrated course of study in Vermont in language and culture orientation. She spent nearly three weeks in the home of a Mexican family at San Louis Potosi, a city of 160,000 in central Mexico.

A daughter of Clint Englander of Oakland, she is taking an academic course in school. She is secretary of the Student Council.

Deadline For Wool Program Is Jan. 31

January 31, is the final date on which sheep producers may file applications for price support incentive payments on shorn wool and unshorn lambs sold during the 1967 calendar year, I. William Umbel, Chairman, Garrett County ASC Committee, reminded farmers today.

Applications should be filed at the ASCS Office on U. S Route 219, north of Oakland. Growers must submit original bills of sale or carbon copies bearing the original signature of the buyer or sales representative.

The Chairman recommended that all growers file applications even though they sold their wool at a price higher than the incentive price, which was set at 66 cents per pound for shorn wool in 1967. Payments for both shorn wool and unshorn lambs are based upon the national average price and are made to all growers, no matter how high the price they received, whenever the national average price for wool is less then the incentive price.

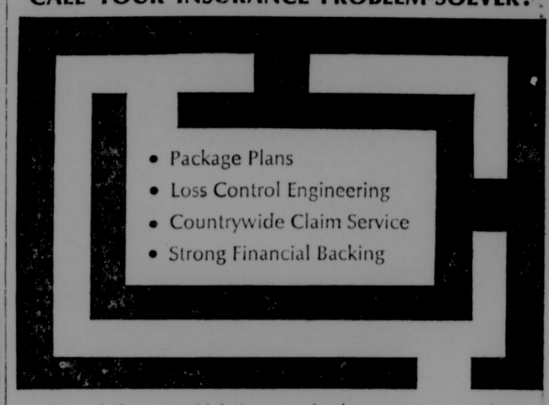
Accident On Route 220 Injures Three Oaklanders

What could have turned a shopping trip into a tragedy for three Oaklanders was averted by "feminine intuition" on the part of one of the persons involved.

Mrs. F. D. Custer and daughters Sherry and Becky were coming back from Cumberland along Route 220 on Saturday evening. Mrs. Custer, who was at the wheel, noticed a car beginning to pull across the road into the path of a lumber truck bearing in her direction.



Mrs. Custer, who says she just "had a feeling something was going to happen", applied her brakes and got off the road, telling the girls to get down on the seat. The truck attempted to stop, but started skidding and slid sideways into the car, catching the top of the vehicle on the end of the truck bed and shearing it back.

The Custers were taken to Sacred Heart Hospital for treatment of bruises, and Mrs. Custer also required several stitches to close a scalp laceration.

IN THE OLD DAYS

In Aunt Miranda's day there was no question about whether you went to church on Sunday. You didn't stay home because it was raining or snowing, or because you had a slight headache. You went—by horse-drawn wagons or carriages—a much harder trek than it is today.

Maybe because it *was* harder, people appreciated it more. Maybe in that era of pre-modern conveniences people had a better sense of values. They seemed to know, at any rate, what was really important.

Of course, the church is just as necessary today as it was in Aunt Miranda's day. Certainly the complexities of our present generation make life's problems seem increasingly abundant. Hadn't we better go to church next Sunday—and see for ourselves?

THE GREATER MIRACLE

Lesson for January 14, 1968

Background Scripture: John 1:43 through 2:12.
Devotional Reading: Luke 7:19-23.

"Water into wine? Impossible!"

When they read the Gospel According to John, some people never get any further than Jesus' turning of the water into wine. The miracle is too much for them to swallow. In this day of modern science and technology, they say, there is no room for "supernaturalism" for the sophisticated person of the twentieth century.

Rev. Althouse

The problem, however, may well be what we mean by "miracle." Is a miracle something which is contrary to the laws of nature? Some would say, for example, that miracles cannot happen because the laws of nature cannot be broken nor by-passed.

A Higher Plane

There are others, however, who do not define "miracle" as being contrary to nature. Leslie D. Weatherhead, a British cleric, for example, sees a miracle as a "law-abiding event by which God accomplishes his redemptive purposes." This is done, not by breaking the laws of nature, but by releasing energies which "belong to a plane of being higher than any with which we are normally familiar." Miracles deal, not with the impossible, but the unknown.

One hundred years ago it was thought "impossible" to travel from London to New York in anything less than several weeks of ocean travel. We did not know then of the laws of aerodynamics, but they existed then as they do now. The idea of an airplane flight would have been regarded as a "miracle." Yet such a flight, had it taken place, would not have violated the laws of nature, only the natural laws of which we at that time would have been aware. The laws of aerodynamics existed in nature, but they were undiscovered.

"I Wonder How"

When the possibility of air flight was first proposed, most people scoffed and said, "Impossible!" There were a few, however, who said, "How can it be done?" Because some were willing to stretch their minds beyond what they already knew, today we are building aircraft that will whisk us over the Atlantic in a few hours. When we read this incident at Cana, therefore, the person with true scientific openness will say, not "Impossible!" but "I wonder how it was done?"

There is no need, therefore, to get "hung-up" on the "impossibility" of this miracle. Science does not require it and John was primarily concerned, not with having his readers focus upon the miracles themselves, but to look beyond them to something of even greater importance. Each incident in the Gospel of John has a twofold purpose: to tell a simple story that can be easily understood and to indicate some deeper meaning or significance behind the story. It was this latter purpose that was foremost for John.

Summing up the wedding feast at Cana, John calls this "the first of his signs." These "signs" are to be found throughout his gospel. They are incidents in which with the eyes of faith we may see God's presence and power at work in Jesus. His story becomes, not the story of a carpenter who taught religion and did amazing tricks. In this man's whole life, work, and words we see God himself communicating to man.

Deeper, Fuller Life

We must look beyond the turning of the water to wine, then, and ask what this sign is pointing to. John looks beyond the miracle and sees it proclaim the new, deeper, and fuller life that Christ gives to those who will receive it. The difference between life without Christ and life with him is like the difference between water and wine.

The changing of water to wine was certainly miraculous. It lies beyond our present understanding, but not beyond the realm of possibility. But the feat of transforming people's lives surely must be an even greater miracle.

Long Range Road Program Outlined

The State Roads Commission has adopted a program calling for the appropriation of $156 million dollars for road construction in Garrett county during the next twenty years.

Some $86 million of the amount will be funds for a national freeway. The critical needs were listed at $104 million.

Allegany's program also totaled $156 million with $7 million allocated for the freeway project. Some $58 million was considered critical in that county.

Washington county was tabbed for $181 million of which $78 million was considered critical. Of this total $35 million was to come from the Appalachia program for the national freeway.

The updated survey of what the experts feel are Maryland's needs in the future will be submitted as a guide to the legislature that convenes January 17.

Overall the SRC report labels critical projects costing $1 billion, $198 million. This includes $564.3 million for primary highways, $266.6 million for secondary roads; and $238.8 million for interstate highways outside of Baltimore City.

of approximately 10,000 sq. ft.

The planned facility for training food service workers is an effort to provide vocational training to meet the needs of food services in a growing recreation area. The business education addition will centralize this department and up-grade the program with additional equipment and provisions for closer coordination of activities among and between the teachers of this department.

Construction and equipment for the Southern High School addition will cost a total of $295,384. Of this amount, Section 211 of the Appalachian Act will provide $86,584, and State vocational funds will grant the balance of $208,800.

The Maryland Department of Economic Development is coordinator of State activities under the Appalachian Regional Develpoment program which includes Allegany, Garrett and Washington Counties. The Department's Western Maryland office, located in Hagerstown, assists communities in developing and preparing projects under the Appalachian program.

March of Dimes

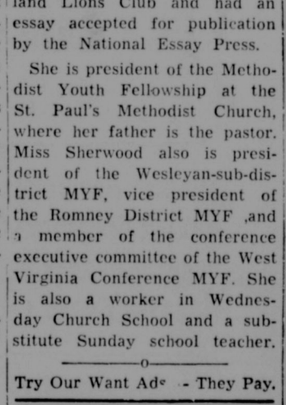
HONK

Blow your horn without lifting a finger.



Only Olds dealers have it. A horn control that extends all the way around the inside of the steering wheel. Think of it. You sound your horn with the simple reflex action of your fingers. It's part of Oldsmobile's Tilt-and-Telescope Steering Wheel*—one of the exclusive Olds availabilities for '68. Olds also offers a button that pops open your trunk lid from inside the car. A switch that lets you lock all doors with a single click. Even a buzzer that warns you when you're about to nudge the speed limit. And they're all further proof that, for '68, the young ideas belong to Oldsmobile. GM MARK OF EXCELLENCE

New Postal Rate Is Now In Effect

As expected, the new postal rate increase, which went into effect January 7, caused a rush to buy one-cent stamps, according to Oakland Postmaster Guy William Hinebaugh.

The new rates, ordered to help close the postal spending deficit, pushed the cost of first class mail to six cents, so that all persons having on hand five cent stamps had to purchase one centers in order to mail their letters. The Oakland post office expected to sell 50,000 to 100,000 more penny stamps than usual due to the changeover.

The cost of air mail stamps rose to 10 cents, and the new post card rate was set at five cents. Rates for second class mail, such as newspapers and magazines, took an increase of 24 per cent. The largest hike occurred in third class mail, which jumped from 2⅞ cents per piece to 3.6 cents per piece. A further increase for third class rates is scheduled for 1969, which will raise the rates to four cents per item.

The rate of six cents per ounce for first class mail applies up to 13 ounces, and the new rate of 10 cents per ounce for air mail applies up to seven ounces.

Under the new rate structure, all first class mail over 13 ounces and all air mail over seven ounces will be merged into a single category. These heavier pieces of first class and air mail will be delievered by the fastest possible means of transportation and a flat rate of 80 cents will be charged for all mail in this category up to one pound.

For mail weighing more than one pound, the present air parcel rates will continue to apply, with the exception that the postage on matter weighing between one and five pounds will change at half-pound intervals instead of the current one-pound intervals.

No changes were made in the charges for special delivery, special handling, registered mail, certified mail, cash on delivery, or insurance.

The picture of Franklin D. Roosevelt is imprinted on the new six cent stamps, of which the Oakland post office has approximately 50,000. A new one-cent stamp will go on sale January 14, which will bear the likeness of Thomas Jefferson.

Crop production in Maryland was above low level of 1966.

Seedlings Offered For Reforestation

Some 600,000 free evergreen and hardwood seedlings will be offered to Western Maryland landowners for reforestation of steep and eroded hillsides for unproductive or unused land, according to the Maryland Department of Forests and Parks.

Tunis Lyon, district forester, said the available trees include White, Red, Scotch and Virginia pine, Norway and White spruce, Tulip Poplar and a limited number of other hardwood species.

Trees are available for spring planting in quantities of 250 or more, to be planted on one-fourth of an acre or more.

State forest nursery trees may not be planted for landscaping purposes or solely for eventual marketing as Christmas trees, Mr. Lyone said.

But trees distributed to landowners may be thinned up to 50 percent and used as Christmas trees or in later years as pulpwood.

Interested persons may contact the LaVale office. Seedling trees will be delivered to landowners' residences the latter part of March or April.

HOYES

Sunday School, 10 a. m.; Worship, 11 a. m.

The Homemakers met on Tuesday afternoon at the home of Mrs. R. C. Bishoff with eight members and one guest, Mrs. John Peck, present. Mrs. Joe Johenning gave the demonstration "What to Wear and When". Next month's meeting will be at the home of Mrs. Johenning.

Mr. and Mrs. Charles McCrobie were Sunday afternoon visitors of Mrs. Catherine McCrobie and Mr. and Mrs. Francis McCrobie and daughters.

SSA To Give Oscar Wilde Farce At Southern High

Oscar Wilde's "The Importance of Being Ernest", a three act comedy, will be presented by the Southern Speech association. It is the second dramatic production of the school year.

The British comedy, which is set in nineteenth century England, will be presented on January 20, at 8:00 p. m., in Southern's cafetorium.

The plot revolves around the love affairs of Cecily Cardew played by Susan Boniece, Algernon Moncrieff played by Randy Overdorff, Gwendoline Fairfax played by Sherry Frantz and John Worthing played by Kim Frederick.

Other characters include: Baroara Snyder, Chris Reckart, Bill Buchanan, Bruce Paugh, Jim Jones.

The play is directed by Michael Posey. Members of the speech department will sell tickets.

Rams Take Bayard After Overtimes

Southern Highlanders needed two overtimes to top Union High of Bayard at Oakland last Friday evening, but finally won 64-58.

Southern high led 12 to 9 at the end of the first period but Bayard spurted in the second frame to lead 32 to 20 at the half. Southern was still behind 43 to 31 at the end of the third period and put on a rally, scoring 17 points while holding Bayard to 5.

Two Southern players left the game with five personal fouls while Union of Bayard lost 6.

The game ended at 48-48. Both teams tallied seven points in the first overtime period but in the second period Southern High tallied nine points while limiting Union to three for a final score of 64 to 58.

Jack Alvarez was high scorer for the winners with 17 points, while teammate Pat Flanagan had 12. For Union Steve Turner was high with 14 points while John Barkley had 12 and John Kuhn eleven.

Southern outshot Union from the floor 19 to 18 and from the foul line 26 to 22. The Highlanders were handed 55 attempts at the foul stripe, making 26 of them. Bayard made 22 of 43.

Vegetable Growers Attend Meeting

Garrett County Farm Bureau reported that twenty vegetable growers forced their way through drifting snow and near zero temperature, last Thursday evening, Jan. 4, to attend the first meeting of what may become a vegetable growers marketing association in this area.

Need for such an organization was stressed according to G. Emerson Bishoff, farm bureau member.

The fact was presented that the price paid to farmers in this area was substantially lower than prices in some other Maryland counties, though usually the quality of vegetables grown in Garrett County climate was superior.

A. Kenneth Miller, of Maryland Farm Bureau, outlined the major objectives of such an organization as follows:

To develop marketing activities that will help growers solve their marketing problems.

To encourage buyers to provide grower contracts that will reflect full market value to growers;

To cooperate with all segments of the vegetable industry in developing expanded markets, both domestic and foreign;

To work with others to find solutions to industry-wide problems.

Because of the small number in attendance, it was agreed that formal organization should be delayed until more information could be assembled, and more of the growers can gain an understanding of the benefits, and responsibilities of having a growers association.

It was recommended that Farm Bureau send at least one delegate to a five-state area meeting, which is to be held in late January or February.

Farm Bureau leaders expressed a determination to work for better contracts for the vegetable growers of Garrett County, but stressed that the true success of such an effort is directly dependent upon the support given by each individual grower.

Offer Low Rates For Big Packages For Service Men

Packages up to 30 pounds for American military personnel served by Army and Fleet Post Offices overseas now can be sent by air transportation at special low rates, Postmaster Guy Wm. Hinebaugh has pointed out.

The aircraft is available on a space-available basis upon payment of the domestic parcel post surface rate plus a flat $1 fee.

Packages weighing up to 30 pounds and not more than 60 inches in combined length and girth qualify for the new special airlift rate.

Parcels on which the $1 fee is paid get air transportation all the way from here to the port of embarkation, and from there to the overseas base. Postal patrons formerly had to pay air parcel post rates to get similar service, Postmaster Hinebaugh said.

He said that in many instances the new airlift rates are considerably below comparable air parcel post charges. He cited these examples: A mother sending a 15-pound package to her son in Vietnam pays $4.30 for the new airlift service. The air parcel post rate for the same package is $12.08. An eight-pound package going from here to Frankfort, Germany, costs $1.90 under the Airlift service. The air parcel rate is $4.04.

The new airlift service went into effect January 7, and was authorized under the postal rate bill signed into law December 16 by President Johnson.

Postmaster Hinebaugh explained that the regular postage on parcels mailed to servicemen overseas is based on the distance the package is hauled within the United States. No charge is made for carrying the package between the U. S. port and the overseas base.

The most beautiful phone in the world was made to be hidden.

Sounds crazy, doesn't it? The new Trimline® phone's stylish, sculptured shape cries to be seen—to be talked about. But if you're a little short on space, it's good to know that a compact Trimline phone will fit just about anywhere. Under a kitchen cabinet or in a niche between beds. Wherever you want it.

Easiest dialing ever, too. Because the dial is in the handset. It comes to you. And if you're making a series of calls, no need to hang up after each one. Just press the recall button under the dial. You're ready for your next call.

Trimline phones come with either Touch-Tone® push buttons or regular rotary dial. And both light up, to make it easier to read the dial.

Naturally, the Trimline phone costs a little more. You'd expect it to. But here's a bonus. Take your choice of five beautiful telephone colors.

Let us put a new Trimline phone in your home. *Just pick up the phone* and call the Telephone Business Office. Or ask your telephone man for the world's most beautiful phone.

Hide it if you can.

35 Cars Derail; Block B&O Line

The main tracks of the B&O railroad near Weverton, east of Cumberland, were blocked last Friday night and Saturday when 35 cars of a westbound freight train derailed.

All trains were rerouted via the Western Maryland Railway. Some of the cars which derailed plunged into the C&O canal which runs parallel with the tracks. No one was injured in the pileup.

There were 93 cars on the Baltimore to St. Louis freight and the Diesel units did not derail. Wreck trains were sent to clear the tracks.

No. 5644 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure foreclosure of all rights of redemption in the following property situate in Election District No. 8, of Garrett County, Maryland, sold by the Collector of Taxes for Garrett County and the State of Maryland to the plaintiffs in these proceedings.

A tract of coal containing 72 acres more or less situate in Election District No. 8, Garrett County, Maryland, which was reserved in a deed from Edmund Harvey and Bertha R. Harvey, his wife, to Arthur C. White and Clara R. White, his wife, dated March 31, 1922, and recorded in Liber E.Z.T. No. 82, folio 451, one of the land records of Garrett County, Maryland. That the said Bertha R. Harvey departed this life and subsequent thereto the said Edmund Harvey departed this life intestate leaving surviving him as his only heirs at law the following children, Lena H. Glotfelty, Alta H. Ketzner, Maude H. Paugh, Norma H. Carr and Carroll Harvey.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 26th day of December, 1967, by the Circuit Court for Garrett County, Maryland, in Equity, ORDERED that notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks warning all persons interested in the said property to be and appear in this Court by the 4th day of March, 1968, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property and vesting in the complainants a title, free and clear of all encumbrances.

Chicken On The Menu

Delight the family with a tasty chicken dish at lunch or dinner during these cold winter days, Mrs. Denison suggested. She said, "Chicken will just hit the spot, giving that good stick-to-the-rib quality needed when the thermometer scores freezing levels. Take the advice of the U. S. Department of Agriculture's Consumer and Marketing Service and stock up the freezer with plenty of broiler-fryers in the weeks ahead. Supplies this January are forecast to be unusually heavy and prices among the top values in a meat-type food.

"When buying chicken for frying, roasting, braising or stewing, allow about one-half pound, read-to-cook weight for each serving. For broiler, allow one-fourth to one-half bird per serving. Be sure to look for the official USDA inspection seal and grade mark which tell whether the bird has been inspected for wholesomeness and graded for quality under federal supervision".

Adult Course Will Be Given at NHS

A course in "Home Record Keeping" for adults will be offered at Northern High school by William Umbel, it was announced by A. B. Dean, supervisor of pupil personnel. The course will deal with the systems involved in keeping home, insurance, and income tax records.

The first class will meet Wednesday, January 17, at 7 p. m. Interested persons may enroll at that time. There is no tuition charge.

Now In Training

Miss Linda Cogley, daughter of Mr. and Mrs. Ray E. (Simon) Cogley, Oakland, has entered Woodrow Wilson Rehabilitation Center at Fisherville, Virginia to train for a Medical Assistant.

Miss Cogley is a graduate of Southern High School, class of 1966.

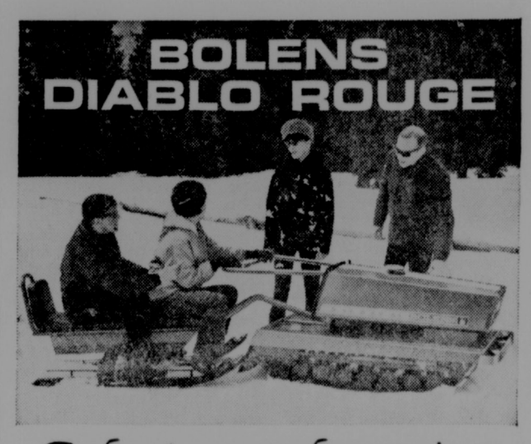
Two Assault Cases Heard This Week

Two assault and battery cases made up the criminal docket for the past week at the office of Oakland Trial Magistrate Robert Maroney.

In one case, Russell E. Crosco was charged with assault and battery upon Mrs. John J. O'Leary on January 3 on the Monte Vista Road. At the trial held on January 5, Crosco pleaded guilty and was fined $15 and costs by the magistrate.

Elwood Savage was charged with assault and battery upon Juanita Savage on January 4 near Red Run. That trial was also held on January 5. Savage pleaded not guilty, but was found guilty and fined $25 and costs.

Gov. Romney will enter New Hampshire's primary.



Coal Testing Lab Hit by Flash Fire

A freak mishap last Thursday at a coal testing laboratory and truck scales located near Beryl, W. Va., adjacent to Bloomington, caused a flash fire and minor explosion. No one was injured and there was little damage.

Robert Nethken, of Oakland and Potomac, said a workman had started to thaw the tumblers underneath the scales when a small pocket of gasoline which from some unknown source had seeped into the pit below the scales, ignited and exploded.

Fumes from the mishap swept through an air vent into the testing laboratory, Mr. Nethken said, but no damage resulted. He also stated no one was injured. The laboratory and truck scales are housed in a concrete block building so there was no fire.

THE REPUBLICAN

VOLUME 91. OAKLAND, GARRETT COUNTY, MD., JANUARY 18, 1968 PER COPY 10c NUMBER 47.

Let's Call A Halt . . .

Let's bring an end to unbalanced budgets and deficit spending as the year 1968 gets under way. One of the nation's highly respected fiscal experts, Maurice Stans, former director of the Bureau of the Budget, has expressed deep concern over inroads that inflation, the silent tax, is making on the American economy.

He declared "We need only to look back to the days of 1960 to 1965, when prices rose only 1.5 percent a year. In 1966 we had a 3 percent inflation and in 1967 another 3 percent. The last session of Congress enacted appropriations from $7 to $10 billion above the previous year and during the first three quarters of calendar 1967 actual federal spending ran 13 percent ahead of 1966.

"The difficulties with balance of payments to other countries and accelerating domestic inflation is significant. It should serve as a grave warning to those who manage the fiscal and monetary policies. No matter how long we fail to recognize the dangers of inflation for our own markets, we will shortly be reminded of its consequences in international relationships".

He continued: "With this background of large government deficits, a long unfavorable balance of payments, new crises in international finances, growing inflation at home and general uncertainty for business and the domestic economy, it is a good time to provide for a better way of doing things. Now is the time to make substantial progress in getting our federal budget in order and reduce inflationary pressures.

First National Plans Improvement To Two Branches

Plans for improvement to two branch bank properties were revealed at the annual meeting of the stockholders of the First National Bank of Oakland held Tuesday morning in the bank's community room with 74 percent of the shares being represented either in person or by proxy.

George K. Littman, bank president, reported that the former Winterberg property in Grantsville had been purchased upon which it is contemplated to erect a new Grantsville branch bank in the near future. He also announced that the former post office building in Friendsville had been purchased from the estate of the late Mrs. Ida Friend, widow of L. E. Friend, at one time president of the First National Bank of Friendsville.

Concerning the Grantsville structure, there was no definite date announced for beginning of construction. Mr. Littman said the volume of business now being handled at that office had caused crowded conditions in the present quarters in the former Glotfelty store on Main street. He said plans had not yet been drafted for

Low Bid Accepted By Library Board

Carl Belt Inc. of Cumberland, tendered the low bid of $137,360 for the addition to the Ruth Enlow Library of Garrett County. The bid, lower by $340 than the nearest competitor has been accepted by the Board of Library Trustees and the County Commissioners. Final acceptance is subject to the approval of the Division of Library Extension of Maryland, a branch of the State Department of Education. This approval was given yesterday, according to Miss Edith Brock, librarian.

Other bidders on the project, all from Cumberland, were John I. Vandergrift Company, who had the second lowest bid of $137,700; Phoenix Construction Company, who bid $139,000; George F. Hazelwood Company, who proffered $142,300; and Wilson Construction Company, who bid $151,500.

The bids were opened last Wednesday, January 10, and the construction and remodeling will begin following approval from the State authorities. The project is to add 8,374 feet of floor space to the present structure, to be used to provide space for the growing book collection and for reading and study.

Garrett National Retains Officers

Officers of the Garrett National Bank in Oakland retained the same offices when an organization meeting of the Board of Directors was conducted.

Retained were Floyd B. Leighton as chairman of the Board; Wesley Schaible, president; Nordeck Shaffer, vice president and cashier; H. Rex Teagarden, vice president and auditor; Maurice S. Brookhart, vice president and assistant to the president; Thomas J. Johnson, Sr., honorary vice chairman of the board.

Harold J. Kahl is manager of the Bloomington branch, Dale E. Rodeheaver, manager of the Accident branch and Lawrence C. Elliott will assume management of the Kitzmiller branch.

There were no additions to the board of directors. They include Floyd B. Leighton, Arthur Naylor, Jr., Dr. James H. Feaster, Jr., Irvin Feld, Thomas J. Johnson, Sr., J. Edward Helbig, Wesley Schaible, Thomas J. Johnson, Jr., W. Dwight Stover, William A. Shirer. The late Herbert C. Leighton had been a member of the board.

Two new assistant cashiers were named, Miss Janie L. Malcolm and Mrs. Marjorie Broadwater.

Huskies Win First Game Of Series Over Rams 88-61

Undefeated Northern High school Huskies, while notching their ninth victory of the season, won the first round for the county championship by easily defeating Southern High Highlanders 88 to 61 last Friday night at Southern.

The victory was Northern's twelfth in the 30 game series played thus far. Last year Southern won both contests, 71 to 66 and 69 to 43. The two teams will meet again Friday, February 9, at Northern.

Gary Reichenbecher was again the Huskies' sparkplug and work horse, netting 10 field goals and seven of 15 foul attempts for a 27-point total.

The Huskies outshot Southern from the floor 32 to 25, and hit on 22 foul attempts to eleven for the Highlanders.

Northern led all the way, having an 8-point advantage before Southern scored. The Huskies led 17 to 13 at the quarter, 35 to 21 at the half, and 54 to 36 at the end of the third period.

Aiken had 19 points for the winners on eight field goals and three fouls. Umbel had 7, Braskey 8, Cupplo 1, Thomas 2,

Bank Resources In Co. In Excess Of $39 Million

Total $3.5 Million Greater Than Previous Year

Banks of Garrett county in this week's issue of The Republican show resources of over $39 million dollars and bank deposits of over $36 million.

Exact figures are available for the First National Bank of Oakland and the Garrett National Bank in Oakland. If the resources of the Grantsville branch of the Liberty Trust company of Cumberland were added the total might reach as high as $46 million but that company's figures show no breakdown for the county's branch office.

The First National bank statement showed resources of $21,608,300.69, a gain of more than a million dollars over last year's figure. It shows deposits of $19,780,270.27, surplus of $650,000, undivided profits of $238,461.30, with a capital stock of $350,000.

The Garrett National statement shows resources of $18,208,664.24, a gain of some $2.5 million. There were deposits of $16,460,197.20, surplus of $700,000, undivided profits of $133,962.04 and a capital stock of $300,000.

The First National has branch offices in McHenry, Friendsville and Grantsville, while the Garrett National has branch, offices in accident, Bloomington and Kitzmiller.

Detailed statements appear on another page of today's issue.

Attend Training Sessions Last Week

Representatives from the four county Western Maryland district were among a group of 23 foresters of the State Department of Forests and Parks who had their annual training meeting on "Multiple Use of Forest Acreage" last week at Cambridge, under direction of H. C. Buckingham, state forester.

There were lectures and discussions of whitetail deer, wild turkey, ruffed grouse, squirrel and other woodland animals. Other subjects included "Black Walnut Practices" and "Gypsy Moth control."

W. A. C. Irwin, district director of forests and parks, led the Western Maryland delegation. Accompanying him were Paul Mateer, John Riley and Joe Mechem, assistant district foresters from this county.

Park rangers and park superintendents met also last week at Gambrills State park in Frederick county.

Garrett county residents attending this meeting included Charles Thomas, superintendent at Herrington Manor; Harold Stark, superintendent at Swallow Falls; Ward Ashby, superintendent at Deep Creek Lake state park; and James Preston, his assistant, and Perry Edmiston, Jr., superintendent at New Germany.

Swanton Youth Is Jailed For Theft

In a trial held in Magistrate Court January 12, two charges were brought against Gary Mayfield, of Swanton, one by Daniel Friend and the other by Mrs. Carroll Miller.

On the first count, Mayfield was charged with larceny of a .32 caliber Special, valued at $75, on December 19. He was fined $100 and costs and sentenced to 30 days in jail in default of the fine.

On the second count, Mrs. Miller charged Mayfield with obtaining services with intent to cheat and defraud. He was sentenced to serve 30 days in the local jail, but sentence was suspended provided he make restitution of $27.79.

To Sit In Baltimore

Associate Judge Stuart F. Hamill, Oakland will be in Baltimore for two weeks to hear cases in the criminal court of that city.

He will be in Baltimore from January 29 through February 9.

Judge Joseph Byrnes, who serves in that area, fell recently and broke a hip and will be incapacitated for several weeks. He is 67 years of age.

Report Of State Comptroller Lists Data On County

Maryland State Comptroller Louis Goldstein recently released the twentieth annual report of the retail sales tax division for the year ending June 30, 1967. Listed below are some of the figures pertaining to Garrett County.

Garrett County received $71,639.37 from one-half of the total state tobacco tax revenue. The state's total receipts amounted to $24,708,711.45, of which the state is entitled to one-half. The other 50 per cent is divided among the counties and Baltimore City on the basis of population.

Retail sales and use taxes for the county amounted to $403,893.16, which, plus $55 in license fees and minus $898.41 in refunds, allowed $403,049.75 for the general state fund. That was 30 percent of total collections. On an average, this is $70.43 for each of the 5,735 county returns. Average in 1966 was $68.06.

The following is a breakdown of the sales and use tax collections, listing first 1967's collection, then figures for 1966, and lastly, the average tax per capita:

Food and beverage, $79,250, $74,649, $5.52; apparel, $6,552, $5,942, $2.14; General marchandise: $57,134, $54,908, $8.44; automotive: $60,605, $58,534, $2.30; furniture and appliances: $25,901, $25,779, $2.99; building and industrial supplies: $63,078, $62,432, $4.90; utilities and transportation: $43,233, $34,204, $3.82; hardware, machinery and equipment: $35,289, $32,675, $1.92; miscellaneous group: $31,125, $29,197, $4.35.

Sub-total for the above figures is $402,167, $378,320, $36.38. This plus assessment collections of $1,726, $10,231 and $.72 add up to $403,893 for 1967; $388,551 for 1966, and $37.10 per capita for 1967. (Per capita is based on January 1967 census of 3,673,020.) This is an increase of 3.95 percent over the 1966 sales and use tax collections.

The tabulation over a period dating back to 1956-57 shows gains in all years except 1960-61. The figures: 1956-57, $161,650; 1957-58, $167,378; 1958-59, $199,712; 1959-60, $242,123; 1960-61, $228,949; 1961-62, $261,746; 1962-63, $284,102; 1963-64, $305,542; 1964-65, $346,451; 1965-66, $388,551; 1966-67, $403,893.

Education Courses To Be Offered For Jennings Area

Plans are being made to conduct a Basic Adult Education class in the newly constructed Jennings Community Center, according to G. Bradford Rinard, executive director, Community Action Committee.

The Board of Education will provide a teacher for two-hour sessions two evenings per week, he said. The courses offered will take into consideration the educational achievement level of those participating, and will include some basic acedemic studies which will aid in preparation for acquiring a high school diploma.

Since the maximum number of enrollees is fifteen, people living within the immediate Jennings area will be given first opportunity to enroll. If the allotted fifteen is not reached, it it will be opened to neighboring areas.

Courses of a similar nature will also be conducted in Kitzmiller, Friendsville, and Southern High School, Oakland. Enrollment will be on a first come first served basis.

Persons interested or wanting more information concerning these courses should contact Lowell Bender, Community Action Agency in Oakland.

Gets Master's Degree

At the December graduation exercises at the University of Michigan in Ann Arbor, Mrs. Marlin P. Coker received her Master of Arts degree in elementary education. Mrs. Coker is the daughter of Mr. and Mrs. Richard O. Glotfelty, Old Deer Park road, Oakland.

Willard Ann is now teaching in Plymouth, Mich., as a third-fourth grade teacher and as a supervising teacher for Michigan State University.

Maryland Junior Ski Meet Slated January 27-28

Definite plans for the annual Maryland State junior ski championships were being laid by officials of the Western Maryland ski club this week, as indications were that there would be an abundance of snow this year. Over twenty-five inches of snow have fallen within the past two weeks with temperatures rarely getting above the freezing mark, and this weather was expected to continue.

Last year's meet was cancelled due to lack of snow and the absence of freezing weather which made it impossible to manufacture the snow.

Junior skiers from four states and the District of Columbia are expected to take to the slopes at the Wisp area near Deep Creek Lake on Saturday and Sunday, January 27 and 28.

The meet is to get under way at 11 a. m. on Saturday, January 27 with slalom races for juniors, classes I through IV. Sunday's event will be the giant slalom, with races also getting under way at 11.

USEASA-sanctioned, the two day competition is sponsored by the Western Maryland Ski club, Robert B. Sincell, president.

Entry blanks are available and entrants should send them in with $2.25 entry fee by January 25 to the Western Maryland Ski club.

Trophies are to be provided by the banks of the county.

Utilities Companies Report Peak Loads

New highs in both electric and gas consumption have been established for this area, thanks to the unusually severe cold spell which has clutched the nation.

As the mercury plummeted to lows which averaged 16 degrees less than for the same two weeks in 1967, the use of electricity soared. Electric use for the first part of January 1968 leaped 12.2 percent over the previous year, according to figures provided by Hugh Denison, manager of the local Monongahela Power company office.

A new all-time system peak high was reached January 8, when 716 million kilwatts hours of electricity were consumed.

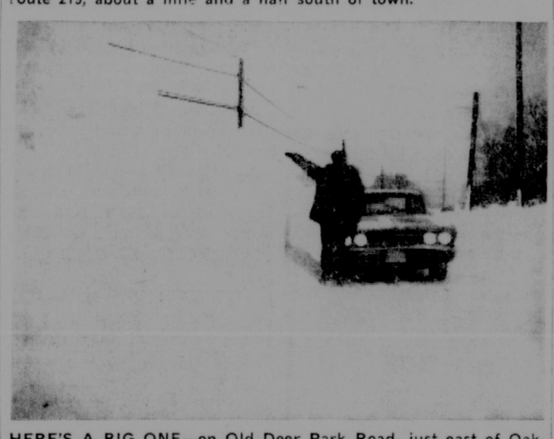
Potomac Edison, which provides electric service for the northern end of the county, as well as parts of neighboring states, reports that their average daytime peak load was 15 percent higher than last year and the average 24-hour period, 20 percent higher. The alltime peak daytime load was set on January 2 with 609 megawatt hours.

Gas users in a four-state area surrounding Garrett County set some records of their own for the Columbia Gas Company, which serves both Garrett and Allegany Counties.

During a 24-hour period ending the morning of January 8, more than 1.5 million cubic feet of gas were consumed by Columbia customers in the four-state territory. This represents an increase of some 100,000,000 cubic feet over the previous record.

During the first ten days of this month, when the mercury dipped to below freezing eight mornings out of 10, the gas company delivered more gas than it did in an entire year 20 years ago.

Parsons Service Station Is Under New Management



Parsons' Esso Service Station, for 14 years the property of Donald Parsons, of Mt. Lake Park, has been leased to Harland Beachy for a one-year period beginning January 15.

Remodeling has begun on the structure, which must be rearranged to accommodate not only the service station but also a headquarters for dairy equipment and supplies which is managed by Mr. Beachy.

Although Mr. Beachy is currently moving into the building, no date has been set for the opening of the business under his management.

SNOWBLOWER IN ACTION—With Emerson Fike as operator, the state's snow blower is shown widening a portion of U. S. route 219, about a mile and a half south of town.

Constitution Summarized

Here, prepared by Washington Post staff writer Richard Homan, is a summary of the 14,000 word constitution drafted by Maryland's constitutional convention. If adopted by voters at a May referendum, it will replace Maryland's present 101-year-old charter.

The Republican plans to publish this in two or three installments, with the first section this week.

ARTICLE I
Declaration of Rights

The Declaration updates the traditional guarantees of civil liberties and brings them into conformity with the U. S. Constitution, adopting its language in many areas.

The Federal church-state separation clause is included, giving Maryland its first constitutional standard on the issue.

The Declaration contains a new, specific ban by the State on racial discrimination.

It would ban wiretaps, unreasonable interception of communications and other invasion of privacy without a search warrant.

For the first time it would ban double jeopardy in state criminal cases and guarantee a felony suspect the right of indictment by grand jury.

It would permit six-man juries, instead of 12, in civil cases at the lowest court level.

It would broaden eminient domain protections, requiring compensation for property damaged by public condemnation as well as for property taken.

REJECTED: A freedom of information provision, a guarantee of economic security for all citizens, a ban on the death penalty and a guarantee of the right of all employes to organize and bargain collectively.

ARTICLE 2
Suffrage and Elections

The minimum voting age for all elections would be lowered to 19 from the traditional 21 in time for the 1968 presidential election.

The State residency requirement for voters would be cut from a year to six months and the Legislature could set a shorter requirement for presidential elections.

Stocking Program Listed For Trout

The 1968 stocking program for trout in waters of the state was announced this week by the Department of Game and Inland Fish.

Stocking of the streams in this county will begin the week of March 31. On that date trout will be stocked in Savage river watershed, Bear Creek watershed, Buffalo Run, Mill Run, Puzzley run watersheds; and Piney Run watershed.

The following week of April 7, trout will be stocked in the following watersheds: Savage river, Glade Run, Muddy Creek, Big Youghiogheny, Little Youghiogheny, Salt Block.

The week of April 14, Savage river, Bear Creek, Mill Run, Buffalo run; April 21, Savage river, Bear Creek, Puzzley run, Muddy Creek, Big Youghiogheny, Little Youghiogheny; April 28, Savage river, Bear Creek, Glade run, Mill Run, Buffalo run, Salt Block and Piney run; May 5, Savage river, Bear creek, Muddy creek, Big Yough, Little Yough; May 12, Savage river, Bear creek, Mill run; May 19, Savage river.

The number of trout to be distributed was not announced.

8,406 Registered Voters Are Listed

The revised list of voters on the registration books for Garrett County as of January 1, 1968 shows a total of 8,406 persons eligible to vote.

These are divided 3,282 Democrats; 5,063 Republicans; and 61 declined.

The total loss from the official count of May 9, 1967 is 461 Democrats; 681 Republicans; and 5 delined. On November 1, 1967 notices were mailed to 1,153 voters notifying them they had been removed from the voting registers because they had not voted at a primary, general, or a special election within the five calendar years 1962-1967.

A further breakdown of the latest official registration shows 1723 are Democrat males; 1,559 Democrat females; 2587 Republican males; 2,476 Republican females, and 46 male decline; 15 female decline. A complete tabulation appears in this week's issue.

The number declining included 2 in district 1, 4 in district 2, 7 in district 3, 2 in district 4, 3 in district 5, 2 in district 6, 2 in district 7, 1 in district 8-2, 1 in district 9, 3 in district 10, 5 in district 13, 4 in district 14-1, 3 in district 14-2, 2 in district 14-3, 5 in district 16.

Persons who desire to register may do so at the office of the Supervisors of Elections located at 12 South Third St., Oakland, Monday through Friday from 9 a. m. to 4 p. m.

County Digs Out Of Heavy Snow

Additional Fourteen In. Fall On 25 To 30 Inch Base

Garrett County had emerged today from the heaviest snowfall in recent years and was endeavoring to resume normal business operations.

There was already some 25 inches of snow on the ground when the latest storm struck Saturday, and by Sunday morning there was an additional ten-inch fall. An additional two or more inches of snow fell Sunday and Sunday night and several more inches on Monday and Monday night.

This storm was accompanied by strong east winds which piled drifts in some areas up to seventeen feet and blocked many county highways and even some state highways.

Lawrence Skipper, highway maintenance supervisor for the SRC, said that U. S. 219, south of Oakland, was closed last Saturday evening for a few hours, due to a snarl in traffic, and that the highway also was closed from 6:30 to 9 o'clock about four miles north of Oakland, near Sand Flat. One-way traffic was still in effect on route 495 and route 42 Tuesday afternoon but these were completely open by evening.

School Opened for Travelers

The Swam Meadow school was opened last Saturday evening to allow stranded travelers to get warm while the highways were being opened.

Mr. and Mrs. Dwight Snyder kept a couple overnight but those who were sheltered from the storm in the school house continued on their way as soon as the roads were opened. A dozen or more travelers used the facility.

Three residents of the area worked most of Saturday night in shoveling out stranded vehicles. They were Dwight Snyder, Robert Harsh and Atlee Hershberger.

Thomas Sluss, county roads engineer, said a number of county roads were completely blocked with drifts at times as high as fifteen feet. The county roads department had all available equipment including 32 trucks, 8 graders and two snow blowers laboring around the clock. One grader was out of commission for a time but other machinery was kept at work.

All county roads were opened by Wednesday morning but not all of them were 2-way, however.

Public schools of the county were closed Monday and Tuesday but reopened for classes on Wednesday morning. Willard Hawkins, county superintendent of schools, pointed out that these were the first snow enforced

Three Still Hospitalized After Collision January 7

Three persons injured in the head-on crash of a truck and Volkswagen along the Mayhew Inn road on January 7 are still hospitalized.

Tommy Skipper, driver of the Volkswagen, is now off the intensive care list at West Virginia University Medical Center in Morgantown. He is suffering from chest and hand injuries.

In the Garrett County Memorial hospital at Oakland are Geraldine DeWitt, who sustained a fractured skull and concussion in addition to minor injuries; and Roger DeWitt, who also has a concussion plus several broken and cracked ribs.

Recently released from the hospital was Shirley Warnick, who had been treated for a broken collarbone.

Declining: 46 males and 15 females, for a total of 61.

Constituition

(Continued From Page One)

would be allowed to vote in Maryland elections for the first time.

It would be more difficult to petition a law to referendum. The number of signatures required to force a referendum would be raised from the present 3 per cent of the number of voters in the most recent gubernatorial election to 5 per cent.

The Legislature would be required to provide for uniform statewide administration of voting laws, possibly by creation of a State lections agency.

REJECTED: Proposals to require primary elections, establish systems of initiative (in which laws can be proposed by petitions of voters) and recall (in which elected officials can be removed from office by petition.)

ARTICLE 3

Legislative Branch

The General Assembly would remain two houses; an attempt to adopt a unicameral legislature failed.

The size of the Legislature, the districting methods and length of sessions would be changed.

The House of Delegates would be cut from 142 to 120 members and the State Senate from 43 to 40.

All legislators would be elected from individual districts. Now multi-member districts are permitted, having up to eight members.

Each of the 40 Senate districts would be divided into three House districts.

Legislative redistricting would be mandatory each decade, beginning in 1970. It would be done in this manner: a nine-member redistricting commission would be named, two each by the majority and minority leaders of the two houses and one by the Governor. It would draw new districts and the Legislature could accept the plan or enact its own. If the Legislature failed to act within 70 days, the commission's plan would become law.

Congressional redistricting would be done in virtually the same manner. These districts could not vary in size by more than 10 per cent in population.

The 70-day limit on annual legislative sessions would be removed. The Legislature could meet 90 days, extend the session 30 days by majority vote and another 30 days by three-fifths vote, and could hold an organizational session prior to the regular session.

Special sessions could be called by the Governor, as now; by the two presiding officers acting jointly, or by petition of three-fifths of the members of both houses. The 30-day limit on special sessions would be eliminated.

All votes would be taken in public, including confirmation of appointments, now secret. Final committee votes, which now need not be made public, would be published.

Immunity of legislators from legal action for their statements would be extended to committee sessions.

The constitutional limit on legislative salaries, now $2400, would be removed and the Legislature could set its own. Initially, these salaries would be $8000 a year, with per diem expense payments, now $35 a day, banned.

The State residence requirement for legislative candidates would be cut from three to two years. Vacancies would be filled until the next-biennial election, not the next four-year election, as now.

A ban on ministers serving in the Legislature would be eliminated.

A post audit agency to examine State expenditures, similar to the office of the U. S. Comptroller General, would be created under General Assembly control.

REJECTED: Proposals that legislators be elected for staggered terms and requirements that transcripts of daily sessions be published and presiding officers be elected by secret ballot.

ARTICLE 4

Executive Branch

The Governor would be given far greater powers of appointment and organization within his branch, but attempts to have two other key executive branch officials appointed rather than elected failed.

The office of Lieutenant Governor would be created. He would run and be elected jointly with the Governor, would serve as Acting Governor in the Governor's absence and succeed him in case of permanent disability or death.

The attorney general would remain an elected official and chief legal officer of the State.

The comptroller would continue as an elected official but would lose all policy-making powers and be little more than State paymaster.

The treasurer would be dropped from the constitution but continue as a statutory officer, elected by the Legislature.

The three-man Board of Public Works — Governor, comptroller and treasurer — would be replaced by a Board of Review, made up of the Governor, someone designated by him (thereby giving the Governor control of the board) and the comptroller. It would have the powers prescribed by the Legislature, such as approving State contracts.

The executive branch now has more than 240 separate units; all would have to be grouped within not more than 20 principal departments.

Department heads and commission members would be appointed by the Governor, with Senate confirmation, and serve at his pleasure. The Governor could appoint one-half the members of policy-making boards and commissions immediately upon taking office.

After initial organization of the executive branch by the Legislature (by June, 1970) the Governor could reorganize his branch at any time by executive order, unless the order was specifically disapproved by the Legislature.

The $25,000 constitutional limit on the Governor's salary would be removed and the Legislature would be authorized to set the figure. Initially it would be $40,000.

The State residence requirement for gubernatorial candidates would be cut from ten years to five.

REJECTED: Proposals that the Governor be given item veto power over the budget passed by the legislature.

ARTICLE 5

Judicial Branch

The hodgepodge of State, local and specialized courts would be replaced by a unified, centrally administered state-wide system of four court levels.

Appellate levels would be as now: Court of Appeals and Intermediate Appellate Court.

At the upper trial level, a statewide Superior Court with branches in each county would replace the autonomous Circuit Courts. A statewide District Court would replace the present Peoples Court and trial magistrate systems at the lowest level.

Commissioners, appointed by the District Court, would replace justices of the peace and committing magistrates, and would have power to issue arrest warrants and set bail or collateral.

The State would take over complete financial support of the court system. Local supplementation of judges' salaries would be banned to assure uniformity between rich and poor counties.

The Court of Appeals would have power to prescribe rules for all courts and its chief judge would be administrative head of the judicial system.

Judges are now appointed freely by the Governor and must run for 15-year-terms in open elections. Under the proposed constitution a nominated commission, made up of six lawyers elected by fellow lawyers and six laymen appointed by the Governor, would submit nominations for judgeships, from which the Governor must choose. Within two years the judge would run on a yes-no, non-competitive basis for an eight-year term. This is the so-called Niles Plan.

A commission on judicial disabilities would be created — three judges, a lawyer and a lay member — to hear complaints against judges and, if warranted, recommend removal of censure to the Court of Appeals. The only method now of disciplining a judge is impeachment.

The mandatory retirement age of 70 would be kept but a retired judge could serve part-time.

Restrictions against outside activities by judges would be tightened, barring all partisan political activity or service as officer, director or employe of any noncharitable enterprise.

Superior Court clerks, now elected, would be selected in whatever manner the Legislature prescribed. Other clerks would be appointed.

The three-man Orphans Probate Courts would be abolished, their work transferred to Superior Court. Registers of Wills would no longer be elected officials.

The office of sheriff would be dropped from the constitution but could be continued by statute, either as elected or appointed.

Makers of Ditty Bags Are Thanked

Thanks for the many hours of work which various women of the community put in making "Christmas Ditty Bags", which were sent to the servicemen in Vietnam were received a few days ago by Mrs. Paul B. Naylor, chapter manager for the Garrett County Chapter, American Red Cross.

"We were privileged to distribute the Christmas Ditty Bags which your chapter provided for the servicemen in Vietnam and to know first hand their feeling of gratitude and appreciation for these expressions of goodwill and support from the people back home.

"There were some 515,000 Christmas Ditty Bags received in vietnam, and from this field office we distributed more than 18,000. In addition to communicating the spirit and good will of the Christmas season your Ditty Bags provided practical an useful gifts which each individual serviceman could readily use.

"We realize a program of this magnitude must have had the active support of many organizations and individuals in your community beyond those engaged in Red Cross chapter work. Please convey to them our heart-felt thanks. We are sure we have never before seen any program cause so many to feel so much love and support of the American people as this program succeeded in doing.

"We know each serviceman receiving one of your bags would like to express his personal thanks. For many of them this not possible for they are again engaged in their arduous tasks. It is our pleasure to say "Thank You", for each of them and from all of us".

The letter was signed by Allison J. Stafford, field director of a Red Cross headquarters area in Vietnam. Mrs. Margaret McComas was in charge of collecting and shipping these bays for the county Red Cross chapter.

Question

I occasionally have to take nitroglycerin tablets and have been wondering if they tend to loose their strength? And I'm using a little aluminum carrying case for these tablets and have begun to wonder if it's possible to contract aluminum poisoning by doing this?

Answer

First of all there is no danger of aluminum poisoning from your carrying the tablets in an aluminum container. But, it is possible that your nitroglycerin tablets can be losing their potency if you are using them over relatively long periods of time. In fact, if you do not receive normally expected relief from their use, you can assume they have deteriorated to the point where you should destroy them, never merely "throw them away." And, since you are using these tablets only occasionally, you'd probably do best to buy them in smaller amounts so that you can have the full use of those you purchase.

French Dancers On Tap Jan. 25

Th Tri-State Community Concert Association will present the second concert of its ninth season at 8:15 p. m. Thursday, January 25, when the Compagne Nationale de Danses Francaises will be featured on tht stage of the Fort Hill High School auditorium in Cumberland.

A number of residents of Oakland and elsewhere in Garrett county joined the concert association at the time of its annual membership drive last May. First concert was presented November 16 when the Goldovsky Grand Opera Theatre presented "The Barber of Seville."

The dance group consists of 32 dancers, singers and musicians. The story of this group actually begins with the debut of the noted cafe and concert singer, Jacques Douai. To create some interludes in his recitals, he formed along with his wife, Therese Palau, a small group of dancers who would utilize folklore elements from all of the French provinces in their presentations.

This group, which has appeared at all of the leading European festivals, is now making its first tour of the United States.

Garlick - Elliott Wedding Is Held

Miss Charlotte Ann Elliott, daughter of Mr. and Mrs. Roy F. Elliott, Hutton, and Ralph E. Garlick, Jr., son of Mr. and Mrs. Ralph E. Garlick, Sr., Accident, were united in marriage in the Crellin Assembly of God Church. The candlelight ceremony took place on Saturday, October 21, at 7:30 o'clock.

The double ring ceremony was performed by the Rev. Charles E. Teets, before an altar decorated with vases of white gladioli and pink pompons.

Clifford DeWitt, organist, presented a program of traditional wedding music preceding the ceremony. The Fulk sisters sang, "I Love You Truly", and Mrs. Carolyn Helbig sang, "The Lord's Prayer".

Given in marriage by her father, the bride wore a floor length gown of peau satin with a scoop neckline and with long sleeves tapered at the wrist. The bodice and A-line skirt were finished with re-embroidered lace motifs, sequins and seed pearls. The gown was completed with a detachable chapel train. Her shoulder length veil of English illusion fell fro a comb effect pure silk headpiece set off with seed pearls. She carried a cascading bouquet of white carnations and cymbidium orchids.

Mrs. Sandra Jamison served as matron of honor. She wore a turquoise floor length gown of crepe with a scoop neckline. The bodice and sleeves were finished with luxury lace. Her veil was attached to fabric flowers to match her gown and she carried a cascade bouquet of white pompons and blue carnations.

Bridesmaids were Linda Beckman, Sherry Elliott, Debbie Garlick and Sandra Elliott. They wore sleeveless floor length gowns of pink satin and chiffon with scoop necklines. Their veils were attached to fabric flowers to match their gowns. They wore long white gloves and carried cascading bouquets of white pompons and pink carnations.

Miss Darlene Elliott, sister of the bride, served as junior bridesmaid. She wore a pink satin floor length gown with an empire waistline. She carried flowers identical to those of the bridesmaids.

Miss Barbara Elliott, cousin of the bride, served as flower girl. She wore an empire waistline gown of pink satin. The floor length gown was set off with a bow at the bodice. She carried a basket of pink and white petals.

Best man was David Fike of Friendsville. Ushers were Robert Detrick, Friendsville; David Cale, Uniontown, Pa.; Paul Thomas, Allen Tasker, David Harvey, Deer Park. David Guerra, cousin of the bride, Venezuela, South America, served as ringer bearer. Joseph Peck and Douglas Ellis ushered the guests to their seats.

Mother of the bride chose a beige lace cage dress with matching accessories and mother of the groom chose a navy blue dress with pink and black accessories. Both wore corsages of white carnations.

Following the ceremony, a reception was held at the Crellin Hall. The cake was cut and served by Mrs. Joseph Peck, and Mrs. Junior Wilson, both of Oakland. Presiding at the punch bowls were Mrs. Phyllis Sims and Mrs. Freda Upole, both of Oakland.

Miss Helen Sims and Miss Linda Baker registered the guests.

For traveling to Pennsylvania, the bride chose an orange A-line dress with black patent accessories and a corsage of white orchids.

Mrs. Garlick was graduated from Southern High School, Oakland and was formerly employed at the IBMI, Oakland. Mr. Garlick attended Northern High School. He is now employed at the Paramont Distillers, Inc., at Cleveland, O. The couple resides at Cleveland.

Out of town guests were Mr. and Mrs. Charles Wood, Cleveland; Mr. and Mrs. C. H. Wood, Tunnelton, W. Va.; Mr. and Mrs. Glen Taylor, Elkins, W. Va.; Mrs. Ruth Snyder, Miss JoAnn Snyder, Keyser, W. Va.; Mrs. Dorothy Shaffer, Greensburg, Pa.; Mrs. Almeda Sellers, Mrs. Grace Emerick, Cumberland; Mrs. William Martz and family, Baltimore; Mrs. Rosemary Guerra and sons, Venezuela, South America; Mr. and Mrs. Paul West and daughters, Perryopolis, Pa.; Mr. and Mrs. Virgil Stump, Baltimore; Mr. and Mrs. Robert Hicks and family, Ashton, Md.

Some 20 starving peasants were killed by pro-Mao forces when they rebelled against Mao's leadership.

Announce Engagement

Miss Margaret Lennie Broadwater, daughter of the late Mr. and Mrs. Everett Broadwater of Swanton, is announcing her engagement to Rodger Lee Uphold, son of Mr. and Mrs. Orval Uphold of Deer Park.

Miss Broadwater and Mr. Uphold are both 1966 graduates of Southern High School. Mr. Uphold is presently taking night courses at Catherman's Business School in Cumberland.

Miss Broadwater is employed by the Department of Agriculture as a Clerk-Stenographer in Hyattsville. Mr. Uphold is employed by the A. D. Naylor Company as a bookkeeper in Oakland.

A May wedding is being planned.

To Present Film

A film, "Through Gates of Splendor," will be shown at the Deer Park Assembly of God church on Friday evening, January 19, at 7:30.

18 Permits To Wed Granted Past Week

Eighteen marriage licenses were issued during the past week ending Monday afternoon, January 15, from the office of Richard L. Davis, clerk of the Circuit court. Only sixteen were granted the previous week.

The inclement weather is said to be the main reason for the drop in the weekly number.

Three licenses issued during the week were marked "don't publish", while one was so marked the previous week.

Northern Hi Cops Tenth 63 to 39

Northern High school, pressured all the way by a hot shooting Elk Garden quint, just barely got by its tenth consecutive victory, a 63 to 59 encounter last night at Accident.

The Huskies, who have yet to taste defeat this season, were behind much of the first half and maintained an uncomfortable lead of only a few points throughout the second half. Northern led at the quarters by 16-12, 28-26 and 49-43.

Gary Reichenbecher again sparked the Huskies to victory, meshing ten field goals and 9 of 15 at the foul line for a 29-point performance.

Terry Goehringer added 16 points on eight fielders and Dana Umble scored ten points. Aiken had 3, Braskey 4 and Georg 1 to complete the scoring. Northern won the game at the foul line as both teams hit on 25 field goals. Huskies were 12 for 21 from the charity stripe while the Stags who were awarded only 13 free throws, netted 9.

Jerry Waybright was Elk Garden's leading scorer with 18 points. Mason had 17 and Lucas 14.

In the preliminary Elk Garden junior high defeated Northern 38 to 22. Northern's next game is Friday at home against Terra Alta. Elk Garden will play Southern High at Oakland.

Airport Manager Not Settled Yet

The matter of managership and operation of the Garrett County Airport has not yet been settled, according to the records at the office of the Garrett County Commissioners.

Cloyd B. Sayler, whom it was previously thought would assume the position, had informed the Board that he is no longer interested in assuming the responsibilities for operation of the airport, but had agreed to take over until this past Monday. L. A. Wagner was manager for the airport until December 31, 1967, when his contract expired.

The Commissioners were to make other contacts in the matter by January 15, although no announcement has yet been made.

The Board of County Commissioners ordered a letter written to the Allegany County Department of Health authorizing Allegany County to establish a "land fill" trash disposal pit in Garrett County to serve the towns of Luke, Westernport, Keyser, and Piedmont.

The authorization was made on the condition that: a. the pit will be operated and maintained to specifications of the Garrett County department of Health and the property owners; b. this will in no way obligate Garrett County financially; c. if in the future Garrett County would need the services of the sanitary land fill, it would be willing to pay its proper share of operating costs.

Charles Lee of Bloomington came before the Commissioners to ask that steps be taken to resume school bus service on the Seldom Seen Road. Robert Martin, supervisor for County school bus transportation, was to have been notified of the request.

Two Power Pack units were purchased for the Sheriff's car radio, and Sheriff Frantz has been requested to obtain prices for complete new radios for his department.

Plan Snow Party For Teen Agers

A "Snow Party" for all area teenagers will be given this Saturday, Jan. 20, at 7:00, by Mt. Top Youth For Christ. Ralph Lichty's farm along 219 near Gortner, south of Oakland, will be the site of old fashioned sled rides, sled riding, a hot dog roast, hot chocolate, and fun time free for all. Anyone wishing to have his sled transported may bring it to Southern High School where pick-up trucks will be available.

The first Campus Life of the year to be hosted by Southern High will be presented Jan. 27, 7:30, featuring local teen talent, a teen program, and speaker Dwight Evans, director of Fay-West Youth For Christ, Connellsville, Pa. All area teens are invited. The next rally at Northern will be Feb. 3, 7:30, when the film of the Japanese pilot who led the raid on Pearl Harbor, "One Came Back", will be shown.

the new structure but that the Board of Directors has had the matter under consideration for some time.

He also revealed that the Friendsville purchase was also prompted by need for additional space for branch operations in that town, and the need for enlarging and remodeling the present structure. The demolition of the old post office building already is underway and Mr. Littman said consideration was now being given by the board towards the formulation of plans for a new building there.

The president also pointed out the bank's growth during the past ten years with its resources increasing more than $15 million and its capital funds increasing from $423,700 to over $1,238,000. James C. Lemmert, cashier, supplemented Mr. Littman's report with detailed figures on operations during the past year.

Directors Re-elected

The following directors were re-elected for the ensuing year: Homer L. Bennett, Donald M. Browning, Alva G. Gortner, Lewis R. Jones, George K. Littman, Dr. Andrew E. Mance, S. Townshend Naylor, Ralph E. Pritts, John J. Robinson, Irvin R. Rudy, Jr., Fred A. Thayer and Courtney R. Tusing.

Agnew Submits State Budget

Gov. Agnew submitted to the opening session of the 1968 legislature a record $1.15 billion budget "characterized by economy and guided growth".

He assured his listeners it is not a buget of austerity, the total appropriations being $82 million higher than for the current 12 months. The general fund, supplied mostly by the sales and income taxes, was increased by 6.1 percent, smallest rise in 20 years.

Agnew asserted "higher education continues to receive a high priority from this administration despite the emphasis on economy in the new budget. The governor made a plea for cooperation of the Democratic majorities in the Legislature.

Delegate Marvin Mandel of Baltimore was chosen by the Democratic majority to serve his fifth term as speaker of the Maryland House. At the same time Del. E. Homer Whitem Jr., of Wicomico county, was scheduled to be elected for the eighth year as speaker protem. The two other Democratic leaders will be Del. Thomas Hunter Lowe, Talbot county, as floor leader, and W. Dale Hess, of Harford, the majority whip.

holidays in the county for the current school year. Over 95 percent of the Garrett county students are transported by school bus, which means schools must be closed when there are hazardous conditions on back roads.

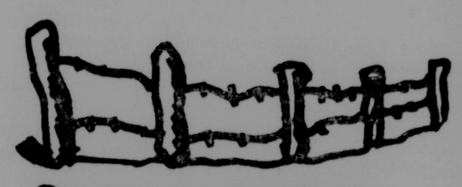
Mr. Sluss pointed out that their biggest difficulty was in tht Pleasant Valley area. Snow fences had been set up for west storms, but the latest blow came from the east and completely blocked highways in that section.

Mr. Skipper said the state highways were being widened to take care of more than double traffic. He said conditions in the Keyser Ridge area were good, and there was no trouble there since the new highway had been completed.

Logan Weber, weather man at the Weber Greenhouses south of town said the temperature had remained below freezing for most of two or more weeks. The lowest of the period was a minus 23 degrees on January 2.

After reaching near 32 on Sunday the temperature dropped to 16 degrees with strong winds. Monday was cold and blustery with additional snow. There was a 7 degree above reading on Tuesday morning.

Mr. Weber said measured precipitation since the first of the month reached 1.83 inches with .85 on the 14th being the greatest in any one day. Other days ranged from .16 on the 1st.; .15 on the 3rd., .19 on the 4th., .23 on the 6th., .14 on the 7th., and .11 on the 15th.



Snow was still flaking down early Tuesday morning, but skies cleared around 10 a. m. High for the day was near the 20-degree mark. Wednesday had sunny skies and a high of 38 degrees, an increase of 33 degrees over the early morning readings of 5.

The sun put in an early appearance Thursday, bringing hopes that forecasters of warmer temperatures would be proved correct. The thermometer was doing its best to chill such hopes—it read 4 degrees at 8 a. m.

President Gives State of Union Message To Nation

President Johnson last night appealed to Congress and a "restless questioning" nation to join in a massive, long-range attack on domestic problems. He called for higher taxes to help pay for jobs and homes for underprivileged Americans.

In his annual state of the union message Johnson said the United States was exploring honestly whether any basis for peace talks in Vietnam could be established.

The president figured for the ensuing fiscal year there would be revenue of $178 billion against an estimated expenditure of $186 billion, producing a deficit of about $8 billion provided Congress passed the tax bill of 10 percent on income.

Farmers To Receive Payments Report

Farmers will benefit from a new reporting service which has been inaugurated by ASCS, I. William Umbel Chairman of the Garrett ASC County Committee announced today. A report of payments made to each farmer under ACP, feed grain, wheat, wool, and other direct payment programs during 1967 will be mailed to the farmer during the latter part of January. This report is expected to be helpful in preparing individual income tax returns. The same information must also be furnished to the Internal Revenue Service in accordance with a requirement of law.

It is estimated that over three million farmers will receive this report, he said. This information is being gathered from county offices and summarized by computers located at New Orleans and Kansas City. The reports are being printed by the computers and mailed direct to farmers.

Since this is the first year for this service he suggested that farmers carefully read the explanation on the report and check the accuracy of the total reported by comparing it with farm records. If an error is discovered, the nearest ASCS county office should be contacted to have the mistake corrected. County offices have been instructed to give farmers whatever assistance they need regardless of where the farm is located.

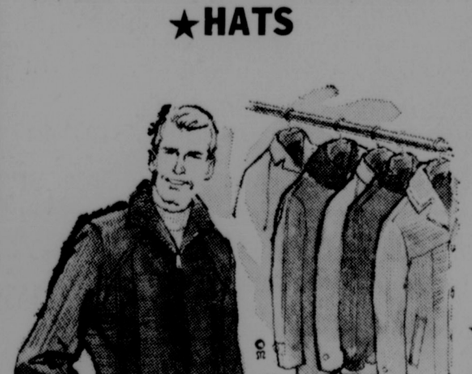
Speaking of Insurance

It was a warm day in May, 1896, when Henry Wells met Evylyn Thomas on a sunny street in New York City. Henry was driving his Duryea Motor Wagon. Evylyn was on her Columbis bicycle. They crashed. This has been recorded as the first automobile accident. Consider the nightmare that has followed in its wake.

Last year, 98 million drivers drove 88 million vehicles about 900 million miles. While doing so, they slaughtered 49,000 Americans.



Until some solution is found, the experts say, do this: (1) stay one car length behind the next car for each 10 miles per hour of speed; (2) get your foot over the brake pedal 50 feet before each intersection and keep it there till you enter the cross street; (3) at stop streets, stop with your front bumper even with the curb of the cross street. If that street is parked, get your front door even with the curb line.

This is called defensive driving. It might keep you alive until the day when you can depend on the other driver's good judgment.

Social Security Payments Upped

The amount of monthly Social Security money received in Garrett county will be increased by over $24,151 effective February 1968.

Over 2,800 residents of the county will share this increase. Each individual check will be increased by at least 13%.

Edward G. Phelps, manager of the Cumberland Social Security District Office, explained that the machinery has already been set in motion.

Mr. Phelps said the increase is automatic.

In some cases the increase will amount to more than 13%. This will occur because the minimum payment for regular benefits has been increased from $44 to $55.

Persons over age 72 who were uninsured for regular social security payments and who are receiving the special payment will receive an increase from $35 to $40 for an individual and from $52.50 a month to $60 for a couple.

Mr. Phelps pointed out that payments for workers now on the rolls who retired at age 66 or later will range from the new minimum of $55 to a new high of $160.50. The maximum amount for a family receiving payments in 1968 will be $322.40. Workers retiring in the future will qualify for significantly higher pay than payable under present law because of the higher amount of earnings that will be taxable beginning 1968.

Changes Listed For Retired Persons

Changes in the definition of retirement will mean more money for 750,000 social security people who work part time, according to Edward G. Phelps, District Manager of the Cumberland Social Security Office. For taxable years ending after 1967, beneficiaries under age 72 may earn as much as $1,680 per year without loss of benefits. The law continues to permit payment of benefits regardless of earnings starting with the month the worker reaches age 72.

For those earning over $1,680 in 1968, $1.00 in social security benefits will be deducted for each $2.00 earned between $1,680 and $2,880. Above $2,880, $1.00 in benefits will be withheld for each $1.00 in earnings. For example, a person who is eligible for a social security check of $120 per month could earn $3000 a year and still receive $720 in social security benefits for the year.

Under the new rule it is possible for a retired person to receive a monthly social security check for any month in which he does not earn over $140 in wages and does not work in self-employment regardless of his yearly earnings.

Serendipity

Any way you take it, even if you live there and take it for granted, it IS beautiful. In winter, standing at the edge of the road and gazing east, you see magnificence in the Lord's own picture postcard, complete with snow. In spring the multigreens are busy with the cries of birds or a peaceful sound of sheep bells, and summer heralds the lure of chipmunk calls and whippoorwill inquiries for a listener to nature. Day has here the gaiety of young earth, and moonlight nights capture the rays of dropping jewels from black spires of hemlocks.

It carries a commemorative name, probably from the homeland of settlers such as the Swartzingrubers, Shrocks, Hellers, and Brennemans who first came to view the same valley, and perhaps called it New Germany because the terrain and trees reminded them of the old country. The official name was given to a post office in 1883. One settler of note is reputed to have been a Hessian soldier, William Weitzell, who came south from the battlefields of Pennsylvania and took land near the present Avilton (Pea Ridge) section.

If you discover it as a park and recreation area, you wonder how people have kept so joyous a place tucked away from busy Route 40, offering a refuge from hurrying hordes, providing the real setting of a climax forest and stream area. Where Poplar Lick once sprang from a prehistoric swamp and stole the headwaters of Elk Lick, there were many gay times, some of them at Swauger's Dam, still evidenced by an old sluiceway near the state park headquarters, when Swauger and later Phil McAndrews ran a store and mills for both grain and logs. Can you see the farmers' sons riding over the hills with bags of grain to be ground and visualize the rapid spread of information as they waited their turns and probably bought necessary supplies for the kitchen?

People may judge you an odd one if you are known to walk in the fir and pine plantings north of the park entrance, but let them try the more-traveled nature trail, which offers a quiet location for shedding one's affectations, particularly if a hiker departs it, crosses the stream, and continues on the east side to sites of beaver dams and rhododendron-shaded haunts of deer. Who would guess that not too many scores of years ago, this dark grove of hemlocks, at the present end of Nemacolin Trail, was the scene of other merrymakings, as fiddle music frightened the chipmunks and humans gathered to dance the night, and probably morning, on the platform built by the Swaugers at this site? There must have been stomps, blushes, and bright expectancies here in the trees, where a railing closed in the planks for rhythmic frolics, and this writer suspects that some affectionate whisperings became the secrets of the forest.

The picnic area seems to be the favored spot for a reunion of an English descended family whose ancestor, one Amos Broadwater, established his log cabin in what is still termed "the backwoods" near the Twin Churches. He was but one of the original farmers in the section who came from Loudoun County, Virginia, the others being his brother, William Broadwater, John and William Michael, George Smarr, Jim Parris, and George Layman. When the progeny of Mr. Broadwater's twelve children assemble for an afternoon of exchanging memories and expectations, the hemlocks ring again with glad chatter, music, and news, for this reunion brings together at least four generations of happy country folk and former country folk. And on that day you are promptly reminded that you "really missed out" if you are not a Broadwater or weren't fortunate enough to marry one.

Probably the vacationers owe their moments of rest and sport to a few knowing natives who guided the young boys of the Civilian Conservation Corps Camp Number 52 in a program organized about 1935. Marshall, Del, and Henry Durst, three brothers of the community, and Samuel Otto, with others, supervised the building of the log headquarters and meeting house in the camp, and really gave many city boys their first appreciative feelings for the outdoors when clearing and landscaping for rustic roads and facilities. To them the picnickers owe the beauty kept in the log steps and stone fireplaces. I would defy a modern architect to surpass the design of the meeting house hearth.

A C.C.C. Camp at a natural mill-site was fortunate, but not all was pleasant in the surrounding woodlands. From the days of Lochiel's Lumber Company and its search for the best white pine of the woods, through the time of its three log slides to the landing at Bloomington, there was lumbering which swept away great softwoods and left devastated land which was to be further stripped by the next lumber companies to move across valleys nearby. As outdoor relaxation is enjoyed by the old road past the beach to the camping area, it is difficult to visualize the real truth. Wolf Swamp derived its name from the pack of wolves which once howled in a swamp north of the one seen leading off from the lake.

The McAndrews Road over the hill may give you glimpses of a favorite native, laurel, displaying its pinkest there, and tall stems of crimson Oswego tea. Here stands the remnant of knowledge, the old white school, built in 1905. Above all, seek out the log house of Sam Otto, along the old road. A fitting addition to the preservation of native scenery, it charms the eye with its placid location in a grove of evergreens, the best part of its story being that it is made of chestnut logs sawed at Mr. Otto's own mill.

If the park ranger were exploitative, he would be justified, and if he faced a visitor west, to see through a window the beach with tiers and tiers of evergreens on the extensive slope, he could collect a fee from anyone. Except me.

I need that whole peaceful valley.

In the eye of my mind.

Fire Damages Vehicle

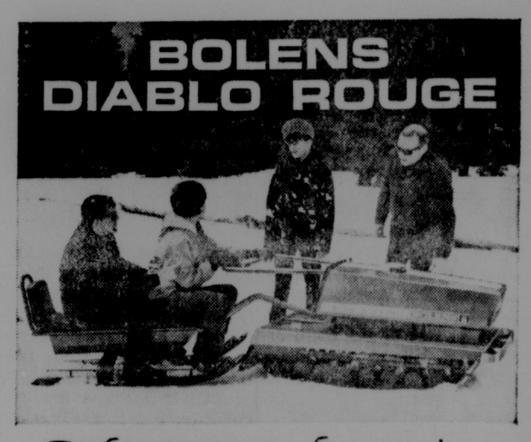
Fire of undetermined origin damaged the station wagon of William Renshaw, of Oakland last Sunday morning about 1:45.

Oakland firemen were called to the Smouse road, south of Loch Lynn Heights, to extinguish the blaze which they did.

Firemen estimated damage of $200 to the vehicle.

Connie Savage Receives Dental Hygienist Cap

Among the 32 upperclass coeds honored at the fifth annual capping ceremony at West Virginia University, Morgantown, last week-end was Connie Savage, of McHenry. She is one of those enrolled in W. V. U.'s dental hygiene program.



Connie, daughter of Mr. and Mrs. Earl C. Savage, was among 18 juniors who received dental hygienist caps and now begin clinical work with patients in the dental hygiene clinic at the School of Dentistry.

In addition to work in the dental hygiene clinic, the coeds will assist dental students in various specialty clinics at the School of Dentistry.

"A CLOTHES DRYER THAT DOES MY IRONING? RIDICULOUS!"

Show us a lady who doubts a gas dryer can do her ironing and we'll show you a lady who wonders why everyone's excited about new Permanent Press clothing.

Somebody should tell her that most of the Permanent Press labels say these garments **must** have the gentle tumble-action of an automatic clothes dryer to pop out the wrinkles and snap back the creases.

Permanent Press clothing for the whole family and dozens more no-iron wonders are waiting for her to see the light.

A penny-a-load gas dryer is waiting for her, too. Ready to team up with Permanent Press to do most of her ironing—and to do it for about one-fifth of what it costs to run an electric dryer.

DIED

MRS. MESHIC DURST

Mrs. Cora Mae Durst, 82, of Emoryville, was pronounced dead on arrival Tuesday, January 9, at Potomac Valley Hospital in Keyser. She had been in ill health several years.

A native of Garrett County, she was born June 10, 1885, a daughter of the late John and Lucinda Jane (Junkins) Murphy. Her husband, Meshic M. Durst, died in 1955.

Mrs. Durst was a member of the Emoryville Methodist Church and had resided in the community 70 years.

Survivors include three sons, Luther, Troxell and Eldred Durst, all of Emorysville; three daughters, Mrs. Wilma Thompson, RD 1, Elk Garden; Mrs. Evelyn Hanlin, Kitzmiller; and Mrs. Louise Harvey, Akron; 13 grandchildren, 17 great-grandchildren and one great great grandchild.

The body was taken to the Sharpless Funeral Home in Blaine. Services were conducted Friday from Nethken Hill Methodist Church by Rev. Harley DeLeurere, pastor. Burial was in the IOOF cemetery in Elk Garden.

GEORGE S. TRULY

George S. (Pete) Truly, 50, of 117 High Street, Frostburg, died Friday, January 5 in Sacred Heart Hospital, Cumberland, shortly after being admitted.

Born in Ocean, he was the son of Mrs. Viola (Whetstone) Truly, of Frostburg, and the late George Truly. He was employed at the Amcelle Plant of the Celanese Corporation of America and was a member of the Congregational Church.

Besides his mother, he is survived by his wife, Mrs. Dolores (Kerins) Truly; two sons, Michael H. Truly, at home, and George H. Truly, Forestville; and three sisters, Mrs. George B. Taylor, Cumberland; Mrs. Emmett Callin, Harrisonburg, Va.; and Mrs. John Smouse, Frostburg. His wife was a daughter of the late Mr. and Mrs. George Kerins, and formerly resided in Oakland.

The body was taken to the Hafer-Sowers Funeral Home in Frostburg. Services were conducted Sunday at 2 p. m. from the funeral home by Rev. William E. Price. Interment was in Frostburg Memorial Park.

MRS. PATRICK W. BURKE

Mrs. Mary Ann Burke, 91, of Seymour street, Cumberland, died last Thursday, January 11, at Memorial hospital, Cumberland, where she had been a patient since January 2.

Born May 1, 1876, at Hutton, she was a daughter of the late Michael and Mary Pendergast Faherty. Her husband, Patrick W. Burke, preceded her in death.

Mrs. Burke was a member of St. Mary's Catholic church and the Sodality.

Surviving are two daughters, Mrs. George W. Sellers, Chattanooga, Tenn., and Mrs. Helene Buzzard, with whom she resided; four grandchildren and eight great grandchildren.

The body was taken to the Scarpelli Funeral home in Cumberland. A requiem mass was celebrated Monday morning at 9 o'clock from the church with interment in the church cemetery.

MRS. PENDERGAST RITES

Funeral services for Mrs. Helen Pendergast were held at Barnesville, Md., on Saturday, January 13. Mrs. Pendergast died at a Hagerstown hospital after a brief illness.

She is survived by her husband, William R. Pendergast. Mr. and Mrs. Pendergast had resided at Hutton for many years before moving to Poolesville.

ARTHUR F. DETRICK

Arthur Freeman Detrick, 64, route 1, Grindstone, Pa., died Sunday, January 7, at the Brownsville, Pa., hospital.

Deceased was born December 7, 1903, at Bittinger. He was a member of the Lutheran church at Bittinger. A retired steel worker he was a member of the United Steelworkers union.

Surviving are his wife, Delia Wilt Detrick, Grindstone; two daughters, Mrs. Verlys J. Hamilton, Layton, Okla.; Mrs. Nellie White, also of Layton; a son, Luther R. Mr. and Mrs. Galen Beckman and family, of Mt. Lake Park, were Sunday visitors of her parents, Mr. and Mrs. Paul Lewis.

Station Shipments Sent By B &O

A 19-car shipment of materials for the new communications satellite earth station at Etam, in Preston county, was headed for its destination this week. Components for the 97-foot dish antenna turned out to be difficult for the railroad.

The earth station is under construction at Etam, some six miles south - southwest of Rowlesburg. Communications Satellite corporation will act as manager and operator of the $6.5 million facility. When completed late this year the antenna will stand taller than a 10-story building.

Three such stations are under construction, the others at Cayey, Puerto Rico and Jamesburg, Calif. Three other stations, in Maine, state of Washington, and Hawaii are already completed.

The nearby station will be capable of handling all types of overseas commercial communications via satellite, including television, multi-channel telephone, teletype, facsimile and data. It will work through a satellite in a "stationary" orbit 23,300 miles above the Atlantic.

The equipment arrived in Baltimore last week by ship from Milan, Italy.

G.M. is recalling 35,250, 1968 cars for brake defects.

CRUCIAL QUESTION

Copyright 1968 Keister Advertising Service, Inc., Strasburg, Va.

The chances are good that Bobby will get the right answer . . . that is, if Bobby has been given sufficient knowledge to put this problem within the limits of his capability!

And don't believe that any of these new electronic brains are any smarter than Bobby. Before one of them undertakes its task it must be fed every fact essential to arriving at an accurate solution.

Many folks worry about the youth of our nation. Too many boys and girls are coming up with tragically wrong answers to some of life's crucial questions.

But there is nothing inherently wrong with our youth. We simply must provide them, early enough and continuously, with the moral and spiritual understanding which life's problems demand.

The right program of religious training today will make possible right answers tomorrow.

THE CHURCH FOR ALL . . .
. . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A NEW YOU!

Lesson for January 21, 1968

Background Scripture: John 2:13 through 3:36.
Devotional Reading: John 3:16-21.

People who are evasive in their answers are annoying. We all know the type of person who, when asked what time they must go, reply with a vague "In a while." There are also those who evade our questions by adroitly changing the subject.

Rev. Althouse

There are quite a few times in the Gospel of John when Jesus seems to be that kind of person. In John 3 when Nicodemus comes to Jesus one evening, the Pharisee expresses his admiration for the signs and wonders Jesus has performed. Jesus, however, seems to change the subject: "Truly, truly, I say to you, unless one is born anew, he cannot see the kingdom of God." But Jesus, Nicodemus is talking about your signs and wonders, not the kingdom of God!

Beyond The Signs

If we examine the reply of Jesus, however, we find that in fact Jesus has not changed the subject. Actually, he has moved to the very heart of it, saying in effect: You have seen the signs, but I am asking you to look beyond the signs and see what they are pointing to, the kingdom of God; if you would see that, you must be willing to be made a new person. Anyone with eyes can see the signs, but the miracles point, not to themselves, but to the kingdom. To see the kingdom takes more than a few minor adjustments; it requires rebirth.

The words which Jesus uses with Nicodemus mean literally "born from above." Thus the new birth is not something that a man can accomplish by himself. It is given to him by God. Like grace, it is a gift, an unmerited gift. As at Cana the water was turned to wine, so God can transform our old lives so completely that we become, in effect, new persons.

Nicodemus reacts the way many of us would: he is so taken aback by the bluntness of Jesus' reply that he stalls for time by pretending not to have understood Jesus. "Do you mean that a man must be born of his mother two times?" he asks. Jesus was accustomed to this kind of evasion. Patiently he explains that he was not speaking of physical rebirth, but of spiritual. Nicodemus needed to be reborn within his spirit. He needed to let Christ make of him a new person.

Who, Me?

We have no idea how Nicodemus reacted to all this; John doesn't tell us. Yet we can imagine that he was at least surprised, if not shocked. Nicodemus should become a new person, Jesus had said. But didn't Jesus realize that Nicodemus was already a very religious, a most respectable man? He was a Pharisee and thus he observed the law with an almost fanatic devotion. Who could ever criticize this man's behavior or public actions?

Jesus was not talking about what a man might appear to be. He looked beyond a person's actions and behavior to the reality of his inner motivations. "That which is born of the flesh is flesh, and that which is born of the spirit is spirit", (John 3:6 RSV). In other words, even if a second physical birth were possible, that would not bring forth a reborn spirit. It is the inner self which needs to be made new.

Even Nicodemus, the respected, pious Pharisee, needed to become a new person. And you, if God were to change you today, where would he start? If we are drunkards, thieves, murderers, or adulterers, it is easy to see where the new life in Christ needs to be made evident. But if we live quiet, respectable lives, if we have been brought up in the church and continue as a member, the need to be reborn within is no less imperative. In fact, Jesus found that the respectable, pious people were often the ones most resistive to his transforming power. Thus, they were often the ones who needed it most.

Is there a need for a new you?

300 Beaver Killed In 1967

The number of beaver killed in 1967 was 300, not 30, as seen in last week's REPUBLICAN. The total trapped the year before was 200, not 20.

A Sicilian earthquake killed 250 persons.

MUMPS VACCINE IS NOW VERY EFFECTIVE

Many people who rightly fear the effects of mumps, evidently do not know how easily it can be avoided. Mumps are more dangerous than people thought in past years. If a man of reproductive age gets this disease, the possibility exists that it can settle in the reproductive organs and cause sterility.

Many adults have forgotten whether or not they had mumps as a child. There is now a positive action skin test which will tell your physician. For, if you have not had mumps, then the mumps vaccine is a "Must." It can prevent much potential harm.

"YOUR HEALTH IS OUR BUSINESS"

LETTER TO THE EDITOR

Editor of Oakland Republican
Sir:

It was with a great deal of pleasure that I read a letter in your Jan. 4, issue from Houston D. Woods, in Vietnam, to Mrs. Roger Tower of Deep Creek Village, concerning a gift package sent by her thru the Red Cross, to the soldiers engaged in that conflict. "Winnie" Tower gave a little of herself, in love to the G.I.'s involved in this war, in addition to the articles packed in the package. The fact that her contribution fell into the hands of one who had the ability to write so beautifully to her, was a fortunate circumstance which she was able to enjoy beyond that of many other women who also sent their gifts and heartfelt love to these boys at Christmas time.

In publishing this letter with the brief last paragraph of this letter, I feel The Republican is somewhat remiss in not attempting to depict the time and effort put into this project by many of the women of Oakland. I personally witnessed many hours of labor put in by Mrs. Margaret McComas in cutting out and sewing together "ditty bags" beyond my count. Then spending many more hours in finding and instructing other women in filling them. The enthusiasm generated in this campaign resulted in the donation of many more bags than it was believed the community could produce. Not being too close to this effort I am not able to name the many patriotic women who contributed, but it is my hope that they all will be able to feel included in this project since they sent not only a packed "ditty-bag" but part of themselves to the boys who are doing their part in keeping our Country to be a leader in the prevention of aggression against weaker people.

Very Truly Yours,
Weston Dodson

January 14, 1968

To the Editor:
Dear Mr. Hanst:

We read in the Sunday Sun of January 14th, the story of the sale after your recent fire. You describe the wonderful help that was given during the fire and the honesty and sincerity as well as kindness of the people during the auction sale.

We, too, would like to express our feelings toward the residents of Oakland and the surrounding country side. In 1927, when Mrs. Hansen and I came to Oakland to open our camps Minnetoska and Whitethorn, we were total strangers to your community. Yet the help and friendship of many of the families — the Sincells, Fraleys, Harneds, McComas's, the Naylors and really many, many more, put us on our way.

This same sincerity lasted for twenty-nine years and thank God the same spirit still exists in the people today.

It is a rare commodity in our troubled world today, to find this brotherhood.

Sincerely,
Frank Hansen

Paragraph Opinions . . .

Proper Justice Needed

According to J. Edgar Hoover, director of the Federal Bureau of Investigation, "Crime must be reduced by eliminating the huge profits and the soft justice which attract criminal-minded individuals. Avalanches of crime and terrorism cannot be tolerated in a society of free men. Either we win the war against crime or the priceless heritage which we cherish will be destroyed. Full justice is needed —stern justice. We need justice which keeps the balance true and affords the law-abiding public an even break. We need justice which deals swiftly and surely with the criminal, convincing justice which means a quick arrest, prompt prosecution, and substantial punishment of the guilty lawbreaker".

—o—

Can any thoughtful person reasonably believe that a disorderly society can survive? In all recorded history, none ever has. History shows that every society which became lawless soon succumbed, and that the first evidence of each society's decay appeared in the toleration of disobedience of its laws and the judgments of its courts.—Argo., Ill. News.

A reader reminds that a corporation used to print in large letters on its instruction booklet: "When everything else fails try reading the directions."

Promoted To Major

During ceremonies recently at Ft. Benning, Ga., Captain Kenneth A. Sines, from Friendsville, was promoted to the rank of Major. Major Sines' wife, Shirley (Hauser) Sines, also of Friendsville, pinned the gold leaf on him. Major Sines entered the service in 1953 as an Airborne volunteer and spent six years with the 11th Airborne Division. He attended OCS at Ft. Benning and was commissioned in 1960. Graduating from Rotary Wing flight school in 1962, Major Sines has acquired approximately 2500 flying hours. He returned from Vietnam in August, 1967, where he was awarded the Distinguished Flying Cross, the Air Medal with 20 oak leaf clusters, the Bronze Star and other Vietnam medals. Major Sines is presently assigned as assistant S-3 (operations and training) with the 10th Aviation Group at Ft. Benning. He assists in the training of aviation units deploying overseas and plans on another trip to Vietnam next fall.

Aurora - Eglon

Short services were held on Sunday afternoon at the home of Miss Harriett Haas and brother, Charles Haas, at Aurora, for their sister, Mrs. James McCormick who died January 11 at the home of her son-in-law and daughter, Mr. and Mrs. John Gibson, in Maine. She was a daughter of the late Mr. and Mrs. John Haas, of Eglon and Aurora. The body was brought by plane Saturday to Marietta, O., where memorial services were held as she had requested. Surviving other than the daughter, Mrs. Mary Frances Gibson are two granddaughters. Her husband preceded her by many years. The McCormicks were former residents of Eglon. Mr. McCormick was in the lumber business. They erected and resided in the little cottage now owned by Mr. and Mrs. Wilmer Harsh. Interment was in the Aurora cemetery.

Word was received here on Friday night of the sudden death of Guy Evans, 45, at his home in Erie Pa. His wife, Louise, passed away July, 1966. Survivors are two sons, three brothers, and five sisters. Memorial services and interment were in Erie.

Buster White, son of Mr. and Mrs. Clifford White, of Mt. Top, received a discharge from military service and has returned to his home.

Mrs. Lace White, of Eglon, entered University hospital, Morgantown, Sunday where she underwent additional surgery for a fractured shoulder.

Relatives in Aurora were notified of the serious illness of Mrs. Lee Hass, of Fairmont, in a hospital there.

Mrs. Goff Teeter, who had spent several weeks with her daughter and family, near Baltimore, returned recently to her home in Eglon.

Lace White, who had been a medical patient in Garrett County Memorial hospital, returned Friday to his home in Eglon.

All church services in this area were cancelled Sunday because of drifted roads.

Mrs. Claud Pennington, who had been visiting her son and family at Cresaptown for several days, returned last week to her home in Cash Valley.

The Aurora Pioneer Jr. 4-H club met in the home of Mr. and Mrs. Scott Sisler. Debbie Hershman and Iretta Kope, took part. The program consisted of readings by Teresa Forman, Jeff Sisler, Stanley Sisler and Cathy Wilt. Diet record charts were presented by their leader.

The Aurora Pioneer Sr. 4-H club met at the home of Mr. and Mrs. Ben Myers with 19 members present. Tommy Martin, Janice Wilt and Linda Fint participated. Making up the program were: Reading, "Your Diet and You" by Joyce Wotring; "The Food in Your Diet" by Lynne Whiting and another reading "Sugar" by Katherine Kope. Beverley Wilt also handed out charts to keep a record of your diet for seven days.

Charles Haas, Aurora, was taken Monday to a Philippi hospital.

Whoa There, Mr. Hawkins!

The Mandamus Petition filed by our Superintendent of Schools against the County Commissioners seems like an attempt to extend the authority of appointed officials and give them dominance over our elected County Commissioners.

From the time that Commissioners Friend and Sines refused to yield to demands for a Four Hundred Dollar per annum increase for teachers' salaries, Mr. Hawkins has conducted a campaign of accusations and abuse against them through the public press and radio.

Since that time he has made demands upon them that are entirely out of line and unreasonable.

He is now demanding that they raise all the money for the county's share to build the Community College, immediately, and turn it over to him to be spent as he sees fit, and without restrictions. He has recently entered legal action to compel them to do just that. If the Courts decide in his favor, they would also be compelled to purchase the land for the college site from Glotfelty and Wagner at a price of approximately One Thousand Dollars per acre.

A few weeks ago he announced that he would accept the Yoder property for the site, but as soon as he learned that the commissioners had ordered a survey preparatory to the purchase of that property, he reversed himself and entered a law suit.

The Yoder farm, adjoining the Glotfelty property, was to cost the taxpayers only one third as much per acre as the Glotfelty and Wagner lands are to cost. The Glotfelty property has several reservations and the Wagner land has approximately two hundred feet already sold off, or reserved by the present owners. The Yoder farm extends to the public road and its full width has no reservations. It is as suitable in every way for the college site as the above mentioned properties.

What, then, is the purpose of the law suit. How can this serve the public interest? Does Mr. Hawkins really want to serve the public interest, or is he mainly interested in the persecution of Commissioners Friend and Sines?

Hawkins has demanded that the Commissioners sign an agreement with him that they will furnish the money to purchase the ground and build the college, and that they will turn over to him all the county's share of the money immediately. And further, that they will withdraw from the picture entirely, that they will promise not to interfere in any way, that they will give him a free hand to build whatever he wants to build, and that they will pay his architects, etc.

This is the first time that any Superintendent of Schools has ever had the audacity to make such demands upon our taxpayers.

The money to meet the county's share of the college must be raised from our taxpayers. Then after the college is built the taxpayers of our county will likely have to furnish the money for its maintenance and operation. It naturally follows that our duly elected County Commissioners have an obligation to see to it that the plans that are drawn for the college are within the limits of the amounts designated. Otherwise, our citizens may some day find that the money has all been spent and the job has not been completed.

If by some quirk of fate, Mr. Hawkins should happen to get what he is now demanding, then about the only important function that will be left to our County Commissioners will be that of levying taxes against our properties, which will be collected and turned over to our school administrators, with no strings attached, to be spent as Mr. Hawkins may direct. THIS IS THE REAL ISSUE HERE. IT IS THE HEART OF THE CASE. Common sense dictates that our Commissioners must always remain in control of these matters, Mr. Hawkins' demands notwith-standing.

Listen, Americans!

By DR. GEORGE S. BENSON
President—National Education Program
Searcy, Arkansas

The "Peace March" on the Pentagon on October 21 was significant for its absence of Negroes. There were a few, acting as "parade directors" and "marshals", and a few of college age, most of them marching along with white girl friends. Those aiding in directing the march and the subsequent violent assault upon the Pentagon gave every evidence of being under Communist discipline; and the young Negroes with their white sweethearts were "breaking a barrier" by marching in the otherwise all-white Pentagon operation.

The significance of the absence of Negroes lies in the fact that the Communists have gone a long way in their preparations and plans for a "Civil War" in America. Another name for it would be "Revolution". Another: "Guerrilla Warfare". While covering the "Peace March", the National Education Program learned that militant Negro firebrands were meeting in another section of Washington (while "Whitey and Honky" marched) to advance plans to segregate the Negroes from the Whites in preparation for a devastation of the "white establishment" in America. This information came from knowledgeable people on Capitol Hill.

Those militant Negro leaders who are under Communist discipline (taking orders from Reds higher-ups) or who are Communist-oriented (accepting and acting upon the Red line) now talk not of "civil rights" but of the destiny of "Afro-Americans" in the "world struggle of the oppressed". They reject the word "Negro". They are "Blacks". And they are engendering in America a powerful "color-line" which will permit far more serious agitation and bring on far greater racial disorders than those of past summer.

Scattered observations of a "Civil War" in the making are at hand. In the November issue of **Esquire** Magazine, William Worthy writes an article entitled: "The American Negro is Dead — And Risen as a Black Man of the World, Soul-Brother to Non-Whites Everywhere". "Don't look now, honky", warns Worthy, "but some of his best friends are Vietcong".

The Worthy article says: "Negroes increasingly see Black Power as not confined to ghetto rebellions, but rather as a part of a general fight of the oppressed against the oppressor all over the world . . . Indeed there is a wealth of evidence to suggest that what began as a domestic civil-rights movement has turned of late into a global drive, at the center of which are the now-allied struggles of the National Liberation Front of Southern Vietnam and the American Negro — (and this is) a development in which Fidel Castro and Ho Chi Minh are figures of inspiration along with Stokely Carmichael and Floyd McKissick".

And the October 31 issue of **Look** Magazine carries an article clearly showing the extent to which Malcolm X, Stokely Carmichael and their comrades have pushed the Black Power movement. Written by Ernest Dunbar, Senior Editor of **Look**, the article is entitled: "Black Power Hits the White Campus". It says that in the major universities and colleges throughout America, Negro students are withdrawing from the white campus community, forming "Students' Afro-American Society" (SAS) chapters.

By carrying through the planned bloody assault on the Pentagon, with their Vietcong flags carried high, some of the whites won back at least temporary acceptance by militant Negroes. "Maybe it means", said the Vietcong-loving Washington Free Press, "we finally have the makings for a second American revolution". This observation cannot be taken lightly by our nation. The internal danger to our survival is growing.

SENSING THE NEWS

By Thurman Sensing
EXECUTIVE VICE PRESIDENT
Southern States Industrial Council

Time For Austerity

As the year drew to a close, Americans watched with dismay as raids were made on the nation's gold supply by gold speculators in Europe, including the French Republic which was once a staunch friend of the United States. Attempts were, and are, being made to undermine the value of the dollar and, thereby, to jeopardize the entire U. S. economy.

This is a grave danger which requires across-the-board effort by the federal government. On the foreign front, the nation needs to stop the flow of gold to France. U. S. Sen. Vance Hartke (D-Ind) has proposed a legislative ban on further shipments of gold to the French until they resume payments on their World War I debt to the United States. This debt exceeds $6 billion. It is high time that the Johnson administration publicly remind the French that they owe this sum to the American people. Of course, it is only a part of the much vaster sum that the United States has devoted to the protection or assistance of France in this century.

Halting the gold flow by law is only one part of the remedial effort that must be undertaken promptly to protect the dollar. Action at home also is needed. What sort of action is required has been succinctly stated by Prof. James C. Dolley of the Department of Finance at the University of Texas.

Prof. Dolley has stated that the U. S. should take these steps: "(1) Balance the federal budget by cutting non-defense spending; (2) balance our international payments by eliminating all foreign economic aid; and (3) take steps to stop the wage-price spiral".

Unfortunately, the Johnson administration apparently is unwilling to take steps of this sort. Instead of cutting non-defense spending, the administration continues to press for a new or expanded Great Society programs. The administration bitterly resisted reductions in the foreign aid program this year.

Mr. Johnson also is unwilling to incur the enmity of the union bosses by suggesting that wages as well as prices should be restrained. Settlements in the automobile industry, imposed by the union monopoly, virtually guarantee an additional round of inflation in that key industrial sector. When a manufacturer wants to go up on his prices, he faces heavy administration pressure. But the union bosses are not reprimanded by the White House when they upset the wage structure in the country. That's the political pattern of the Great Society.

Holding the line on public spending of a non-defense character and restraining inflation constitute truly vital tasks for this nation in the year ahead. Americans have before them the horrible example of Great Britain. The British are in deep trouble because they have spent more than they earned and because wages were allowed to shoot up to the point where British goods priced themselves out of markets.

Not all the blame should be heaped on the White House, to be sure. If the U. S. is to return to fiscal responsibility, there must be a concern for fiscal responsibility at the grassroots and in the state legislative assemblies.

Observers of the state legislative scene note that inflation also is hitting hard at state governments. Costs of public education and other programs are soaring. In addition, state governments are under heavy pressure this winter to provide pay raises for public employes that state revenues often do not cover. In short, the states are being urged to engage in fiscal irresponsibility, to spend more than they have or to dip into reserve funds created for a rainy day. As this is an election year, the state legislators are especially vulnerable to the pressure for pay hikes.

It is essential, therefore, that there be a national mobilization (and a mobilization within each state) of responsible public opinion in behalf of curbs on spending. Thoughtful citizens will have to organize to let national and state legislators know that a period of austerity is needed if the country is to weather the period of rough economic weather ahead.

Though the United States is rich in material and human resources, it cannot ignore the laws of economics or engage in giveaways when revenues are down or confidence in the nation's money has dipped somewhat. Only by the practice of frugality will the United States come through the year ahead with its strength unimpaired.

The fourth heart transplant patient is Mike Kasperak, 54, a retired Cleveland steelworker.

Volkswagen introduces the automatic stick shift.

After lo these many years our humble little bug has gone automatic.
Gone is the clutch.
Gone is the wifely whine, "It's cute, but I can't drive it."
Gone is an era of Volkswagendom. Sniff.
And in its place?
A Volkswagen you can drive all over town without shifting.
Only on the highway do you shift.
Once. (This is an economy move. Which, after all, is still the name of the game.)
But you do have a choice in the matter. you can drive it the easy way (described above). Or you can start out in low and take it through the gears like a regular stick shift.
The automatic stick shift is an option: you pay a little more.
But you do a little less.

Your Federal Income Tax

The Republican, in cooperation with the Internal Revenue Service, Baltimore District, will publish each week in this column, tax information that will enable taxpayers to become more familiar with the Federal income tax laws.

Q. I took a loss on some shares of stock I sold this year. Can I deduct this on my income tax return?

Y. Yes, losses on the sale or exchange of capital assets such as stock can be deducted for income tax purposes when they exceed capital gains.

The loss, whether short or long-term, must first be used to offset any similar capital gain you had during the year. Then any net capital loss can be used to reduce your taxable income up to $1,000.

Capital losses in excess of $1,000 can be carried over the future tax years. Schedule D of Form 1040 is used to compute capital gains and losses.

Q. Where should I send my January estimated tax payment?

A. Check the notice you received indicating the amount you owe. It will indicate where the payment is to be sent.

Q. I started my own business last year and have a few people working for me. When do I have to get withholding statements to them?

A. The law requires employers to issue them by January 31. Many employers try to get them to employees as soon as possible after January 1 so they may file tax returns early.

Note that if any employee leaves you during the year, you must furnish him with a W-2 statement within 30 days of his final day of employment.

Q. If I make a charitable contribution by check before the end of the year can I deduct it on my 1967 return even though the check is not cashed until 1968?

A. Yes, you should take the deduction in the year you gave the check provided it's dated for that year.

Q. Tips make up a good part of my income. Will they be included with my wages on the W-2 my boss gives me?

A. If you report tip income to your employer for Social Security purposes it will be recorded on your W-2 statement. Any tip income not included on your W-2 statement because it had not been reported to your employer must still be included in income when you prepare your tax return.

Q. How old do you have to be before you are required to file a federal income tax return?

A. Age is not the consideration. Anyone with income of $600 or more, $1,200 for those 65 or over, is required to file a federal income tax return.

Q. When will the 1967 tax forms be ready?

A. The tax forms will be available at local IRS offices as well as many post offices and banks soon after the first of the year. Most taxpayers will receive copies of the forms and instructions in the mail.

Q. My company is planning to give me a cash bonus this Christmas. Will I have to report what I get for tax purposes?

A. Yes, this will be taxable income for you and your employer will withhold taxes on it.

Q. I've just turned 65. Will this make any difference as far as taxes go?

A. Yes, there are various benefits the law provides for taxpayers 65 years of age and over. These are explained in our publication, "Tax Benefits For Older Americans", Document No. 5569.

For one thing, taxpayers 65 and over are allowed an extra exemption because of age. If you are presently employed and have taxes withheld from your wages, you may want to file a new withholding statement, Form W-4, with your employer to claim the extra exemption for age. Doing so will reduce the amount your employer withholds.

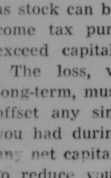
Your employer should be able to provide you with a copy of the Form W-4.

Q. I've been spending some time working on a fund drive for charity. Can I take any deduction for the time I spend on this?

A. No, the value of your time or services is not deductible. However, you may deduct your out-of-pocket expenses as a result of the charitable work.

Q. Business has been good the past few months and my income should be considerably above what I declared on my estimate. Should I make a change on my next quarterly payment?

A. Yes, you can file an amended estimated tax return when the next quarterly payment is due January 15, 1968. Make the change right on the notice you receive.



As an alternative, you do not have to pay the fourth installment if you file your 1967 tax return by January 31, 1968, and pay the balance due at that time.

Q. Our boy worked during his summer vacation from college and has just taken a part-time job for the holidays. Is there any chance that the money he earns will cost us our reduction for him?

A. As long as your child is under 19 or a full-time student and you provide more than half his support, his earnings will not cause you to lose the exemption you claim for him.

Your son must file a return if he has gross income of $600 or more. He should also file a return if his income was less than that but taxes were withheld from his wages. He cannot obtain a refund of these taxes unless he files a return.

JOHN RALPH GOSS

John Ralph Goss, 47, of 132 Mary Street, Cumberland, died Tuesday, January 16, in Newton D. Baker VA center, Martinsburg, where he had been a patient 15 months.

Born August 13, 1920 in Mt. Lake Park, he was a son of the late Elmer E. and Hallie (Lipscomb) Goss. He was employed as a machinist for the Baltimore and Ohio Railroad and was a veteran of World War II and a member of the Brotherhood of Railway Machinists.

Surviving are his widow, Elizabeth Mae (Main) Goss; two sons, John R. Goss, Cumberland, and Charles E. Goss, at home, two daughters, Mrs. Nancy Snyder, Cumberland, and Miss Alice Jean Goss, at home; five brothers, Everett E. and William F. Goss, both of Cumberland; Thomas J. Goss, Fort Ashby; James H. Goss, Baltimore, and Charles R. Goss, Cresaptown, and three sisters, Mrs. Margaret Chaney and Mrs. Helen Isner, both of Cumberland, and Mrs. Mary Louise Smith, Wiley Ford.

The body was taken to the Scarpelli Funeral Home in Cumberland.

Funeral services will be conducted on Saturday afternoon at 1 o'clock from the funeral home with Rev. Lawrence W. Frye officiating. Interment will be in Sunset Memorial Park.

Sixteen Are Killed On State Highways

The total number of fatalities experienced on Maryland highways this year is twenty-four, as compared with thirty-one for the same period last year. While the record to date is an improvement over last year's horrible record, experience shows that we can anticipate a continuing increase in highway fatalities.

Last week, though, was a costly one in human sacrifice, for the State lost sixteen persons in traffic accidents.

Commenting on the loss, Lieut. Colonel George E. Davidson, Chief of Operations for the Maryland State Police had this to say: "Again this week, it seems perfectly clear that there is no place on our streets and highways for a person who has been drinking. In at least seven instances, and possibly more, the indiscriminate use of alcohol has resulted in death to either the driver, an innocent passenger, or in some cases, even a drinking pedestrian. The continued fatalities attributed to drunken driving points up the necessity for serious consideration for passage of implied consent legislation by the General Assembly".

In the past week, death was met by six drivers, six pedestrians, and four passengers.

Alcohol was present in eight deaths, speed in eight, and "driver error" in eleven.

Talks Feature 4-H Meet

Talks featured the monthly meeting of the Bittinger Boys' 4-H club held January 8, at the Community building in Bittinger with Robert Hesson in charge.

Bill Buckel gave a talk on "Eggs and Poultry," and Mike Bittinger and Robert Hesson spoke on tractors.

A report of the New Year's Eve dance was given by Rodney Glotfelty. A sled riding party was planned for this month. Reports were given on the Older Youth party and the County Council officers' meeting.

Refreshments were served.

No. 5644 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure foreclosure of all rights of redemption in the following property situate in Election District No. 8, of Garrett County, Maryland, sold by the Collector of Taxes for Garrett County and the State of Maryland to the plaintiffs in these proceedings.

A tract of coal containing 72 acres more or less situate in Election District No. 8, Garrett County, Maryland, which was reserved in a deed from Edmund Harvey and Bertha R. Harvey, his wife, to Arthur C. White and Clara R. White, his wife, dated March 31, 1922, and recorded in Liber E.Z.T. No. 82, folio 451, one of the land records of Garrett County, Maryland. That the said Bertha R. Harvey departed this life and subsequent thereto the said Edmund Harvey departed this life intestate leaving surviving him as his only heirs at law the following children, Lena H. Glotfelty, Alta H. Ketzner, Maude H. Paugh, Norma H. Carr and Carroll Harvey.

The bill states, among other things, that the amounts for redemption have not been paid, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 26th day of December, 1967, by the Circuit Court for Garrett County, Maryland, in Equity, ORDERED that notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks warning all persons interested in the said property to be and appear in this Court by the 4th day of March, 1968, and redeem the property and answer the Bill, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property and vesting in the complainants a title, free and clear of all encumbrances.

Under and by virtue of a writ of fieri facias issued out of the Circuit Court for Garrett County, Maryland, in a proceeding known as No. 653 Judicials in said Court, I hereby give notice that on

FEBRUARY 9, 1968
At 11:00 A. M.

in front of the Court House in the Town of Oakland, Maryland, I will offer for sale at public auction fee simple title in and to those parcels of land situate, lying and being in Election District No. 12, Garrett County, Maryland, described as follows:

All those lots, pieces or parcels of land situate, lying and being in Election District No. 12 of Garrett County, Maryland, constituting that tract of land locally known as "The Adam Harmon Farm", the same being designated as Military Lots Nos. 2334, 2335, 2399 and 2400, containing 50 acres of land each and making a total of 200 acres.

Saving and excepting a right of way for railroad granted to Jennings Brothers and all the coal and other minerals or mineral substances under the surface soil of the said land with the right to mine and remove the same, as reserved in a deed from Charles F. Shaw and others to Cornelius Bowser bearing date May 30, 1904, and recorded in Liber E.Z.T. No. 47, folio 208, one of the Land Records of Garrett County, Maryland, and also reserving all that parcel of land conveyed by Joseph Bowser by deed dated April 20, 1917, and recorded in Liber E.Z.T. No. 72, folio 155, one of the Land Records of Garrett County, Maryland, and described as follows, to-wit:

Beginning for the same at a stake, it being the North-east corner of the lands of Gustovus Stanton, and running thence by a straight line east 51 rods to the county road leading from Bittinger to Grantsville, thence North with the course of said county road 80 rods to the line of Elias Lohr farm; thence following the outline of said Elias Lohr farm west 71 rods to a stake at the corner of Levi Resh lands, and thence by a straight line to the place of beginning, containing 30½ acres of land, more or less.

The above land is the same which was conveyed to Gilbert T. Green by deed from Joseph Bowser and wife, dated the 27th day of November, 1918, and recorded in Liber E.Z.T. No. 74, folio 471, one of said Land Records.

Also saving and excepting from this conveyance all that other parcel of land conveyed by said Gilbert T. Green and wife to Harold Green and wife, by deed dated January 7, 1938, and recorded in Liber A.G.R. No. 117, one of said Land Records and described as follows:

Beginning at a bar post at the Bittinger road and thence generally following the railroad grade North 83° East 433 feet; thence North 68° East 782 feet; thence North 88½° East 534 feet; thence North 82° East 345 feet; thence South 62° East 463 feet to the property line; thence leaving the railroad grade and following property line North 8° East, 886 feet to corner; thence North 84½° West, 2081 feet to the Bittinger road; thence with the same South 23¾° West, 500 feet; thence South 21½° West, 732 feet to the place of beginning, containing 38.5 acres, more or less.

It is the intention to convey by this deed all of the remainder of said Military Lots not heretofore excepted, the same containing 131 acres, more or less.

This being the same property as conveyed to Lawrence Beitzel and Thelma Beitzel, his wife, by deed from Gilbert T. Green, et ux, dated January 18, 1938, and recorded in Liber A.G.R. No. 117, folio 204, one of the Land Records of Garrett County, Maryland.

Sale will include buildings and improvements located on said real estate.

To Wed In June

Mr. and Mrs. Walter Edwin Dawson, Silver Spring, announce the engagement of their daughter, Susan Carroll, to Galen Keith Stump, son of Mr. and Mrs. Sterling E. Stump, Jr., of Red Lion, Penna. The wedding will take place in June of this year.

The bride to be is a graduate of the Julius Wright School for Girls, Mobile, Alabama, attended Hood College, and was graduated in June, 1967, from Shippensburg State College, Shippensburg, Penna. She is a teacher in the York County School System in Pennsylvania. She is a member of Phi Kappa Theta, scholastic honorary society and of the Daughters of the American Revolution. Miss Dawson is a direct descendant of Stephen Hopkins, signer of the Declaration tf Independence, and of Oliver Hazard Perry. Her father is vice-president of the WOFAC Corporation, international business consultants of Moorestown, New Jersey. Her grandparents are Mr. and Mrs. Walter W. Dawson, Oakland, and the late Mr. and Mrs. Wesley H. Rudisill, of Hendersonville, North Carolina, and Mt. Lake Park.

Mr. Stump is a graduate of Williamsport College and is with the firm of Associated Architects and Engineers of York, Penna. His father is president of the Wolf Tobacco Company, of Red Lion.

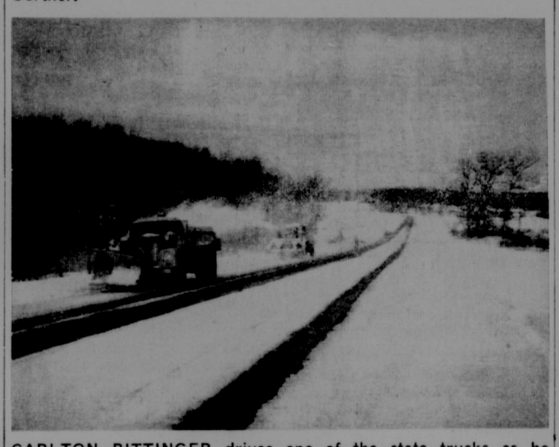
Changes Listed In Social Security

Broad changes in the Social Security Program were set forth in detail this week by Edward G. Phelps, District Manager of the Social Security Office at Cumberland. Mr. Phelps spotlighted the increases due early in 1968 and the new payments for disabled widows, as the most important of these changes. The new law was effective January 2.

Early in March, 1968, a total of 22 million, 900 thousand social security beneficiaries will get at least a 13% increase. The new minimum will be $55 a month for a retired worker who signed up at age 65. The maximum would be $160.50 in March and still higher as the worker pays in on the new $7800 wage "tops" in 1968 and future years. In Allegany and Garrett Counties, and Grant, Hampshire, Hardy and Mineral Counties, W. Va., an estimated 22,253 will get these increases. Mr. Phelps estimated this would mean about $2,352,020 more a year in social security payments for retired workers, survivors, and the disabled. The special payment for people over age 72, who have never worked in covered employment, will also go up—from $35 to $40 for a single person and from $52.50 to $60.00 for a couple. These increases will all be made automatically by the Social Security Administration. Persons receiving a check do not have to do anything to get the raise.

The new amount for disabled widows will mean monthly payments for about 65,000 across the nation. A widow over age 50 will qualify if she is severely disabled or becomes disabled within seven years of her husband's death. This payment will start with the month of February, 1968. Mr. Phelps calculated that about 65 in the Cumberland six-county area would be eligible under the amended law.



The new Amendments have also cut the restrictions somewhat on the amount a social security beneficiary can earn while he draws his retirement or survivors payment. The old figure of $1500 has been upped to $1680 a year—starting in 1968.

Another major change will make it possible to pay monthly payments to more children whose mothers have died. Under the old law the mother had to have worked until shortly before her death. Now, if she was "insured" — had enough social security work either recently or in the past, the family can collect.

Farm Bureau Backs Changes In Board

Changes in the State Board of Agriculture were strongly supported by county voting delegates of Maryland Farm Bureau at the group's business meeting held in Baltimore last Saturday. The 52nd annual meeting was held January 10 to 13 at the Lord Baltimore hotel.

In commending the work of the Governor's study Commission on the State Board of Agriculture, the delegates supported its recommendation to continue the dual capacity of the Board of Regents and the State Board.

Support was given to increasing the board from 11 to 12 members, with 3 specifically designated as agricultural members, along with a reduction in term length from 7 to 4 years.

Among resolutions passed one deplored the efforts of Maryland personnel in the county Agricultural Stabilization Conservation offices that administer the farm programs to attempt to influence public opinion of any government program with information that is biased, especially when these programs are subject to referendum. Delegates said the proper role of the ASC office is to administer laws, not to disseminate information designed to change them.

T. Allan Stradley, Kent county; John Dixon, St. Mary's county, and George Lechlider, Montgomery county, current vice presidents, were re-elected for 1968. More than 1,000 Maryland farmers attended the sessions.

Attending sessions from this county were William Umble, Parker Warnick, Gary Fratz, John Beachy, B. O. Aiken, Mrs. Aiken and Bonnie Buckel.

Mrs. Aiken county chairman for the Women's committee of the Farm Bureau, and Miss Buckel, attended the women's activities. Miss Buckel, county winner of the Youth Power project last year, winning a trip to Chicago, and Marion Metcalf, Carroll county winner, presented reports of their trip. Mrs. Aiken said the reports were excellent. It was the 30th annual convention for the women. Mrs. Aiken reported on activities for her district.

The Farm Bureau adopted the following theme for the coming year: "Farm Bureau—a beacon light for home and country".

Luke Mill Wins Safety Competition

Employees of West Virginia Pulp and Paper's Luke mill have topped 15 other locations to win the annual company-wide safety competition for the lowest accident frequency in the Westvaco organization.

Luke mill employees had a lost time accident frequency of 2.78 accidents for every million man hours worked in their 1967 fiscal year. This compares with the average of 8.08 lost time accidents for every million man hours worked throughout the entire paper industry.

Westvaco employees safe working practices in 1967 placed them in the top third nationally in their category of operation.

They also had worked one million man hours without a lost time accident or disabling injury from August 17 to October 30, 1967. This was the 10th time in the last five years that Luke mill employees had reached such a safety milestone.

A cash award goes to the winner of the company-wide safety competition.

It is expected that checks will be mailed to wool producers in April, Mr. Umbel said.

Attack Unwarranted . . .

The attack last week by Clifford Friend on Willard L. Hawkins through an advertisement in this newspaper was most unwarranted, to say the least. Mr. Hawkins is seeking only what the law says must be done by the County Commissioners.

A referendum vote on establishing the college turned out more than two to one in favor, which was followed by a resolution by the County Commissioners endorsing the proposed community college and agreeing to assume financial support for the college in accordance with existing law, and providing the county's share of the funds.

Mr. Hawkins, therefore, is seeking only what the law said must be done by the County Commissioners. The money would be spent only according to the law, and under supervision of the Board of Trustees of the college.

We have long suspected that Clifford Friend has been behind the scenes in this affair and has been pulling the strings for Hubert Friend and Ross Sines, county commissioners. They don't hold secret sessions for nothing. Just this Tuesday they made a trip to Annapolis in an attempt to kill the entire junior college program, using a county car. They also are said to have hired an additional attorney, presumably also at county expense in an attempt to get around a law that already is in effect.

The petition for a writ of mandamus has been the last resort for the Board of Education and Mr. Hawkins.

Sledding Mishap Fatal To Loch Lynn Young Man

A 16-year-old Mt. Lake Park youth was killed last Friday night while he and two other youngsters were sled riding in Loch Lynn.

Allen Wade DeWitt was pronounced dead on arrival at Garrett County Memorial Hospital after being struck by a car at the intersection of Bonnie Boulevard and Wyandotte Street at about 9:45 p. m.

The car was driven by George Moon, 36, of Deer Park. State Police Tfc. R. S. Lewis reported that Mr. Moon was driving east on Bonnie Boulevard and the sled was coming downgrade on Wyandotte when the accident occurred.

The two other boys sledding with Allen saw the approaching car in time and rolled off their sleds to avoid being struck.

The victim was a son of Maxwell W. and Gloria (Bolyard) DeWitt, 133 First Avenue, Mt. Lake. He was a student at Southern High School.

He was born December 28,

Local Guards Go From Armor To Combat Engineers

The First Tank Battalion of the 115th Armor, 29th Division, is no more. It was succeeded over the week-end by the 121st Combat Engineer Battalion, Maryland Army Reserve, National Guard, when Garrett and Allegany Counties made the transition from a tank outfit to combat engineer companies.

The Frostburg and Oakland companies of the tank battalion have been formed into Company C of the 121st Combat Engineers with Capt. Mahlon Yost of Oakland as commanding officer.

Two platoons will be based at the Oakland armory. Until summer camp in June, they will train the second week-end of every month at the Frostburg armory.

Each company will be at 93 per cent strength, with 138 officers and men. Each will have more men than were in the tank battalion.

Headquarters and Headquarters Company of the tank battalion will become Company D of the 121 Combat Engineer Battalion which will have its headquarters in Ellicott City.

Mothers' March Is Set To Go Sunday

Dozens of mothers will ring doorbells this month to collect funds for the March of Dimes 30th Anniversary, and people are being urged to given generously.

"The marching mothers are grateful that they can help a child, and are grateful if their own children are healthy", Verna J. Harvey, Mothers' March Chairman, said upon her announcement of the 1968 Mothers' March in the county to be conducted on Sunday, January 28.

"I know all the women working with me feel the same way. It's a privilege to serve so worthy a cause. Every year 250,000 babies in the United States are born with defects. Birth defects are the nation's second greatest killer. They destroy an estimated 500,000 lives before birth and kill 60,000 children and adults each year.

Much of the money contributed to the March of Dimes goes into a vigorous research program. Another part is earmarked for public education programs. Another part goes to support a country-wide network of nearly 100 Birth Defects Centers where youngsters may receive team-coordinated, specialized treatment.

Friendsville Youth Put on Probation

A Friendsville boy, aged 17, was placed on indeterminate probation by the court at a juvenile trial held Tuesday afternoon, January 23 in the courthouse.

The youth, charged with possession and consumption of alhoholic beverages, was handed down a sentence of probation without verdict by Associate Judge Stuart F. Hamill, sitting as juvenile judge. The boy was ordered to abide by the rules and regulations of the probation offices.

A probation without verdict decision prevents juveniles from having a guilty mark on their records. However, if a juvenile again is brought in by the probation officer the judge may insert the word guilty into the records and the youth may be further prosecuted after a hearing, wihout need for another trial.

THE WALLS BULGED—The walls were bulging with people last Friday as the Ben Franklin store held its fire sale in the storeroom formerly occupied by the Monongahela Power company. Large throngs continued to push into the store during the day and the rush continued on Saturday. Another fire sale conducted by the Family Shoe Store over several days, was largely attended, as was that of the Coffee Shop and Variety Store. The five and dime store was selling many items that had been salvaged from the ground floor of the structure that was destroyed by fire on January 3.

Route 40 Crash Monday Claims One Fatality

John E. Walters, Morgan town, Killed In Accident Near Keyser Ridge

A 37-year-old Morgantown man who was employed by the federal government was killed Monday morning when the car he was driving crashed into the rear of a tractor-trailer on U. S. Route 40 about a mile and a half from U. S. 219 in this county west of Keyser Ridge.

This was the second auto fatality in the county this year.

The victim was identified as James Edwin Walters, of 233 South High Street, Morgantown, who was in charge of the food stamp program in Cumberland, an emplove of the U. S. Department of Agriculture.

The man was pronounced dead at the scene. He had suffered a fractured skull.

The accident occurred at 8 a. m., Monday when the victim drove into the rear of a tractor-trailer being operated east on Route 40 by John E. McLain, 25, of Richmond, Va.

The rig was traveling at a slow rate of speed and it is believed that Mr. Walter had been blinded momentarily by the sun.

Trooper C. E. Lober of the State Police investigated the fatal crash. The victim's body was taken to the Newman Funeral Home in Grantsville.

The body was taken later to the Hastings funeral home in Morgantown.

Surviving are his wife, Ann Ramsey Walters; a son, James, Jr.; two daughters, Karen Ann and Barbara Sue, all at home; his mother, Mrs. A. E. Walters, also of Morgantown; and one brother, Charles Ray Walters, of Raleigh, N. C.

Deceased was a veteran of the Korean war and a church school superintendent of the First Baptist church, Morgantown. The 1964 Rambler automobile was a total loss and damage to the trailer was estimated at $200.

Funeral services were conducted this morning from the funeral home with Rev. Herbert Murray, Jr., officiating. Interment was in East Oak cemetery, Morgantown.

Earl Zepp Dies In Florida Saturday

Earl Louis Zepp, 49, resident of the Oakland area since about 1946, died early last Saturday morning, January 20, at Fort Lauderdale, Fla., where he had been vacationing.

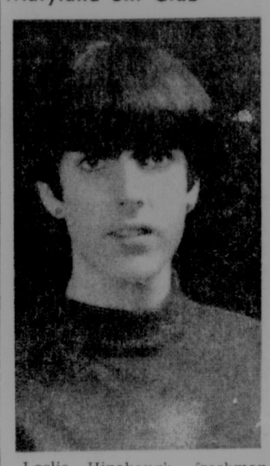
Mr. Zepp, owner and operator of the Oakland Lumber company and other local businesses, had suffered from a heart condition for several years. He and his wife had spent last week-end in Oakland.

Surviving are his widow, Mrs. Marguerite Zepp; one daughter, Barbara Zepp, student at Ohio Wesleyan university; a son, Earl Zepp, Jr.; his mother, Mrs. Emma Zepp, now residing in Cleveland, O.; and a sister, Mrs. Ray Schimmon, Chautauqua, N. Y.

Mr. Zepp, in addition to the Oakland Lumber company, also managed Acorn Associates, Mitchell Manor, Manor Plaza and had property on Deep Creek. He was a former member of the Oakland Rotary club and a past president of the organization. He also was a key figure in the Deep Creek Lake-Garrett County Promotion council for several years. During World War II he was a communications officer on the carrier Yorktown. A native of Cleveland, he was a graduate of Case Institute of Technology.

Funeral services were conducted on Monday, January 22, at Fort Lauderdale.

Couple Loses Race With Stork



By Carol Canan

Nearly every expectant parent jokes about what would happen if the stork arrived early and they didn't make it to the hospital in time. It makes a good joke, but when it actually happens, well....

To Represent Western Maryland Ski Club

Leslie Hinebaugh, freshman student at University of Maryland and daughter of Mr. and Mrs. Guy William Hinebaugh, Oakland, will represent the Western Maryland Ski club at the eighth Tucker County Alpine Festival to be held at Davis, W. Va., February 1 to 4.

She will be a guest at Blackwater lodge where all meals and tickets to all activities will be furnished by the Alpine Festival association.

As a representative of the ski club, she wil be a candidate for queen. There will be candidates from the Davis and Elkins ski club, and Shepherd, Salem, Potomac State, Fairmont State, Davis and Elkins, Concord and Alderson-Broaddus colleges.

A pageant and coronation of the queen by Governor Hulett C. Smith will be held February 1. A Gluwein party, dinner for the queen and her court and guests and a German Fest are on tap for Friday, February 2.

The Governor's cup races are scheduled for Saturday morning with timberjack activities in the afternoon. A buffet at Blackwater lodge at 6 o'clock that evening will honor distinguished guests, the queen and her court. A queen's ball is set for 9 p. m. The governor's cup will be presented at 9:30.

Church services are scheduled for Sunday in all churches of the area.

Youth Dies of Self Inflicted Wound

Acie Junior Simon, 19, died Sunday afternoon about 2 o'clock at his home on Shallmar road, of an apparently self-inflicted gunshot wound.

The body was discovered about 6 p. m., by a sister. Authorities were notified and Dr. James H. Feaster, Jr., deputy state medical examiner, said death was self-inflicted. The youth had used a 12-gauge shotgun. The wound was in the right chest. Assisting in the investigation were Sheriff James E. Frantz and state trooper Stephen M. Russell.

A native of Shaw, W. Va., he was the son of Acie Z. and Minnie Marie Summerville Simon, of Shallmar.

Besides his parents he is also survived by two brothers, Oliver Simon, Westernport; Charles Simon, Deer Park; six sisters, Miss Catherine Simon, Mrs. Donna McRobie, Kitzmiller; Mrs. Dora Lee Clark, star route, Kitzmiller; Mrs. Mary Friend, Swanton; Mrs. Sarah Stokes, Flintstone; Miss Virginia Simon, at home.

The body was taken to the Sharpless Funeral home in Blaine. Funeral services were conducted on Wednesday afternoon at 2:30 o'clock from the Kitzmiller Assembly of God church by Rev. Paul Poland, pastor. Interment was in the Kalbaugh cemetery at Elk Garden.

County Receives Cigaret Tax Money

Cigaret tax distribution to the political subdivisions of Maryland has been made for the second quarter of fiscal 1968, according to Louis L. Goldstein, comptroller of Maryland.

As guaranteed by law Baltimore city will receive an additional amount of $120,838.72.

Garrett county received $19,472.97 for the second quarter, slightly less than the $19,954.30 it received for the first quarter, making a total of $39,427.27 for the first half year.

State-wide the second quarter total was $3,155,253.91, with a total for the half year of $6,366,219.75.

Wisp Will Host Junior Skiers This Week-End

Races Set For Saturday And Sunday

Today is the deadline for skiers who plan to enter the annual Maryland State junior ski championships, which will be held this Saturday and Sunday, January 27 and 28.

Junior skiers from four states and the District of Columbia are expected to take to the slopes on these two days at the Wisp area near Deep Creek Lake.

The two-day competition, which is USEASA-sanctioned, is under the sponsorship of the Western Maryland Ski club. Entry blanks and the $2.25 entry fee were to be directed to the Western Maryland Ski club.

Slalom races for junors, classes I through IV will begin at 11 a. m. Saturday. Sunday's feature, also beginning at 11 a. m., will be the giant slalom.

The weather is expected to favor the meet; snow still blankets the ground, and temperatures remain for the most part below freezing. Last year the meet was cancelled due to lack of snow and the absence of freezing temperatures which make it impossible to manufacture snow mechanically.

County banks plan to furnish trophies to winners in the various classes. Skiers aged 17 and 18 will compete in class I; those 15 and 16 in class II; those 13 and 14 in class III; and twelve-year-olds and under will compete in class IV.

Icy Grip Removed Only Temporarily

Winter's icy clamp on the county lost its grip slightly during the past week, allowing temperatures to moderate for a few days.

Although last Thursday began in the typical cold pattern, the mercury climbed from the 4 degree reading at 8 a. m. all the way to a high of 45, while sunshine began the task of melting snow.

Friday seemed to revert to the cold-weather pattern when snow flurries made the scene. Temperatures ranged from 35 degrees at 8 a. m. to a high near 40.

The week-end brought a little more snow-removal by the sun on Saturday, but Sunday's skies were overcast and the day was decidedly chilly.

The current week started off with an early-morning reading of 21 and sunny skies High for the day was a near spring-like 50. Tuesday morning the thermometer read 41, which was the high for the day. At 10 a. m. the mercury hovered at 36 degrees while shortly after 10, it was 34 degrees and snowing. Snow flurried over the county for the rest of the day, while temperatures continued to drop.

On Wednesday it was plain that winter had renewed its grip since the early morning temperature was one degree above zero. Even partly-cloudy skies could do little to warm th atmosphere; the high was 17.

In case you couldn't see your thermometer for the frost on the window, it was 14 below zero this morning, and the skies were clear.

Commissioners Make Reply Today

Today was the last day for the County Commissioners to make a reply to the petition for a declaratory judgment and writ of mandamus which was filed against them on January 10 by the Board of Trustees of the proposed junior college.

They are required to answer the premises and abide by any and all further orders as may be passed in the proceedings. Upon filing of their answer in the Circuit Court sometime today, Associate Judge Stuart F. Hamill will set a date for a hearing, probably within three weeks.

Judge Hamill will be sitting on the Bench in Baltimore for two weeks starting next Monday.

The Commissioners have acquired the services of Gorman Getty, a Cumberland attorney, to assist W. Dwight Stover, the board's regular atorney.

Homemakers of Tomorrow

Catherine Beckman
Southern High School

Bonnie Buckel
Northern High School

The Homemaker of Tomorrow was chosen this past week in both Southern and Northern High schools at Oakland and Accident. Winner at Southern High school was Miss Catherine Beckman, daughter of Mr. and Mrs. Thomas Beckman, Swanton. Winner at Northern High school was Miss Bonnie Buckel, daughter of Mr. and Mrs. Kenneth Buckel, of Bittinger.

The winners were decided by finishing first in a written homemaking knowledge and attitude examination for senior girls. They are known as the 1968 Betty Crocker Homemakers of Tomorrow.

Both are now eligible for state and national scholarship awards. They earned a specially designed silver charm from General Mills, sponsor of the Betty Crocker search.

State winner and runner up will receive a $1,500 scholarship, and a $500 educational grant. This is the 14th year of the search, initiated to emphasize the importance of homemaking as a career. Some 603,798 girls from 15,079 schools registered for the 1968 search.

Miss Buckel is an active member of the senior class and traveled to Chicago, this fall to the conference on the atom. She was the 1967 winner of the American Legion oratorical contest. She was an active participant in the Youth Power project, attending the youth power congress last year as a representative of the county farm bureau.

She is president of the Student Council, managing editor of the school newspaper, The Viking, vice-president of the drama club. She has been a 4-H club member for eight years and has served her local club and the county council in various ways. She won a champion ribbon at the state fair last summer. She plans to major in home economics at the University of Maryland and will become an extension agent. She is Luther League vice-president at Emmanuel Lutheran church at Bittinger.

Miss Beckman is an academic senior taking a college preparatory course in preparation for a career in nursing. She has been accepted as a student next year at Church Home Hospital School of Nursing. Among her activities are Future Nurses association, and Girl Scouts. She is a member of St. John's Episcopal church, Deer Park and is active in the choir and youth group there.

Scout Troop 31 Is Re-Registered

Oakland Troop 31, Boy Scouts of America, was re-activated for the 45th year January 18, when the registration of active scouts was sent to Potomac Council headquarters in Cumberland.

Fourteen boys were registered as scouts, with ten adults also associated with the troop. The boys who registered included Ross Knotts, Douglas Thayer, David Albert, Walter Davy, John Davy, Mike Davy, Anthony Wolf, Ernest Wolf, John Sherwood, James Murray, Jeff Flaherty, Bill Smouse, John Purbaugh, and David Stuck.

John M. Wood, of Mt. Lake Park, is scoutmaster for Troop 31 for his first full year. He replaced Ralph Fauber, now assistant scoutmaster, approximately three months ago.

Members of the troop committee, under chairmanship of Fred Colaw, are James W. Simms, George H. Hanst, Earl Clark, and Donald M. Browning.

Bernard I. Gonder, Jr. and David Gonder, both Eagle Scouts, are listed as associate members of the troop. Bernard I. Gonder, Jr. was one of the first scouts from Troop 31, (then Troop 1) to earn the Eagle Scout rating. He achieved that rating in 1925, one year after the troop first was formed.

David Gonder has been an Eagle scout since 1958. He is currently teaching school in Jamaica, and was re-registered by request.

Dates For County Fair Are Changed

The dates for the eleventh annual Garrett County Fair have been changed to a week later than previously announced, according to H. G. Gortner, president of the Fair Board.

The fair is now scheduled to run from August 19 through 24, instead of 12 through 17. The change was necessitated by circumstances beyond the control of the Fair board members, Gortner explained.

This change in date will make the fair two weeks later than in previous years.

Board of Directors meeting is planned for Tuesday, February 6. The group will meet in the fair office at McHenry.

Named to Ways and Means Committee

House of Delegates member from this area, Benj. O. Aiken, Accident, was named to the Ways and Means committee again he learned last week-end.

In the new set up there are four major committees with one person being named to one major committee. There are four subcommittees in the Ways and Means committee and Mr. Aiken will be named to one of these.

In a change of procedure there will be sessions in the morning at 10 o'clock instead of the usual two o'clock sessions, with the balance of the time being given over to committee sessions.

Mr. Aiken is residing at 16 Maryland Avenue, Annapolis, and his office is in the state house. His telephone is 263-2321, extension 218, this office was informed.

S. Beckman Is Found Guilty Of Non-Support

Mrs. Patricia Beckman filed charges against Steven Beckman for non-support of, and cruelty to, herself since November 22, 1967. The case was heard by Oakland Trial Magistrate Robert M. Maroney on January 20.

Beckman was found guilty of the charges, and was sentenced to six months in the custody of the Commissioner of Correction. The sentence was suspended on the condition that he pay his wife $30 a month toward her support.

Oakland Man Dies In Crash Near Thomas

Everett Snyder Dead On Arrival At Oakland Hospital

Everett R. Snyder, 32, of Rt. 2, Oakland, died of injuries sustained in a two-vehicle collision on U. S. Route 219, about five miles north of Thomas, W. Va., on Tuesday morning.

Hospitalized was Guy Calvin Lipscomb, 23, of Eglon, W. Va., driver of a truck involved in the headon collision at 7:30 a. m.

Trooper C. E. Shamblin of the West Virginia State police at Parsons, is continuing an investigation of the accident. He said the victim was pronounced dead at Garrett County Memorial hospital in Oakland.

Attaches at the hospital said that Mr. Lipscomb was in "fair" condition. He suffered a fractured nose, cuts and abrasions.

Trooper Shamblin said Mr. Lipscomb was operating his truck north on the highway and after passing a tractor-trailer rammed headon into the Snyder car which was southbound.

The victim's body was taken to Sacred Heart hospital in Cumberland for an autopsy by Dr. Benjamin Skitarelic.

Mr. Snyder was employed as a shovel operator by W. C. Roth, operator of Fairfax Sand company near Thomas.

Born at Aurora, W. Va., he was a son of Delton and Gladys Harsh Snyder. Also surviving besides his parents are his widow, Barbara Ellen Shreve Snyder; four children, Clifton, Paul, Brenda and Anette Snyder, all at home; two sisters, Mrs. Robert Shaffer and Mrs. Donald Beckman, both Horse Shoe Run, W. Va.

The body was taken to the John O. Durst Funeral home in Oakland. Funeral services will be conducted Saturday afternoon at 2 o'clock from the Assembly of God Church at Accident, W. Va., with Rev. Terrence Lewis and Rev. Robert Fletcher officiating. Interment will be in the Accident cemetery.

Oscar Wilde Play To Be Given Thurs. At Southern High

Once again the Southern Speech Association will present a performance, this time a three act play, this evening Thursday, January 5, in the Southern High School cafetorium.

"The Importance of Being Earnest", the title of tonight's performance will be a farce by Oscar Wilde. The public is invited for the night performance.

The story revolves around two love affairs. Kim Frederick portrays John Worthing who is in love with Gwendoline Fairfax, Sherry Frantz, a girl of high society. This love match does not succeed at first beause Lady Bracknell, played by Barbara Snyder, is constantly entering the scene when she is not wanted.

Lady Bracknell's nephew Algernon Moncrieff, Randy Overdorff, is a playboy and falls hard for Cecily Cardew, played by Susan Boniece.

Miss Prism, Chris Reckart, is given the rush by Dr. Chausble, Bill Buchanan, but proceeds to answer him with a cold shoulder. Two butlers, Jim Jones and Bruce Paugh, create an atmosphere of solemn humor.

The play is again under the direction of Michael Posey with Val Smouse as stage director.

The time is 8 o'clock.

PRINCIPALS IN PLAY—Two of the principal characters in the play, "The Importance of Being Earnest," are Sherry Frantz and Kim Frederick, which will be presented this evening at Southern High school.

Constitution Summarized

Here, prepared by Washington Post staff writer Richard Homan, is the balance of the summary of the 14,000 word constitution drafted by Maryland's constitutional convention. Last week articles 1 to 5 inclusive, were published. This week the balance of the constitution, article 6 through 10, is published.

If adopted by voters at the May 14 referendum, it will replace Maryland's present 101-year-old charter.

ARTICLE 6
Finance and Taxation

The executive budget system, unique in Maryland would be retained. (The Governor presents his balanced budget to the Legislative, which can cut items but not increase them. The governor cannot veto the budget or individual items after the Legislature has approved it. The Legislature can appropriate funds separately from the budget only if the appropriation bill provides for raising the revenue.)

The 15-year limit on State bonds would be relaxed to allow bonds of up to 25 years.

A constitutional ban against State-sanctioned lotteries would be continued.

Uniform tax assessment and exemptions would be required throughout the State. Classifications of property for statewide preferential treatment would be permitted, with agricultural property the only mandatory classification.

ARTICLE 7
Local Government

Counties would be strengthened and given greater responsibilities, municipalities would be subordinated somewhat to counties and the General Assembly would be barred, with exceptions, from legislating on local matters.

All counties would be required to exercise home rule and to have a written instrument of government such as a charter, by July 1970.

Counties would receive a broad constitutional grant of shared powers. Instead of depending on the Legislature to delegate each specific power to them, they would have all powers except those specifically withdrawn by the Legislature or constitution. The only powers withdrawn by the constitution would be judicial and taxing.

Regional governmental units involving two or more counties could be created by the General Assembly, either to perform specific functions, such as water supply or air pollution control, or to assume complete government powers. The units could be either appointed or elected.

Municipalities would draw their powers from the county, not the State. A county could create new municipalities, grant them powers and withdraw them, subject to supervision by the Legislature.

Existing municipalies could not lose any present powers, be reduced in size or annex additional land without agreement of both county and municipality, unless the changes were made by the Legislature.

Approval by voters in all counties affected would be necessary before the General Assembly could change county boundaries or merge counties.

The Legislature would be barred from enacting legislation of less than statewide effect in these areas; appropriations, regulation of state agencies, public education, regional governments, change of county boundaries, taxing powers, and delegation to one or more counties of specific State powers.

REJECTED: Proposals to give counties complete control over municipalities within their borders.

ARTICLE 8
Education

This brief article would direct the Legislature to provide for "a statewide system of free public schools" and other public educational institutions and services not necessarily free.

For the first time it would give full academic freedom to the governing boards of all State institutions of higher learning. It would authorize the Legislature to continue to grant autonomy in other areas, such as fiscal affairs.

REJECTED: An attempt to include in the constitution full fiscal autonomy and to write into it by name the present educational hierarchy. Also rejected was an attempt to guarantee equal educational opportunities for all, guarantee that exists nowhere else.

ARTICLE 9
General Provisions

This catch-all article would:

Add to the oath of office required for public officials an optional reference to God.

Drop the requirements that the State have a militia, leaving its continuation discretionary with the Legislature.

Add requirements that the General Assembly enact legislation providing for conservation of natural resources, consumer protection and regulation of conflict of interest for State-elected officials.

Repeal a constitutional ban preventing persons disloyal to the State or Federal Government from holding public office or employment. Responsibility in this area would be left to the Legislature.

Limit the State's present absolute freedom to avoid suit for damages or negligence by pleading sovereign immunity.

Change the impeachment procedure. It would continue to be initiated by the House of Delegates, but trial would be by a special ten-judge tribunal, not the State Senate.

Remove a bar against duellers holding office.

Withdraw from criminal juries the power to judge the law applicable to a case, leaving with them power—as elsewhere—to decide only the facts.

ARTICLE 10
Amendment of the Constitution

The constitution could be altered, as now, by an amendment passed by three-fifths of the members of both legislative houses or by a constitutional convention, which could also draft a new constitution. Changes by either method would require approval of voters.

The General Assembly could call a convention any time. At least once every 20 years, the question of whether a convention should be called would have to be submitted to voters. If the question were approved, a convention would have to be held within two years.

The Governor would be required, within 60 days after the call for a convention, to appoint a commission to prepare for it.

Progress Report on County Sewage Plan Received

A progress report from the Rummel-Klepper & Kahl Consulting Engineers firm was heard at the January 15 meeting of the Board of Commissioners for Garrett County.

The report showed that as of December 31, the Master Plan of Water and Sewerage for the county is approximately 17 per cent complete. Copies of the report have been sent to all incorporated towns in the county and to other interested parties.

The Department of Housing and Urban Development notified the Board that monies are not available for the funding of Neighborhood facilities applications filed for the Grantsville and Oakland areas during the present fiscal year. Applications may be re-submitted for the new fiscal year, which begins April 1.

James Trickett, from the office of the Board of Education, presented a resolution and petition for a grant of $208,000 from the General Public Area Vocational School Construction Loan funds for Southern High school. A similar resolution and petition for a grant of $63,900 was presented for Northern High School.

A motion was made during the meeting that Otis Riley be appointed as a member of the Garrett County Welfare Board. The motion passed by a unanimous vote.

Bruce Hi Trims Highlanders 61 - 54

Bruce High school's Bulldogs upped their Potomac Valley conference record to 4-2 on Tuesday night by defeating the Highlanders of Southern High school at Westernport by the score of 61 to 54.

Southern held a 27 to 25 lead at the halfway point and were also in front 43 to 42 at the close of the third period but were outpointed 19 to 11 in the final quarter.

Terry Stephens sparked Coach Leonard Ritchie's quint with a 25-point performance on 10 field goals and 5 for 10 at the foul line. Jack Alvarez had 15 points to lead the Highlanders while Bill Hawkins and Andy Cosby hit for 11 points each.

The Highlanders are scheduled to play Valley High of Lonaconing on Friday evening at Lonaconing.

State Fire Chaplain Dies January 18

Rev. James W. Minter, Baltimore, a retired Baptist minister and for 35 years chaplain for the Maryland State Firemen's Association, passed away in his sleep at his home on January 18.

Rev. Minter had been a frequent visitor to both Allegany and Garrett counties, taking part in most Convention Memorial services.

A memorial service was conducted at the Rucks Funeral Home, Sunday at 7 p. m.

Funeral services were held from the Gregory Memorial Baptist Church on York Road. In lieu of flowers friends were asked to make contribution to the Bessie Marshall Hospital Fund. Ladies auxiliary of the Maryland State Firemen's association.

He is survived by his wife, four daughters, two sons, eleven grandchildren, four great grandchildren.

A. Mike Walters of Corriganville, president of the Allegany Garrett Counties Volunteer Firemen's Association, has requested that all fire houses in the two counties be draped for 30 days as a tribute to Rev. James Minter.

Gormania Church Gets Paraments

A set of paraments was presented to the Gormania Methodist Church by Mr. and Mrs. Roy Crider in honor of Mrs. Crider's mother, Mrs. Bessie Spitzer, during the evening church service, Sunday, January 21.

Paul Gilbert, Church Lay Leader, on behalf of the church, received the paraments which consisted of a bookmark, pulpit scarf, and communion table runner. The minister, the Rev. Samuel Moore, dedicated the paraments to the glory of God and in honor of Mrs. Bessie Spitzer. The reversible paraments are in white and red. The white side has an embroidered Latin Cross while the red has the symbols of the Cross and Crown.

Mrs. Spitzer is the oldest living member of the Gormania Church having been received into membership in August of 1910 by Rev. E. P. Idleman.

Question

I remember reading about artificial sweeteners not too long ago, but I can't remember the difference between them and pure sugar. Will you please explain this?

Answer

All you have to do is remember that the artificial sweetening products contain no energy-building calories . . . no energy-building "food." They produce sweetness without giving food value, and this is the reason why so many people who want to lose weight find them to be a distinct help with their dieting. The physically-active person automatically expends more than enough energy to "burn up" the calories received through the normal intake of sugar. Both sugar and artificial sweeteners will sweeten your food. The only difference lies in the artificial sweeteners' lack of energy-building food value.

Federal Agencies Spend $7,128,726 In Garrett County

Figures furnished by the Federal Information Exchange System, Office of Economic Opportunity to Rep. Charles McC. Mathias, Jr., Republican, of Maryland's sixth Congressional district, show that a total of $544,998,337 was allocated to the counties comprising the Sixth district in fiscal 1967. In addition these counties share in grants made to Maryland on a statewide basis.

But nearly 60 percent of that total or $312,761,892 went to Baltimore county, only a small fringe of which is in the sixth district. Garrett county received $7,128,726.

The funds financed over 200 programs under 25 separate agencies.

Garrett county figures by agencies included: Department of Agriculture, $462,761; Department of Commerce, $363,720; Department of Defense, $134,000; Department of Health, Education and Welfare, $3,215,123; Department of Housing and Urban Development, $31,000; Department of Interior, $5,897; Department of Labor, $292,344; post office department, $626,831; Department of State, $8,052; Department of Transportation, $56,240; Treasury department, $472,828; Agency for International development, $111,308; Office of Economic Opportunity, $182,842; General Service Administration, $2,422; Veterans administration, $397,537; Civil Service commission, $592,958; railroad retirement board, $172,863.

Nine Casualties Last Week-end On Wisp Ski Slopes

There were nine casualties last week-end on the Wisp Ski slopes, but all of them were not from skiing.

There were some 40 persons in a ski party sponsored by the Columbian Squires of the Cumberland Council 586, Knights of Columbus.

Frederick Darber, Cumberland, suffered a fracture of his right leg, between ankle and knee. He was brought down from the ski slope by toboggan by the ski patrol and a cast was applied at Garrett County Memorial hospital in Oakland and released.

Allen Tapper, Baltimore, suffered a right leg fracture. He was admitted to the hospital, treated and discharged on Tuesday.

Bob Clarke, Cumberland, left ankle injury, treated and released.

Michael Burkey, Cumberland, injury to left knee, given emergency treatment and released.

Gregg Marocco, Cumberland, treated and released.

Anne McGibon, Arlington, Va., cast applied to left leg, treated and released.

Gary Clens, Luke, suffered a knife injury to his hand.

There were two mishaps Saturday. Steve Thompson, Clarksburg, suffered a sprained thumb. Pat Cullen, Washington, sustained a twisted knee.

The slopes were considered dangerous because of the rainy weather.

14 Are Killed On Maryland Hi'ways

Fourteen persons were killed on Maryland highways last week according to the survey published by the State Police. Six drivers, two passengers, and six pedestrians were killed. Alcohol was a contributing factor in three of the deaths, speed in five, and driver error in eight.

"Of the thirty-eight persons killed on Maryland highways so far this year, thirteen of them have been pedestrians", noted Lt. Col. George E. Davidson, Chief of Operations of the State Police. "Police officers who investigated these collisions are of the opinion that the pedestrian was totally responsible in all but four cases and in one it was a combined driver-pedestrian responsibility".

Lt. Col. Davidson continud: "None of the pedestrians killed was a pre-schooler who might have darted thoughtlessly into the path of a car. Each one of them should have been fully aware of the dangers encountered when walking along or crossing a roadway. Yet they obviously failed to take the necessary precautions.

"Safe use of our highways today, and this includes walking as well as driving, precludes any attitude of complacency or inattention. Every pedestrian should assume that the driver might not see him or that, even if he does see him, he won't be able to stop in time. Whenever a car strikes head-on or merely sideswipes a pedestrian, there will probably be little damage to the car but odds are that the pedestrian won't be so fortunate. That's a good thing to keep in mind when walking on or crossing a road".

Attack Unwarranted . . .

(Continued From Page One)

The commissioners, upon favorable acceptance of the college program by the voters, were directed to proceed to provide the money for the county's share of the funds. Instead they have delayed the program by meddling into site selection which was not their responsibility and which already had been taken care of.

The Board of Education was prepared to move ahead but no funds were forthcoming. Friend's charges that providing the money would give Mr. Hawkins a free hand to build whatever he wants to build is a ridiculous statement. He is bound by the wishes of the State Department of Education, the county Board of Education, The Board of Public Works, local committees who have been in on the planning, and others.

Clifford Friend is pursuing the same disruptive tactics he used a few years ago in construction of the two high schools, trying to prevent their construction, and going to court about them in a delaying action which eventually cost the county a million dollars more than it should have. A bond issue to provide construction funds totaling $1,500,000, was authorized in 1947. At that time both schools could have been completed for that amount. But by the time his legal stumbling blocks had been cleared away the buildings were not completed until 1952 and the one and one half millions put up only the main buildings without auditoriums, gymnasiums and shops which eventually cost another million.

Now Mr. Friend is attempting to bungle once more and has drawn into the picture two men who should have been alert enough to stand on their own feet and not be inveigled into a false position. The County Commissioners are duty bound to carry out their responsibilities. They are not expected to try to take on additional responsibilities which are not theirs.

In this instance we must say that Mr. Hawkins is demanding for the Board of Education only what he is entitled to obtain.

months. However, the stork had other plans, which did not exactly jibe with what the parents and doctor had ordered.

Mrs. Stemple awakened her husband in the wee hours of January 24, telling him that she thought the stork was coming, which he already knew, of course. However, what he did not know, and soon found out, was that the stork was almost here.

The race was on. "It was really a mad rush to get her ready", said Mrs. Marie Arnett, who is Mrs. Stemple's mother and who had been staying with them for a time. Ralph warmed up the car, and was all set for a dash to the hospital. Mrs. Stemple was settled in the car, and off they flew. The stork, not to be outdone, flew right along, and somewhere between Red House and Oakland, presented the Stemples with their 6 lb., 2 oz. son. What could Ralph do except keep driving? It helped keep away hysteria, at least.

The car arrived at the hospital about 3:30 a. m. and Mrs. Stemple and her son were escorted inside, where they were pronounced in fine shape.

As for the stork—HE was winging back to wherever-it-is, and chuckling all the while.

Glotfelty-Faulkner To Wed Sunday

Mr. and Mrs. Joe Faulkner, Oakland, announce the forthcoming marriage of their daughter, Carolyn Suzanne, to Gary Grant Glotfelty, son of Mrs. Lena Glotfelty of Accident and the late Kenneth E. Glotfelty.

Wedding ceremonies will be held Sunday, January 28 at 4 p. m. in St. Matthew's Episcopal Church. A reception will follow the ceremony at Faulkner's Restaurant from 4:30 to 6:30. All relatives and friends of the couple are invited.

Miss Faulkner is a 1966 graduate of Southern High School. She attended Maryland Medical Secretarial School in Hagerstown, and is currently employed at the H-P warehouse in Loch Lynn.

The groom is a 1963 graduate of Northern High School. He is currently employed by the West Virginia Pulp and Paper Co. at Luke.

The couple will reside on Second Street in Oakland.

Auto Racing Track Case Is Decided

An Allegany County Circuit court jury returned a verdict Monday for $1,015 for Glynne E. Clark against Edward L. Thomas and Allen Broadwater, individually, and Allen Broadwater, as president of the Tri-State Modified Stock Car association, for grading and other work done on an area stock car racing course in Garrett County, near Frostburg.

The civil action was originally filed against the defendants and Fred J. Rosenbaum, Virginia M. Rosenbaum and James Troutman. By motion of Gorman E. Getty, attorney for the defendants, these three were dismissed from the suit by the court as they were not involved in the improvement contract.

The action was filed for $1,600 as a balance allegedly due for work done on the course, the case disclosed. Associate Judge Harold E. Naughton presided and the jury was out about an hour before returning the verdict.

Deep Creek Fire Company Installs

The Deep Creek Volunteer Fire Company installed officers for 1968 at its regular business meeting on Monday evening, January 22.

The installing ceremonies were conducted by Stu Kuhnle, Vice President of the Allegany-Garrett Firemen's Association, and also a member of the Deep Creek Fire Company.

Company officials installed were Walter Wachter, president; Clarence Long, vice president; Earl Savage, secretary; Andrew DeWitt, treasurer; Arthur Savage, chaplain; Charlie Thomas, chief; Skip Bernard, assistant chief; and Chuck Thomas, captain. The Board of Directors consists of John Dragoo, Earle Railey, David Marple, Clarence Long, and Walter Wachter.

For several months this company has been involved in the construction of a new fire hall, located at McHenry. The structure is progressing nicely, with the electrical work and heating system expected to be completed within a few weeks.

Temporary plans are being laid for a grand opening of he new building sometime in the spring.

Approval Granted For Vocational Work Addition

The Appalachian Regional Commission and the State of Maryland last week approved grants for the construction of additional vocational education facilities at two high schools in the county.

The new facilities are to be built at Southern High Oakland, and at Northern High near Accident.

The Appalachian commission announced the approval of two grants totaling $112,684 for the construction.

The Southern High project will consist of an addition to an existing vocational education center. It wil have a capacity of approximately 250 students and will be open to in-school students as well as adults in the southern area of the county. Total cost of construction will be $295,384. Of this amount, $208,800 will be provided by Maryland and $86,584 under Section 211 of the Appalachian Regional Development act, which authorizes additional federal funds for vocational education schools in the Appalachian region.

The Northern High project is the third and final phase in the expansion of vocational education facilities at that school. It will have a student capacity of 65 and a service area comprising high school students and adults in the northern area of the county.

Total cost of construction will be $90,000. Of this amount, $63,900 will be provided by Maryland and $26,100 under Section 211 of the Appalachian Act.

Willard L. Hawkins, county superintendent of schools, received word of the state approval last Thursday morning, too late to be carried in last week's issue.

No other sedan can make this statement.

"One trunk to a car" has been sedan dogma ever since sedans began.

(And why not? Isn't it obvious that a car can't have two trunks? After all, how can you add a trunk without subtracting an engine?)

Well, you know how we worry about dogma.

So our new VW Fastback Sedan not only has two good-sized trunks, but—since even a Volkswagen can't get along without an engine—an engine.

(What we did was to make the engine only 16 inches high and tuck it underneath the rear trunk.)

Of course, while our Fastback may be the first two-trunked sedan, it's still a Volkswagen.

So it can make a couple of more statements most other sedans can't make.

Gas mileage: up to 27 mpg. The price: $2179*

But best of all, with this car what you gain in function you don't lose in style. Shut both trunks and you have a dashing little fastback.

Believers in the "one trunk to a car" dogma can call us heretics.

But at least we're good-looking heretics.

Grant Explains Con-Con Articles To Izaak Waltons

The Glades Chapter of Izaak Walton League of America met Thursday evening Jan. 18 and members heard W. W. Grant explain the proposed new Maryland Constitution, with particular reference to how it would affect the conseravtion of natural resources in the State.

Mr. Grant, County Delegate to the Constitutional Convention, told the group that the new Constitution would provide for some reorganization of the executive branch of state government. These changes would be affected by legislation and some of them would unquestionably have to do with the conservation and management of natural resources. Mr. Grant urged all citizens to become familiar with the proposed Constitution and to vote at the referendum to be held Tuesday, May 14.

Dr. William G. Savage, President of the Glades Chaper, asked that all Izaak Walton members study the new Constitution, that they vote in the May referendum and urge friends to do the same.

The next meeting of the Glades Chapter will be held on Thursday, Feb. 15, at the Soil Conservation office on Rt. 219, to discuss conservation projects in which the Chapter may become involved.

Power Company's Open House Set Thursday-Friday

For most folks who visit Monongahela Power's new service center on Thursday and Friday, when the power company holds open house, the comfortable temperature inside will be taken for granted. They may be interested, however, to know that the big showroom and adjacent offices are heated by light.

The "Heat-by-Light" system is relatively new. The heat generated by the store's high-level lighting is captured in the light fixture and redistributed by air throughout the building. Such a system is especially suited for buildings with lighting levels of 100 footcandles or more.

While this heating system won't serve the needs of those facilities located in the basement of the building, supplemental heat can be supplied there with individual electric heating units.

Store and offices also are air conditioned. The entire service center is totally electric.

In addition to the store, all electric service facilities for the Oakland district are located in the new center. This includes the appliance service department, district manager's office, collections and accounting office, and transmission and distribution shop.

The center employs a total of 16 people, headed by District Manager Hugh Denison. The Oakland district is a part of the Morgantown division, headed by J. F. Wilt, manager.

Hugh Denison, Oakland district manager, and John Henry, residential sales representative, in their new Monongahela Power store, ready for their public "open house" scheduled this Thursday and Friday.

GORTNER

Pastor Galen Fike, of Eglon, will be in charge of Sunday morning worship service at the Union church.

Mr. and Mrs. Ralph Lichty entertained the "Youth for Christ" sled riding party on Saturday evening. There were a hundred present with Tom Crogan and Dr. Friend. There were sleighs with teams furnished and driven by Amish neighbors; Dwight Snyder and his snow buggy were busy in the field; while Albert Sisk kept the bonfire going. The Lichtys served hot chocolate. Henry and Erma Jean Petersheim and three youths from Washington, D. C., were guests.

Mr. and Mrs. Mahlon Yoder have named their new born son, Aquilla Mark.

Mr. and Mrs. George Miller and Kim, of Baltimore, spent the week-end with her cousins, Mr. and Mrs. Harold White.

Miss Rachel Swartentruber spent Wednesday night with Miss Naomi Schrock while her parents were in Virginia with Mrs. Schrock's brother, Joni Shetler and family, whose daughter, Elmina, is suffering with cancer.

Persons from Meyersdale visiting Owen Swartzentruber were Mrs. Eli Summers, Mr. and Mrs. Noah Fisher, Mr. and Mrs. Dan Kinsinger, Ben Summy and the Pete Yoders. Alvin Schlabach and Alvin Kauffman visited him on Wednesday.

Guests on Saturday of John N. Yoder and family were Mr. and Mrs. Levi Kanagy, Mr. and Mrs. John Petersheim, newly weds, and Mr. and Mrs. Ben Peachy, of Belleville, Pa.

Mr. and Mrs. Albert Sisk spent Sunday afternoon with Mrs. Margaret Meyers and daughter, Miss Jessie, at Aurora. Mrs. Anna Bittinger accompanied them to visit her friend, Miss Hattie Haas.

Mr. and Mrs. Simon Swartzentruber returned home on Monday from Cumberland where Mrs. Swartzentruber had an operation on her eye.

Ernest Gortner is improving from his operation at the veterans' hospital in Pittsburgh.

Mr. and Mrs. Sam Hertzler and son, of Lake Side, Ontario, arrived last week to visit her father, Noah Beachy, on the Blue Ribbon road; and her sister, Mrs. Dan Petersheim; and brothers, Elmer and Dan Beachy. They attended the sing on Sunday evening at Elmer Beachy's. They left on Monday to visit at Meyersdale, enroute home.

Mrs. Claude Swartzentruber is in New Wilmington, Pa., her former home, attending the funeral of her aunt, Mrs. Andrew Byler.

Mrs. Anna Welch, Mrs. Nora Wicklegrem and Mrs. Olivio Fike visited Mrs. Nellie Paugh at Mt. Lake Park, Sunday afternoon.

CARD OF THANKS

We wish to extend our thanks to our friends and relatives for their kindness and expressions of sympathy at the death of our wife and mother, Marie Green.

We especially want to thank Rev. James Remley and the Minnich Funeral Home.

The Family

IN MEMORIAM

In loving memory of our dear parents, who passed away, Frederick Holtschneider, who passed away eleven years ago, January 10, 1957, and Mary Etta, who passed away one year ago, January 27, 1967.

Although goodbye is hard to say and very hard to bear,
May knowing that the parents we love are in the Master's care
Help ease the sorrow in our hearts and bring assurance, too,
That we'll be reunited where our loved ones are waiting, too.
As long as memory lasts our loved ones will not die.
For memory grows sweeter still as the days and years go by,
Until the time we meet, dear parents,
Where we shall never say goodbye.

Sadly missed by
Sons and Daughters
and Grandchildren

—Adv. 47-1t.

View from your Window

What do you see from your window? Another house across the street? A wheat field? A pine forest? A placidly flowing river, or an endlessly crashing sea? Your view, of course, depends on where you live.

The kind of church you go to—whether it is Gothic in style or white frame, a pale pink stucco built in a Spanish manner, or a domed cathedral, depends, too, upon where you live.

But whatever the size . . . whatever the shape . . . the Church is the Church. God's House assumes many forms on earth, but in all of them you will find His teachings, His word, His spirit.

Go to *your* church next Sunday.

THE CHURCH FOR ALL . . . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

IN PERSON!

Lesson for January 28, 1968

Background Scripture: John 4:1-42.
Devotional Reading: Luke 19:1-10.

"I can't find it anywhere," says the saleswoman. Though the package had borne my name and had been placed on the "hold" shelf, one of the clerks had obviously sold the item which was to have been held for me. Intended as a gift, it was the last one in stock and in town. I was angry and she was indifferent, but both of us managed to keep our masks in place. "I'm sorry," she said and it was obvious that she wasn't really. "All right," I replied in a way that implied it was anything but all right.

Rev. Althouse

Chance Encounters

This brief encounter is but one of the great number of encounters that make up so much of our daily lives. A few words are spoken to someone, meaningful looks are exchanged, proprieties are observed, and that's it. Perhaps we never see these persons again or perhaps we see them regularly but the relationship remains essentially the same. They seem to us totally unimportant, not the kind of thing one would enter in a diary or a journal.

In John's gospel, however, we find that even the so-called "chance encounters" of Jesus were deeply significant. How well this is illustrated in chapter four when Jesus encounters the Samaritan woman at the well. A thirsty Galilean, a hostile Samaritan woman, a request for water, a sarcastic refusal. Nothing extraordinary here and yet John asks us to look beyond the mere events and words themselves and see the transforming power of God at work in even this common situation.

Her reaction is hardly unexpected. She taunts him sarcastically: Why should a Jew ask water of a Samaritan, if, as Jews so obviously believed, Samaritans were beneath their contempt? When Jesus does not make the slightest response to her taunts, she returns to arguing with him, baiting him. And still Jesus refuses to become involved in a petty dispute.

"Go, call your husband, and come here," he suggests. Now he has struck a nerve: your husband! "I have no husband." She replies. Can you imagine how his next words shocked her: "You are right in saying, 'I have no husband,' for you have had five husbands and he whom you now have is not your husband." You are a prophet, she exclaims, but she soon realizes that he is more than that: he is the long-awaited Messiah.

Come, See A Man

Excitedly the woman dashes off. She is so excited that she forgets the water jug and leaves it at the well as she hurries to the city to tell everyone there of this strange man from Galilee. Often this is the way people are affected when they encounter Jesus Christ personally. He makes such an impression that lesser things are forgotten or put aside and there is felt a compulsion to tell others about him.

The woman's testimony was compelling enough to bring many Samaritans to him at the well. They ask him to stay longer and he does. As a result, "many Samaritans from that city believed in him." A simple encounter between two strangers at a well has become the occasion for people to come to know Jesus Christ.

Jesus might have accepted the woman's refusal and left it go at that, but he did not. So because Jesus persisted, because a woman witnessed to her encounter, because a town was receptive, a large number of people encountered the Christ.

Thomas Carlyle once said, "What this parish needs is what every parish needs, a man who knows God at more than second-hand." We all need a first-hand encounter with Christ. For the people of the Samaritan town, the woman's testimony was the beginning of their encounter, but "many more believed because of his word." A second-hand Christ may be all right for a starter, but what we really need is to encounter him in person.

GET YOUR INFORMATION FROM YOUR PHYSICIAN

Too little knowledge has always been a danger and there are too many people with insufficient knowledge, who are quick to offer advice about what to do for almost any sickness. Often well meaning friends will offer you drugs Doctors have prescribed for them, because their symptoms resemble your problem. In days long past, no harm was usually done. We had few positive action drugs.

Medicines now are usually much more powerful. They no longer, as a rule, are the old type of many ingredient combinations, given with the hope that one of the different drugs will help. Please do not offer your friends any medicine you take yourself unless their doctor approves. It is possible to harm instead of help.

1968 Conservation Program Opened

The opening of the 1968 Agricultural Conservation Program was announced this week by I. William Umbel, County ASC Committee chairman. The sign-up will begin at the ASCS Office on Monday, February 5.

This program, know as ACP, provides cost-sharing for land owners to encourage the performance of needed conservation measures. Practices in the 1968 program include: seeding permanent legumes and grasses, application of lime to cropland, contour strip-cropping, planting trees, applying fertilizer and lime to permanent pasture, developing springs for livestock water, constructing ponds for livestock water, irrigation, fire protection, spraying, or wildlife, pipe lines for livestock water, timber stand improvement, sod waterways, diversion terraces, open ditch drainage, tile drainage, seeding winter or summer cover crops, wildlife food or cover plots, developing shallow water areas for wildlife, planting trees for aesthetic value, and timber stand improvement for aesthetic value.

For most practices, the cost-share rates amount to about 50 per cent of the cost. However, the rates are up to 80 per cent of the cost for certain practices, Mr. Umbel said.

He urged farmers who plan to use lime or fertilizer to take soil samples as soon as possible and to submit them to the County Extension Agent's Office for testing. Soil sample boxes and complete instructions for obtaining samples will be furnished free of charge.

No final date for enrolling in the program has been set except in the case of tree planting. Requests for cost-sharing for tree planting will be accepted only through April 30.

Mr. Umbel emphasized that all requests for cost-sharing must be filed at the ASCS Office before work on the practice is begun.

Pres. Johnson signed a $40 million rat control bill.

School Spirit Shown at Pep Rally

Tuesday, a pep rally was held to spark enthusiasm for the meeting between Northern and Valley that night.

A highlight of the rally was a sign reading "Happiness is putting Valley in the dog house". A "Huskie" actually chased a "Valley player' into a dog house.

Debbie Pugh, captain, led the varsity cheerleaders in a variety of victory cheers while the junior varsity and junior high cheerleaders also participated.

The majorettes performed to the music of the Senior band.

Pictures For Yearbook Taken

To have an interesting and up-to-date yearbook, this year's North Star staff employed professional photographers to take pictures for the 1967-68 yearbook. Last Thursday all the clubs, the choruses, the bands, and various other organizations posed for pictures throughout the day.

Yearbooks On Sale

Northern's yearbook, "The North Star", is on sale with a price of $5. A down payment of $2.50 will reserve one. A personalized yearbook may be had for $6. The books are expected to arrive by May 15.

Curriculum Discussed

Senior High students have been filling out next year's prospective schedules. Juniors met with Francis Harris., prin., Tuesday to discuss class choices. Sophomores met Wednesday, the Freshmen were to meet with him today. Junior high students will prepare their scheludes next week.

Wrestling Mat Fun

A new wrestling mat, 570 square feet, was ordered December 8 by Coach Jack Lear and Lilburn Brown, athletic director. Cost of the mat is $1,200.50, too great for the atthletic departmen to handle. Square feet of the mat are being purchased for $2.25 per foot. Clubs, homerooms, organizations and individuals are contributing to the fund and over 60 square feet have been sold to date.

Valley High Halts Northern 56 - 54

Dave Wilson of Valley High school sank two foul shots with eight seconds remaining in the game to hand Northern High Huskies their first setback of the current campaign on Tuesday night at Lonaconing. The final score was 56 to 54.

Valley, which at one point trailed by nine points, instituted a full court press later in the third period and throughout the final quarter to knot the score at 49-49 with 3:25 showing on the clock.

The score 54-all with eight seconds left when Wilson stood at the foul line and made a pair of free throws, scoring what proved to be the winning points. The Huskies had won eleven consecutive victories before being stopped by Valley which has a record now of 7-6.

Wilson and Bill Simpson who finished with 18 and 19 points respectively, provided most of the scoring punch in the Black Knights' last surge as well as most of the defensive play which enabled Valley to gain control of loose balls and the backboards.

Northern appeared to be in control during the first three quarters but seemed frustrated by Valley's ball control in the final period. The Huskies held leads at the quarters of 15 to 10, 30 to 25 and 43 to 38 and they were never behind during those times.

Valley actually won the game at the foul line, netting 16 of 20 attempts while Northern had 10 of 16. Northern led in field goals 22 to 20.

Gary Reichenbecher, who had sparked the Huskies' unbeaten string, again was Northern's leading scorer with 29 points, on 11 field goals and 6 for 9 at the foul line.

Valley's junior varsity won the preliminary 67 to 37. Valley will meet Southern High on the Lonaconing court on Friday evening.

Hassle On Schools Not a New One

Events concerning a hassle over schools were taken from the files of The Republican to show that a similar pattern has been in the making at the present time.

This former hassle began back in 1947 and continued until the two high schools were completed in 1952.

A bond issue authorzing $1,500,000 had been passed by the 1947 legislature. In March of that year the Board of Education had recommended a county wide school program of improvements.

On June 10, 1948 school authorities had recommended two high schools for the county. Endorsement of the project was indicated. The idea of two high schools was approved in principle and the program was made official August 4, 1948 and agreement made to spend $1,404,000 at Oakland, and $1,000,000 near Keyser Ridge.

Petitions to abandon the master plan were presented to the county commissioners October 5, 1948, engineered by Clifford Friend.

A bill to authorize a referendum in the county on how the residents wished to spend the $1,500,000 for school construction, was defeated in the Senate May 2, 1950. In the meantime a suit had been docketed in the circuit court praying the court to enjoin the commissioners from constructing high school buildings either at Oakland or Cove. The decision favored the commissioner, and the case was taken to the Court of Appeals. The court of appeals upheld the lower court.

Appeal judges declared there was no limitations as complainants had claimed that funds authorized could be spent only on existing schools. Bids of $1,931,020 were received and considered high and excessive and they were returned to bidders for reconsideration.

Bids then were received for $847,258 for building at Oakland, and $747,883 at Cove, which were accepted. These did not include any auditoriums, gymnasiums or shops, which had to be constructed later.

Northern Winner Over Terra Alta

Northern High School won its eleventh victory of the season, breezing past Terra Alta high school 85 to 55 last Friday evening at Accident.

The undefeated Huskies were sparked, as usual, by Gary Reichenbecher, who netted 13 field goals and sank five of nine foul attempts for a 31-point total. John Braskey added 16 points to the Northern cause and Dana Umble had 15.

The Huskies jumped out to a 24-7 lead after the first period and held a 38-26 advantage at the half. The Huskies led by 58 to 39 after three quarters.

Northern outshot Terra Alta from the floor, 35 to 20, although the losers held a meaningless 18 to 15 adge at the free throw line.

Kelly was high man for Terra Alta with 16 points while Napper and Haskle chipped in with eleven points each. Miller also had 3, Dixon 9, Kale 2 and Sanders 6. Others scoring for Northern included Goehringer 9, Frickey 2, Cupplo 8, Layman 2, Sisler 2. Non-scoring were Thomas, Aiken and Georg.

In the preliminary contest the Northern junior varsity nipped Terra Alta by the score of 38 to 34.

DIED

MRS. R. E. DAWSON

Funeral services were conducted from the Kiger-Williams Funeral Home in Kingwood on Sunday, January 14, for Mrs. Millicent Dawson, 60, of Kingwood, who died Thursday, January 11 in Preston Memorial Hospital. Rev. Forrest Campbell officiated and burial was in the Oakland cemetery.

Mrs. Dawson was born May 27, 1907, near Blaine, the daughter of the late Amos and Julie Lee Lee.

Survivors include her husband, R. E. Dawson, area superintendent of the C. and A. Gas Company in Kingwood; one daughter, Mary Dawson, of Kingwood; two sons, Wayne Dawson of Kingwood and Dr. Wallace Dawson of Cape Coral, Fla.; one brother, Russell Lee of Pisgah; one sister, Susan Lee of Pisgah; and three granddaughters.

The Dawsons were former residents of Oakland.

MRS. LOIS GRAEF

Mrs. Lois Enlow Graef, 80, of Connersville, Ind., and widow of Clarence E. Graef, died Wednesday, January 10 in Fayette Memorial hospital in Connersville.

Deceased was born in this county October 16, 1884, a daughter of the late Mr. and Mrs. James A. Enlow, of Mt. Lake Park. She had been a wheelchair invalid for a number of years.

Funeral services were conducted Friday, January 12, from the Thompson-Brown-Urban funeral home with Rev. Jack B. Haskins, officiating. Interment was in Forest Hill cemetery, Piqua, Ohio.

MRS. WILLIAM F. PAUGH

Mrs. Icy Gertrude Paugh, 61, of Kitzmiller, died Saturday, January 20 in Garrett County Memorial Hospital in Oakland, where she had been admitted Monday.

Born near Elk Garden, she was a daughter of the late Martin and Mary Cordelia (Rhodes) Paugh. She was twice married, and her first husband, Perrin Westfall, preceded her in death.

Surviving are her husband, William F. Paugh; one son, John E. Kitzmiller, Baltimore; one daughter, Miss Janey Westfall, Elk Garden; three step-sons, William H. Paugh, Washington, D. C.; Garland Paugh, Jamaica, N. Y., and Pvt. Daniel R. Paugh, Fort Dix, N. J.; two step-daughters, Mrs. Mary Comer, Baltimore, and Miss Linda Paugh, Baltimore; four brothers, William Paugh, Kitzmiller, and Theodore, Thomas, and Teddy Paugh, all of Elk Garden.

The body was taken to the Sharpless Funeral Home in Blaine, where funeral services were conducted at 2:30 p. m. Tuesday with Rev. Harley DeLeurere officiating. Interment was in Nethken Hill Cemetery, Elk Garden.

MRS. ROBERT M. BRUCE

Mrs. Jane (Bowen) Bruce, 57, of 223 Washington Street, in Cumberland, was pronounced dead on arrival at Cumberland Memorial Hospital on Saturday, January 20.

Dr. Benedict Skitarelic, deputy medical examiner for Allegany County, said an autopsy was performed and reported death was due to natural causes.

Born in Grantsville January 9, 1911, she was a daughter of the late Dr. Ralph and Rose (Callaghan) Bowen.

Mrs. Bruce was a member of SS. Peter and Paul Catholic Church and was past president of the Sacred Heart Hospital Auxiliary.

She is survived by her husband, Robert B. Bruce; two sons, Herbert Dye, of Indiana and Jack Dye, of Texas; a brother, Dr. Frank Bowen, Hartford, Conn., and a sister, Mrs. Ellie Owen, LeLean, Va.

The body was taken to the Stein Funeral Home in Cumberland. A requiem mass was celebrated in SS. Peter and Paul church Wednesday at 9:30 a. m., and interment was in the parish cemetery.

MRS. HARRY COFFMAN

Mrs. Nellie Gladys Coffman, 63, of Cumberland, died Wednesday, January 17 at Memorial Hospital after an illness of two months.

A native of Altamont, she was a daughter of the late Evan and Bertha E. (Martin) Matthews. Her husband, Harry Coffman, died in 1963. She was a member of the Seventh Day Adventist Church.

Surviving are a son, Evan L. Smith, LaVale; a brother, Harold M. Matthews, Cumberland; a sister, Mrs. John Newhouse, Cumberland; two grandchildren; and three great-grandchildren.

The body was taken to the Hafer Funeral Home in Cumberland. Burial was in Hillcrest Burial Park, also in Cumberland.

Southern Wrestlers Down Northern

Coach Asa McCain's Southern High school grapplers posted their initial victory of the season Monday night when they crushed their county rival, Northern High school by the score of 38 to 6 at Oakland.

The Highlanders captured ten of the 12 matches, six by decisions and four by pins.

Paul Miller, Southern's 147-pounder, notched his fifth consecutive win of the season by pinning Jim VanSickle in 41 seconds of the second period.

Southern had lost four in a row prior to Monday night's contest.

CO-CAPTAINS FOR 1968—Dave Bosley, end, and Darrell Kitzmiller, tackle, from left to right, are co-captains for the 1968 Southern High football team.

Southern Nosed Out By Elk Garden

Elk Garden was forced to rebound from a three-point halftime deficit to defeat the Southern Highlanders by the score of 46 to 42 last Friday night at Oakland.

Bert Mason sparked the Stags with 13 points while Bobby Pritts added eleven. Southern held a 10-7 lead after the first period and was ahead 25 to 23 at halftime but the Stags rallied in the second half to take a one-point lead 33-32 after three periods of play and held on to take the contest.

Southern High outshot Elk Garden from the floor 18 to 17, but the Elks sank 12 of 22 free throws while the Highlanders managed only six of their eleven tries. Alvarez and Hawkins were eliminated on five personal fouls.

Andy Cosby was high man for the losers with 13 points while Bill Hawkins had eleven. Alvarez had three points, Speicher 6, Evans 9, to complete the Highlander scoring. Bosley and Flanagan were nonscoring.

For Elk Garden Lucas had 5, Waybright 9, J. Pritts 2 and Schwinabart 6.

Southern's junior varsity team defeated Elk Garden 60 to 30 in the preliminary contest.

LETTER TO THE EDITOR

As a resident of Bloomington, I want to thank the people who made the arrangements to place the new signs on Backbone Mountain. These signs with warnings of the steep highway and hazardous curve at the foot of the Mountain should be sufficient to convince all drivers of the dangerous conditions existing on this highway.

The 10 mile per hour restriction for trucks is also helpful because if a truck is going fast, we now know that it must be running away. Before this speed limit was imposed some truckers normally drove as fast or faster than the law allowed. Many times we all listened to hear if a fast truck would crash and as we all know, several did!

The men who cut the trees making it possible to see from the Luke Road to the Bloomington Bridge also deserve a lot of praise. This has certainly made me feel safer by being able to see that no truck is going to meet me at the curve.

Only time will tell if these improvements will be of any value but I feel that the residents of Bloomington rest a little better knowing that some people were concerned enough about our problem to do something about it.

I also wish to express my thanks to the Piedmont Herald for keeping the public so well informed on this problem. Without this newspaper's help, the fact that we were protesting would have been to no avail because so few people would have known or understood our reasons for picketing this dangerous highway.

Mrs. Dolores Boal
Bloomington, Maryland

He is married to the former Virginia Carn of Savannah, George, and is the son of Mr. and Mrs. Cecil Z. Ramsey of Star Route, Oakland.

Sermonette

The Nation's Greatest Need

"Blessed is the nation Whose God is the Lord". Psa. 33:12.

1. The Nation's greatest need today is to recognize the sovereignity of God. It will put iron into men's blood and strength into their resolve to do right. Yet, today there are many who have no time for God. They ignore his name and never use it unless in profanity or in time of disaster and when all earthly things fail they return to him. How much better to remember him all the way, allowing his throne to be set up in our hearts; giving place to his plan and looking forward to the consummation that shall be glorious and the victory eternal.

2. As we study the scriptures we find it a stormy book; there are battles and movement of things, upheavals of kingdoms, the presence of enemies and terror, the marching of armed forces, the pestilence that walketh in darkness. Also we see green pastures and feel the sweetness of the Lord, for God is the king. He hath founded his kingdom upon the seas and established it upon the floods.

3. Multitudes turn to the wrong way, but in the thick of the fight and amidst the clamour of the world there is the voice of the great multitude amidst the mighty thunderings, saying, "Hallelujah, for the Lord God Omnipotent reigneth".

4. God calls us to realize that he is on the throne. His voice is not meant as a lullaby, but intended to be the clarion call of authority. There are calls for rest of heart, but there is also the demand to tread the steep ways that lead to purity. If need be this calls us to walk without fear into the "Valley of the Shadow of death". The Lord God resigns! Every man then should realize that God hath said, "Righteousness exalteth a nation but sin is a reproach to any people. If one is on his side he need not fear, for he shall never meet defeat.

5. God has given us a pleasant land, a very fertile and fruitful land, a land blessed with intelligence, liberty and Christian faith. Ours is a goodly heritage. No bombers ever bombed our cities, no armies have invaded our shores and we as a nation must look to and pray for the continued leadership of our God who worketh all things according to the council of his own will. Any nation who looks to God is blessed in his sight.

with Southern States Top Quality Seed

Sure. Top Quality Seed sometimes costs a little more than ordinary seed. Maybe a penny or two more per acre out of every dollar of annual production cost.

But Top Quality Seed gives you 10% and more greater yields than ordinary seed, say conservative agronomists.

Down go your production costs per acre, up go your profits.

Motor Violators Docket Lists Four

Three out of four persons brought before Oakland Trial Magistrate Robert M. Maroney during the past week pleaded not guilty to the charges against them. In only one of these cases did the verdict match the plea.

Madelyn Virginia Thomas, Oakland, pleaded not guilty and was found not guilty of operating her vehicle at a speed greater than reasonable.

Elwood Sylvester Lee, Swanton, pleaded not guilty but was found guilty of failure to stop after striking an unattended vehicle. He was fined $25 and costs.

Ralph Eugene Reams also entered a not guilty plea, but was found guilty and fined $5 and costs for parking along a snow emergency route while an emergency was in effect.

Rodney William Rinehart, Aurora, W. Va., forfeited collateral of $12 and costs for changing from a direct course of travel when such a move was unsafe.

Monon Power Hosts Dealers

Electric appliance dealers and salesmen from this area participated in a sales seminar held in Clarksburg last Thursday.

The seminar, which was sponsored by Monongahela Power Company, was conducted by Miss Eden Ryl, sales consultant. Held in the Nathan Goff Armory, it was climaxed with a reception and dinner.

The following persons from the Oakland area attended the event: Mr. and Mrs. Don Sell and Mrs. Delores Pomeroy of A. D. Naylor; Mr. and Mrs. Delbert Bittinger of Del Builders; Hugh Denison, John Henry, and Phillip Moreland of Monongahelia Power Company.

It was announced that A. D. Naylor for the past year placed first in the Morgantown Division in a sales incentive program for the sale of flamesless electric ranges, dryers, dishwashers and water heaters. The Morgantown Division is comprised of Morgantown, Kingwood, Terra Alta and Oakland "Live Better Electrically" appliance dealers.

DEER PARK

Mrs. Anna Clatterbuck, chairman, and Mrs. Martha Jane Green, co-chairman, announce a Mothers' March for the March of Dimes on Sunday afternoon, January 28. The funds from the drive is now used principally for birth defects, of which there are as many as 5,000 a year in Maryland. Birth defects include spina bifada, open spine, cleft palate and hundreds of other deformities. Mrs. Clatterbuck has been local chairman of the Deer Park area since 1939. She recalls the first work done was collecting dimes from door to door by the 4-H Girls' club and the sum of $4.20 was sent to the late Dr. E. I. Baumgartner, county chairman, on January 28, 1939. Since that time as much as $270.00 has been collected in one year. Mrs. Grace Thrasher has always been a loyal supporter of the March of Dimes. Your cooperation in helping the Marchers in the Mothers' March will be appreciated.

Services will be held at the Methodist church on January 28, at 7:30 p. m., with Rev. William Markley, pastor, in charge.

Mrs. Evelyn Perando, who has been a patient in Garrett County Memorial hospital, has returned to her home.

The children of Raymond Paugh have been called here due to the illness of their father. Mr. Paugh is improved at this writing.

Never
Clean Your Toilet Again
LET DuraSani
TOILET BOWL CLEANER
DO IT FOR YOU Automatically

Amazing New DuraSani
CLEANS and DEODORIZES Bowl
EVERY TIME TOILET IS FLUSHED

Think of it!—NEVER AGAIN will you have to face the most hated, most disgusting, most miserable bathroom chore of all—the cleaning and deodorizing of the toilet bowl! DuraSani will do it for you effortlessly, silently, AUTOMATICALLY! With every flush of the toilet, DuraSani not only CLEANS the toilet bowl, but DEODORIZES it too—all at the same time, without any muss or fuss of any kind. And DuraSani is so economical, compared to old fashioned bowl care maintenance. Never again will you have to dig out the bowl brush or toilet mop, the cleansers or bowl cleaners to clean a toilet bowl, because from the minute you put DuraSani to work for you, you'll never have to clean a toilet bowl again—ever!*

ELIMINATES MOST HATED BATHROOM CHORE FOREVER...AND IN JUST THE TIME IT TAKES TO FLUSH YOUR TOILET, TOO!

DuraSani is a completely self-contained unit which requires no installation. You can do it yourself—in just seconds! All you do is take the lid off the flush tank of your toilet, hang DuraSani inside of the tank, replace the lid—and DuraSani goes to work immediately to keep your toilet bowl clean AUTOMATICALLY. Here's how DuraSani works: When it hangs hidden inside the flush tank, it automatically releases a measured amount of an exclusive formula into the water. This chemical formula contains detergents to clean the bowl...silicones to prevent hard-water rings from forming...plus an effective deodorant, too. When the toilet is flushed, the water containing this formula rushes into the bowl and begins to clean it. And every flush brings more formula to keep the toilet bowl clean and sanitary at all times. What's more, the water is tinted a cool, pleasant blue, to tell you that DuraSani is on the job. "When the water's blue, DuraSani is cleaning up for you!"

GOOD FOR 3,000 OR MORE FLUSHES...UP TO 6 FULL MONTHS OF AUTOMATIC TOILET BOWL CLEANING FOR LESS THAN A PENNY A DAY

Each DuraSani contains enough formula to clean and deodorize a toilet bowl over 3,000 times! That's as many as 6 full months of freedom from the drudgery of the most obnoxious cleaning chore of all, in the average household, for just $1.98. Why, it's the next best thing to having a family maid . . . yet it actually costs less than a penny a day!

*In areas with normal water pressure

No. 5651 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

This is to give notice that on the 24th day of January, 1968, a Bill of Complaint was filed in the Circuit Court for Garrett County, Maryland, by the Plaintiffs against the Defendants at the addresses herein above set forth. The object of these proceedings is to procure the passage of a decree for the sale of the real estate of Cora E. Opel, situate in Election District No. 3, Garrett County, Maryland, and for the payment of debts and claims filed against the property:

The bill states:

That during her lifetime and at the time of her death, Cora E. Opel, was seized and possessed of a parcel of land situate in the Town of Grantsville, Election District No. 3, Garrett County, Maryland, and being the same as described in a deed from Julius C. Renninger, et al, to Catherine Opel, dated August 19, 1920, and recorded in Liber E.Z.T. No. 80, folio 73, one of the Land Records of Garrett County, Maryland; this same property was then devised to Cora E. Opel, under the will of her mother, Catherine Opel, the latter having departed this life testate on October 9, 1927; that surviving her are her next of kin and heirs at law as follows: (a) John Opel, a nephew who intermarried with Margaret Opel (who is now deceased)—John Opel now residing in Accident, Maryland. (b) Anna Harman, niece who intermarried with Oscar Harman both of whom reside in Accident, Maryland. (c) Leah Beitzel, niece who intermarried with Jacob Beitzel (now deceased) residing in Accident, Maryland, (d) June Beachy, a niece who intermarried with Alvin Beachy, both of whom reside at Grantsville, Maryland, (e) Orpha Georg, a niece who intermarried with Paul Georg, both of whom reside in Gambrills, Maryland, (f) Annie Tressler, niece, who intermarried with Sherman Tressler, both of whom reside in Mt. Lake Park, Maryland, (g) Lewis Krause, a nephew who intermarried with Gertrude Krause, both of whom reside in Upper Marlboro, Maryland. The Board of Complaint further indicates there are other parties who may be kin and heirs of the said Cora E. Opel, but are unknown to the Plaintiffs. That Anna Harman qualified as Administratrix of the estate of Cora Opel on August 9, 1966, as will appear by reference to a Certificate of Letters filed as Plaintiff's Exhibit No. 3; that the personal estate of the said decedent is insufficient to pay the indebtedness filed against the estate and that at the time of her death Cora E. Opel was indebted to the Garrett County Welfare Board in the amount of $1441.32, representing amounts advanced to the said decedent during her life time as Old Age Assistance under the laws of the United States and the State of Maryland, and the said Cora E. Opel is further indebted to the Newman Funeral Home in the amount of $975.00 and also unto divers other persons, and that the said real estate is not of sufficient value to satisfy all claims against the estate of the decedent.

The bill then prays for a decree for the sale of said real estate, for the sale of debts and claims and for general relief.

WHEREFORE, it is ORDERED by the Circuit Court for Garrett County, Maryland, this 24th day of January, 1968, that the Plaintiffs cause a copy of this Order to be inserted in a newspaper published in Garrett County, once a week in each of four successive weeks, before the 16th day of February, 1968, giving notice to the said unknown heirs who may be defendants of the object and substance of the Bill of Complaint and warning them to show cause, if any there may be, on or before the 18th day of March, 1968, why a decree should not be passed as prayed.

Sheriff's Sale
OF VALUABLE
Real Estate

Situate in Election District No. 12, Garrett County, Maryland.

Under and by virtue of a writ of fieri facias issued out of the Circuit Court for Garrett County, Maryland, in a proceeding known as No. 653 Judicials in said Court, I hereby give notice that on

FEBRUARY 9, 1968
At 11:00 A. M.

in front of the Court House in the Town of Oakland, Maryland, I will offer for sale at public auction fee simple title in and to those parcels of land situate, lying and being in Election District No. 12, Garrett County, Maryland, described as follows:

All those lots, pieces or parcels of land situate, lying and being in Election District No. 12 of Garrett County, Maryland, constituting that tract of land locally known as "The Adam Harmon Farm", the same being designated as Military Lots Nos. 2334, 2335, 2399 and 2400, containing 50 acres of land each and making a total of 200 acres.

Saving and excepting a right of way for railroad granted to Jennings Brothers and all the coal and other minerals or mineral substances under the surface soil of the said land with the right to mine and remove the same, as reserved in a deed from Charles F. Shaw and others to Cornelius Bowser bearing date May 30, 1904, and recorded in Liber E.Z.T. No. 47, folio 208, one of the Land Records of Garrett County, Maryland, and also reserving all that parcel of land conveyed by Joseph Bowser by deed dated April 20, 1917, and recorded in Liber E.Z.T. No. 72, folio 155, one of the Land Records of Garrett County, Maryland, and described as follows, to-wit:

Beginning for the same at a stake, it being the North-east corner of the lands of Gustovus Stanton, and running thence by a straight line east 51 rods to the county road leading from Bittinger to Grantsville, thence North with the course of said county road 80 rods to the line of Elias Lohr farm; thence following the outline of said Elias Lohr farm west 71 rods to a stake at the corner of Levi Resh lands, and thence by a straight line to the place of beginning, containing 30½ acres of land, more or less.

The above land is the same which was conveyed to Gilbert T. Green by deed from Joseph Bowser and wife, dated the 27th day of November, 1918, and recorded in Liber E.Z.T. No. 74, folio 471, one of said Land Records.

Also saving and excepting from this conveyance all that other parcel of land conveyed by said Gilbert T. Green and wife to Harold Green and wife, by deed dated January 7, 1938, and recorded in Liber A.G.R. No. 117, one of said Land Records and described as follows:

Beginning at a bar post at the Bittinger road and thence generally following the railroad grade North 83° East 433 feet; thence North 68° East 782 feet; thence North 88½° East 534 feet; thence North 82° East 345 feet; thence South 62° East 463 feet to the property line; thence leaving the railroad grade and following property line North 8° East, 886 feet to corner; thence North 84½° West, 2081 feet to the Bittinger road; thence with the same South 23¾° West, 500 feet; thence South 21½° West, 732 feet to the place of beginning, containing 38.5 acres, more or less.

It is the intention to convey by this deed all of the remainder of said Military Lots not heretofore excepted, the same containing 131 acres, more or less.

This being the same property as conveyed to Lawrence Beitzel and Thelma Beitzel, his wife, by deed from Gilbert T. Green, et ux, dated January 18, 1938, and recorded in Liber A.G.R. No. 117, folio 204, one of the Land Records of Garrett County, Maryland.

Sale will include buildings and improvements located on said real estate.

TERMS OF SALE—Cash on day of sale.

Homemaker Topic Is Mental Illness

The topic for discussion in the Homemakers Clubs in Garrett County for February will be, "Mental Illness - Attitudes". The Family Life Chairmen will teach the lesson in each club. A report on "China" will be given by the International Relations Chairman.

Feb. 1—New Germany club will meet at 1:30 p. m., at the home of Mrs. Floyd Broadwater.

A Month For Eggs

February is considered a month for eggs and the Extension Agent, Home Economics, Mrs. Freda S. Denison, sugegsts that homemakers try making a souffle. She says:

"Try this **Never Fail Corn Souffle** for an impressive luncheon entree; Hot rolls, a crisp salad and a hot beverage will round out a fine meal.

3 eggs, separated; 1 cup milk, scalded; 1½ cups grated American cheese, 1 tblsp. butter or margarine; 1 1-lb. can cream style corn; 1½ cups soft bread cubes, ½ tsp. dry mustard, ¾ tsp. salt, ¼ tsp. liquid pepper sauce.

TO PREPARE: Beat egg yolks until thick and creamy. Pour yolks into saucepan and add milk, beating to blend. Add butter and cheese. Cook over low heat until melted, stirring frequently. Add corn, bread cubes, dry mustard, salt and liquid pepper. Remove from heat and allow to cool slightly. Beat agg whites until stiff, but not dry and fold into corn mixture. Pour into a 2 quart souffle baking dish. Bake in a slow oven 325 degrees F., about 45 min. or until firm. Serve immediately. Timing of souffle is important - you can't keep it waiting more than 15 minutes. Keep it in the oven with the heat turned off. Makes 6 servings".

Miss Feaster Accepted By Davis and Elkins

Barbara Ann Feaster, daughter of Dr. and Mrs. James H. Feaster, Jr., of 729 East Green street, Oakland, has been accepted for admission to Davis and Elkins College, Elkins, W. Va., for the fall term in 1968.

She is a senior at Southern Garrett County High school where she is active in sports and is managing editor of the school newspaper.

Although not completely decided upon a career, she has shown an interest in physical therapy and physical education.

Davis and Elkin has an enrollment of approximately 800 students and is related to the Presbyterian Church. Degrees are offered in 23 major areas of study.

Truck Blaze Extinguished

Couple to Wed

Mr. and Mrs. Donald Wilt of Westernport, announce the engagement of her daughter, Patricia Lea Shingler, to Robert Lee Smith, son of Mrs. Bertha Smith, Swanton, and the late Harley Smith.

Miss Shingler is a senior at Bruce High School.

A graduate of Bruce High School, Mr. Smith is employed in Swanton.

No date has been set for the wedding.

Another Opportunity Given For Medicare

About 1.4 million people over 65 who failed to sign up for the supplementary medical insurance under medicare, will also miss out on some new payments unless they take advantage of the period now open to enroll, provided by recent legislation.

These people will be receiving an application blank in the mail soon which will give them through April 1 to indicate whether or not they want the supplementary coverage. If they sign up by April 1, their coverage will begin July 1. The premium paid by the person who enrolls on time will be $4 a month, matched dollar for dollar by the Government.

Those who miss out this second time will have to wait another year, and pay a premium that is 10 percent higher for each full year they would have had the medical insurance, but were not enrolled. Those now enrolling, who for a year or longer had been eligible but had not signed up, will pay an additional premium of 40 cents a month above the $4.

"Dusty" Stanton Accepted At Potomac State

Gary "Dusty" Stanton, son of Mr. and Mrs. Robert J. Stanton, of Oakland, and a senior at Southern High School, has been accepted by Potomac State College of West Virginia university, Keyser, for the 1968 fall term, he was advised recently.

Defensive Driving Course Begins Tuesday, Feb. 13

The first defensive driving course of the new year will be held in the court room at the Oakland Courthouse, beginning February 13. The course, which will be held on four consecutive Tuesdays, is open to all licensed drivers.

The sessions will be held from 7-9 p. m. on February 13, 20, 27 and March 5. Tfc. Lloyd Dunton of the Maryland State Police will instruct the classes.

Fee for the course is one dollar; this includes the cost of supplies, which will be furnished by the instructor. A maximum of 100 may attend the sessions.

Persons wishing to receive a certificate showing that they have completed the defensive driver training sessions must attend the first session in order to be enrolled in the class. Anyone who missed a session from a previous course may make it up by attending the proper class, after notifying Tfc. Dunton.

VOLUME 91. OAKLAND, GARRETT COUNTY, MD., FEBRUARY 1, 1968 PER COPY 10c NUMBER 49.

Glorious Legacy . . .

The fact that no man in all history accomplished more for his country than did George Washington for America, hardly needs repeating.

Yet, the importance of one of the many beneficial legacies he bestowed on this country cannot be overemphasized. That is the extremely high moral standards he set for the Presidency while serving as the first Chief Executive.

An infrequently told episode of his first term in office speaks volumes for the sacredness he attached to the trust placed in him by the people. In an effort to aid the economy of the struggling nation by improving transportation facilities and thus help to expand trade among the states, Washington put his surveying knowledge to good stead by supervising the survey of rivers in the South.

One of the projects he directed resulted in the James River of Virginia being declared navigable by the Congress and opened to industrial shipping. A commercial company that benefited from this sought to show its gratitude by urging Washington to accept 50 shares of its stock, valued at $40,000.

Washington promptly refused the gift, explaining that his assistance had been provided solely as a public service. If he accepted a reward, he pointed out, his actions in the future could lead the people "to suspect, on my next proposition, that money is my motive".

The scrupulous ends to which Washington went to avoid a conflict of interest should forever serve as a guide for all holders of public office. How far down the ladder of morality are we nationally on this score?

West Maryland Skiers Control Annual Tourney

Englander, Alvarez, Rudy And Smouse Families Dominate Events

Oakland's brother-sister act, Jack and Donna Alavarez, matched the Pittsburgh combination of Mark and Pam Seigle to complete sweeps in the state junior championships last weekend at the Wisp area near Deep Creek Lake, under sponsorship of the Western Maryland Ski club.

Jack Alvarez won the class 1 (16-17 years old) giant slalom Sunday after having been the winner in the class 1 race Saturday. Donna Alvarez, first in class 2 on Saturday, also added the giant slalom to her laurels Sunday.

Mark and Pam Seigle, winners Saturday in their class 3 races won the giant slalom tests Sunday. The Pittsburgh pair had the only victories other than those carrying the colors of the Western Maryland Ski club for the two-day event.

For the number of medals the Englander family won the most with victories in seven events with Marilyn, Claire and Barbara Englander winning two medals each, and Wayne Englander one. Other skiing families from Oakland also fared well in competition. Both the Alvarez and Smouse families had four medals while the Rudy family had three.

Valerie Smouse won the class 1 slalom Saturday but fell and finished behind teammate Marilyn Englander in Sunday's race.

Wayne Englander won the class 4 (under 12) giant slalom over the shorter course when David Marshall, Friendsville, fell within 10 yards of the finish line.

Jack Alvarez, winner in class 2 race in the last state meet in 1965, negotiated the 3,000-foot course down the 600-foot vertical drop in one minute, one and six tenth seconds to edge Clem Davison of Lutherville.

Donna Alvarez edged Claire Englander in the girls' class 2.

Teacher Group Presents Request On Salaries To Commissioners

At the regular meeting of the Board of County Commissioners on Monday, the salary committee of the Garrett County Teachers Association presented its proposed salary schedule for teachers in Garrett County for the 1968-69 school year. This proposal had previously been approved by the Garrett County Board of Education. Their proposal calls for a beginning salary of $5,700 for teachers with a Bachelor's degree and ranging to $8,960 through thirteen steps. The Master's degree schedule begins with the fourth year with a starting salary of $7,000 and continuing through eleven steps to $9,800 with fourteen years of teaching experience.

It was pointed out by the committee that Garrett County salary schedules for teachers average $500 below that of any other county in Maryland, and $1,250 below the state average. Garrett County is the only county in Maryland paying its teachers on the minimum salary scale prescribed by law.

The Board of Commissioners was reminded that three vacancies still exist in local high schools due to the fact that teachers resigned during last summer and replacements were impossible to find. This condition is sure to grow more critical by next year, according to Larry Myers, president of the Teacher association, since practically every county in the state is expecting to raise their salary schedules substantially before next year. With one high paying county already advertising the fact that they will be employing 1100 new teachers next year, the competition for teacher services will be greater than ever before, he said. The salary scale for next year in the county mentioned above will range from approximately $6,400 to $13,600.

"This salary scale is the least that Garrett County officials can afford to consider if they wish to see the schools of this county adequately staffed next year", Carl Everly, committee chairman, stated.

Outdoor Writers Are Impressed With Mount'n Top

More than 50 newspaper writers and photographers were impressed at the way business turned to pleasure at their meeting this past week-end on Deep Creek Lake.

The group had congregated for a meeting of the Mason-Dixon Outdoor Writers Association.

Well known writers such as Tom Cofield, Wheeler Johnson, Chris Hohenstein and others were on hand for the meeting.

Not only was the group able to get a first hand look at the Western Maryland Ski Championships at Wisp, they also got some first hand experience at many of Garrett County's winter acitivities. Many of them involved themselves in skiing, ice fishing and grouse hunting.

A group of 10 or more landed over 30 yellow Perch while ice fishing near Point View Inn.

Another group took to the hills with guns in hand in search of Grouse. Although they did not fire one single shot the group was reported as "happy" with their mountain hike. They did observe many tracks in the snow and they were impressed with what they saw, according to Lynn Beckman.

At the Association's dinner meeting Saturday evening at Wisp the group heard a report from George B. Shields, director of the department of Game and Fish for Maryland. Mr. Shields briefed the writers on projects being conducted in Western Maryland. Other experts from the department gave reports on the fish attractor project being conducted on Deep Creek Lake to aid fishermen.

One writer, Robert Naylor of The Baltimore Sun, told the Promotion Council that he was quite impressed with the Mountain Top and especially the ski area. He said that he was glad that a ski resort such as Wisp was established in Maryland and felt that it was a real asset to the state.

Commissioners File Reply To Petition For Mandamus Writ

Admit Number of Allegations, Deny Others In 9-Point Reply; Hearing Set Feb. 13

The County Commissioners, through their attorneys, W. Dwight Stover, Oakland, and Gorman E. Getty, Cumberland, filed an answer last Thursday afternoon to the petition for a writ of mandamus filed against them by the Board of Trustees of the proposed Community College.

The petition for the writ of mandamus had been signed by Clinton W. Englander, for the Board of Trustees, and attorneys Lewis R. Jones and S. R. Pagenhardt.

The Commissioners had been given until January 25 to file their answer. The reply was filed at 4:10 p. m. Associate Judge Stuart F. Hamill set Tuesday, February 13, at 1:30 o'clock, for a hearing.

The answer went into detail on all nine paragraphs of the petition. Defendants admitted paragraph 1 concerning the establishment of the college by referendum and paragraph 2 concerning the power to purchase ground by the Board of Trustees for the operation of a community college.

Concerning paragraph 3 where a resolution to establish the college and the question being put to a referendum, defendants replied no official knowledge of matters and facts therein alleged concerning the adoption of a resolution by Board of Education to establish a college had been given and an investigation of office files had failed to disclose existence of a copy of the resolution. However, the defendants said there was no reason nor purpose in denying the propriety of creation of said board of trustees.

Facts in paragraph 4 concerning a resolution of the county commissioners endorsing the proposal and agreeing to provide county's share of capital and operating costs, were admitted true.

Paragraph 5 concerning the recommended site of the Glotfelty-Wagner tract and securing of 33 additional acres when state board of education required it, which had been communicated to the County Commissioners with an outline of steps necessary to proceed, and request of funds for option renewal, it was declared the commissioners had refused to provide necessary funds. The reply stated that the facts were substantially true but incomplete; that the facts did not reflect all of the negotiations, consideration, discussions, and conclusions reached.

Paragraph 6 charged repeated discussions and communications sent requesting action had come to naught with County Commissioners refusing to act or supply necessary funds upon basis that majority of commis-

New Teachers At Southern

Mrs. Kahl, Mr. Scott, Miss Filsinger. Bottom picture, Mrs. Turney.

New teachers at Southern are Mrs. Helen Kahl who is to replace Mrs. Margaret Smith in ninth grade English; Patricia Filsinger, who is replacing Mrs. Boyles in Art; Charles Scott, who is replacing Gustave Johnson in health education, and Mrs. Nancy Turney who will be the choral instructor for one period each day.

Mrs. Kahl, a native of Garrett County, is a graduate of Oakland High School. At Bowling Green State University she graduated with her B.S. degree in physical education. She taught for brief time at Northern and was transferred to Southern.

Miss Filsinger, who graduated from Oakland High School, attended Towson State College. She taught elementary school in Baltimore County for six years, and was teaching at Dennett Road before she transferred to Southern.

Mrs. Turney is not altogether unfamiliar. She taught at Southern in 1962-3. On graduation from Wicomico High, she attended Western Maryland College earning her B.S. degree. She taught in Montgomery County and in Anchorage, Alaska.

Charles Scott, from Keyser, is a graduate of Bridgewater College. He graduated with a B.S. degree. On returning to Keyser, he worked with West Virginia Pulp and Paper company for a few years. This will be his first teaching experience.

Commissioners Buy Concrete Mixing Plant

The Garrett County Roads department was authorized to purchase a bituminous concrete mixing plant to provide a better road system for the county than presently is in effect, it was announced by the commissioners through Thomas Sluss, county roads engineer. The meeting was held last Wednesday, January 24.

The equipment purchased, constructed in 1951, was declared to be in excellent condition by Mr. Sluss, who said the plant had been purchased from the Arundel Paving company, a private contractor near Annapolis.

Mr. Sluss pointed out that the usual treatment of "tar and chips" to roads lasted perhaps two years, but that a blacktop pavement which will now be possible can be applied at a very small additional cost and that roads so improved could be forgotten for at least ten years.

The plant will be located near the Bishop quarry and will take a space some 50 by 75 feet. The plant producing capacity is 80 tons an hour. The bituminous concrete is prepared from asphalt and stone mixed together.

It was pointed out that a new plant costs in the neighborhood of $200,000, which was prohibitive for the county, but that the reconditioned plant was acquired for considrably less. Mr. Sluss said it should give the county many years of valuable service in the future.

He pointed out another factor to be considered was that the present method of surface treatment, tar and chips, should be applied with air temperature no less than 70 degrees, but that the bituminous concrete may be applied at any time, and there would be a much thicker base and much longer lasting.

Mr. Sluss said since a lot of county roads are completely out of section with little or no crown or super-elevation, it was felt that a blacktop surfacing would solve this problem, in addition to giving a better riding quality and also providing a much better sealer.

With tar and chips the chips many times did not adhere to the tar and would end up in useless windrows along the edge of pavements, leaving the pavement itself with no additional stability, he declared.

To Offer Driver Education Course

Plans are being made, in cooperation with the Board of Education, to conduct a driver's education course in the Jennings area this spring, it was announced by Bradford Rinard, executive director for Community Action committee.

This would include five hours of class room work and six hours of behind-the-wheel training. An approximate fee of $25.00 would be needed to cover expenses for the behind-the-wheel training.

Interested persons should contact the Jennings Community Center before Feb. 15 and request an application form which will then be held until classes begin.

County Slated For $277,000 Local Tax Receipts In '68-'69

Garrett County is slated to receive $277,000 from local income tax receipts during fiscal 1968 and 1969, according to predictions made by Comptroller Louis L. Goldstein in Annapolis on Tuesday.

The county's share for fiscal 1968 would be $143,000, and in 1969, $134,000. Baltimore City and the 23 counties will receive a total of more than $187 million from the local income tax during the next two fiscal years, according to the Comptroller's report.

Mr. Goldstein, giving the first estimate of how much revenue the local piggybank tax will produce, said the subdivisions will get about $96.7 million for the fiscal year ending June 30, 1969.

Both figures are based on the existing local rates.

The $187 million includes only the local portion of the income tax and does not reflect any of the refunds from the state income tax which go to the subdivisions for special purposes such as education.

In exchanging the state tax to a graduated to 5 per cent rate last year, the General Assembly provided that the local tax may range from 20 to 50 per cent of the state rate, at the option of individual counties.

The state collects the local tax and refunds it to the subdivisions.

Garrett will receive approximately $9,000 more in 1968 than in 1969 due to the mechanics of putting the new tax system into effect. In effect, the counties and Baltimore City will be receiving five quarters of income tax payments in Fiscal year 1968, since the counties will receive the local income taxes to which they are (estimated to be) entitled from 1st. quarter 1968 withholding and declarations of estimated tax payments.

As a result of receiving this distribution in 1968, a "windfall" of some $9,000 develops, which will not recur under existing law.

Contract Signed For Local Library

Present for the formal signing of the contracts for the addition and remodeling of the Ruth Enlow Library were the Garrett County Commisioners, the Library Building Committee, and the building contractor.

The signing took place Monday, January 29 at 10 a. m. in the office of the County Commissioners.

Plans for the formal signing were laid following the Division of Library Extension of Maryland's approval, which was given January 17. Bids were opened for the work on January 10.

Carl Belt represented his company, Carl Belt, Inc., of Cumberland, which submitted the low bid of $137,360 for the extension and alterations to the library. All three county commissioners took part in the signing, while Mrs. Lewis R. Jones signed the contract for the members of the Library Board.

An additional 8,374 feet of floor space will be built to house the growing book collection and reading and study areas.

Harold Trickett Seeks Signatures

Harold Trickett, from the office of the Garrett County Board of Education, appeared before the Garrett County Board of Commissioners on January 22. He inquired whether the commissioners had signed the applications for grants for vocational additions to Northern and Southern High schools.

The papers had been signed by only one of the three commissioners as of that date. (Allen S. Paugh).

Hubert Friend stated that additional information is desired concerning the need for items listed.

Ross Sines stated that the Board is willing to cooperate with the Board of Education and thinks that the Board of of Education should cooperate with the commissioners.

Mr. Friend further stated that the relationship between the Board of Educaion and the County Commissioners could be improved and that the Board of Commissioners would appreciate Mr. Hawkins, superintendent of the schools, coming before the Board of Commissioners to discuss school matters.

Several applicants for the position of airport manager-operator were interviewed but

Time Magazine Discusses Gary Miller Conviction

The February 2 issue of Time magazine, focuses attention on the Gary Miller trial in its section on Criminal Justice under "Law".

The article concerns capital punishmnt and the writer indicates a new look must be taken on this issue. With just two executions last year and one the year before and public opinion apparently has shifted to other forms of punishment.

Two of the nation's newest and youngest, 17 and 16, are now residents of death row for this year.

Sheriff's Office Seeking Car After Shallmar Theft

The Garrett County Sheriff's office and West Virginia State Police were looking for a car involved in a suspected theft at the Shallmar Coal company.

John Geroski, superintendent of the company, said he was informed at about 7 p. m. Saturday that an employe had spotted a car carrying what appeared to be a spool of copper wire in the open trunk pulling away from the company as the employe was quitting work.

The employe told Mr. Geroski that a little while later he again saw the car, which had West Virginia tags, parked outside a tavern on the West Virginia side of the state line which runs about two miles from the company area.

Mr. Geroski notified Sheriff Frantz at Oakland, who in turn contacted West Virginia authorities through Maryland State Police radio facilities at LaVale.

The superintendent said that a series of petty thefts in the past year have cost the company about $500 in lost property.

To Organize Little League February 6

There will be a meeting of persons interested in the Little League baseball season at the Oakland fire hall on Tuesday evening, February 6, at 7:30 o'clock.

Joseph DiSimone, one of the Little League officials, said the meeting was an important one since many Little League problems would be discussed. Included on the agenda will be the formation of a senior division league, which has been dormant for a number of years. The organization of the Little League for the coming year will be effected. Parents and other interested persons are urged to attend.

Man Is Guilty on Kidnaping Charge

In a jury trial in the Circuit Court in Oakland last Friday, Richard Walter Everhart was found guilty of charges of kidnapping and assault. The case was moved to Garrett County from Montgomery County.

The kidnapping and assault were said to have occurred in Montgomery Co., July 26, 1967. The indictments read that Everhart "unlawfully, forcibly and fraudulently did carry Gloria Adelene Henriquez with intent to have the said Gloria Henriquez carried within the state, and did unlawfully make an assault on her and did then and there beat.

The jury of eight men and four women, headed by Paul DeWitt as foreman, in bringing in the verdict of guilty on the first count, also had a recommendation of mercy.

A pre-sentence investigation was ordered with the traverser being ordered to meet this past Monday with the Maryland Department of Parole and Probation at Rockville. He was retained under $5,000 bond. Motions for a directed verdict of acquittal were filed twice but the motions were denied each time. The case went to the jury about 5 o'clock after being heard all day. The jury recessed for dinner and then discussed the case until about 9 o'clock when the decision was reached. There were eight witnesses for the defendant and three for the state. Page I. Digman, assistant state's attorney for Mongomery Co., prosecued the case. Glenn O. Hall, Jr., was attorney for the defendant.

To Induct Five

Five persons have been ordered up for induction into the armed forces by the Garrett County Selective Service board, it was announced by Mrs. Joyce Skidmore, clerk.

They will go to the induction station at Fairmont, W. Va., on Tuesday, February 13. They include William B. Bray, Mt. Lake Park; Eugene W. Dixon, Oakland; Lott VanSickle, Friendsville; George A. Friend, Deer Park; Kenneth J. Savage, Friendsville.

There has been no call for any pre-induction physical examinations, Mrs. Skidmore said.

Winter Held At Bay During Week

Ferocious winter weather has been kept at bay by warming temperatures during the past week. Although the thermometer dipped to —14 degrees last Wednesday morning, the mercury soon rose to 29 degrees. Friday was slightly warmer; from a low of —8, the mercury climbed to a high around 33, while the sun put in a full day of shine.

Saturday was rare as a day in April, with its 50 degree temperatures. Sunday was not quite so warm, since heavy clouds not only blocked the sun but sprinkled rain during parts of the day.

Monday's low was 39 and skies wre overcast. A high near 50 was noticed. Tuesday began with 44 degrees and more cloudy skies. Rain and fog dampened the atmosphere during more of the day; high was again near 50.

Wednesday may have been the start of a downward trend in mercury readings - the 8 a. m. reading was 36. Clouds dropped misty rain during the morning, although it did not continue during the day. The mercury reached only 38 before late afternoon, when a colder trend set in with dropping temperatures and a chilling wind. Thursday seemed to have shaken off the chills, however, as the early morning temperature reading was 34 and skies were overcast but not precipitating.

Went To Baltimore, Not To Annapolis

The trip referred to in last week's editorial comment was not to Annapolis, but to Baltimore, it was learned from Ross Sines, one of the County Commissioners.

Mr. Sines revealed that he and Hubert Friend had met with Dr. James Sensenbaugh, president of the State Board of Education and that they discussed the problems of the Glotfelty-Wagner site for the proposed college, with its various restrictions because of rights of ways.

Mr. Sines also declared to the editor of The Republican that he had never been influenced in any way by Clifford Friend, and certainly not concerning the junior college problem. The editor had indicated that Mr. Friend was pulling the strings concerning decisions made by Commissioners Friend and Sines.

WW II Veteran Also Winner Of DSC, Revealed

A World War II veteran was also a recipient of the Distinguished Service Cross, it was learned here this week. He is Delmar C. Dilley, of Oakland.

In telling the story a few weeks ago of Richard Friend it was stated that he was believed to have been the only one in the county ever to receive such an award. Mr. Friend was recently awarded the medal for his activity in South Vietnam.

Mr. Dilley, a son of E. H. Dilley, of Oakland, and who has been engaged in well drilling in the area since 1946, received this award in February of 1946, " for extraordinary heroism on February 7, 1945, near Biesheim, France".

His citation at that time read: "When his company was halted and driven to cover by blistering enemy fire, Private Dilley charged more than one hundred yards over exposed, icy ground in a one-man assault on a Germany heavy machine gun. Although enemy bullets tore through his cheeks and jaws, he fired a grenade into the hostile emplacement at fifteen yards, killing all four of the crew. Bleeding profusely and dizzy was pain, this intrepid rifleman then advanced seventy-five yards, engaged one hundred German riflemen and, in an hour's combat, killed ten of the enemy".

Mr. Dilley, who was discharged December 20, 1945, with the rank of staff sergeant, had served for thirteen months in

Fort Hill auditorium in Cumberland will be the scene of a concert by the well known St. Olaf choir on Tuesday, February 13, at 8:15. It was composed of 70 students from St. Olaf college, Northfield, Minnesota.

The choir has conducted nation-wide tours since 1912, with several tours abroad.

The concert will be of sacred music. Admission is $1.50 for adults, $1 for students.

The concert is sponsored by the Cumberland area Lutheran council for benefit of the Cumberland Music and Arts club and Cumberland Choral Society.

Man's Body Found Near Yough Dam

The body of an unidentified young man was found Friday afternoon near the Youghiogheny River Dam in Somerset County, Pa., and authorities believe the man's death is a homicide.

Pennsylvania State Police sent out a 13-state teletype bulletin in efforts to learn the identity of the young man believed to be between 20 and 22 years of age.

Robert Halverson, coroner of Somerset County, said Monday the man's unclad body was found by Robert Burkett, 25, on the Skiles Montague farm about 3 p. m. on Friday.

When found the body was in the general vicinity of RD 1, Addison, Pa., off Rt. 40. The body was taken to a funeral home in Confluence, Pa., and later removed to the Somerset Community Hospital where an autopsy was performed.

Mr. Halverson said the young man was about five foot, 10 inches tall, weighed between 185-190 pounds, had a ruddy complexion and blondish hair.

The secretary of Health, Education and Welfare, John W. Gardner, has resigned.

Miss Weaver Becomes Bride of Theodore Wakefield, Jr.

Miss Linda Marie Weaver, daughter of Mr. and Mrs. Jack D. Weaver, Rowlesburg, became the bride of Theodore L. Wakefield, Jr. on September 23 during a double ring service performed in St. Paul's Methodist Church of Oakland.

Rev. Frank Johnson, pastor of Christ Methodist Church of Rowlesburg, officiated. Traditional music was provided by Mrs. Merritt Feather, organist.

Mr. Wakefield is the son of Mrs. Darwin Reckart of Oakland and T. L. Wakefield, Sr., Baltimore.

Given in marriage by her father, the bride wore a floor-length gown of white satin and peau de soie, styled with a Chantilly lace fitted empire jacket with long bell sleeves. The empire bodice was accented by a matching band of satin. A matching lace chapel train was attached to the back of the gown, while lace appliques adorned the hemline. A fingertip-length veil of silk illusion was affixed to a silk organza floral headdress trimmed with maline petals and lilies of the valley. She carried a cascade bouquet of pompons and lilies of the valley.

Mrs. Hallie Ray Knotts, sister of the bride, served as matron of honor. Miss Sharon Wolfe served as bridesmaid.

Larry Thomas was best man while ushers were Harry David Weaver, brother of the bride, and Danny Ray Knotts.

A reception followed in the church social hall. Mrs. William Cannon, aunt of the bride, cut and served the cake. Punch was served by Mrs. Harry G. Lantz, also an aunt of the bride, with Miss Janet Owens registering guests. Mrs. Richard Lauzader and Mrs. Francis Shay also assisted.

The bride is a graduate of Rowlesburg High School and Gale Institute, Indianapolis, Ind. She is employed by IBMI in Oakland.

Mr. Wakefield is a graduate of Southern High School and is a member of the National Guard. He is employed by Potomac Edison Power Company.

The couple resides in Oakland.

Petition Answer

(Continued From Page One)

sioners did not approve site; the defendants denied that such discussions were with the Board of Trustees but with the Superintendent of Schools. They further declared the site selection committee appointed by the board had no legal existence as far as defendants were concerned. They denied they had refused to act or supply necessary funds and said they had agreed to furnish necessary funds as communicated in a letter of January 8.

Defendants denied paragraph 7 which charged that inaction on part of the County Commissioners was delaying approval of the project by Maryland State Department of Education, State Department of Improvements and State Board of Public Works, jeopardizing participation by state agencies in funds for construction; that construction costs were increasing rapidly and delay was postponing earliest date at which a college would be placed in operation.

Paragraph eight declared that determination of site was within province of petitioners and that responsibilty of defendants was to provide funds required.

Defendants neither admitted nor denied these charges and denied defendants had any responsibility for providing funds for the project except as provied in sections 303 & 304 under provisions of Chapter 619 of the Acts of the General Assembly of 1967 authorizing defendants to issue bonds in connection with such financing.

They asserted establishment of a community college was by concerted action of the Board of Education, Board of County Commissioners, in response to public demand and need, but always within the best interests of the general public to the end that any such project shall be sufficient to meet the local needs for which it is created, and shall be within the capacity of local governmental bodies and finance.

They admitted that creation of the college was made by the people of the county but denied that the determination to create the college discharged the defendants from their obligation to see to the proper expenditure of public funds.

They said they had been advised by their counsel that selection of the site for community college was within province of the petitioners but felt the law also required that petitioners, in exercise of such auhority, look to the public interest in making a site selection and that both petitioners and defendants were aware that several sites had been considered. They were listed as Glotfelty-Wagner, $64,605; Yoder, $52,500, and White Face farm, nominal cost. Ross Sines, commissioner, declared the one figure was not correct, that the Glotfelty-Wagner cost was $70,000.

The defendants also declared that while not attempting to substitute its discretion for that of the petitioners in site selection, but they would continue insofar as possible, to supervise expenditures of public funds which is required to be appropriated from taxpayers.

Paragraph 9 charged that the statutes and the rights and duties thereunder by petitioners had been challenged and denied by actions of the county commissioners. Answering the 9th defendants said they shared the same interests and denied that any rights or duties of petitioners had been denied and said there was no specific obligation to immediately appropriate and make available to petitioners the county's proper share in total cost of property.

The defendants said they believed all matters in litigation could be resolved by concerted action of all parties and that defendants "will welcome an opportunity to dispassionately and open-mindedly attempt to resolve the same, or in the alternative, to defend the position herein expressed".

Skiers Control

with a clocking of 1:09.4. Mark Seigle had a time of 1 minute and .1 of a second, the best of the day, to win class 3 and sister Pam, in class 4 over a 1,200 foot course, won with a time of 1:15.1.

Races had been cancelled last year due to lack of snow and last week-end's meet, despite intermittent morning rains, was staged over a course considered "good". There were few spills and few disqualifications. Some twenty skiers participated.

Saturday's races were conducted in a deep but wet and inconsistent surface.

Jack and Donna are the third and fourth in the Dr. Joseph Alvarez family. Mary Kay and Joe, Jr., had won before them. Mary Kay, now at George Washington university, represented the state twice in the U. S. Eastern amateur skiing association. Two other children, Jean, 11, and Jamie, 8, are yet to be heard from.

Valerie Smouse, who had won the class 1 slalom, fell Sunday and finished almost eight seconds behind winner Marilyn Englander. Cathy Gilbertson, of McLean, Va., who was third on Sunday had beaten both girls in 1966, but failed to enter the giant slalom after Saturday's loss.

David Marshall, Friendsville, fell within ten yards of the finish line in class 4, allowing Wayne Englander of Oakland to win in 38.8 seconds over the short course. Bob Rudy competed with his wrist in a cast in class 2.

The Maryland championships have not been a qualifying event for the United States Eastern amateur ski association junior championships since 1965, but there are plans to continue the annual event at the Wisp slope.

Trophies for the events were provided by the county banks and were presented at the conclusion of Sunday's events.

PHARMACY PHACTS

from Clinton W. Englander

Question

Can the disease that comes from contaminated raw or insufficiently-cooked pork (and I can't remember its name) possibly be caused by eating raw beef that has been run through a grinder which has been cleaned thoroughly after contaminated pork has first been ground through it?

Answer

"Trichinosis" is caused by the trichina worm which lives in the muscles and intestines of some animals and can be easily transplanted into the muscles and intestines of human beings. Raw pork is the worst-known carrier and offender where this disease is concerned. And, yes, it definitely would be possible for the eggs of the trichina worm to be present on a meat grinder after contaminated raw pork had first been ground through it. Trichinosis is the most certain result when live trichina eggs have been swallowed inadvertently into the human body. Do remember that these eggs will adhere to almost any metal substance (knives, grinders, metal table tops, etc.) as well as YOUR HANDS! So, when you've handled raw pork, always be certain that you've thoroughly washed all tools and utensils used... as well as thoroughly washing your hands!

Stamp Program Begins

Northern High school began participation in the United States Savings Stamp program Monday, January 29. The system, initiated in the school by the Student Council, makes it possible for students to buy stamps, in ten cent denominations, every Monday during lunch shifts. When the first stamps are bought, a special album to paste them in is given to student. When the album is filled, it can be taken to a bank and a bond bought. The total value of the album is $18.70, but the bond, when held to maturity, is worth $25.00.

The first day's sales totalled $60.90.

Courtesy Week Scheduled

The annual Courtesy Week is scheduled for February 5-9. To kick-off the campaign, a special assembly will be held Monday, February 5 in the cafetorium. The guest speaker will be Rev. Ernest Rumbaugh, pastor at New Germany United Church of Christ and St. Paul's Church in Salisbury.

Area's High Scorer

Gary Reichenbecher, 6 foot 7 inch junior, is the area's top scorer in basketball with a 27.7 average per game to date. Reichenbecher leads all players from the surrounding schools.

Post-Game Hop Held

A post-game hop, sponsored by the North Star staff, was held in the gymnasium after the game Friday night.

The Viking staff will sponsor a post-game hop after the Northern-Southern game, Friday, February 9, featuring WMSG disc jockey "Farmer John" Sanders.

Listen, Americans!

By DR. GEORGE S. BENSON
President—National Education Program
Searcy, Arkansas

When David Dellinger, Chairman of "The National Mobilization Committee to End the War in Vietnam", stepped to the batterv of microphones in front of the Lincoln Memorial on Washington's famed Mall at 2:10 p. m. October 21, he stood before the eyes of the nation and the world in false colors. A balding, 52-year-old New Yorker, educated at Yale, he had, according to influential newspapers, compiled a "distinguished" record as a pacifist.

Several members of Congress, however, tried on Friday preceding the march to get across to the public the true facts about its leadership. Senator John Stennis said: "I have reliable information and reports that establish beyond a doubt that key organizers and leaders of the march on the Pentagon tomorrow are members of the Communist Party, U. S. A. These reports and information further establish that the march is heavily supported by the Hanoi government as an extension within the continental United States of the war in South Vietnam. . . The leaders of North Vietnam consider the march on the Pentagon tomorrow as much of their war effort as the guerrilla warfare in South Vietnam".

A member of the National Education Program staff who covered the "march" went to congressional investigating committees and got some facts on Dellinger. In 1936, according to records in the House of Representatives, he sought a passport to Moscow but refused to take the oath of allegiance to the U. S. A. In 1940, he was drafted, but pleaded conscientious objection. He was assigned to a non-combatant role, but refused it. He served three years in a Federal penitentiary.

Late last year, Dellinger, who had evidenced sympathy with the North Vietnamese cause, requested a U. S. passport to Moscow, Peking, and Hanoi. He was refused permission to visit Peking and Hanoi. He nevertheless went to the Red Chinese capital illegally after visiting Moscow; then on to Hanoi where he visited at length with Ho Chi Minh. Early this year, breaking U. S. security laws, he again visited Hanoi. Upon his return he showed up as Vice Chairman of the "Spring Mobilization Committee to End the War in Vietnam", which staged the huge "Peace March" in New York last April.

Following the New York operation, which drew great praise from Communists all over the world, Dellinger, with scant, if any notice in the U. S. press, was selected by Communist Hanoi to take a "representative" group of 40 Americans to Bratislava, Czechoslovakia, to meet with a group from Hanoi's Red government including representatives of the Red "National Liberation Front" in South Vietnam. The purpose of this quietly conducted meeting was to discuss ways of bringing about "negotiations" to end the war. A "negotiation" climate would be enhanced, of course, if a mammoth "Peace March" could be mobilized in Washington and its "marchers" beat up by Pentagon soldiers.

After this trip, Dellinger's international role was expanded. He became Chairman of the "National Mobilization Committee". The primary purpose of the "Committee" and its march on the Pentagon obviously was to create a more widespread demand for "negotiations" with Ho Chi Minh on the only terms possible — his terms: U. S. capitulation. There is much more concerning Dellinger and others in the "March" leadership. But the **Washington Star**, which felt a responsibility to expose the leadership, supplied the most important fact. It quoted Dellinger as having declared (earlier and apparently in an unguared moment): "I am a non-Soviet type Communist".

Government Can't Build Character...

Pessimists, who are inclined to think that all the answers to present day problems lie in more and more government direction of our lives, are failing to take into their reckoning what might be called almost a national movement to restore to its rightful position the leadership and initiative of private citizens. There are many things government cannot do and one of them is to build character. We are reminded of this with coming observance of Boy Scout Week, February 7-13.

In speaking to the annual meeting of the Boy Scouts of America, Mr. James M. Patterson, an oil company executive, declared, "Youth movements in many other lands have lacked voluntary action. They have discounted the importance of individual initiative and self-reliance, and have substituted blind obedience to a central authority. We have in Scouting and in other voluntary youth movements the American answer to Communism and dictatorship. Scouting is working to tip the scales in the direction of liberty—it is the American way". Mr. Patterson said Scout leaders are helping develop character and effective citizenship at the time it is needed most. "With more than three million boys and girls coming to voting age every year", he said, "our hope for a better future is in their hands. . . . More than 40 million men and boys have taken part in Boy Scout work since it was started 67 years ago".

Boy Scout Week is worthy of observation by youth and adult alike. Scouting typifies the kind of voluntary, character-building action that accompanies responsible citizenship. — Industrial News Review.

CAPITOL COMMENT

by
Charles "Mac" Mathias
Congressman, 6th District, Maryland

The Pueblo Case

Despite intensive public discussion, many facts about the capture of the U.S.S. Pueblo and subsequent events remain unclear. Some questions may ultimately be left for historians to answer, but it is vital for the American people to have as clear an understanding of the situation as possible.

The seizure of the Pueblo should be studied in the context of increasing tensions throughout the Korean theater. During 1966, the North Korean government began to urge other Communist bloc nations to open diversionary fronts to distract the United States from Vietnam and try to limit American involvement in Southeast Asia. As a result of this new policy, the number of incidents along the border between South and North Korea (38th parallel) multiplied from 50 in 1966 to almost 600 last year. Because of these incidents, 22 Americans were killed and another 66 wounded in 1967.

Slashes between the two sides at sea also increased. Two North Korean spy ships were sunk by the South Koreans off their coast last year, and a number of additional encounters were reported. It was in this atmosphere of rising tension that the Pueblo was dispatched into the Sea of Japan to serve as a listening post and collector of intelligence.

On January 21 came the first raid by North Koreans within Seoul, the South Korean capital, since 1953. Thirty-one infiltrators, armed with submachine guns, pistols and grenades, got to within 500 yards of the presidential palace, with the obvious intent of assassinating President Park Chung-hee. On the next day, the Peublo was stopped and seized in the Sea of Japan.

One of the obvious questions for future American policy is raised by the circumstances of the Pueblo's capture. The ship was armed only with three 50-cal. machine guns, and was alone with no air cover on the scene. Clearly, if we are going to continue to send intelligence ships to the far corners of the world, especially into areas where a state of war still technically exists, we will have to give those ships and their crews far more adequate protection.

A more general question is the capability and readiness of the United States to respond if this incident, or a similar incident in the future, should suddenly open a new battleground. The Pueblo case dramatized the severe shortage of military pilots and supporting personnel which has been developing for more than a year. Even if this incident had not occurred, steps such as the call-up of selected reserves would probably have been required sooner or later to meet the pilot shortage, unless a measure of de-escalation were achieved in Vietnam.

Clearly our military manpower procurement and training programs should be fully responsive to foreseeable needs and contingencies, rather than improvised in time of crisis. Accordingly, I have asked the Secretary of Defense to advise me on our current programs for obtaining and training, in an orderly way, the armed forces we will predictably need. I have also asked the Secretary what place last week's call-up of almost 15,000 men occupies in such an overall plan.

The future of the Pueblo and the fate of her crew are undetermined as this newsletter goes to press. What is clear is that this sequence of events has raised a number of important questions about American defense policies — questions which the Congress should face squarely in the days and weeks ahead.

Hepatitis Sufferers Cannot Give Blood

The Johnstown regional Red Cross blood center has notified the local Red Cross chapter that it is the wish of National Red Cross that it permanently defer blood donors whose history is that of a jaundice or hepatitis attack.

This ruling was made known just prior to the last bloodmobile visit to Oakland and may have been the reason the quota was not reached for that particular visit.

The bloodmobile center stated that at the present time there is no test which precludes hepatitis, and it can only depend on the history of the donor. The experience of the Red Cross is that it is unable to remove all of the virus of hepatitis while preparing the various fractions of blood when blood has been processed in the past. In the event medical research enables one to remove all the virus of the hepatitis from the blood persons would be advised and welcomed back as blood donors.

Blood from persons having a history of hepatitis was formerly used for blood derivatives and not as whole blood.

Sicily's second quake in 10 days brought the death total 231.

Elderly Advised on Medicare Program

A number of older people in Garrett County are receiving letters this week, reminding them that they have until April 1 to sign up for the voluntary doctor bill insurance under medicare.

Over nine out of ten of those 65 and over are already signed up for the supplementary doctor bill insurance, Edward G. Phelps, Social Security District Manager in Cumberland, said.

Robert M. Ball, Commissioner of Social Security, is sending letters to those who are signed up for only the hospital insurance. His letter tells them that they have about 2 and one-half months in which to enroll in the supplementary program that

Persons over 65 and still not signed up for the supplementary medical insurance by April 1, cannot get the protection until July 1, 1969. A delay of more than 3 years after the person's first opportunity to enroll means that he will not be able to get the protection at all.

Some 1.6 million persons did not enroll last year.

Valley Hi Tops Southern 70-60

Two Valley players combined for 41 points last Friday night at Lonaconing to give the Black Knights a 70-60 victory over the Southern Highlanders. They were Bill Simpson and Andy Burt who scored 23 and 18 points respectively. It was Valley's ninth victory in 14 games. The loss was Southern's ninth against two victories, both of them against Union of Bayard.

The Knights led at the quarters by scores of 21-16, 41-28 and 56-43. They held a 29-24 advantage in field goals and were 12 for 17 at the foul line compared to 12 for 24 for the Highlanders.

Bob Evans was high man for Southern with 15 points while teammates Bill Hawkins had 14 and Jack Alvarez 12.

Cosby had 4 and H. Speicher 4, Flanagan 9 and E. Poling 2 to complete the scoring.

In the preliminary contest the Valley junior varsity had a 68-42 win over Southern.

Goldsborough Is Head of Engineers

William M. Goldsborough, Oakland, was elected president of the Maryland Highway Resident Maintenance Engineer association, at a dinner meeting in Annapolis on Saturday, January 20. He represented district 6, Garrett County.

Guests at the meeting were wives of the members, and also Michael Connley, executive director of the Maryland classified employes association, and Josepht Kuhns and Jake Wilkinson, former resident maintenance engineers.

Other officers elected included William A. Hawkins, vice-president from district 3, Prince Georges county; Jerry N. Day, secretary, district 4, Harford county; and Charles Barnes, treasurer, district 5, Anne Arundel county.

Following the election and acceptance talk, the topic of reclassification was discussed. Mr. Goldsborough appointed a committee to investigate. The next meeting is to be held in Baltimore area on April 27.

Mr. Goldsborough has been employed by the Maryland State Roads commission for 18 years and has been resident maintenance engineer in Oakland since 1963. Before coming to this county he resided in Cumberland. He attended Fort Hill High school, class of 1945 and was graduated from the University of Maryland.

He is married to the former Doris Twigg, Cumberland and they have three children, Barbara, Pamela and David. They reside in Mt. Lake Park. He is vice commander of Proctor Kildow Post No. 71, American Legion, a member of Potomac lodge No. 100, Ali Ghan Shrine, Cumberland Engineers club and the Oakland-Mt. Lake Park Lions club.

INSPECTING CUTAWY SECTION of the new B. F. Goodrich "Silvertown Radial 990" tire and comparing it with conventional tire construction are (l-t to right) D. A. Newsome, Tire Company's Manager of Radial Passenger Tire Sales, Akron, Ohio; Fred B. Glotfelty and Fred Whitmore, both of Hawkinson Tread Service in Oakland. Glotfelty and Whitmore were selected by B. F. Goodrich Tire Company to market its radically different tire, which is being introduced here this week. Radial ply construction results in more mileage, greater stability and control and a savings in fuel consumption, according to Mr. Glotfelty.

New Radial Tire Is Introduced In Area

B. F. Goodrich Tire Company has introduced its new radial-ply tubeless passenger tire in this area.

It goes on sale today at selected dealers and stores, according to D. A. Newsome, product manager of Akron, Ohio.

The tire, called the "Silvertown Radial 990", is the one being featured in the company's new "Radial Age" advertising campaign. The tire is different from conventional tires. It is called a "radial" tire because its cords run radially from bead to bead, at right angles to the direction of travel. Cords in a conventional tire run diagonally, crisscrossing in a herring-bone fashion.

Newsome said distribution of the Radial 990, which is manufactured in a full range of sizes for American automobiles, has been limited only by production capacity. The tire cannot be built on conventional tire building machines.

Public Confused On Postal Laws, Postmaster Says

The public has overlooked one important phase of the postage rate law and that oversight is causing considerable difficulty in handling the mail involved, according to Guy William Hinebaugh, postmaster.

The new public rate law now requires that third-class mail such as greeting cards (birthday, Christmas, Easter, etc.) bear postage at no less than 6c. The minimum rate for this type mail is 6c for the first two ounces; or, in other words, a normal greeting card now requires 6c postage, sealed or unsealed.

The postmaster emphasized there is no lower rate now for greeting cards as there was under the old law.

The difference, Mr. Hinebaugh said, between the first-class rate is the cost per ounce. Whereas, first-class mail costs 6c per ounce, third-class mail or greeting card type mail is 6c for the first two ounces and 2c for each ounce above the minimum two ounces.

CARD OF THANKS

We wish to express our sincere thanks to our relatives, friends and neighbors for their kindness shown at the death of our infant daughter, Tanya Kay.

Mr. and Mrs. Donald Carr
—Adv. 49-1t*

Four years out of college . . . assistant to a department head . . . the junior executive considered most likely to succeed.

Fifteen years from now—or twenty—do you think he'll be president of the company?

We haven't the slightest idea. All we know is that, right now, he's on the way up.

Many things determine a man's potential for positions of responsibility and trust; one of them is character.

Character isn't easy to define—it is much easier to recognize.

This man goes to church every Sunday . . . not because he is seeking character . . . but because he is seeking God.

And the people who know him best figure *that* is one of the clearest marks of his character.

BY LAWRENCE W. ALTHOUSE

WHEN GOD SAYS "GO!"

Lesson for February 4, 1968

Background Scripture: John 4:43 through 5:47
Devotional Reading: John 10:31-38.

A mother heard her little boy praying aloud in his room. She was faintly amused at the detailed instructions he was addressing to the deity. "Son," she said later, "don't spend so much time telling God what to do; just report for duty and let him tell you what he wants".

Rev. Althouse

Most of us are probably like the little boy in that our concept of prayer is not too unlike a shopping list. Like the lad, we may not only tell God what we want (something he has encouraged us to do), but also how we want him to go about getting it for us (something he does not encourage). It seldom occurs to us to listen for a reply. We seem to forget that he is a God who communicates with us, that he is not just a celestial Order-Taker.

Unless You See

That our relationship is to be two-way, not one, is seen in the incident at Cana, what John calls "the second sign." Like the first sign, this one is also performed at Cana. It is similar also in that the "sign" is performed, not so that Jesus may demonstrate his powers, but in response to an earnest plea for help. In the first incident in Cana, it was the need of the wedding host who was embarrassed because he had run out of wine. The cry for help that precipitates the second "sign" is an even more critical need.

A man's son is dying. The man apparently has already heard of Jesus' power of healing and seeks him out. "Unless you see signs and wonders you will not believe," says Jesus to his request. Whether Jesus is suspicious of the man's motives and is testing him, or is merely responding to the continual sign-seeking by the crowds, is difficult to tell. Nevertheless, Jesus was putting his finger on something that is true of many of us: we want a faith founded on proof. We want God to show us the fruits of faith before we are willing to respond in faith.

Sir, Come!

The man, however, was not interested in signs and wonders. There was only one thing that dominated his mind: his son was dying and he wanted him to be saved. "Sir, come down before my child dies." He did not need for Jesus to prove himself, to demonstrate what he could do: just come! If we are concerned primarily in getting Jesus to prove what he can do, in debating his authority, in discussing whether or not he can really make men whole, then he is not likely to be able to do anything for us just as he accomplished little in his own home town.

"Come!" pleaded the man, but Jesus' response is: "Go; your son will live." Here is a second challenge to the man. He had said I did not need signs and wonders and Jesus took him at his word. Now he was being told to go home and believe that his son would be healed, even though Jesus himself would not be going along as the man had requested. Jesus could do as the man asked, but according to his way. The man was asked to trust Jesus without any evidence to assure him.

Your Son Will Live

Put yourself in his place: how would you feel? Wouldn't you feel perhaps that the Nazarene had let you down? But the man did as he was told and on the way home his servants greet him with the news of his son's recovery. Twice his trust in Christ had been challenged, but now that trust was confirmed. "He and all his household came believers", (John 4: 53).

Too many of us want to begin with some proof, some sign, or scientific confirmation that Christ's promises are true. He can work his transforming miracles in us only when we begin personal trusting him and obeying him without any assurance other than his own personal integrity and when having said to him "Sir, come," we are willing to obey when he says "Go!"

Figure it up. By the time you're 65, you'll have earned a tidy fortune. But, you'll probably have spent most of it, too. So, between now and then, you should provide for an income upon reaching retirement age, plus protection for your family if you should die before then. ■ Our retirement plans are designed to accomplish both for as little as $1 a week. ■ A quick phone call will bring you specific details on low rates and the full story on Woodmen of the World's outstanding program of fraternal and social benefits.

E.TOR:
'IE REPUBLICAN"
C

Your attack upon me can be gnored. You have ranted at me like this before, with the same disregard for the truth.

However, you do a great injustice to our two honest County Commissioners, Friend and Sines, when you tell your readers that I am "Pulling the Strings for them", and imply further that I am directing them. Nothing could be further from the truth. I am not foolish enough to want to control them, and if I tried to do so, they would not let me. They are capable of doing their own thinking, and they do not need advice from you, or me. Of course you may not appreciate public officials you cannot control, but t do.

You have stated that the went to Annapolis last week and you further imply that I was with them. I did not know of the trip, if they made it, and I was not with them.

There may be some truth to your statement that Mr. Hawkins has the law in his favor. Nevertheless, his demands are out of bounds and unjust.

Only a few days ago I learned that Delegate Aiken and Senator Hughes passed a law that takes away certain powers that our County Commissioners have had heretofore, and gives them to the Board of Trustees and Mr. Hawkins. This law only applies to our Garrett County Commissioners, it does not apply in Allegany County. Senator Hughes, apparently took care of his own people but he failed to take care of our people in Garrett County.

But even this ill considered law does not give Mr. Hawkins the right to use his new power to force our taxpayers to buy the most expensive land for the college site. To force our Commissioners to pay $1000.00 per acre for a site when there is other suitable land available for $300.00 per acre, makes no sense. It would be an abuse of power, and it points up the dangers to our taxpayers, in giving appointed officials such advantages over our County Commissioners.

I believe that this "power grab" was planned a year ago, and it was kept under wraps. I further believe that no honest citizen should want, or try, to defend the Glotfelty land deal. I further believe that the more our people learn about it, and what is behind it the more they will detest it. Certainly, it is a poor way to start to build a college.

Clifford Friend,
Accident, Maryland

The Republican
Jan. 30, 1968

Mr. Editor:

You are to be commended for your forthright and honest summary of the political quagmire that has stalemated the Garrett County Community college. As you recalled in your editorial we are being subjected again to Mr. Friend's brand of "Economy".

Mr. Hubert Friend and Ross Sines are in the position of County Commissioners as the result of an election and their responsibility is to the voters and they should conduct the County's business accordingly.

As Garrett Countians we are wanting to move ahead. We must move ahead on all fronts. Our progress is dependent upon our greatest resource, our well educated children. The results of the recent referendum demonstrated how we felt in this regard.

Mr. Sines and Mr. Friend are adding insult upon insult toward the intelligence of the citizenry with each delay they cause regarding the college. I would challenge these men to think objectively and look to the future, rather than in the shadows of the past.

Respectfully,
Wayne B. Hamilton

Editor, The Republican
Dear Sir:

The "Great Society's" so-called "War on Poverty" is really a war on taxpayers. It has been suggested that the official office title be changed from Office of Economic Opportunity to Office of Economic Opportunists. The following is taken from Human Events, August 27, 1966:

"One out of every 18 workers in the 'War on Poverty', in fact, is paid more than $19,000 per year. By way of contrast, only one out of every 1,000 workers in the Department of Defense makes that kind of salary. And it's a good thing. For if the Defense Department had as many chiefs and as few Indians as OEO, it would need roughly six buildings the size of the Pentagon to provide them with office space.

"For OEO has more employees in the GS-15 salary bracket than in GS-9; more GS-14s than GS-4s; more GS 13 than GS-7s; and exactly as many GS 16s at a base pay of $19,619 as GS-2s at $3814."

That situation existed over a year ago; certainly it's worse now. Just as certain is the fact that our country cannot afford this war on taxpayers and the present dollar inflation caused by government spending is proof. President Johnson's desire to increase taxes with "fighting inflation" as the excuse will only destroy the taxpayers at a faster rate. There are many reasons however why this so-called "war on poverty" must be ended.

Yours truly,
William P. Wright
Aberdeen, Md.

Editor, The Republican
Dear Mr. Hanst,

Thank you for your fine editorial in The Republican, dated January 25, in which you defended Mr. Hawkins in the Junior College proceedings. The time is long overdue when more of us raise a voice in Mr. Hawkins' behalf. His past record in leadership and economy in expenditure of funds should be reason enough to commit the building of the Junior College into the hands of the Board of Trustees to whom it rightfully belongs. This costly delay is bewildering and disappointing to say the least.

I also observed Mr. Friend's accusations directed at Mr. Hawkins for the press and radio releases concerning teachers' salaries. The responsibility for this rests squarely upon the shoulders of the Garrett County and Maryland State Teachers' Associations. This campaign was conducted against the wishes of our superintendent as we teachers well know. It seems to me Mr. Hawkins has had to bear the brunt of these unfair attacks long enough and I stand ready to defend him wherein he is innocent.

Sincerely yours,
Esther E. Yoder

Two lengthy letters to the editor were received this week defending the actions of the county commissioners.

A small portion of the letter sent by Lee and Mary Forney, of Accident, is published here:

"In the first place, there were three commissioners elected by the people to do a job. It seems to many of us taxpayers, that there is a group of vultures on the sidelines, trying to take the job from them and do it for them, or make them do the things they (the vultures) want done.

"You have probably had good commissioners and bad commissioners before. Did the public permit them to do their work, without hounding them? To what purpose are commissioners elected, if someone else takes the authority to tell them what to do? are we still a Democratic people, or are we speedily drifting into communitic ly drifting into communistic

"Our impression is that there is a concerted effort being made by the opposition of the two commissioners to undermine their work, and to degrade them as incompetent for the position to which they were duly elected. There are talebearers going about spreading statements that will not match facts . . . I am not concerned so much about the facts in this college episode as I am about the figures who are distorting the facts and trying to make them all add up on their own selfish, power seeking side".

And another letter from Leo Coddington, of Accident. He says in part: "In answering the editorial in last week's issue I can't help thinking that just a few are mad at themselves because they can't have everything their own way. I'm not against the college. I don't like the manner in which the college situation has been handled since the beginning. I know what was said in the meetings in Friendsville and at the Route 40 school.

"Speaking of secret meetings I think too many have been held behind closed doors in the town of Oakland in demanding that our commissioners be pressured into court. This is entirely wrong in my book. I have a lot of confidence in the two commissioners. And Mr. Clifford Friend can also see the light."

Paragraph Opinions . . .

Apparently the rate of population growth will never catch up with the rate of growth of the government. The Tax Foundation reports that one one decade, U. S. population grew by 17 percent while in the same period the number of federal employes grew by 20 percent; state and local government employment went up 63 percent in the same period.

Praises Fluoride Use By Citizens

President Lyndon B. Johnson this week hailed water fluoridation as an established "major health benefit" which now protects some 73 million Americans. He also cited the newly enacted pilot dental health projects for children which will "bring dental care to many for whom it has never been available".

National Children's Dental Health Week will be observed Feb. 4-10, locally and nationally. The president said that progress through established programs for the prevention of dental disease, such as water fluoridation, continues to be impressive. He noted that the number of Americans drinking fluoridated water has increased by more than 20 million in the last five years.

The President also praised the dental profession for its 'enthusiastic support' for legislation aimed at prevention of oral disease.

The Antarctica environment is harsher than anywhere else on Earth.

FIVE CLUES TO DRUG ADDICTION

Many a parent has learned to their dismay that one of their children has become a drug addict. Usually by the time this information becomes known, it is because the child is in serious trouble as both a drug user and a criminal to procure his daily supply.

Look for these symptoms: 1)A good scholar becomes erratic for no apparent reason. 2) A shy child becomes talkative. 3)A truthful child starts telling lies and plays truant. 4)A healthy child loses weight and is unable to sleep. These characteristics indicate a possible, but not positive drug addiction.

"Mary's Big Lamb" Has February Date

Jay Tobias' "Mary's Big Lamb" is to be presented by the junior class to students at Southern in February, under the direction of Mrs. Jean Grose.

The performance will be given on Monday, February 12 to seventh and eighth grades, Tuesday to ninth and tenth, and Wednesday to eleventh and twelfth grades. The play will be presented to the public on Thursday evening, February 12.

The three-act farce takes place in the suburb of a small Midwestern city. It has twelve characters whose personalities vary from a rich aunt to a hired killer. The mix-up starts when the characters exchange identities to fool rich relatives.

Tryouts were held on January 12 and 17 after school. Those receiving parts were: Wayne Callis, Bowie Grant, Gary Bachtel, Brenda Phillippi, Dorothy Glaze, Tom Hauser, Terry Miller, Pam Frantz, Karen Sanders, Townie Grant, Sandra Cryster, and Norma Friend.

Money earned from the performance will be used to finance the Junior-Senior Prom.

All juniors are encouraged to come out and help with props, make-up, dress, and rehearsals.

Girl Scout Council Gets New Director

Shawnee Girl Scout Council, Inc., has employed Miss Ann L. Riggleman of Fort Ashby, a former school teacher, as council executive director, F. Allan Weatherholt, council president, announced.

Miss Riggleman is a graduate of Allegany High School, earned her bachelor of science degree at Frostburg State College and has been working toward her master's degree at the University of Maryland.

Experienced in Girl Scouting and 4-H work, she has been a Girl Scout for a number of years. While a student she served as a camp counselor and a senior advisor and consultant.

Miss Riggleman succeeds Mrs. Natalie Dorsey of Romney, who resigned in December because her husband, an ABL employee, was transferred out of this area.

Six Pay Motor Violation Fines

Six persons paid fines in Trial Magistrate Court in Oakland during the past week. All but two of the offenders chose to forfeit collateral rather than appear before Trial Magistrate Robert M. Maroney.

Phyllis Marie Myers and Harvey John Winters, Jr., both of Oakland, pleaded not guilty to charges of failing to keep to the right of the center line. Both were declared guilty, and fined $5 and costs.

Among those who forfeited collateral and costs were:

Robert Walter Stemple, Terra Alta, $7 for failing to reduce speed to avoid a collision; George William Spicer, Norfolk, Va., $12 for displaying tags issued to another vehicle; Paul Jackson Thomas, Oakland, $20 for failing to comply with Maryland Road Fuel Tax regulations; and David William Paugh, Kitzmiller, $5 and costs for failing to grant right of way.

Northern Huskies Top Bayard 58-44

Northern High school rolled to its twelfth victory in 13 games, handing Union High of Bayard a 58-44 setback last Friday night on the Huskies' court.

Gary Reichenbecher meshed 12 field goals and a pair of foul attempts for a 26-point finish while John Braskey added ten.

Union, which has won only one game in 13 starts thus far, held the Huskies relatively close in the first half but then began to taper off in the second half as Northern poured on the steam to pull away.

The score was 12-8 in favor of Northern after the initial quarter and the Huskies led only 28 to 21 at the half. Northern scored 18 points in the third frame while limiting the Tigers to 14, and in the final quarter Northern added another twelve points compared to 9 for Bayard.

Jack Townsend was high scorer in the losing cause for Union with 24 points, all of them coming from field goals. Steve Turner meshed eight and Williams had seven.

Northern outshot Union from the floor 22 to 17 and also held a 14-10 advantage at the charity stripe. In the preliminary contest the Northern junior varsity downed Union by a 46-29 score.

5 On Dean's List At Potomac State

Five area students are among the 88 freshmen and sophomores at Potomac State College, Keyser, W. Va., who gained positions on the Dean's List with averages of 3.0 to 3.699 at the close of the first semester.

A freshman engineering major from Accident, Allen Smith averaged 3.062 on 16 hours of work. He is the son of Mr. and Mrs. Frederick E. Smith.

Richard King, son of Mr. and Mrs. Edward King of Deer Park, compiled a 3.684 average on 19 hours as a sophomore agriculture major. James DeBerry, sophomore chemical engineering major, averaged 3.263 on 19 hours. His parents are Mr. and Mrs. Walter C. DeBerry of Oakland.

The son of Mr. and Mrs. Ray K. Sisler of Friendsville, Kenneth Sisler averaged 3.250 on 16 hours. He is a sophomore occupational accounting major. Wilbur Hinebaugh, son of Mr. and Mrs. Wilbur Hinebaugh, Sr., of Friendsville, averaged 3.125 on 16 hours as a sophomore physical education major.

Cub Pack 31 Plans Varied Activities

Cub Scout Pack No. 31, laid plans at its Monday meeting to display cub crafts in the Garrett National Bank window during Scout week, which is February 8 through 13.

Other features of the meeting Monday were a dance by Lewis Marks, a story with cubs furnishing the missing words, a skit entitled, "The Operation", and a joke fest. All dens from Pack 31, which is sponsored by the Oakland Optimist Club, were in attendance.

Various awards were given out during the meeting, including a silver arrow and a gold arrow point to Richard Orr, a silver point to Scotty Shirer, and a denner strip to Randy Murphy.

In addition to putting up a display during Scout week, the cubs plan to attend church services as a group at the St. Paul's Methodist Church on February 11. Also planned is the annual Blue and Gold Banquet, which is to be held on Monday, Feb. 26.

Little Rams Make It Big

This year's tune is victory, and Southern's Jr. High Basketball team has kept excellent time to the music. With Coach Johnson and coordinated effort they have maintained a 5-1 record. Determined ranks: Bud Biser, Tom Bosley, Jim Browning, Pete Cosby, Courtland Helbig, Terry King, John Mosser, Jay Moyer, Ed Naylor, Montey Pagenhardt, Henry Pike, Robert Ridder, Jim Schmidt, and Ben Shaffer, Warren Unger from 7th-8th grade team.

R. Ridder, J. Browning, H. Pike, J. Schmidt, P. Cosby, T. Bosley have exercised decisive effort in previous games.

Their debut at Aurora in December proved a success, 49-16. They nipped a tidy victory at Tunnelton, 30-27. Again they were victors over Bayard with 55-30. At Keyser they lost 54-32, but they got back on their feet to down Bayard, 66-56. The old rival, Northern, met defeat on the 18th, 55-24.

County Lacking $21,538 Of 1969 Bond Sale Quota

Garrett County fell short of its 1967 goal of $316,000 for the sale of Series E and H Savings bonds by $21,548.

December sales were less than anticipated, thus dropping the county's rank to eighth in the state. Total December sales were $18,888, which brough the yearly sales amount to $294,452, for 93.2 per cent of the quota.

The state amassed $98,030,074 of its $105,300,000 quota, for a percentage of 93.18.

Four counties went over their quotas: Anne Arundel, with 109.6 per cent; Baltimore with 102.6 per cent; Howard with 105.0 per cent: and Talbot with 116.3 per cent.

The other three counties placing ahead of Garrett in sales were Frederick, with 97.7 per cent; Harford, with 97.8 per cent; and St. Mary's with 97.5 per cent.

Wins Bridge Trophy

Cyrus F. Davidson, a local retailer, was the overall winner of a bridge tournament held in Cumberland on January 26.

Teamed with Mrs. C. T. Stanley, of Keyser, they were overall high scorers with 96½ points. The average was 84. The tournament was one of many held simultaneously all over the nation to raise money to sponsor the U. S. International Bridge team.

Aurora - Eglon

The Aurora MYF attended a sub-district meeting January 22 at the Methodist church. They presented the Preston sub-district a banner for the host church and they were awarded the attendance banner.

The Ladies' Friendly Bible class of the Aurora Methodist church met Saturday evening at the home of Mr. and Mrs. Theodore Rembold. A covered dish dinner was served. Devotions were led by Mrs. Raymond Bolyard. The president, Mrs. Harold Harsh, conducted the business session. The following new officers were elected: President, Mrs. Olive Beckman; vice-president, Mrs. Hazel Lantz; secretary, Mrs. Wilma Rembold; treasurer, Mrs. Raymond Bolyard.

Mr. and Mrs. James Bishop, Terra Alta, spent the week-end with the latter's parents, Mr. and Mrs. Gay Loughrie, Aurora.

The Eglon Mountaineer 4-H club met on January 22 in the Memorial building in Eglon with 30 members present. A talk was given by Ronnie Harsh on Work Safety. Other participating were Mary Winters, Bradley Teets, Pam Armentrout and Dennis Feather. The next meeting will be on February 12.

A shower and serenade was held recently at the home of Mr. and Mrs. Ernest Kovalch, newlyweds, at their home at Aurora.

Memorial rites were held Saturday afternoon at the Assembly of God church, near Horse Shoe Run, for Everette Snyder, 32, who died January 23, following an automobile accident. Interment was in the church cemetery.

Mrs. Charles Helmick, of Cash Valley and Fort Ashby, is a surgical patient at Potomac Valley hospital in Keyser, since January 15.

Relatives here were notified of the sudden death on January 3 of Dr. Harry Werner at his home in Akron, O. He would have been 87 on March 10. Dr. Werner was born and grew to manhood in Eglon, a son of the late Mr. and Mrs. Andrew Werner. He was the last survivor of his immediate family. He is survived by his widow, Mrs. Emily Shillingburg Werner and two sons. Last rites and interment were in Akron.

Baity Ridder, of Sunnyside, had charge of morning worship, Sunday, at St. Paul's Lutheran church.

Mr. and Mrs. Wicky Myers and son returned to their home at Aurora after visiting Mr. and Mrs. Adrian Stemple and family, of Fairview, Mich.

Mr. and Mrs. Ernest Arnold, Eglon, were Sunday dinner guests of Mr. and Mrs. John Cooper, of near Parsons.

Mr. and Mrs. Robert Spaid and Nancy, Aurora, went Sunday afternoon to Morgantown where they visited Miss Allie Fike, Mr. and Mrs. Henry Fike and Mr. and Mrs. Otis Fike.

Word was received here of the death on January 26, of Mrs. Lillie Hardesty Keener, of Fairmont. She was formerly of Stemple Ridge.

Mrs. Lucy Fike, Oakland, was a recent guest of her brother-in-law and sister, Mr. and Mrs. Fred Douglas, Aurora.

Mental Illness Is Homemaker Topic

The following Homemakers Clubs will study the topic, "Mental Illness" at their meetings in February. The family life chairmen will present the topic, according to Mrs. Freda Denison, extension agent.

Feb. 6, 8:00 p. m., Casselman Valley club at the home of Mrs. Robert Diehl with Mrs. Tom Carns as co-hostess; 1:30 p. m., Hoyes club, home of Mrs. Jo Johenning.

Feb. 7, 1:30 p. m., Grantsville club at the home of Mrs. John Folk.

Feb. 8, 10:30 a. m., Meadow Glade club at the home of Mrs. James Bell; 7:30 p. m., Oakland club with Mrs. Don Savage.

Sharp Tips On Sewing

If you enjoy the fun and excitement — plus the economy — of making clothes, you may welcome some tips on handling wash-wear, durable press, and synthetic fiber fabrics, Mrs. Denison suggests.

Sewing experts recommend using the finest needles available for the sewing machines, and the sharpest dressmaker pins. These go in smoothly and thus have less tendency to cut and weaken the fibers of the fabric. Make sure, too, that all "findings" are wash-wear to match the fabric. Since the idea is to skip ironing after laundering, every little detail must come out of the washer and dryer as smooth as the garment itself.

Experts also point out that proper sewing machine adjustment is all important. If in doubt, test the tension on a scrap of the material. Cut a six-inch square, then fold it over exactly from corner to corner so the base of this triangle is a true bias fold. Now stitch a seam on the machine, a quarter inch from the fold, and pull the bias until the seam breaks. With proper tension, both threads should break at the same time. If one thread breaks first — either from the bobbin or spool — it is too tight.

To test whether the stitching stays smooth and flat or puckers, wash a fabric scrap and examine it when dry. Then you will know for sure if the machine needs adjustment.

Twelve Are Killed On State Highways

Twelve persons were killed on Maryland highways last week according to the weekly survey published by the State Police. Six of those killed were drivers, three were passengers, and three were pedestrians. Alcohol was a contributing factor in three of the deaths; speed in five; and "driver error" was present in eight.

"In analyzing the causes of deaths on Maryland highways last week we find an excellent example of the value of seat belts", said Lt. Col. George E. Davidson, Chief of Operations of the State Police. "In one case, two persons who were riding in a car had their seat belts fastened. Although they were injured, the investigating officer feels that each of them made a life-saving decision when he fastened his seat belts; a third person in the car did not have a seat belt and was killed as a result of the accident. It is felt that his life would have been saved had he used the safety device.

"Those who are reluctant to accept the value of seat belts will perhaps say that this is an isolated case. The facts, however, do not support their contention. The evidence substantiating the use of seat belts continues to grow, and it is the wise driver or passenger who heeds the lesson this evidence teaches".

Methodist Circles To Meet

Mike Kasperak, died of "galaxy of complications" Sunday, 15 days after a housewife's heart was exchanged for his.

Amateur Analysis

This is the easiest game you can play. It consists of seeing a real situation, projecting your own thoughts into it, and producing from it something else. Of course, you never are sure whether or not you are right. That is the stimulating part of it.

It is precisely what O. Henry did when he stood on the street corners of New York, observing humorous or pathetic reactions of human beings to put into his stories, like the incident of the bum who had just decided to go straight when a policeman saw him loitering about the church and arrested him, judging his intent by former shady behavior.

For example, you are riding along, not driving, and you pass a couple, of the same sex or opposite; one is smiling and gesturing greatly. If a lady, was she describing the plan of a lovely house? If a gentleman, was he showing the prophesied lines of the twenty-first century female? Sometimes you see ladies shaking fingers at men with vehemence: this is a sign that they are using the feminine prerogative of catching a man in an indefensible position. While they dispel venom in this instance, the gentlemen must, for safety's and propriety's sake hold onto the steering wheels.

If you happen to pass the washline of the country housewife— the only lady who now lets nature do the drying — perhaps you can tell whether she has a farmer, mechanic, or office worker as a husband, by the color or cut of the adult shirts on the line. It should be rather easy to guess the size of mother or father and perhaps tell the taste and hobbies by the numbers of or absence of jeans and sweatshirts that say "Trinity Lake" or other names.

Now the children in the brood are not this easy to view in their absence. Never predict for children in the modern days of pants for all, as these suffice for either sex, for dress, drag, or just plain hang around times. Safety lies in predicting certain ages for the mod dresses clinging to the line, all around America.

Care must be taken in the game, for to see ourselves as others see us is not always possible. Don't go injecting evil into your neighbor's personality because he speaks to someone you cannot care about, and don't judge one person's whole existence by what is gathered purely by conjecture. Perhaps that quaking lady wasn't reviling her husband. Maybe he is her son who needs a lesson, or she could have been decrying the national debt. Human nature being at times perverse, there is no armchair analyst who can fathom exactly one hundred per cent of what intents or ideas another person has, even when he communicates with him.

You see, amateur anaylsis doesn't leave you with the assurance that you're at all correct. It is just like judging in which direction the chicken or cow is likely to escape when you honk the horn. That is what is so intriguing about it.

Is Your Name BRADLEY?

Do You Know That:

Bradley, an old and honored surname, is principally of English and Irish origins. In the former category it is obtained from the Old English "brad" and "ley", meaning respectively "broad" and "meadow", and therefore was often applied in mediaeval times to those whose homes were located on such a stretch of land. It is said also that Bradley was the surname applied to newcomers to communities who came from various places by the name of Bradley in England.

According to one well known authority on the origin of names, Bradley is also of Irish origin, stemming from the Gaelic "brollac' which means "breastwork". Thus it is interpreted literally as "one who considers himself a breastwork or defender". It is said that the Irish Bradleys first lived in Ulster and that they are descended from a 7th century king of Ireland.

Among the high ranking officers who served in the Continental Army during the Revolutionary War was Colonel Philip Burr Bradley (1738-1821) of the Connecticut troops.

The first census of the United States, taken in 1790, has twelve listings of persons by the name of Bradley who were residents of Maryland and heads of families at that time.

"The Descendants Of Isaac Bradley Of Branford And East Haven, Connecticut From 1650 to 1898" is a genealogical work compiled to Leonard Abram Bradley of New York City and published in 1917.

Bernard James Bradley (1867-1936) was ordained priest, Roman Catholic Church in 1892, confined his career principally to the field of education, and was president, Mount St. Mary's College, Emmitsburg, Md., for the twenty-five years preceding his death.

George Beckwith Bradley (1825-1916) was justice, Supreme Court of New York.

William O'Connell Bradley (1847-1914) was governor of Kentucky and U. S. senator from the state.

Edward Sculley Bradley is professor of English, University of Pennsylvania.

Mark Edward Bradley is general, U. S. Air Force.

Report On State Farm Bureau Meet Given In Detail

Garrett County Farm Bureau sent seven representatives to the fifty-second annual convention of Maryland Farm Bureau, in Baltimore, January 10 to 13.

Elected delegates were I. William Umbel, president; B. O. Aiken, John Beachy, Gary Fratz and Parker Warnick.

Mrs. Aiken, chairman of the Women's Committee and also a special delegate representive for Garrett, Allegany, Washington and Frederick counties, represented the ladies; and was accompanied by Miss Bonnie Buckel, daughter of Mr. and Mrs. Kenneth Buckel, and a 1967 Maryland Youthpower winner. Miss Buckel gave a talk before the Women's Committee, emphasizing how the Maryland Farm Bureau Women's Youthpower project helps teenagers in achieving better health through better nutrition, and in learning of careers in the food industry.

E. Rankin Lusby, executive secretary of Maryland Farm Bureau, a former Garrett Countian, presented a progress report of the organization for the year 1967. Mr. Lusby reported 9,672 farm families enrolled for this year, with six counties reporting a gain over last year. He also told his audience that Maryland Farm Bureau members had bought more than $254,000.00 worth of tires through their farm organization during the program's first year, and that the radio stations of Maryland gave Farm Bureau over $15,000.00 worth of free time.

More Market Muscle through Farm Bureau was the theme of the meeting. Two representatives of the American Agricultural Marketing Association of American Farm Bureau, Harold J. Hartley and J. Troy Barton, stated that much progress had been made in farmer-marketing activities in the fruit, vegetable and broiler commodities. "With our country's food and fibers supply now being produced by approximately six per cent of the people", Mr. Hartley informed his audience that marketing associations are the only logical means of improving farm income.

"The lag in farm income is the crucial problem for the farmer", stated Mr. G. Willard Oakley, president of Maryland Farm Bureau. "Government farm programs have failed for thirty five years", stated Oakley.

Although food purchases in 1966 amounted to $77,600,000,000.00 the farmers' share was only $25,600,000,000.00. Marketing costs were thus nearly $53,000,000,000, Mr. Oakley explained. He also said, "We, in Farm Bureau, believe that farmer-marketing associations are going to be the only hope of a better agriculture in the 1970's.

Friday's "Farm Bureau Day" was climaxed by a banquet at which former Governor Tawes was honored with the Maryland Farm Bureau's Distinguished Service to Agriculture Award for "his great understanding of Agriculture and its problems".

The meeting concluded on Saturday with the voting of the delegates on proposed resolutions on State issues.

A brief summary of the resolutions is as follows: that the U. S. Congress enact an amendment to the Constitution to guarantee the right to offer prayers in the public schools; that every citizen should be provided with educational opportunities up to his capabilities; that the public school system should be kept under local control; that the Legislature should provide full protection to present users in quantity and quality of water; that full public and legislative hearings should be held on the proposed provisions of planned interstate water compacts before any action is taken by the General Assembly; that County Farm Bureaus, local governments, A.S.C.S., state and county road departments, and public utilities shall all cooperate in the control of certain noxious weeds such as Johnson grass; that Congress be commended for establishing a control program against starlings and black birds, and urge support of the program by the people; that a Young People's Program be developed by Farm Bureau in those counties which do not have such a program; that Farm Bureau Women be commended for their valuable assistance; that action be taken by all county Farm Bureaus to start new Community Planning groups, and maintain the established ones; that bargaining-type marketing programs be given assistance by Farm Bureau, where the growers believe that a need for such service exists; that, in the Welfare Program the rolls be made a matter of public record, and the salaries of the welfare director and case workers be based on efficient operations, and not upon the amount of money dis- that Farm Bureau shall favor a meat inspection law, administered by the State Board of Agriculture, to protect consumer, producer and small slaughterer, and to be administered at public expense; that the power of eminent domain should not be used for any type of recreational projects, and should be used with restraint in other cases; that hunting laws should not be changed to permit hunting on Sunday; that the axle weight allowed for farm truck license tags be increased from 22,400 to 24,000 pounds; that Farm Bureau supports the growth of farmer cooperatives, and urge the continuation of the voluntary basis of the co-operative principle.

Several items which did not apply to Garrett County were omitted from this summary.

The following resolutions are direction quotations:

Law And Order

"The Farm Bureau views with much concern, current trends toward violation and lack of respect for law and the increase in crime, including riots in large cities. We urge all Farm Bureau members and other citizens to do everything possible to stimulate increased respect for law and order. We further urge that every effort be made to give full support to police officers in their endeavor to enforce the laws.

We also urge the courts to realistically develop a philosophy of giving as much attention to the protection of law abiding citizens as they are apparently giving to technicalities that protect those who are committing crimes.

We urge the enactment of legislation to accomplish the above objectives, and we recommend that a copy of this resolution be sent to our representatives in Congress and our United States Senators.

Highway Safety

We are shocked by Maryland's all-time high number of 792 traffic deaths in 1967. This is an increase of 36 over the number for the prior year.

To protect drivers from undue driving hazards and save lives, we urge Maryland Farm Bureau and county Farm Bureaus to work for the following objectives:

1.—Farm family driver participation in Defensive Driving Courses.

2.—Stricter enforcement of our drunken driving laws.

3.—Stricter enforcement of state anti-trash dumping law.

4.—Stricter enforcement of the law regarding people whose driving license has been suspended. We urge County Farm Bureaus to support local law enforcement officials and judges in controlling this menace.

5.—Careful marking of rural as well as state highway intersections and narrow bridges with "Stop" or "Yield" signs, using "Yield" signs wherever feasible.

6—An educational program to educate the public on the meaning and use of the slow moving vehicle emblem.

Family Homeless Following Fire

A widow and her eight children were left homeless last Thursday when fire destroyed their two-story frame dwelling located off Maryland Route 135 on Backbone Mountain four miles west of Bloomington.

No one was injured in the fire, which firemen believe was caused by a faulty flue. The Bloomington Volunteer Fire company responded to the 11:30 a. m. call from Mrs. Freda Morton that her home was ablaze.

Aware that water would be scarce, the Bloomington firemen called for help from the Tri-Towns Volunteer Fire Company of Piedmont. By the time the volunteers arrived at the dwelling in the mountainous area, the fire had practically destroyed the house.

Mrs. Morton, whose husband, John Morton, was killed some years ago in a motorcycle accident on Savage River road, was able to get her three youngest children out of the burning dwelling safely. The five older children were in school.

Mrs. Morton had reportedly stirred up the fire in the coal furnace and was dressing the three youngest for a trip to Oakland when she noticed smoke coming down the stairway. By the time she was able to get to the telephone to summon firemen, the roof was ablaze.

None of the family belongings or home furnishings was saved. It was reported that Mrs. Morton's wallet, containing about $200, was also lost in the fire.

Upon learning of the fire and the loss of the home and personal possessions, neighbors and friends of the Bloomington area began collecting clothing, furniture and bedding for the family.

One friend who lives on Backbone Mountain took a pickup truck and traveled to homes along Route 135 and into Swanton collecting home-canned food and other items needed for the family.

By Saturday, quite a bit of clothing had been supplied for the younger children, although the 14 and 15 year-old boys still needed shirts and trousers.

The United Organization of the Tri-Towns area supplied clothing to the family, and quilts made by members of the Church of the Brethren at Westernport were made available. The children were housed in separate homes until they can be brought back together.

The Mortons have been cleaning up a house in McCoole preparatory to moving in. The house, owned by a McCoole resident, will be rented to the family so that the youngsters may continue their schooling at Bloomington Elementary and Bruce High schools.

The Havalot Esso Station in Bloomington was receiving furniture, clothing, and food for the family and those of the Bloomington and surrounding areas are asked to bring their donations to the service station.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all our friends and relatives for their kindness and helpfulness following the death of our dear Mother, Mrs. Silas C. Beachy.

We also wish to thank Rev. Rogers Fike, those who rendered special music, Mrs. Newman, the pallbearers, and all who gave flowers.

Church Women Meet

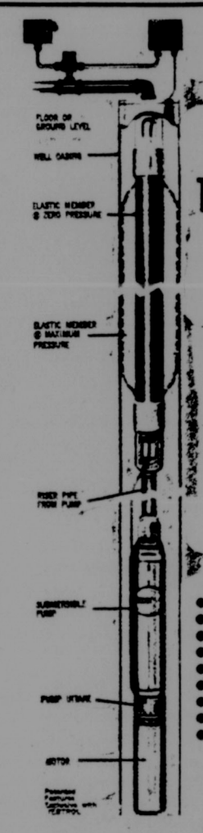
Mrs. Robert McKenzie was hostess to the Lutheran church Women of Zion Church, Jennings on January 21. Six members were in attendance.

Mrs. McKenzie and Mrs. Stewart Stahl led discussion of the topic, "Five Facets of Japan".

The principal objectives of the program were to help the Christian woman to identify with Japan with Japanese people and particularly with the challenges facing the Christian church in Japan today, and to deepen her knowledge and understanding of how it feels to be a minority group which is the status of the Christian community in Japan.

Japanese money and articles made in Japan were on display along with pictures and literature about the country. A letter of a Japanese pastor who now serves as a missionary to Brazil was read.

Leota Baker presided over the business meeting.



Projects for the year will include the American Bible Society. The Passavant Homes for the Care of Epileptics and the Lutheran Home for the aged in Zelienople.

Refreshments were served by the hostess.

Mrs. Herman C. Meyers will lead the topic, "Our New Leisure" when the group again meets on February 11.

Pastor Galen Fike spoke on "The Symphony of Life" at the Union church on Sunday. The Fikes and Mr. and Mrs. Harold White attended Mrs. Beachy's funeral at Accident, Sunday afternoon.

Mrs. Anna Welch and Mrs. Anna Bittinger were in Kingwood to view the remains of Hugh Crane, son of Mr. and Mrs. Stanley Crane, of Albright, who died last Wednesday.

Visiting Mrs. Vernie Lichty on Saturday were her nephew, Mr. and Mrs. Marvin Beachy and sons, of Red Lake, Ontario; a niece, Mr. and Mrs. Raymond Yoder and child, of Alexandria, Va.; and her sisters, Mrs. Noah Beachy, Mrs. Sadie Schrock and Mrs. Sam Beachy, of Springs, Pa.

Dr. and Mrs. Alvin Friend and children, and Sharon Friend and brother, of Ferndale, were guests of Mr. and Mrs. Albert Sisk on Friday evening. They entertained with slides of their trip west which included several national parks and Disneyland. Forty neighbors and relatives were present.

The Lewis Shetler family, of Ohio, spent the week-end with his sisters, Mrs. Ernest Schrock and Mrs. Henry Petersheim, en-route to visit their brother, Joni Shetler, in Virginia.

Mr. and Mrs. Walter Schlosnagle visited Mrs. Jesse Harsh on Thursday afternoon.

Mr. and Mrs. Ralph Lichty and family were recent dinner guests of Mr. and Mrs. Charles Mason.

Mrs. Anna Welch, William Welch and family and Mr. and Mrs. Ira Wetsell were in Rowlesburg, Sunday, were they had dinner with Mr. and Mrs. Donald Welch in honor of the latter's birthday. In the evening Mrs. Welch was entertained at the Albert Sisk's. Guests included Olen Schrock and his mother, Mrs. Vernie Lichty, Mrs. Anna Bittinger, Misses Esther and Fannie Beachy.

Mrs. Effie Yoder, of Springs, spent a day last week with her daughter, Mrs. Simon Swartzentruber.

Mr. and Mrs. Eli Summy, of Meyersdale, and son, the Simon Summys, of Pleasant Valley, spent Sunday with Owen Swartzentruber.

John Burkholder, of Flintstone, visited his sister, Mrs. Noah Schrock, one day last week.

Mr. and Mrs. Emanuel Miller and daughter and Harold Bachtel took a load of gifts to Owen Yoder's home folks at Springs. The Yoders lost their home in a fire recently at Sandy Lake, Pa.

Henry Swartzentruber spent the week-end at Meyersdale with his in-laws, Mr. and Mrs. Yost Summy, who are bed fast and their daughter Nancy, is seriously ill.

Marshall Johnson, of Terra Alta, spent Saturday evening with Olen Schrock and his parents.

Elmina, the 8-year-old daughter of Mr. and Mrs. Joni Shetler, passed away at her home in Virginia on Monday. Her funeral will be conducted near Stuart's Draft today.

Relatives here were informed of the death of their cousin, Lloyd Swartzentruber, formerly of Iowa, but now of Missouri. His funeral will be today.

Mr. and Mrs. Lawrence Brenneman, of Bittinger, were dinner guests of Mrs. Anna Welch on Tuesday.

No. 5651 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

This is to give notice that on the 24th day of January, 1968, a Bill of Complaint was filed in the Circuit Court for Garrett County, Maryland, by the Plaintiffs against the Defendants at the addresses herein above set forth. The object of these proceedings is to procure the passage of a decree for the sale of the real estate of Cora E. Opel, situate in Election District No. 3, Garrett County, Maryland, and for the payment of debts and claims filed against the property:

The bill states:

That during her lifetime and at the time of her death, Cora E. Opel, was seized and possessed of a parcel of land situate in the Town of Grantsville, Election District No. 3, Garrett County, Maryland, and being the same as described in a deed from Julius C. Renninger, et al, to Catherine Opel, dated August 19, 1920, and recorded in Liber E.Z.T. No. 80, folio 73, one of the Land Records of Garrett County, Maryland; this same property was then devised to Cora E. Opel, under the will of her mother, Catherine Opel, the latter having departed this life testate on October 9, 1927; that surviving her are her next of kin and heirs at law as follows: (a) John Opel, a nephew who intermarried with Margaret Opel (who is now deceased)—John Opel now residing in Accident, Maryland. (b) Anna Harman, niece who intermarried with Oscar Harman both of whom reside in Accident, Maryland. (c) Leah Beitzel, niece who intermarried with Jacob Beitzel (now deceased) residing in Accident, Maryland, (d) June Beachy, a niece who intermarried with Alvin Beachy, both of whom reside at Grantsville, Maryland, (e) Orpha Georg, a niece who intermarried with Paul Georg, both of whom reside in Gambrills, Maryland, (f) Annie Tressler, niece, who intermarried with Sherman Tressler, both of whom reside in Mt. Lake Park, Maryland, (g) Lewis Krause, a nephew who intermarried with Gertrude Krause, both of whom reside in Upper Marlboro, Maryland. The Board of Complaint further indicates there are other parties who may be kin and heirs of the said Cora E. Opel, but are unknown to the Plaintiffs. That Anna Harman qualified as Administratrix of the estate of Cora Opel on August 9, 1966, as will appear by reference to a Certificate of Letters filed as Plaintiff's Exhibit No. 3; that the personal estate of the said decedent is insufficient to pay the indebtedness filed against the estate and that at the time of her death Cora E. Opel was indebted to the Garrett County Welfare Board in the amount of $1441.32, representing amounts advanced to the said decedent during her life time as Old Age Assistance under the laws of the United States and the State of Maryland, and the said Cora E. Opel is further indebted to the Newman Funeral Home in the amount of $975.00 and also unto divers other persons, and that the said real estate is not of sufficient value to satisfy all claims against the estate of the decedent.

The bill then prays for a decree for the sale of said real estate, for the sale of debts and claims and for general relief.

WHEREFORE, it is ORDERED by the Circuit Court for Garrett County, Maryland, this 24th day of January, 1968, that the Plaintiffs cause a copy of this Order to be inserted in a newspaper published in Garrett County, once a week in each of four successive weeks, before the 16th day of February, 1968, giving notice to the said unknown heirs who may be defendants of the object and substance of the Bill of Complaint and warning them to show cause, if any there may be, on or before the 18th day of March, 1968, why a decree should not be passed as prayed.

FEBRUARY 9, 1968
At 11:00 A. M.

in front of the Court House in the Town of Oakland, Maryland, I will offer for sale at public auction fee simple title in and to those parcels of land situate, lying and being in Election District No. 12, Garrett County, Maryland, described as follows:

All those lots, pieces or parcels of land situate, lying and being in Election District No. 12 of Garrett County, Maryland, constituting that tract of land locally known as "The Adam Harmon Farm", the same being designated as Military Lots Nos. 2334, 2335, 2399 and 2400, containing 50 acres of land each and making a total of 200 acres.

Saving and excepting a right of way for railroad granted to Jennings Brothers and all the coal and other minerals or mineral substances under the surface soil of the said land with the right to mine and remove the same, as reserved in a deed from Charles F. Shaw and others to Cornelius Bowser bearing date May 30, 1904, and recorded in Liber E.Z.T. No. 47, folio 208, one of the Land Records of Garrett County, Maryland, and also reserving all that parcel of land conveyed by Joseph Bowser by deed dated April 20, 1917, and recorded in Liber E.Z.T. No. 72, folio 155, one of the Land Records of Garrett County, Maryland, and described as follows, to-wit:

Beginning for the same at a stake, it being the North-east corner of the lands of Gustovus Stanton, and running thence by a straight line east 51 rods to the county road leading from Bittinger to Grantsville, thence North with the course of said county road 80 rods to the line of Elias Lohr farm; thence following the outline of said Elias Lohr farm west 71 rods to a stake at the corner of Levi Resh lands, and thence by a straight line to the place of beginning, containing 30½ acres of land, more or less.

The above land is the same which was conveyed to Gilbert T. Green by deed from Joseph Bowser and wife, dated the 27th day of November, 1918, and recorded in Liber E.Z.T. No. 74, folio 471, one of said Land Records.

Also saving and excepting from this conveyance all that other parcel of land conveyed by said Gilbert T. Green and wife to Harold Green and wife, by deed dated January 7, 1938, and recorded in Liber A.G.R. No. 117, one of said Land Records and described as follows:

Beginning at a bar post at the Bittinger road and thence generally following the railroad grade North 83° East 433 feet; thence North 68° East 782 feet; thence North 88½° East 534 feet; thence North 82° East 345 feet; thence South 62° East 463 feet to the property line; thence leaving the railroad grade and following property line North 8° East, 886 feet to corner; thence North 84½° West, 2081 feet to the Bittinger road; thence with the same South 23¾° West, 500 feet; thence South 21½° West, 732 feet to the place of beginning, containing 38.5 acres, more or less.

It is the intention to convey by this deed all of the remainder of said Military Lots not heretofore excepted, the same containing 131 acres, more or less.

This being the same property as conveyed to Lawrence Beitzel and Thelma Beitzel, his wife, by deed from Gilbert T. Green, et ux, dated January 18, 1938, and recorded in Liber A.G.R. No. 117, folio 204, one of the Land Records of Garrett County, Maryland.

Sale will include buildings and improvements located on said real estate.

TERMS OF SALE—Cash on day of sale.

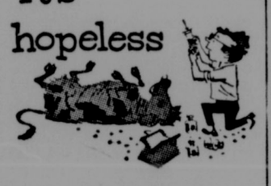
Elimination of Rail Service Deplored

A letter designed to encourage productive thinking on the part of the B. and O. railroad and asking it to reconsider its decision to decrease if not completely eliminate train service to Oakland, was written by the Deep Creek Lake-Garrett County Promotion council to Richard M. Priddy, superintendent of the railroad at Cumberland. The letter was signed by Lynn Beckman, executive secretary.

Mr. Beckman pointed out that a reduction in the operating hours of the Oakland station would mean incomplete service to passengers arriving after 5 p. m. on week-days and all day on Saturdays and Sundays, saying individuals would be unable to check baggage or obtain information of any kind.

He added that although the waiting room remains open there is still no ticket or baggage service.



He pointed out that the railroad is Oakland's only commercial transportation system and the ultimate end of train service would be the elimination of passenger service to Oakland.

From a recreational standpoint the Promotion council said it would like to see an increased interest on the part of the railroad to provide better services. It also pointed out that while airlines and bus companies were advertising convenience of traveling via their carriers that people have seen the railroads remove sleeping facilities, dining facilities and passenger services from their operatons.

With people more travel minded than ever the council felt that railroads should be doing everything within their power to increase their volume of business. The letter finally called attention to the Japanese who have developed modern and efficient railroad service and hoped that American superiority and engineering, private enterprise and initiative could at least equal those of Japan.

The letter was written January 26 and copies mailed to this newspaper, other newspapers, railroad officials and radio stations.

Observe 52nd Wedding Event

Mr. and Mrs. Jesse G. Woods, of Altamont, celebrated their fifty-second wedding anniversary on Tuesday, January 30.

They are the parents of five children, Estel Woods, Baltimore; Mrs. Helen Friend, Altamont; Glen Woods, Altamont; Mrs. Connie McWhinney, Swanton; Neil Woods, Grafton, W. Va. They have ten grandchildren and one great grandchild.

Mr. Woods was a former school teacher and a retired Baltimore and Ohio telegraph operator with 30 years of service.

They were married January 30, 1916 at Bloomington Methodist church parsonage with Rev. A. R. Snedegar officiating. Mr. and Mrs. Woods spend the winters months in the Rio Grande valley in Texas.

Plans For Farm Pond Stocking Are Announced

Applications for initial stocking of ponds must be submitted by April 30, the Department of Game and Inland Fish has announced. Fish for stocking will be bluegill and bass fingerlings.

Interested persons may direct inquiries or applications to William Harman, Billmeyer game refuge, Flintstone.

Waterfowl Survey

An aerial survey to determine distribution of ducks, geese, swans and coot in Maryland has been completed. It revealed that the canvasback duck, popular in Maryland had decreased by 82,900 down to 50,200. The 1967 migration was lowest in many years but up some for mallard, black duck and Canada goose.

There was an increase of 46,000 in geese, and now totals 402,000. A number of hunters in this area are interested in waterfowl.

A fish and game report for the year 1967 showed the following items:

A project involving preparation long range plans for wildlife management areas was initiated. A new concept of wild turkey management saw the introduction of 15 wild birds from Florida and 12 from the state's wild flocks to new turkey ranges, with 800 birds from the turkey farm released in Western Maryland. Seventeen cooperative morning dove areas were established and developed.

Habitat improvement programs continued. Big and small game inventories were continued. Technical assistance on 324 farms under Federal conservation programs was given.

Program Opens For Feed Grain

Advance payments to farmers participating in Feed Grain program will be continued in 1968, I. William Umbel, chairman, Garrett county ASC committee, announced today.

To obtain advance payment, farmer applies for it at time he signs up to participate in the program. Signup period begins Monday, February 5, and ends March 15.

Advances will be up to 50 percent of feed grain acreage diversion payment. Advance payment will not be made on wheat marketing certificates or on feed grain price support payments.

For corn and grain sorghums, diversion payments will be made on acreage withheld from production above qualifying 20 percent of base as announced earlier. Diversion payment rate per acre will be 45 percent of total price support (for corn $1.54 per bushel and for grain sorghum $1.25 per bushel in Maryland) times yield.

Exceptions continue to be made for small farm diversion paments. Farm with base of 25 acres or less will get payment on first 20 percent of base at 20 percent of total support times yield, and at regular 45 percent payment rate on remaining acreage diverted to conserving uses. As in 1967, producers with feed grain bases up to 125 acres will have option of temporarily reducing bases down to 25 acres and be eligible for small farm provision. Under these circumstances, feed grains cannot be planted on farm to remain eligible for program benefits, Mr. Umbel concluded.

THE REPUBLICAN

VOLUME 91. OAKLAND, GARRETT COUNTY, MD., FEBRUARY 8, 1968 PER COPY 10c NUMBER 50.

Time to Remember . . .

When we pause to celebrate the birth of George Washington later this month, the Industrial Press Service suggested that people review a few bits of the first president's wisdom—a philosophy which is just as pertinent today as when it was first uttered.

The Press Service pointed out the following under four headings:

Constitution—"To every description of citizens, let praise be given. But let them persevere in their affectionate viglance over that precious depository of American happiness, the Constitution of the United States".

Patriotism—"The name of America . . . must always exalt just pride of patriotism . . . The independence and liberty you possess are the work of joint councils and joint efforts, of common dangers, sufferings and successes".

Debt—"Avoiding likewise the accumulation of debt, not only by shunning occasions of expense, but by vigorous exertions in time of peace to discharge the debts which unavoidable wars have occasioned, not ungenerously throwing upon posterity the burden which we ourselves ought to bear".

Guidance—"No people can be bound to acknowledge and adore the Invisible Hand which conducts the affairs of men more than those in the United States. Every step by which they have advanced to the character of an independent nation seems to have been distinguished by some token of providential agency . . . (Results) cannot be compared with the means by which most governments have been established without some return of pious gratitude, along with an humble anticipation of the future blessings which the past seems to presage".

Report On Teacher Study To Be Made At Special Meet

The Special committee for Garrett County of the Maryland State Teacher association will present its report to county teachers and other interested persons at a meeting this evening, February 8, at 7:30, at Southern High school, it was announced by Lawrence Myers, president of the Garrett county teacher group.

The study, conducted in mid-October, followed a GCTA request for an unbiased appraisal of the educational problems affcting children and teachers in the county.

The MSTA Executive Board, which heard and approved the report at its December meeting, appointed Dr. M. Roberta Keiter, MSTA president; and John W. Barrett, member at large of the Executive Board, to represent the board at the special meeting.

Also attending will be Chairman John Thompson, a classroom teacher and president of the Frederick County Teachers association, and other members of the committee.

Mr. Myers urged all teachers to attend as well as all citizens who are interested in the future welfare of education in this county.

Distilled Spirits Revenue Given Out

Checks totaling $1,138,462 have been mailed to the 23 counties and Baltimore City as a share of the state's distilled spirits tax collections for the second quarter of fiscal 1968.

According to a report sent out by Louis Goldstein, state comptroller, Garrett County received 5,224 gallons of the alcoholic beverages during October, November and December. Amount received was $2,612.00, a decrease of 7.70 percent over the same fiscal period in 1967.

For the first half of fiscal year 1968 (July through December, 1967), 10,272 gallons were delivered, and $5,136.00 received. This represents a decrease of 5.73 percent over the same period in fiscal year 1967.

$1,249.80 Received In Mothers' March

A partial report of the March of Dimes Mothers' March which was conducted Sunday, January 28, was given this week by Verna Harvey, chairman for the march, and showed recipts of $1,249.80.

The committee had set a goal of $1,000, which already has been exceeded by $249.80.

The chairman said that several areas had not yet reported and she felt sure the returns would be increased appreciably.

She listed the totals from the areas as follows:

Oakland, $346.46; Deer Park, $198.06; Grantsville, $182; Mt. Lake Park, $141.13; Kitzmiller, $107.73.

Friendsville, $84.31; Crellin, $58.34; Accident, $51.03; Loch Lynn, $46.50; Bloomington, $34.24. Volunteer marchers for Bloomington were Mrs. Charlotte Barnard, Susie and Nancy Hill, Carolyn Tichinel and Tabby Dellinger.

A complete report of the March of Dimes campaign will be provided later by D. Lester White, county chairman.

Cosby Nominated To Air Force Acad.

Congressman Charles McC. Mathias, Jr., announced this week a number of nominations for appointment to U. S. Service academies for the entering class of 1968.

Among those nominated was Anderson Blackwell Cosby, of Oakland, to the United States Air Force academy.

He is a son of Mr. and Mrs. A. B. Cosby, Sr., of Mt. Lake road. He is a senior student at Southern High school and an honor roll student, member of the basketball and football teams and an Eagle scout.

Congressman Mathias said the young men were nominated on a non-political, strictly competitive basis on the basis of their academic and extra-curricular records, performance in a civil service commission examination and passage of a physical exam.

Final decision as to appointments will be made by the individual academies sometime this spring.

SUPERINTENDENT'S NEW HOME—Here is the recently completed home of Harold F. Stark, superintendent of the Swallow Falls State Park, which is located just off the park entrance. It is the first real home constructed specifically for the quarters of the superintendent and his family. Mr. Stark started with the sate in 1953 and in 1956 was named state forest superintendent. He was made state park superintendent in July, 1967. The home was completed November 19 of last year when he and his wife, Madeline V. Stark, and her children, moved in. In the photo are Mrs. Stark and her daughter, Eva Mae Perando. Her other children are Dale, Alden and Wolford Perando and Mrs. Joan Hawks. The Swallow Falls state forest has had three superintendents. Myrl Wilt was the first, and then John Foley. Charles Thomas is overseer of the Park and also the Herrington Manor area.

Oakland's New Fire Truck Placed In Service This Week

Harold Schell, chief of the Oakland Volunteer Fire Department, Inc., stands in front of the new and modern fire truck which went into use this week.

A completely new and modern fire truck will go into service this week to augment the present equipment of the Oakland Fire Department, Inc., it was announced by James Rook, president.

The 750-gallon pumper unit was purchased from the American Fire Apparatus company for an approximate cost of $17,000, and it was mounted on a G.M.C. chassis. The cost of the truck chassis was in the neighborhood of $6,000. One thousand feet of new hose was placed on the truck at a cost of $3,000. With all equipment the new piece of equipment is costing in the neighborhood of $29,000, which at present is only partially paid.

The new truck will be known as unit No. 4. The department already has four pieces of equipment but the 1700-gallon tanker, purchased in 1953, will be made unit No. 5. Presently in use is the 1963 Chevrolet 750-gallon pumper, and also a 500-gallon 1949 Dodge pumper. The company also has a relic a 750-gallon pumper, purchased in 1929.

The new truck, in addition to the new hose, will be fully equipper with inhalator, a portable light plant, a portable pump, a self contained mask, an exhaust fan, fire extinguishers. The truck carries three ladders.

The unit has a tilt cab, and will use a different siren from the old trucks. This is known as a penetrating siren, and will give a series of screeches with abrupt stops. It is the same type as that used by the Deer Park fire company.

To begin their campaign to raise the balance of the money needed to complete payment for this new equipment, a benefit buckwheat cake and sausage supper will be held at the fire hall on Wednesday, February 21.

Judges Named For Municipal Election

The time for a municipal election was brought to the floor Monday evening at the regular meeting of the Mayor and Town Council of Oakland when the council named the judges for the election to be held on Monday, March 11.

Council named Mrs. Eleanor J. Stemple and Mrs. Phyllis J. Helbig as register judges and Miss Floss F. Shaffer and Mrs. Louise M. Shaffer as machine judges.

A mayor, three councilmen and a treasurer will be elected. Mayor Russell L. Smith's term expires this year as do the terms of Harry L. Stemple, Willis Shaffer and Allen Naylor. The term of Mrs. Beryldine Stanton as treasurer also expires.

Hold-over members of council are James J. Helbig, Donald M. Browning and Ernest Gregg, Jr.

Mrs. Gladys Nordeck, clerk-collector, said the last day to file as a candidate would be Thursday, February 29, at 4 p. m., and the last day to register to vote would be Friday, March 1, at 4 p. m. She said there were no candidates thus far.

Last year 406 persons were listed as eligible to vote. Notices have gone out to 13 persons who had not voted for the past five years and who were to have their names stricken from the books unless they could show just cause. Names of seven or eight who died during the past year were deleted from the voting roll.

Extension Personnel Get New Training

The impact of the explosion of knowledge that has mushroomed over the country in years was recently explored by County Extension agents at a Cooperative Extension personnel training institute held at the University of Maryland, College Park, January 29 to February 2.

Attending were James W. Simms, Extension agent for the 4-H and Youth, and Mrs. Freda S. Denison, extension agent in home economics.

Under coordination of Dr. E. R. Ryden, professors from Pen State university, Virginia Polytechnic Institute and North Carolina State university, teamed with the University of Maryland staff to present a curriculum tailored to meet local demands created by the new knowledge in a time of rapid change.

The new educational technology, being explored in the social sciences can be employed to obtain to the fullest the effect of the new knowledge on the community, according to Mrs. Denison. To bring this new technology back to the county Mrs. Denison and Mr. Simms spent the week studying a variety of subjects. She said all courses provided new ideas and ways of adopting them to the local extension educational program.

Has Straight A Average

Vernon Reichenbecher, a student at West Virginia university, completed the first semester with a 4.0 average, all A's. He is a son of Mr. and Mrs. Vernon Reichenbecher, Sr., of Cove.

He is a graduate of Northern High school.

Wilbur Hinebaugh, Kenneth Sisler and Allen Smith, Northern High graduates and students of Potomac State college, also were placed on the dean's list at the college.

Aiken Introduces 2 Local Measures

House of Delegates member, Benjamin O. Aiken has introduced two bills in the legislature, one to create a board to study a merit system plan for county roads workers and court house employes, and one to authorize the County Commissioners to borrow $350,000 for the Community college.

These are know as bills 398 and 399. The 398 measure is similar to one passed by the legislative session last year but vetoed by the governor. Several changes are made in this bill, Mr. Aiken pointed out. It would name a commission of seven members, two to be appointd by Senator Hughes and Delegate Aiken, two by the County Commissioners, one by the Circuit Court judge, one by the governor and one by the County Roads organization. They would study the feasibility of having a merit system and the scope of such a committee. A report would be made to the legislature by 1969.

Bill 399 which authorizes the commissioners to borrow $350,000 is to take care of an omission in the community college bill passed last year. No referendum was provided on the question of borrowing and the vote last year did not include the authorization to borrow the money, and local attorneys here are of the opinion a separate bill must be passed for this. Mr. Aiken pointed out that the last year authorized the borrowing of $500,000 but the amount is being reduced in this year's measure to $350,000 because of additional state aid.

The U. S. has 4½ times as many nuclear warheads as the Soviet Union.

Watershed Loan Approved Here

A watershed loan in the amount of $57,000 was approved recently by Farmers Home Administration State Director Chester J. Tyson, Jr. The loan funds will be used for the purchase of needed land in the Little Youghiogheny River watershed project.

Plans for this watershed project were developed by the Garrett County Soil Conservation Service. The town of Oakland is the principal sponsor of this watershed project and also the receipient of the Farmers Home Administration loan.

The Soil Conservation Service is also providing grant funds for the development of this watershed project. Additional loan funds will be required from the Farmers Home Administration for the completion of the project, it was stated.

The people from the Town of Oakland and the surrounding area are expected to derive considerable benefits from this project. Flood control and proper water management will result. A large recreation facility will be developed utilizing the sizable body of water which will be created as a result of this project. A sizable future water supply will be developed for the Town of Oakland. This needed water supply will be an asset in the future developmnt of Oakland, it was pointed out. Mayor Russell L. Smith and the members of the Town Council of Oakland were the major sponsors of this project and loan.

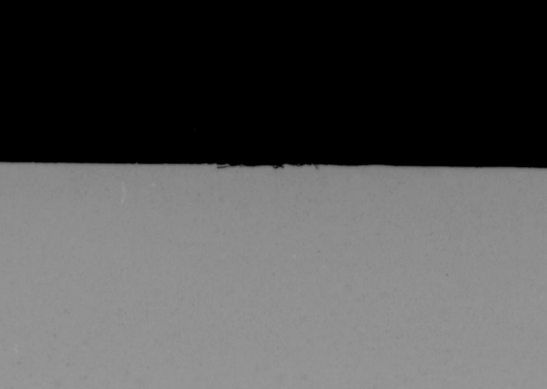
Return Battle Set For Friday Evening

The return match of the two basketball teams of Southern and Northern High schools will be played at Accident on Friday evening, February 9, with a preliminary game preceding the main attraction.

Northern High school's Huskies won the first engagement at Oakland on January 12, 88 to 61, and appear confident of repeating on Friday night. Southern won both encounters last year.

The Huskies have lost only one game this season, and that was to Valley High on January 23. They have the district's leading scorer in Gary Reichenbecher. They have won thirteen encounters thus far and have five more to go before the district playoffs. Southern has won only three contests this year, two against Union high of Bayard and one against the Mountaineers of Davis. They had lost ten games not including the game with Elk Garden played on Tuesday. The Highlanders will have just three more game after the Northern encounter, with Kingwood, Terra Alta and Aurora.

Southern will be in class A in the district tournament while Northern High will compete in class B. Classes are determined by the number of male students in the senior high school, and the county championship has no bearing on district competition.



Dale Carnegie Man To Address Lions

R. B. Bonar, Baltimore, will be the principal speaker at the next meeting of the Oakland-Mt. Lake Park Lions club next Monday evening, February 12, in the Allegheny room of Proudfoot's Oakland Pharmacy.

Mr. Bonar presently is in charge of all Dale Carnegie activities for the state of Maryland, and will speak on the subject, "Success Comes in Cans".

Mr. Bonar was vice president of Western GMC. He was selected as most outstanding associate in world competition in 1963 for Dale Carnegie courses. He has spoken at state and national conventions and has trained numerous people in effective speaking, sales, human relations, leadership and management.

Robert Proudfoot is program chairman. At the last Lions club meeting Max Messenger, manager of Harco Lumber company, spoke, bringing the club up to date on the plant operations and what the business means to the community. A question and answer period followed his talk. Messenger is a member of the local club.

RECEIVES BANKERS AWARDS—Maurice S. Brookhart, left, representative of the Garrett National Bank; and Richard G. Stanton, right, representative of the First National Bank, present Maryland Bankers' awards to Miss Elizabeth Sharps, of the Monte Vista Jr. 4-H club; and Jane Gibson, county council president. Miss Gibson received the award for the Bittinger Girls' 4-H club. The Bankers awards are presented to 4-H clubs for conducting outstanding 4-H programs during the year. This year the two named were the only clubs in district 1 to receive the awards. District 1 includes Garrett and Allegany counties. Miss Sharps is left center and Miss Gibson, right center.

Garrett National Increases Capital

The Garrett National Bank in Oakland is increasing its capital by the sale of an additional 5,000 shares of common stock at $50 per share, it was announced yesterday by Wesley Schaible, president. This sale will bring the total outstanding shares to 35,000.

Present stockholders, in accordance with the provisions of the Articles of Association, were given their pre-emptive rights to purchase the new shares in proportion to their present holdings, Mr. Schaible said.

Present stockholders, by exercising their rights have purchased 90.4 percent of the new shares and the remaining shares have been allotted to persons whose names have been on a waiting list for some time.

Consummation of the sale will increase capital accounts to $1,400,000, Mr. Schaible pointed out.

The last sale prior to this one was on June 30, 1967, when 2,437½ shares were sold at $50 per share and 1,213½ shares wer issued as a stock dividend.

County Action Grant Approved by Governor Agnew

The Community Action Committe of Garrett County this week received an anti-poverty grant of $207,510 for this county, according to Bradford Rinard, executive secretary.

Gov. Spiro T. Agnew approved the grant. It was stated that $79,395 of the amount consists of unexpended funds from prior fundings in the county.

The initial component provides for four neighborhood centers. The overall objective of the program is to provide opportunities for residents of the county to acquire skills which will help them become competent in managing their own lives as well as to influence the existing institutions and agencies in the area.

The second component provides for the overall administration of the community action agency. The remaining component provides for the necessary funds for a full year of the Head Start program for 30 children.

The original approval of this grant was announced early in January through Congressman Charles McC. Mathias' office, but needed the signature of the governor to be in full effect.

Rotary Elects

Paul Riley was elected president of the Oakland Rotary club at the club's regular meeting last Thursday evening. He will succeed Gerald Minnich when new officers are installed the first meeting in July.

Others elected were John Browning and Allen Murray, vice-presidents; Fred Beachy and George H. Hanst, members of the board of directors for two years; Ross Crowe, member for one year.

Other offices are appointive.

Sets Office Hours

Albert Mullican, assistant to Congrssman Charles McC. Mathias, announced this morning that he would conduct office hours for the Congressman in Oakland on Tuesday, February 13, from 1 to 3 o'clock, in the post office building.

Name Miss Teets At Aurora School

Because she finished first in a written knowledge and attitude examination for senior girls December 5, Mary Elizabeth Teets has been named 1968 Betty Crocker Homemaker of Tomorrow for Aurora High School.

"Bitsy" Teets' achievement has made her eligible for state and national scholarship awards and also has earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow program.

Miss Teets is the daughter of Mr. and Mrs. Ellis Teets of Eglon. She is an active member of the National Honor Soceity, Math Club, FHA, Band, and Pep Club. She serves as president of the Future Homemakers of America, and is a majorette in the Aurora High School band. "Bitsy" is also an active member of the Eglon Church of the Brethren where she is president of the youth group. She plans to attend West Virginia University next year to continue her study of Home Economics.

Senate OK's Liquor Board Members

Three members of the Garrett County Liquor Board, who have been serving since early in 1967, were officially confirmed as members by the Maryand Senate on February 6.

They are William D. Casteel, Oakland, remainder of a two-year term ending May 31, 1968; Lewis C. Hutson, Kitzmiller, remainder of a four-year term ending May 31, 1970; and Stewart F. Stahl, Jennings, remainder of a six-year term ending May 31, 1972.

McNamara says neither the U. S. nor Russia could prevent the other from destroying it in a nuclear exchange.

Signatures Are Sought Again; No Success

Three Commissioners Are Asked To Sign; Only One Concurs

Signatures of two County Commissioners were sought once again this week, but once again those doing the seeking were unsuccessful.

This time it was C. W. Englander and George D. Edwards, members of the Board of Education who sought signatures on the application for grants for vocational additions to Northern and Southern High schools.

Allen S. Paugh, the third commissioner, had signed the applications some two weeks ago.

The Appalachian Regional Commission had announced early in January that it had approved two grants totaling $112,684 in Federal Appalachian funds for construction of vocational education additions at both Northern and Southern High Schools.

The construction at Northern High will provide an addition to the Agriculture Center consisting of a shop and greenhouse, of some 3,000 square feet. The new facilities were deemed necessary in order to meet the needs of a changing agriculture curriculum and to up-date the shop facilities in order to provide a quality program in agriculture.

Total cost was to be $90,000 with $26,100 provided by the Appalachian Regional Development Act and $63,900 as a grant from state vocational funds.

The addition to vocational facilities at Southern, Oakland, was to consist of a food service and business education wing, a two story building of block and brick construction of some 10,000 square feet.

The planned facility for training food service workers is an effort to provide vocational training to meet the needs of a growing recreation ara. The business education addition will centralize this department and up-grade the program with additional equipment.

Construction and equipment for this unit will cost $295,384. Of this amount Section 211 of the Appalachian Act will provide $86,584, and State vocation-

Four Injured In One-Car Smashup

Four persons were injured, two seriously, in a one-car accident on U. S. Rt. 50 near Youghiogheny Forest Saturday morning.

Taken to Garrett County Memorial Hospital in Oakland were Homer C. Huffman and Alice May Huffman, both of Amboy, and William F. Huffman and William A. Huffman, of Rowlesburg, W. Va.

William F. Huffman was transferred to the University Medical Center in Morgantown, W. Va., on Monday for intensive care of his severe head injury. Alice May Huffman remains a patient in the Oakland hospital with deep facial cuts. Her condition on Wednesday was listed as "good". The other two involved were treated and released.

The four were traveling east on Rt. 50 about 9:45 a. m. when the driver apparently left the road to avoid colliding with a west bound auto. The car plunged over a six-foot embankment and rammed into a small tree in the front yard of the John Shillingburg home.

Highlanders Win Over Mountaineer

Southern High school's Highlanders of Oakland snapped a five-game losing streak last Thursday night by downing the cagers of Mountaineer High of Davis by the score of 70 to 59.

The Highlanders had four players in double figures with Pat Flanagan setting the pace with 18 points on eight field goals and 2 for 2 at the foul line. Jack Alvarez and Andy Cosby each had 15 points and Harvey Speicher collected 14 tallies. Bill Hawkins, suffering from influenza, did not dress for the encounter. Evans had 7 and Poling 1 to complete the Southern scoring.

Larry Barnes had 19 for Mountaineer and was high man for the battle. Mike Supak was runner-up with 13 markers.

Mountaineer managed to hold the Highlanders to a 26-25 score at halftime after trailing 14 to 12 at the quarter, but Oakland led 50 to 45 at the close of the third quarter and stretched the lead in the final frame.

Southern led in field goals 32 to 22 but was outpointed at the foul line 15 to 10. Mountaineer lost Frie in the final quarter on five personal fouls, and Southern lost Alvarez for the same reason. This is the only game this year with Mountaineer.

In the preliminary game Southern junior high defeated Mountaineer 51 to 45.

Engagement Announced

Mr. and Mrs. Lester Hunter, Route 2, Frostburg, announce the engagement of their daughter, Lois Colleen, to Kenneth James Savage, son of Mr. and Mrs. William Savage, Route 1, Friendsville.

Miss Hunter is a senior at Northern High School.

Mr. Savage is also a senior at Northern High School and will enter the armed forces.

No date has been set for the wedding.

260,000 factory and automobile workers were on strike Thursday.

Seven Fined For Motor Violations

Seven persons were given fines for motor vehicle offenses during the past week by Oakland Trial Magistrate Robert Maroney.

Philson Dorn Hinebaugh, Deer Park, was fined $25 and costs for reckless driving.

Bruce Frantz, Friendsville, forfeited colalteral of $7 and costs for improper passing.

Richard Leo Rodeheaver, Oakland, forfeited collateral of $12 and costs for exceeding the 50 m.p.h. speed limit.

William Grant Likins, Oakland, pleaded guilty to operating a motor vehicle at a speed greater than reasonable and was fined $10 and costs.

Kevin Keith Stahl, Oakland, pleaded guilty to operating an unsafe vehicle. He was fined $12 and costs.

James Cazear Pollock, Swanton, pleaded guilty to failure to keep to the right of the center line. His fine was $20 and costs.

David Allen Pennington, Gormania, W. Va., pleaded not guilty to a charge of failing to drive to the right of the center line. He was found guilty and fined $10 and costs, both of which were suspended.

Mr, Paugh, Miss Deal Wed

St. Paul's Lutheran Church, Accident, was the setting for the wedding of Miss Ruth Marie Deal, daughter of Mr. and Mrs. Clarence Deal, Accident and Roger Wayne Paugh, son of Mr. and Mrs. Murray Paugh, Jr., of Loch Lynn Heights, on Saturday afternoon, December 16, at 2:00.

The Rev. William E. Carlson, who baptized and confirmed the bride, performed the ceremony.

Miss Nancy Strauss played the traditional nuptial music and accompanied the vocalist Edward Deal, brother of the bride, who sang "Oh Perfect Love".

The altar was decorted with potted white Poinsettias, Candelabra and Princess Pine.

Given in marriage by her father, the bride wore a long white gown fashioned of tiered lace, trimmed with satin. It featured a v-waistline and long tapered sleeves. She carried a cascade bouquet of white rose buds and white carnations.

Maid of honor was Miss Faye Green, Swanton, cousin of the bride. Bridesmaid was Miss Mary Deal, sister of the bride. They wore pale pink and blue matching street length dresses and carried matching bouquets of tinted rosebuds and carnatins.

Attending the groom was Charles Helbig, Alexandria, Va., cousin of the groom. Ushers were Richard Callis, Oakland and David Spear of Accident.

Following the ceremony a reception was held in the church social room. Mrs. Donald Rolf, Morningside, cousin of the groom, served the wedding cake. Mrs. Walter F. W. Richter served the punch. Mrs. Richard Callis was in charge of the guest book. Aides for the rectption included Mrs. Irvin Hughes, Loch Lynn; Mrs. Glen Kellar and Mrs. Raymond Coddington of Accident.

For travel to Michigan the bride wore a three-piece suit of wool plaid adorned by a white rosebud corsage lifted from the bridal bouquet.

A 1966 graduate of Northern High school the bride is employed by "Will 'O the Wisp" as secretary.

The groom is a 1964 graduate of Southern High school and after serving two years in the Armed Forces, one of which was served in Vietnam, he is now employed by Greater Md. Tool Mfg., in Accident.

Police Identify Body Found Near Yough Dam

The body of a young man found on January 26 near the Youghigheny River reservior has been identified as Roger Alan Godeis, a soldier stationed at Fort Belvoir, Va., whose wife resides in St. Paris, Ohio.

The young man was identified through fingerprints taken by the Pennsylvania State Police.

Military authorities will join in the investigaton of the death of the young solder, who was last seen alive by his wife in St. Paris, on January 24 when he left home to return to Ft. Belvoir.

He had undergone surgery and was spending a leave at his home. It is believed that he was hitchhiking back to camp.

His death, according to the Robert Halverson, Somerset county coroner, was due to other than natural causes and is homicide. It is believed that the body was brought to the site near the reservior after death, as there were no signs of a struggle in the area where he was found.

The soldier's unclad body was found in a thicket about 200 yards from the Addison township road by Robert Burkett, 25, a farmhand on the Skiles Montague farm, who was checking on the food supply for game in the area.

The body was removed to a funeral home in Confluence, Pa., and later taken to the Somerset Community Hospital where an autopsy was performed.

PHARMACY PHACTS

from Clinton W. Englander

Question

I have a friend who tells me continually that drinking coffee and tea is not considered the same as drinking water because they are diuretics, and, that to be healthy I have to drink 6 to 8 glasses of water a day. True or false?

Answer

Your friend is probably thinking that coffee and tea tend to rid the body of as much liquid as the volume drunk and possibly more. This may be true of some people but not of others. What your friend is probably overlooking is the fact that you don't drink water, or any other liquid, for the purpose of storing it in your body. Your body retains necessary fluid for your blood, moistens mucuous surfaces, provides perspiration and removes wastes with the liquid intake you provide it. You can be certain that liquids, such as water, coffee, tea, milk, soup, fruit juices, soft drinks, etc. can be counted as liquid intake which your body uses.

Farming Program To End Saturday

The Farming for Better Living program for 1967 will be completed with the annual Round-Up Awards Banquet to be held Saturday in Elkins. At that time the Grand Champion Sweepstakes winner will be announced along with the regional winner from the region surrounding the Elkins area.

Farming for Better Living was started in 1940. At the present time 24 counties in West Virginia and one in Maryland are in the FFBL program. The program is sponsored by the Cooperative Extension Service of West Virginia University and Monongahela Power Company, along with the support of local merchants and organizations.

The counties in FFBL include Garrett county.

Honors in FFBL are progressive. A farmer must first be a county winner before he is eligible to compete for Regional Honors. The Sweepstakes Winner is selected from among past Regional Winners in all the 25 counties participating in the program.

Any farmer desiring to enter the FFBL program can do so by contacting his county extension agent or the Monongahela Power company.

Garrett county has had two previous Sweepstakes winners. They were Mr. and Mrs. Clark Schlossnagle, 1952; Mr. and Mrs. Lenwood Bittinger, 1957; Mr. and Mrs. Claude Wagner, Jr., 1966.

Furry Weatherman Breaks Winter Grip

Winter was forced to retreat temporarily on the mountain top after Mr. Groundhog failed to see his shadow last Thursday. The day was cloudy, temperatures rose to 43 degrees, and the furry weather prophet remained above ground.

Friday drizzled rain most of the day, with a high temperature of 48. During the middle afternoon hours, the mercury began dropping, changing rain to snow.

On Saturday, the area had a clean blanket of white accompanied by 20-degree temperatures, cloudy skies and high winds. The sun reappeared Sunday, raising the temperatures to the 30's.

Monday morning's low was near 13 and clear skies prevailed. High for the day was 34. Tuesday brought an early-morning reading of 26, clear skies, and a high around 40.

Wednesday followed much the same pattern as the two previous days, with early morning temperatures registering in the teens, sunny skies and a high near 40.

Thursday's skies were overcast and the temperature read 21 at eight o'clock.

With Our Men In The Service

Marine Staff Sergeant William D. Glotfelty, son of Mr. and Mrs. Orlando J. Glotfelty of Grantsville, has been promoted to his present rank while serving at the Marine Corps Air Station, Cherry Point, N. C.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

A graduate of Grantsville High School, Staff Sergeant Glotfelty entered the service in December, 1948.

To Assist In Filing State Tax Returns

Representatives of the Income Tax division of the State Comptroller's office have set the dates for their visit to Western Maryland to assist Maryland residents in the preparation of their income tax returns for the calendar year 1967, it was announced by Louis L. Goldstein, comptroller.

The list includes:

Oakland, court house, February 19.

Westernport, city building, Feb. 20, 21.

Barton, First National bank, Feb. 23.

Lonaconing, Liberty Trust, Feb. 26.

Frostburg, Fidelity Bank, Feb. 27, 18.

Luke, Devon club, Feb. 20 to March 7, incl.

Mr. Goldstein said the state has adopted the Federal Adjusted Gross Income base as the starting point of the Maryland income tax return, and that taxpayers should first have their federal income tax return for 1967 prepared, and that it should be brought with them.

Job Opening In Jennings Head Start Program

A job opening presently exists in the Jennings Full-Year Head Start Program for a bus driver-custodian position, according to Bradford Rinard, executive director of the local Community Action commmittee.

This vacancy will be filled by a low-income, full-time employee. But in the event that there are not enough full-time applicants, a part-time position may also be considered. Salary will be $3,372.

Application forms for this position may be gotten at the Jennings Community Center and should be returned to the Center on or before February 15th.

Your Federal Income Tax

The Republican, in cooperation with the Internal Revenue Service, Baltimore District, will publish each week in this column, tax information that will enable taxpayers to become more familiar with the Federal income tax laws.

Questions And Answers

Q. I got a Form 1040A in the mail. Does that mean I can't use the long Form 1040?

A. You should file the form that best meets your situation and the requirements of the law. You received Form 1040T in the mail because that was the form you filed last year.

Q. When can I expect to get my W-2 statement?

A. The law requires employers to distribute W-2 withholding statements to employees by January 31.

When you receive your W-2, be sure to attach it to your return when you file. Failure to do so delayed refunds on over 200,000 returns last year.

Q. When is the next payment due on my maid's Social Security?

A.The next quarterly report is due January 31.

Also due by January 31 is a statement to your maid covering the total amount of wages paid and Social Security taxes withheld during 1967.

This report may be made in any form suitable for the employee to keep. It should show the employer's name and address, the employee's name, address and Social Security number, the total amount of wages paid, and the total amount of employee Social Security tax deducted.

For your convenience, IRS has prepared Form SS-14, that can be used to provide this information to household employees. Copies may be obtained at your local IRS office.

Q. Can you take a deduction for clothing or furniture given to charity?

A. If you made the donation to a qualified charitable organization, you may deduct its fair market value as a charitable contribution on your return. In order to do this you must itemize all your deductions rather than take one of the standard deductions.

Q. The label on the tax return I received in the mail is wrong. What should I do?

A. Draw a line through the incorrect part and put in the proper information. Return the corrected label with your return when you file so that your return will be properly identified and the needed correction can be made on your tax account.

Q. When you support somebody over 65, can you take an additional exemption for him because of his age?

A. No, there is just one $600 exemption for a dependent regardless of age.

Q. Are there any changes in the tax law I should be aware of when I file by 1967 income tax return?

A. The filing requirements for 1967 returns are little changed from what they were a year ago. Perhaps the major change concerns the handling of medical deductions.

All taxpayers itemizing medical deductions on 1967 returns will be subject to the same 3 percent and 1 percent income limitations. Previously, taxpayers 65 years of age and over could deduct all of their allowable medical expenses, not just those in excess of 3 percent of their adjusted gross income.

Another change in the medical deduction area concerns premiums paid for medical insurance. On 1967 returns, one-half of the premiums paid for this insurance may be deducted without regard to the 3 percent limitation. The maximum that may be deducted under this provision is $150. The balance of premiums paid should be added to the taxpayer's other medical expenses subject to the 3 percent rule.

Insurance premiums paid for supplementary benefits under "Medicare" are covered by this provision but not that portion of the Social Security tax withheld from wages for Medicare.

These changes in the medical expense area are explained on page 7 of the 1040 instructions. To avoid errors that could lead you to underpay or overpay your taxes, read the instructions before you file.

Q. Where can I get tax forms?

A. Most taxpayers should receive their income tax forms in the mail early in January. Additional copies of the forms will be available in post offices, local IRS offices and many banks.

Q. I inherited some stock from my grandfather's estate and later sold it. Do I have to report anything on my tax return?

A. Yes. You will have a capital gain or loss measured by the difference between the sale proceeds and the fair market value of the stock at the date of your grandfather's death. The transaction should be reported on Schedule D and attched to your Form 1040.

Q. I was married last month. Since my name has changed do I also have to change my Social Security number?

A. When your name is changed, you should notify your local office of the Social Security Administration office as soon as possible. Your number will not be changed but your record will be corrected to reflect your married name.

it's the little things that make gas heat so great!

The cost, for instance.

There are a lot of great things about Gas heat. You take them for granted. Clean, circulating, whole-house heat seems as natural as . . . fresh air. But the biggest thing about Gas heat is the littleness of the cost—about one-third the cost of electric heat. Maybe the cost of heating your home with Gas doesn't seem like such a big thing to you.

That's because it isn't.

John Rose, Editor of Piedmont Herald Dies February 3

John Frank Rose, publisher and co-editor of the Piedmont Herald, died Saturday night, February 3 at Memorial hospital in Cumberland. He was 73.

Mr. Rose published the Piedmont Herald and operated the Herald Publishing House in Piedmont in partnership with his sister, Miss May Rose, his only survivor.

A 50-year member of the West Virginia Press Association he served on its board of directors and also was a member of the National Editorial Association and treasurer of the Journalism Foundation of West Virginia. He held honorary membership in Kappa Tau Alpha, national journalism fraternity. He was active in numerous local groups of his town.

A native of Westernport, he was a son of the late Frank and Eliza Jane (Pearce) Rose.

Funeral services were conducted from the Fredlock Funeral Home in Piedmont on Wednesday at 1 p. m. Rev. Sumner Sawyers, pastor of Trinity Methodist Church, of which Mr. Rose was a member, officiated. Burial was in Philos cemtery, Westernport.

The present your son wants least...

He'd rather have a football, or a new bike. He'd never ask for insurance. But it's something he really needs.

Just like a money tree, State Farm's Junior Protector Policy can grow with your son to give him cash for college . . . for emergencies. Or, it can keep growing when he has a son, too. And, guaranteed insurability allows him to expand coverage in the future. Call me today.

Paragraph Opinions . . .

"The federal government must and shall quit this business of relief. Continued dependence upon relief induces a spiritual and moral disintegration, fundamentally destructive to the national fiber. To dole our relief in this way is to administer a narcotic, a subtle destroyer of the human spirit".

The speaker? Former President Franklin D. Roosevelt in his message to Congress in 1935.

In 1937 the maximum tax paid into Social Security by the employe was $30. The employer paid a like amount.

In 1968 the maximum tax will be $343.20. The employer will pay a like amount.

Where will be the end both in relief and social security matters?

Northern Huskies Top Elk Garden

Northern High Huskies held off a stubborn Elk Garden defense and won a hard fought basketball game 51 to 41 last Friday night at Elk Garden.

The Huskies led by only six points, 38 to 32, going into the final quarter and only a 13-9 advantage in scoring in the final period to give them the ten-point margin.

Gary Reichenbecher, the area's leading scorer, was held to fifteen points on seven field goals and one successful foul attempt. Dana Umble and Bill Aiken added eleven points each to the winners' total.

Bert Mason was high man for Elk Garden with 21 points while Jerry Waybright added ten more.

Northern held leads of 12-5, 25-18, and 38-32 at the quarters. They netted 23 field goals to 16 for the Stags, although Elk Garden held a 9-5 advantage from the foul line.

In the preliminary contest the Elk Garden junior varsity team scored its fourth consecutive victory 38 to 22 over the junior Huskies.

Last Friday's game was the thirteenth victory for Northern against one loss.

IN MEMORIAM

In loving memory of our "Pop" who passed away one year ago, February 8, 1967.
We had the dearest "Pop",
In all the world we know.
He'll always be within our thoughts,
Because we loved him so.
He left behind some broken hearts,
We loved him, O so dear.
We never did and never will,
Forget you "Pops" dear
You were such a comfort,
Always at our side.
Just because you were around,
Gave us so much pride.
As a tree that lost its branch,
A rose that finds no rain,
These are us without your love,
Our lose was Heaven's gain
Sadly missed by
The Children and Grandchildren, of Hugh Bateman

Director Lists Tax Law Changes

Changes in the handling of medical expenses are about the only difference taxpayers will notice in the filing requirements for the 1967 federal income tax returns.

Francis G. Duehay, Acting Director of Internal Revenue for Maryland and the District of Columbia, said there are two major changes in the medical expense area.

First, the medical expenses of those 65 and over are now subject to the same limitations that apply to taxpayers under 65. All taxpayers must now reduce medical expenses by 3 percent of their gross income. Such medical expenses include the cost of drugs and medicine which exceeds 1 percent of income. The excess over this amount is deductible.

Second, one half the premium paid for medical insurance up to a maximum of $150 may now be deducted as a medical expense without regard to the 3 percent limitation. The balance of the premium cost for medical insurance should be added to other medical costs subject to the limitation. Life insurance and accident and health insurance covering the loss of earnings are not medical expenses and the premiums paid are not deductible.

Form 2948, Medical and Dental Expense Statement, formerly used to determine and report deductible medical expenses is obsolete. It should no longer be used. The deductions may be figured on page 2 of Form 1040 but any taxpayer claiming a medical deduction should attach an itemized list of paid medical expenses to his return.

Concord College Girl Is Queen Of Alpine Festival

Miss Carol A. Zika, a student from Concord College in South Charleston, was crowned queen of the Alpine Festival at Davis, W. Va., last Thursday evening.

The queen was presented with her crown by Angus E. Peyton, commissioner of the West Virginia Department of Commerce.

Claudia Kopp of Fairmont State was named first runner-up in the contest and Jacqueline Bennett of West Virginia University was named second runner-up.

Limit Clamped On Mail Material Similar To Bills

Advertisers in the Telephone Company's Yellow Pages could benefit from a provision in the postal legislation recently passed by Congress.

An amended Federal law now states that material which appears to be a bill or invoice, but is in fact a solicitation for order of goods or services, is nonmailable matter and connot be carried or delivered by mail.

G. C. Crabtree, manager for the C & P Telephone Company here, said, "A number of our customers have been confused by the mailings about directory advertising circulated by several out-of-state firms. At first glance the forms look like bills and could be paid in error".

The legislation providing protection for the advertiser will go into effect in April.

Crabtree pointed out two things for local merchants and profesional men to remember about directory advertising.

First, the only authorized solicitor for advertising in C & P telephone directories is the Reuben H. Donnelley Telephone Directory Company.

Second, there is only one place where charges for advertising in C & P directories appear. That place is your reguarly monthly telephone bill.

Crabtree added that a Federal Grand Jury recently indicted two of the groups which had been flooding Maryland with "look-like" directory advertising solicitations.

Several businesses in the area had received such notices in their mail in recent months.

Telephone Company To Spend $100 Million

In the past 12 months expenditures amounting to more than $100,000,000 have been authorized by the board of directors of the Chesapeake and Potomac Telephone Company of Maryland, according to L. Mercer Smith, vice president. This total includes $3,300,000 approved at the board's January 29 meeting.

Approval was given to spend $340,000 to purchase and install an addition to the long distance call switching system in the headquarters building in downtown Baltimore. Expenditure of $339,000 for additonal dial central office switching equipment, at Laurel; approval for Western Maryland, of $722,000 for the provision of additional crossbar dial switching central office facilities to meet customer demands for servce in the expanding Hagerstown area; $712,000 to provide an outside wire and cable network to meet the communications needs of Columbia City in Howard County; and $368,000 to install additional dial switching equipment in the Berwyn dial center near Washington; and $677,000 for the provision of additional outside telephone wire and cable facilities in the Landover and Suitland exchange areas.

A second Pueblo officer has "confessed" to being deep into the coastal waters off North Korea, and apologized for his crime.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Imagine picking your way along a frozen wilderness trail.

You're bitterly cold, but see no sign of human habitation, mile after terrifying mile.

Then, thanks to someone who's already gone this way, you come upon a crude shack. Even with shelter you could still freeze to death, but you find wood already gathered for a fire.

Later, before venturing on, you too pile high more wood for someone yet to come.

No matter who you are—or where—your life marks a trail that someone is following. Along that way is the Church—a haven from storms of the world.

Yet the building alone is not enough. It must have people to work in it and to gather fuel for the fires of faith.

Begin today to support and strengthen the Church for those yet to come.

EMPTY GOODIES

Lesson for February 11, 1968

Background Scripture: John 6.
Devotional Reading: Matthew 7:7-11.

I have "a thing" about fancy pastry. With few exceptions, it simply is never as good as it looks. In fact, it seldom ever comes even close to fulfilling what it appears to promise. Luscious and irresistable as it seems, it is filled with calories and little else. Usually it leaves me with a far-from-satisfied feeling in the stomach and my taste-buds have been disappointed as well.

Rev. Althouse

Void Within

Many of the attractive "goodies" of life are in reality much like fancy pastry: they are full of calories (of one kind or another), disappointing, and leave us with that far-from-satisfied feeling. So attractive in prospect, they actually fail to meet our ravenous expectations. When we have gorged ourselves upon them, there is still a void that has not been filled. Nutrition experts tell us that Americans are often greatly overfed and, at the same time, quite undernourished. Our rate of consumption is high, but our level of satisfaction is very low.

Pirandello once wrote a play about five characters in search of an author. Many people today seem involved in this same frantic search without knowing precisely what it is for which they are searching. Many look for it in a bottle, others in a narcotics syringe. Even greater numbers strive to fill the emptiness with bright and shiny "things," with success, with power, with work, with sex, with speed. For some the search leads to the hippie's "pad," for others to strange, mysterious religious cults. Yet there is terrible frustration with all of these because the appetites are never satisfied, only appeased for a short time, if anything.

Inner Man

In this age when some men's stomachs are filled almost to the bursting-point, others are shriveled and painfully drawn in near starvation. Yet, even if we could adequately feed everyone in the world — and we could — there would still be no Utopia on earth. "Man does not live by bread alone," we say, and it is true; there is an even more vital hunger than that for bread. Material things do not really fill the "inner man." Yet we find it so difficult to learn, continuing to respond to spiritual appetites with material goods.

Jesus was well aware of this. Having fed five thousand people on a Galilean hillside in some miraculous fashion, he is pursued across to the other side of the lake by many who saw no further than the bread and fish he gave them. Thus he speaks bluntly to them: physical nourishment lasts but for a short time; seek instead the nourishment of the spirit which God's Son alone can give. Only this will endure and provide eternal satisfaction.

Fatal Choice

The writer of the Gospel According to John sees, then, a deeper meaning in the feeding of the five thousand. It is more than the amazing multiplication of physical matter. It is a sign that proclaims to men that Christ is capable of filling men's deepest needs, of satisfying their most compelling hungers. Thus Jesus could say: "I am the bread of life; he who comes to me shall not hunger, and he who believes in me shall never thirst" (John 6: 35 RSV).

It is one of the tragic realities of life, however, that, confronted with the gift of eternal life, men will still prefer to choose material things. God has provided the people of Israel with manna in the wilderness. Therefore, the crowds ask: "What sign do you do, that we may see and believe you?" He had just performed one great miracle on the hillside, but that was not enough: they wanted more.

What does it take for us to learn that bread alone does not fill the void within. How many times will we turn in vain to the world's attractive but empty "goodies" before we choose instead "the bread of life"?

WHEN ARE CHILDREN TOO SICK FOR SCHOOL?

Each child has his own pattern of illness. There should be no absolute rules, but the usually healthy child should stay home: 1) if feverish; 2) if symptoms such as headaches, drowsiness, runny nose, nausea, diarrhea are sufficiently severe to be disabling; 3) if he is likely to disturb others in the class; 4) if it is impossible, due to his ailment, for him to profit from school.

There is no reason, except for rare medical contra-indications, for a child to be in school without immunological protection from the available vaccines.

LETTER TO THE EDITOR

RFD 2, Box 69,
Terra Alta, W. Va. 26764
(Garrett County)

Dear Sir:

I wish to express my sincere congratulations to the GARRETT PROMOTION COUNCIL on their action taken against the elimination of B & O passenger service through the Oakland area.

This train elimination could and would be a great set back for this area and other areas throughout the Cumberland, Parkersburg, and Cincinnati divisions serviced by the B & O - C & O railroad.

These trains elimination plans were put into effect at least ten years ago by various rail operating systems, and were supported by the ASSOCIATION OF AMERICAN RAILROADS. The operation has followed true form throughout the country, mainly by gradual reduction procedures, then—NO SERVICE.

Many areas have been severely crippled by various railroad cut-throat tactics, and this area would be no exception.

The B & O Railroad is very well famed throughout the country for discouraging rather than encouraging passenger trade. By the resulting conditions, they can inflict a "poverty cry" to the Interstate Commerce Commission, and to the Public Utilities Commissions.

To discourage passenger trade, the railroad has closed stations, cut down station hours, and allowed equipment to become filthy and run-down. In an editorial a few years ago, Mr. H. E. Gilbert, president of the Brotherhood of Locomotive Firemen and Enginemen, stated in the Union's newspaper that, on several trains operating from Chicago, the B & O was placing baggage cars between coaches and dining cars, whereby the passengers must climb over baggage in order to reach the dining car. In addition to this, food prices were raised and dining car employes instructed to maintain an arrogant attitude toward customers.

On various trips to this area from Chicago and St. Louis, I have found that the operating train employees were actually ashamed and apologized for the condition of the equipment.

It is true, however, that the B & O would save several million dollars per year just by eliminating the four trains daily through this area. The railroads fail to tell that they are subsidized for operating losses on passenger trains by the United States Government, where trains are operated through remote areas. They are also are allowed a special tax deduction for these trains.

There is no reason, whatever, if the B & O railway company were so minded to do so, why these trains could not pay their own way through this area, and be made into a profitable enterprise.

This elimination procedure should be the prime concern of every individual in all areas effected, but moreso the citizens of this area. Tourist trade is this areas greatest industry, and every individual derives to some small extent, the benefits of this industry.

We must, therefore, band together to keep what this area has worked for so long to achieve. We may depend upon the support of the Railway Brothershoods, but they in turn must have our support. The real fight is in our hands, so let's keep the wheels of progress moving. "An old wheel rools easier than a new one".

Yours truly,
John W. Wolfe

Editor,
The Republican:

The so-called "War on Poverty", better named "War on Taxpayers", has as a sub-program Headstart. Headstart has been described as a program designed to give children of poor parents advanced education so that they can compete with the average child in the first grade. The fact that this program is clearly unlawful under the U. S. Constitution seems to bother the socialist none at all, and this is compounded by the fact that the program is worthless, harmful and expensive.

Most recently LBJ has expressed the desire to lower the age for Headstart applicants to three years. This action of course was predicted long ago since the socialists are by nature superplanners and it's difficult to plan people's lives unless one can start controls at an early age. The family, as an independent sociological unit, has been under attack for many years and the Headstart program serves the purposes of the socialists very well. If citizens would investigate, they will find that all children can be enrolled in Headstart, not just those of poverty parents.

The cost of Headstart is fantastic. According to Human Events, Aug. 27, 1966, in Miami, Fla., a Headstart program is costing $26 a week per child. In Chicago, a headstart project has cost $30 a week per child. Many private kindergartens in all parts of the country are able to make ends meet by charging as little as $20 per month.

What about Headstart's value as an educational program? All evidence indicates that it has been worthless and since it is intended to replace the parent's influence over their own children, it is quite harmful. One might mention most parents Americanist plea: Please Mr. President, we would rather do it ourselves!

Yours truly,
Wm. P. Wright

Girls' 4-H Club Meets

"The How and Why of Decorating a Room" was the topic of Bonnie Buckel's talk at the February meeting of the Bittinger Girls' 4-H club.

Susan Brenneman, Cindy Beachy, Vicki Teets, Doris Opel and Joan Glotfelty will plan for the local public speaking contest.

For their service project this year, members will keep in touch with servicemen. Bonnie Buckel, Hazel Bowser, Linda Glotfelty, Doris Opel, Susan Brenneman and Vicki Teets will prepare packages for mailing to Vietnam.

Carol Glotfelty told members of the 4-H swimming party at the YMCA in Cumberland recently. Plans were made for money-making projects, and a sewing instruction meeting for the younger members, at the home of Bonnie Buckel.

Debbie Stanton and Bonnie Buckel served refreshments.

Named Associate Ext. Director

Dr. Harold David Smith has been appointed associate director of the University of Maryland Cooperative Extension Service.

According to Dr. Robert Wagner, director, Dr. Smith will have duties in programs, budget development, and other administrative matters within this off-campus arm of the College of Agriculture.

He will assist in developing and coordinating the total Extension program and help bring about closer working relationships with college department heads, state leaders and supervisors and subject matter specialists. He will also give leadership to the development of project agreements, plans of work, agricultural reports and other "working tools" for state and county personnel.

Dr. Smith, a native of Churchville, Va., is Professor of Agricultural Economics at the University of Maryland. He joined the Agriculture Economics Department staff as a graduate assistant. For the past six months he has been serving as head of the department.

During 1963, Dr. Smith took a leave from the University of Maryland to work in Thailand for the U. S. Department of Agriculture. In 1965 he worked in national planning for a commercial firm in El Salvador, and during the past year he was in Panama for the National Institutes of Health.

Miss Friend, Rev. Jones, Jr. Wed

Miss Gretchen Drew Friend, of McHenry, formerly of Steubenville, Ohio, became the bride of Gilbert Russell Jones, Jr., on Sunday, January 21 at the E. U. B. church, Westernport, where Mr. Jones is serving as pastor. Dr. Paul J. Gruver and Rev. Andrew C. Agnew officiated at the double ring ceremony.

Miss Friend is the daughter of Mr. and Mrs. Leo E. Friend of McHenry. Mr. Jones is the son of Mr. and Mrs. Gilbert Jones, Sr., Martinsburg.

Given in marriage by her father, the bride wore a winter white wool dress with lace overdress which was fashioned and made by the bride. She also made the white orchid corsage which she carried on a white Testament. Her jewelry was a watch given to her by the bridegroom's great-grandmother and pearl earrings, a gift of the bridegroom.

Misses Kristen and Dorien Friend, sisters of the bride, served as bridesmaids. They wore exact replicas of the bride's dress in emerald green wool with yellow carnation corsages.

Gilbert R. Jones, Sr., served as best man for his son.

Mrs. Friend, mother of the bride, wore a blue wool shift with black accessories. Mrs. Jones, mother of the bridegroom, chose a turquoise bonded knit with black accessories.

A reception was given at the parsonage by the bride's parents. A ham dinner was served. The table was decorated with pink and white carnations and the traditional wedding cake topped with a miniature bride and groom.

For a wedding trip, the former Miss Friend chose a gold, wool suit with which she wore black accessories and an orchid corsage made from her bridal bouquet.

Mrs. Jones, Jr., a graduate of Northern High school, is an art major at Frostburg State College.

Rev. Mr. Jones graduated from Martinsburg High school and attended Shepherd college. Shepherdstown, W. Va. He is now a senior at Frostburg State College, majoring in philosophy.

The couple is residing at the E. U. B. parsonage, 434 Vine street, Westernport.

Your home is probably the single largest investment you'll ever make.

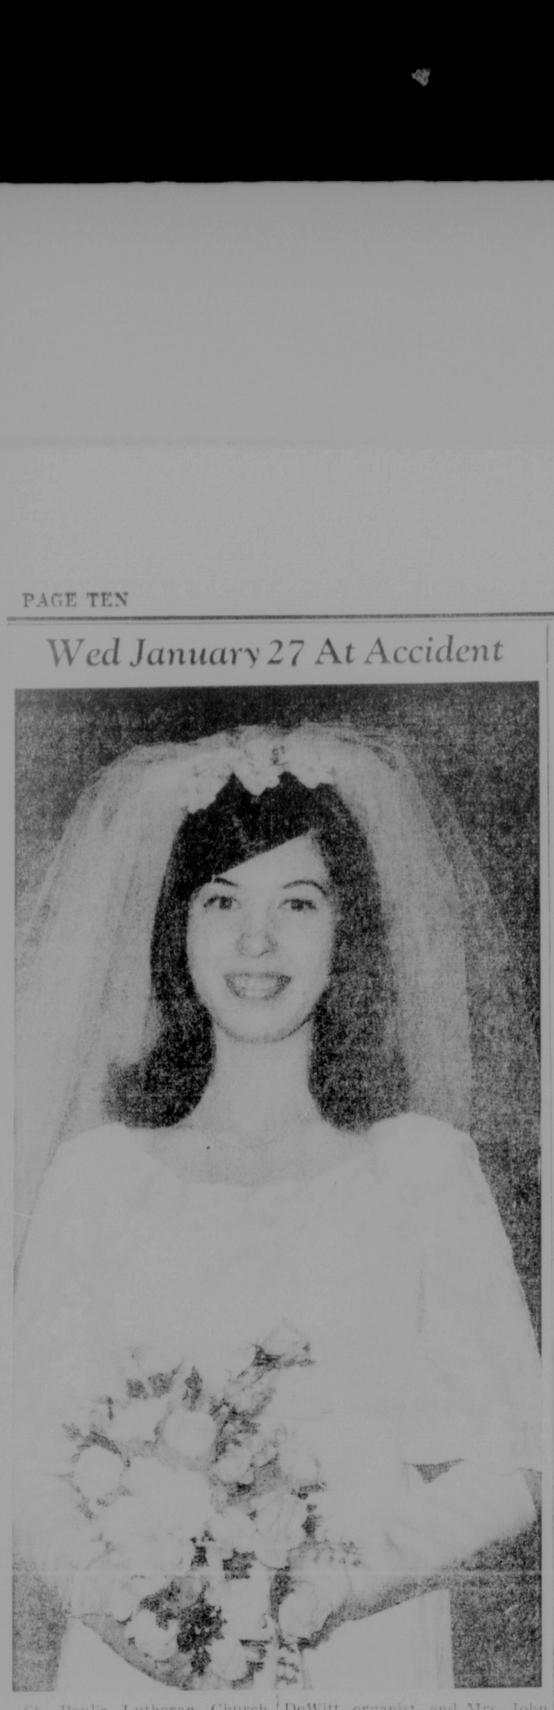
Make it a good one: A Total Electric Gold Medallion home.

Building and loan officials and real estate men agree Total Electric homes hold their value. Sell faster, too. Electric heating and cooking keeps your home cleaner. Draperies and carpeting stay fresher longer. An electric heating system is much more compact than old-fashioned furnaces. Besides the added comfort, electric air conditioning modernizes your home.

But better resale is only half the argument for Total Electric. The other half? The sheer joy of living the clean, quiet, safe electric way. Room-by-room temperature controls make every day spring-like. And there's little or no maintenance to year 'round electric comfort conditioning.

A compact electric water heater provides plenty of steaming hot water in less space. An electric clothes dryer tumble-dries your clothes . . . cuts ironing time. And with an electric dryer you have only one fuel bill to pay.

If you're not already convinced, there's more. Residential electric prices continue to drop (31.5% the last 15 years for Monongahela customers.) Meanwhile, the cost of the other fuel has risen even more sharply than the cost of living.



When you buy, build or remodel, go all out . . . all electric. Invest in the best.

Wed January 27 At Accident

St. Paul's Lutheran Church, Accident, was the scene of the exchange of wedding vows between Judy Kay Coddington, daughter of Mr. and Mrs. Raymond Coddington, Accident, and Roy Palmer Sexton, son of Mr. and Mrs. Harvie Linkous, Bridgeport, West Virginia, on Saturday, January 27, at 2:00 p. m.

Rev. Wm. E. Carlson, pastor, officiated at the double ring ceremony, while Mrs. Andrew DeWitt, organist, and Mrs. John Kahl, soloist, both cousins of the bride, provided the traditional nuptial music "Because" and "Whither Thou Goest".

The only decorations were two vases of altar flowers of white gladioli and fern.

Escorted to the altar and given in marriage by her father, the bride wore a floorlength empire A-line gown with a fitted bodice of imported embroidered, re-embossed lace featuring a scalloped neckline and bell sleeves. A white satin bow set off the empire A-line satin skirt. A detachable train of white satin highlighted the gown which was fashiond by the mother of the bride. An English illusion bouffant veil fell from alencon lace petals edged in tiny seed pearls. She carried a bouquet of white roses with tiny white streamers. Her only jewelry was a strand of pearls.

Maid of honor for her sister was Miss Donna Coddington, Accident. She was attired in a blue velvet floor length A-line gown with an empire waist and bell sleeves. The empire waist was set off by a light blue satin bow. Her gown was also fashioned by the bride's mother. She carried a bouquet of tinted blue carnations.

Bridesmaid was Miss Ruth Ann Butler, Hyattsville. She wore a blue velvet gown, which she had fashioned, in the identical style of the maids of honor and carried a bouquet of tinted blue carnations.

Best man was Paul Shrader of Bluefield, West Virginia, while ushers were Ellis Schlossnagle, Hagerstown, and Larry Glotfelty, Grantsville.

The mother of the bride wore a heather rust three piece suit with deep gold accessories. The groom's mother wore a pink wool street length dress with white accessories.

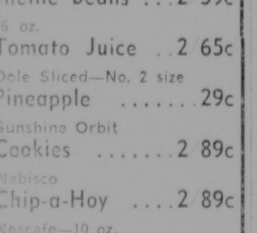
Cousin of the bride, Miss Linda Keller, registered guests. Acolyte was George Keller.

A reception followed in the church social hall. Mrs. Roy Kahl and Mrs. Donald Bittinger served the cake. Mrs. Glenn Keller and Miss Margie Keller served the punch. Assisting with gifts were Miss Janet Coddington, Miss Louise Kahl, and Miss Theresa Linkous.

For travel to Williamsburg, Virginia the bride chose a tailored blue suit with a double breasted jacket, leopard hat, and black accessories.

A graduate of Northern High School, the bride is employed by the Department of Agriculture, Hyattsville.

Also a graduate of Northern High School, Mr. Sexton is employed by the Americano Encyclopedia Company in Hyattsville.



The couple resides at 3517 Toledo Terrace, Hyattsville.

Fabulous Magicians To Play Feb. 10th

A basketball group known as the Fabulous Magicians, will invade the Southern High school gymnasium to face the Oakland All-Stars on the night of Saturday, February 10, at 8 o'clock.

Heading the team will be "Sugarfoot" Johnson former college player from Marshall, Texas. The Magicians have a record of over 4,000 victories and 9 losses. Ishmal Baker, of Kentucky, pictured this week, is another of their stars.

The team members claim they will bounce the ball through the hoop from the floor, the head, and the arms, and will use a ball handling style that is most unusual. Baker is the team's jump shot artist and back board rebounder.

Members of the All-Star team include Don Stemple, Buzz Updyke, Paul Harr, Andy Lewis, Frank Vetter, "Fuzz" Shaffer, Bob Cartwright, Ron Wotring, Rich Friend, Fred Colaw and John Foley.

Tickets are obtainable from members of the Southern Varsity club members, or at the gate. Admission is $1.50 for adults and $1 for students.

Wants Schedule In Daylight Hours

The Baltimore and Ohio Railroad announced it has applied to the West Virginia Public Service Commission for authority to reschedule to daylight hours its Train No. 32, now operating overnight from Parkersburg to Cumberland. B&O is seeking permission to discontinue the sleeping car now operating between Washington and Parkersburg on its Trains Nos. 5-31 and 6-32.

In announcing the proposed schedules, David A. Watts, Jr., director of passenger services for B&O, said "The new schedule for Train No. 32 should be considerably more convenient for West Virginia and Maryland passengers than the middle-of-the-night station stops now being made by this train."

B & O's spokesman noted that Train No. 32 now averages less than 20 passengers a day.

Under the B&O's proposal, Train No. 32 will depart from Parkersburg at 7:05 a. m., Oakland at 11:30 a. m., and arrive in Cumberland at 1:05 p. m. Passengers for points east of Cumberland will transfer to Train No. 8, the Shenandoah, rescheduled to depart from Cumberland at 1:20 p. m. and to arrive in Washington at 4:50 p. m. At Washington Train No. 8 would make convenient connections with trains to Philadelphia and New York and points in the South.

Train No. 32 currently leaves Parkersburg at 10:50 p. m., serves all other stations after midnight and arrives in Cumberland at 5:15 a. m.

IN MEMORIAM

In loving memory of our beloved wife and mother, Mrs. Bessie Lee, who passed away two years ago, February 14, 1966.
May you always walk in sunshine
God's love around you glow,
For the happiness you gave us
No one will ever know.
It broke our hearts to lose you
But you did not go alone;
For part of us went with you
The day God called you home.
Sadly missed by
Husband, Daughter
and Family.

Nine Are Killed On State Highways

Nine persons were killed on Maryland highways last week, according to the weekly survey published by the State Police. Three of those killed were drivers; four were passengers; and two were pedestrians. Alcohol was a contributing factor in one of the deaths; speed in five; and "driver error" was present in seven of the fatalities.

"As probably everyone knows, or certainly should know, highway fatalities set an all-time high in Maryland in 1967", said Lt. Col. George E. Davidson, Chief of Operations of the State Police. "An average of fifteen persons were killed each week, a staggering and needless loss of life.

"So far this year ten fewer persons have been killed than during the same period in 1967, and it is hoped that throughout the coming months the highway safety picture will continue to improve. The record for the month of January certainly proves that considrable improvement is possible. Let's all do our best to keep the record from going up hill again".

Mr. and Mrs. Kenneth Biser and Clifton and Mrs. Stella Dawson were Wednesday evening visitors of Mr. and Mrs. Edward Wilburn and children.

Teacher Pay Raise Is Discussed At Jan. 29 Meeting

At the January 29 meeting of the Garrett County Board of Commissioners, Ross Sines, president, suggested to Delegate B. O. Aiken that efforts be made to get funds for a salary increase for the teachers.

The teachers presented their case the same day, when Foster Riggs, Carl Everly, and Lawrence Myers went before the Commissioners to ask for a decision n the proposed increases no later than March 19.

The proposed increase totals an estimated $280,000 to $285,000, which would raise beginning salary for teachers with a Bachelor's degree to $5,700 and range up to $8,960 in 13 steps. Those with Master's degrees would begin with the fourth year and continue through 11 steps to $9,800, with 14 years of teaching experience.

No decision was given by the Commissioners at the time of that meeting.

In a unanimous decision, Cloyd B. Sayler was given the position of Airport manager. His salary will be $300 per month plus other considerations and privileges.

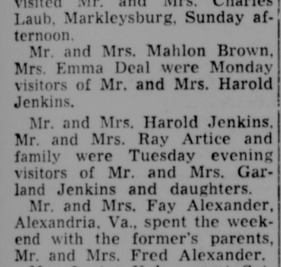
Delegate Aiken also discussed general legislative matters with the Commissioners at the meeting, during which it was agreed that Mr. Aiken would attempt to get funds from the state to help defray snow removal costs in Garrett County.

It was suggested by Mr. Sines that some of the state's land holdings be released for sale to increase tax receipts. Hubert Friend and Allan S. Paugh wish efforts to be made to abolish doe deer season, according to the minutes of the meeting.

Requests were made of Mr. Aiken to check into the matter of the coroner's fee and to get information as to the necessity of the coroner being required to make certification for all deaths; and to submit a bill providing the county roads department with authority to construct roads or sections of roads costing up to $8,500 without the necessity of asking for bids.

Suit Filed Against Two Circuit Judges

An Allegany county weekly newspaper, The People's Guardian, has filed suit in Federal court charging two Circuit Court judges with attempting to deprive it of freedom of speech and freedom of the press.



The suit was filed in Baltimore. It stems from five citations for constructive contempt of court which have been issued against the paper as a result of articles it has published.

Four of the contempt citations were issued by Judge Harold E. Naughton, of Allegany county, while the fifth was issued by Associate Judge Stuart F. Hamill, Jr., of this county.

Judge Hamill's contempt citation which involved an article about a police raid on a teenage party in Oakland and a subsequent juvenile court hearing, has been set for a hearing February 15 in Oakland.

The court clerk's office said that Judge James MacGill of Howard county, will hear the case. A postponement of the hearing was asked by attorneys for the paper but the request was refused.

The case involving Judge Naughton's contempt citations has been removed to Howard county but no hearing date has been set.

Elk Garden Takes Highlanders 55-41

Elk Garden Stags made their Potomac Valley conference record 7-4 on Tuesday evening by winning over Southern High of Oakland at Elk Garden 55 to 41.

Southern took an 11-10 lead in the first period but trailed 25 to 13 at intermission and 46-24 at the end of the third period.

Bill Lucas, Bobby Pritts and Bob Schwinabart led the Elk Garden offensive with 14, 12 and 11 points respectively. Harvey Speicher and Bill Hawkins headed the Highlander scorers with 13 and 11. Alvarez and Cosby had six points each with Evans and Flanagan adding two each and Poling 1.

Elk Garden had a big edge in field goals 24 to 16. Southern made 9 of 15 foul shots while Elk Garden had 7 for 14. Waybright fouled out of the ball game in the fourth period for Elk Garden with five personals.

It was the eleventh defeat of the season for Coach Watson's cagers of Oakland, against three victories.

Northern High will host its next rally Mar. 2 at 7:30 when Rev. Harold Kelly of Carmichael, Pa., will be the speaker.

Contributes $100 To Birth Defects Hospital

Mrs. E. I. Baumgartner was informed recently that the Garrett County chapter of the National Foundation had sent a memorial of $100 to the Johns Hopkins Birth Defects hospital in Baltimore in memory of her husband, the late Dr. Baumgartner.

The letter said: "Our Chapter feels that we have lost our very best advisor for the Foundation. He had done many things to help our county to put on a successful campaign in January. We do miss his advice.

"This is a very small token of appreciation but we know that he wants us to continue helping our polio and birth defects cases".

The letter was signed by Mrs. William E. Harman, president; Ralph Beachley, secretary; and Dale Rodeheaver.

From Husky Halls

By The Viking Staff

Second Term Comes to a Close

The second grading period of the 1967-68 school year ended last Wednesday, January 31. Report cards were given out yesterday by homeroom teachers.

Northern-Southern Game Sparks Mounting Enthusiasm

The final battle of the two-game contest between the Northern Huskies and the Southern Highlanders is to be played Friday on the N.H.S. basketball court. Thoughts and hopes of victory, in the mind of every Northerner, have seen a rapid increase throughout each day. Victory signs, "happiness is..." signs, and a general display of school spirit for the Husky team are serving as preludes to the pep rally which will be held Friday afternoon.

Sr. Band Hold Bake Sale

As a fund-raising project of the new year, the Northern Senior Band held a bake sale in the communities of Friendsville, Accident, and Grantsville last Saturday. Sales totaled $75.05.

"Annie Get Your Gun" Chosen

The Senior Chorus has chosen the Broadway musical "Annie Get Your Gun" as this year's undertaking. The main leads of Annie Oakley and Frank Butler will be portrayed by Patty Michael and George Layman, respectively. The remaing cast of characters will include Leon Beitzel, Kathy DeWitt, Nancy Strauss, Gary Savage, Bob Hesson, Gary Layman, Neil Giconi, and other chorus members.

"Annie Get Your Gun" is under direction of Mrs. Lucile Sines. The performance date is set for April 19.

Victory Hop To Be Held

"A special victory hop in the gymnasium Friday night immediately after the Northern-Southern game is scheduled by the Viking staff. "Farmer John" Sanders, disc jockey from radio WMSG, Oakland, will broadcast the hop. Admission will be 50 cents per person and everyone is invited.

Courtesy Assembly Held

The third annual Courtesy Assembly was held Monday, February 5th, in the cafetorium. Bonnie Buckel, Student Council president, led the opening exercises and then turned the program over to Virginia Wakefield, chairman of the courtesy committee. The guests, officers of Southern High school's Student Council, were introduced and a comedy skit entitled "Third Annual Doom's Week at B.H.S." was presented by US (Nity & Micky). Miss Marie Gipe, guest speaker, spoke on the subject of manners and grooming.

A special activity is planned for each day this week, which is officially named Super—Psychedelic Week. Monday was Courtesy Day; Tuesday, Apple Day and Student Teachers Day. Favorite teachers were presented with apples by their students, and classes were conducted by student "teachers" previously chosen from the class. On Wednesday students were free to participate in Dress-up, Dress-down Day. Girls were not permitted to wear shorts, slacks, or miniskirts, but some equally "comfortable" dressed - down students were seen walking N.S.S. halls. Today is Confusion Day, with schedules arranged so that the entire day's classes are backwards. Friday has been decreed Silence and Color Day. Students are to remain silent all day, thus saving their pep, enthusiasm and noise for the pep rally that afternoon.

IBM Test Given to Seniors

On February 2, twenty-six seniors met in the cafetorium and took the IBM test. The test, to determine students' eligibility for enrollment at International Academy, was given by Al Himel, Director of Student Activities, and Wild Feuer, Admissions Director.

Scholarship Test Results

Results of the Maryland Multiple Scholarship Program arrived recently. Those students at Northern eligible for Maryland scholarships are: Debbie Bender, Bonnie Buckel, Neil Giconi, Bob Hesson, Allen Hetz, Gary Layman, John Leonard, Karen Markel, Paul Maust, Patti Michael, Philip Miller, Terry Stanton, Nancy Strauss, Lynn Sutherland, and Steve Vincent.

Man Jailed On Assault Charge

An assult case was the only item listed on the criminal docket during the past week in the office of Oakland Trial Magistrate Robert Maroney.

Wayne Stewart was charged by Mabel Hostettler with assault upon herself in Oakland on January 29. Stewart was declared guilty in a trial held January 31, and sentenced to 10 days in jail in default of his $15 fine and costs.

Stewart was released from jail after five days when he paid the $10 balance of his fine.

Bids Wanted

Bids for two pickup trucks will be received until Tuesday, February 20, 1968, at 10:00 o'clock a. m. at which time they will be opened.

Specifications may be picked up at the office of the Garrett County Roads department, North Third Street, Oakland, Maryland, 21550. —Adv. 49-2t

No. 5651 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

This is to give notice that on the 24th day of January, 1968, a Bill of Complaint was filed in the Circuit Court for Garrett County, Maryland, by the Plaintiffs against the Defendants at the addresses herein above set forth. The object of these proceedings is to procure the passage of a decree for the sale of the real estate of Cora E. Opel, situate in Election District No. 3, Garrett County, Maryland, and for the payment of debts and claims filed against the property:

The bill states:

That during her lifetime and at the time of her death, Cora E. Opel, was seized and possessed of a parcel of land situate in the Town of Grantsville, Election District No. 3, Garrett County, Maryland, and being the same as described in a deed from Julius C. Renninger, et al, to Catherine Opel, dated August 19, 1920, and recorded in Liber E.Z.T. No. 80, folio 73, one of the Land Records of Garrett County, Maryland; this same property was then devised to Cora E. Opel, under the will of her mother, Catherine Opel, the latter having departed this life testate on October 9, 1927; that surviving her are her next of kin and heirs at law as follows: (a) John Opel, a nephew who intermarried with Margaret Opel (who is now deceased)—John Opel now residing in Accident, Maryland. (b) Anna Harman, niece who intermarried with Oscar Harman both of whom reside in Accident, Maryland. (c) Leah Beitzel, niece who intermarried with Jacob Beitzel (now deceased) residing in Accident, Maryland, (d) June Beachy, a niece who intermarried with Alvin Beachy, both of whom reside at Grantsville, Maryland, (e) Orpha Georg, a niece who intermarried with Paul Georg, both of whom reside in Gambrills, Maryland, (f) Annie Tressler, niece, who intermarried with Sherman Tressler, both of whom reside in Mt. Lake Park, Maryland, (g) Lewis Krause, a nephew who intermarried with Gertrude Krause, both of whom reside in Upper Marlboro, Maryland. The Board of Complaint further indicates there are other parties who may be kin and heirs of the said Cora E. Opel, but are unknown to the Plaintiffs. That Anna Harman qualified as Administratrix of the estate of Cora Opel on August 9, 1966, as will appear by reference to a Certificate of Letters filed as Plaintiff's Exhibit No. 3; that the personal estate of the said decedent is insufficient to pay the indebtedness filed against the estate and that at the time of her death Cora E. Opel was indebted to the Garrett County Welfare Board in the amount of $1441.32, representing amounts advanced to the said decedent during her life time as Old Age Assistance under the laws of the United States and the State of Maryland, and the said Cora E. Opel is further indebted to the Newman Funeral Home in the amount of $975.00 and also unto divers other persons, and that the said real estate is not of sufficient value to satisfy all claims against the estate of the decedent.

The bill then prays for a decree for the sale of said real estate, for the sale of debts and claims and for general relief.

WHEREFORE, it is ORDERED by the Circuit Court for Garrett County, Maryland, this 24th day of January, 1968, that the Plaintiffs cause a copy of this Order to be inserted in a newspaper published in Garrett County, once a week in each of four successive weeks, before the 16th day of February, 1968, giving notice to the said unknown heirs who may be defendants of the object and substance of the Bill of Complaint and warning them to show cause, if any there may be, on or before the 18th day of March, 1968, why a decree should not be passed as prayed.

An Ordinance

AN ORDINANCE of the Mayor and Council of Loch Lynn Heights, a municipal corporation of the State of Maryland, entitled "AN ORDINANCE REGULATING THE USE OF PUBLIC SEWERS AND PRIVATE SEWAGE DISPOSAL SYSTEMS."

BE IT ENACTED AND ORDAINED by the Mayor and Council of Loch Lynn Heights, as follows:

Section 1. It shall be unlawful for any person to place, deposit, or permit to be deposited in an insanitary manner upon public or private property within the Town of Loch Lynn Heights, or in any area under the jurisdiction of the Town, any human or animal excrement, garbage, or other objectionable waste.

Section 2. It shall be unlawful to discharge to any natural outlet within the Town of Loch Lynn Heights, or in any area under the jurisdiction of the Town, any sanitary sewage, industrial wastes, or other polluted water, except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.

Section 3. Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

Section 4. The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purposes, situated within the Town and abutting on any street, alley, or right-of-way in which there is now located or may in the future be located a public sanitary or combined sewer of the Town, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this ordinance.

Section 5. Where a public sanitary or combined sewer is not available under the provisions of Section 4, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

Section 6. Before a commencement of construction of a private sewage disposal system the owner shall first obtain a written permit signed by the Clerk. The application for such permit shall be made on a form furnished by the Town, which the applicant shall supplement by any plans, specifications and other information as are deemed necessary by the Mayor and Council. A permit and inspection fee of ..... ($.....) Dollars shall be paid to the Town Treasurer at the time the application if filed.

Section 7. A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Mayor and Council. They shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the Clerk when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within forty-eight (48) hours of the receipt of notice by the Clerk.

Section 8. The type, capacities, location, and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the State of Maryland. No permit shall be issued for any private sewage disposal system employing subsurface soil absorption facilities where the area of the lot is less than fifteen thousand (15,000) square feet. No septic tank or cesspool shall be permitted to discharge to any public sewer or natural outlet.

Section 9. At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Section 4, the prescribed sewer tap fee shall be paid in advance and a direct connection shall be made to the public sewer in compliance with this ordinance, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material.

Section 10. No statement contained in this artcle shall be construed to interfere with any additional requirements that may be imposed by the health officer.

Enacted and Ordained this 5th day of February, 1968.

CAPITOL COMMENT

by

Charles "Mac" Mathias

Congressman, 6th District, Maryland

The newly confirmed Secretary of Defense, Mr. Clark Clifford, is not slated to assume his post until March 1, but he has already made history. On January 25, testifying before the Senate Armed Services Committee, Mr. Clifford apparently redefined our terms for peace negotiations in Vietnam.

In response to a question Mr. Clifford stated, in effect, that the Administration no longer demands a specific reciprocal act of military de-escalation by Hanoi in return for an end to our bombing of North Vietnam. In Mr. Cliffrd's words, "Their military activity will continue in South Vietnam, I assume, until there is a cease fire agreed upon. I assume that they will continue to transport the normal amount of goods, munitions, and men to South Vietnam... So what I am suggesting is ... that they not take advantage of the suspension of the bombing".

In recent months we have heard the Secretary of State and other Administration spokesmen insist repeatedly on meaningful de-escalation by Hanoi as the tit-for-tat of a bombing halt. In fact, on the very day of Mr. Clifford's testimony, Secretary Rusk asserted publicly that we cannot be expected to give up our half of the war while the other half goes on. Now, if Mr. Clifford's remarks constitute the current Administration policy — and subsequent statements by the Administration suggest this is the case — we can only conclude that the government has made a dramatic retreat from its long-held and vigorously defended position that there can be no cessation of the bombing until we are assured that Haoni will slow down its prosecution of the war in response.

This development prompts two vital questions. First, why we have gone on fighting at such tremendous cost during the past year? Certainly the American people have been told that only the enemy's refusal to agree to reciprocal de-escalation has kept us from stopping the bombing and begining negotiations. Second, if Mr. Clifford has accurately stated the Administration's current stand, what now stands in the way of negotiations? The North Vietnamese Foreign Minister on December 22, 1967, stated flatly that Hanoi will talk if the United States stops the bombing unconditionally.

It would appear that this one word, "unconditionally", is the continuing bar to talks. Even the position outlined by Mr. Clifford — who referred to the President's San Antonio statement of last September — contains several conditions, such as that talks must begin promptly following a cessation of the bombing, and that, as Mr. Clifford said, Hanoi must not take advantage of the bombing halt to send abnormal amounts of men and material south. These seem to the United States to be reasonable demands and the bare minimum that North Vietnam can realistically expect. Yet the indications all point not to talks, but to further and bloodier fighting.

The whole problem of negotiations is difficult to understand. I think in large part our confusion stems from a tendency to put too much emphasis on individual words and pay too little attention to their basic meaning. Essentially, I believe that each side wants a South Vietnam free from the control and influence of the other. Thus one explanation for the failure of the two sides to begin negotiations lies in the fact that neither side believes it has been defeated on the battlefield, and neither is totally convinced that the other will not sooner or later give in.

The startling events of the past few days in South Vietnam have provided a dramatic example of this situation. Hanoi is boasting that the widespread Communist attacks, including the assault on the United States Embassy in Saigon, prove that the Communists are winning the war. On the other hand, our own officials assert that these very actions show how desparate the Communists are and that we have advanced further toward victory as a result of the savage fighting of the past week.

The reports of a great build-up of men on both sides around the isolated mountain village of Khe Sanh further suggest that we will see even heavier and costlier battles in the coming months. Against this backdrop, it becomes absolutely essential that the people of the United States be given a clear and consistent answer from the Administration to the question — what IS our position on negotiations?

Mayor and Council Discussion Varies

Varied matters were up for discussion and action at the first meeting of the Mayor and Town Council for 1968, held February 5.

During the meeting, it was agreed to furnish a four inch pipeline to the fire department which will run from the present line in the alleyway to the connection in the fire hall, in order to make it more convenient to fill fire truck tanks.

The members are seeking an engineer from Hazelwood Construction Company to advise them on a water line on the new bridge over the Youghiogheny. The council discussed the possibility of having the B & O overhead bridge widened.

Group insurance rate increases of $69.60 for city employees a year will be absorbed by the Council funds, according to a decision reached at the meeting.

The quarterly report on the Cemeteries Perpetual Care Fund showed that the net income for the period was $442.03.

Interest on Corporation and U. S. Government Bonds is paid semi-annually, so no change in the schedule of assets was noted.

Emile Germain was granted a permit to construct a 100 x 80 feet concrete and steel building consisting of one story, no basement, a glass and brick front, and asphalt roof. Approximate cost is $40,000.

J. B. Mumma, of E. Green Street, was issued a permit to erect 12 x 22 frame garage. Approximate cost is $500.

Two requests for use of the thawing machine to remedy frozen pipes were filed by Lonnl Marsh, Jr., E. High Street, and William C. Bowman, manager of Agway, Inc., on S. Eighth Street.

Receipts for December totaled $22,756.59, including $404.68 from water, $12,482.02 from taxes, $9,-869.89 from miscellaneous and $9,448.31 from income tax.

Dec. expenditures amounted to $21,813.78, which included $1,-250.05 for street labor; $883.89 for water department and chemicals; $2,179.23 for water department capital outlay; and $10,000, plus $50 interest on the bank loan repayment.

Receipts for January totaled $41,750.73, which included $10,-119.53 for water, $9,107.46 for taxes, $22,523.74 from miscellaneous; $2,164.75 from meter parking meters; $3,012.00 from motor vehicle licenses; and $16,-945 for the volunteer fire department.

Expenditures for the same month amounted to $29,673.04, and included $1,666.10 for street labor; $3,210 for street department capital outlay; and $16,-945.00 to the volunteer fire department.

Thirteen people have been given notice by letter that their names will be removed from the voter registration books unless they can show valid reasons for not voting in the past five years.

Seven or eight additional names were deleted due to death. Last year had some 406 eligible voters on the books at the time of city elections.

THE REPUBLICAN

VOLUME 91. OAKLAND, GARRETT COUNTY, MD., FEBRUARY 15, 1968 PER COPY 10c NUMBER 51.

What a Birthday . . .

Sunday, February 25, is an anniversary which few people, if any, will celebrate by baking a cake!

On this date, in 1913, the federal government was authorized to levy an income tax. Congressional leaders felt at the time that rates could never reach 10 percent and indeed, the first year of tax brought the government only $80 million, or a per capita bite of 82 cents.

By contrast, in 1966 revenue from corporate and individual income taxes totaled $85.5 billion, and the per capita tax yield was $434. While the per capita disposable income in 1966 was $2,584, or 7.2 times the $358 of 1913, the per capita tax payments were 529 times the 82 cents of 1913.

In 1913, a single man earning $5,000 a year paid a $20 tax; in 1966 he paid $671. In 1966 the rates ranged from 14 to 70 percent, a far cry from Congressional predictions back in 1913.

Of Mr. Taxpayer's total tax bill in 1913, 70.5 percent went for state and local government and 29.5 percent for the federal government. In 1966, 66.5 percent to federal, 17.9 to state and 15.6 to local.

In 1913, people did locally what they wanted done. Today, they give their billions in tax money to the federal government and fight among themselves to see who can get the most back.

These figures were obtained through the Industrial Press Service. What will be the final outcome in this trend toward socialism?

Broadford Dam Project Plans Are Progressing

Plans are progressing for a multiple-purpose dam to be constructed east of the Broadford Road, on Broadford Run, according to an annual report by the Wilson Run Public Watershed Association.

The structure, called site 6, will be financed in part by the Appalachian Regional Commission, which has earmarked $132,000 from Watershed recreational funds for the project. A supplemental work plan agreement was signed last May by the Association, the Town of Oakland, the Soil Conservation District, the County Commissioners and the Soil Conservation Service.

An application has been made to the Farmers Home Administration for a low-interest loan to cover the local sponsor's share of land costs for the site 6 project.

When site 6 is completed, there will remain only the channel improvement job on the Little Yough below Oakland to bring the entire Little Youghiogheny River Watershed project to completion, the report revealed. Test holes have been dug to determine foundation conditions for the dam, and contracting will be carried out as soon as the land is purchased.

Of the five other dams in the project, none needed major maintenance work during 1967. Dam 5, recently constructed on the Earl Wonderly property in Pleasant Valley, was fenced and seeded during the past summer.

Other dams and their locations are site 1, on the former Loomis property near the Garrett County Memorial Hospital; site 2, on the Casteel property off U. S. 219 north of Oakland; site 3, east of 8th street, on the Winters' property; and site 7, on the Helbig land near Deer Park.

The directors of the Watershed Association are Russell Smith, Courtney Tusing, Irvin Feld, Floyd Leighton and Carlton Callis.

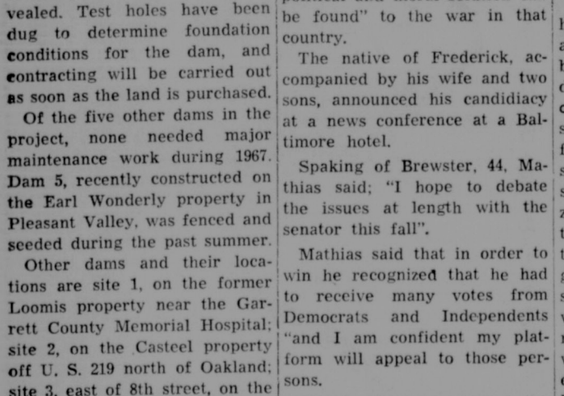
Mathias Seeks U. S. Senate Seat

Rep. Charles McC. Mathias, Jr., saying Maryland needs "a new and better kind of representation in the U. S. Senate", announced Saturday his candidacy for the Republican nomination for the seat now held by Democratic Sen. Daniel B. Brewster.

Mathias, 45, who is serving his fourth term in Congress, also said Vietnam would be a major issue and declared "I am for gradual, and reciprocal de-escalation of hostilities so that a political and moral solution can be found" to the war in that country.

The native of Frederick, accompanied by his wife and two sons, announced his candidiacy at a news conference at a Baltimore hotel.



Spaking of Brewster, 44, Mathias said; "I hope to debate the issues at length with the senator this fall".

Mathias said that in order to win he recognized that he had to receive many votes from Democrats and Independents "and I am confident my platform will appeal to those persons.

Mathias has represented the 6th district which now includes all of Garrett, Allegany, Washington and Frederick counties and portions of Howard and Baltimore. He is a member of the Judiciary and District of Columbia committees.

Before his election to Congress in 1960 Mathias was an assistant attorney general of Maryland, city attorney of Frederick and a member of the Maryland House of Delegates. He enlisted in the Navy as an apprentice seaman in 1942 and was commissioned in 1944. He completed undergraduate studies at Yale, receiving his law degree from the University of Maryland. FIFTY YEARS OF MASONRY—W. Ernest Shirer, left, was presented a fifty-year emblem Tuesday evening at his home on South Third street, from the Masonic Grand Lodge. Mr. Shirer became a Master Mason on February 12, 1918 and was active in lodge work until recent years. The pin was presented by Louis Biggs, right, of Westernport, district grand inspector of the Masonic Grand Lodge of Maryland, representing W. Norman Penn, grand master of Masons in Maryland. Some fifteen members of the lodge gathered there for the event about one-half hour before their regular meeting. At the regular session the Master Mason degree was conferred upon Roger Wayne Bray.

Garrett School Supt. Blasts MSTA Report

Willard L. Hawkins Says There Is No Classroom Crisis

The county's superintendent of schools, Willard L. Hawkins, said this week he is willing to match the county's schools with any in the state and that a report by a Maryland State Teacher association committee is an insult to the county's conscientious teachers.

In a statement issued Mr. Hawkins denied there was any "crisis" in the county schools and charged the MSTA report was motivated by a "power struggle".

The MSTA report had cited a "personal feud between one or more members of the County Commissioners and the superintendent of schools", and called for cooperation to prevent the situation from becoming worse.

In his reply Mr. Hawkins said: "I will make no effort to reply to the personal attack upon me by the MSTA report other than to say that my relationship with the two Commissioners who have consistently opposed every effort of mine and of the Board of Education to improve our schools, teachers' salaries included, was made much worse by the ridiculous radio and newspaper campaign conducted last spring by the MSTA agents, in this county.

"I would like to say, however, that I view the so-called "Blue Ribbon Report" as an insult to every conscientious teacher in the county and as a manifestly unfair report giving the schools of the county adverse publicity they do not deserve. This report is a rank disservice to all Garrett County. I am willing to match what goes on in the classrooms of the schools in Garrett County with any in the state. The report was based upon ignorance of fact and with but little comprehension of the functioning of the school system as a whole.

Good Salary Needed

"During the past decade we have moved forward in every aspect of our efforts to provide better education for the children of this county. We face no crisis or "deep trouble"—we simply need a good salary raise for teachers and it is the responsibility of the Commissioners supported by the citizens of the county to provide this raise. Last spring I urged the County Commissioners to grant the modest salary request sought by the teachers, and warned them of the unrest their refusal to grant this request would create among the teachers. This salary raise could have been granted and the tax rate could have been reducted by approximately 40 cents at the same time. Only Mr. Allen Paugh supported the teacher salary increase request. We now face the problems that I warned the Commissioners their refusal to cooperate with the salary request of the teachers would create. The Garrett County Commissioners were the only ones in the state who did not supplement with local funds the minimum State salary scale.

Southern Claims Second Debate Win

Southern High school claimed the honors at the county's second annual forensic debate tourney held at Northern February 14. Northern ended with 19 points, Southern with 37.

Six categories were featured in the program, which began at 8:45 a. m. Miss Dixie Lee McClellan, sponsor of Northern's Speech and Drama class, and Michael Posey, head of Southern's debaters, were the directors.

Winners were: Kay Durst, of Northern High, oration; Sherry Frantz, oratorical declamation; Valerie Smouse, extemporary speaking; Jenny Gosnel, oratorical interpretation of literature; Dennis DeBerry and Jim Jones, affirmative debate; and Cindi Mayle and Judy Simpson, negation. The last seven are all Southern students.

Judges for the event were William Grant, Rev. Vaughn Taylor, Rev. Shelby Walthall, Clarence Penman and Willard Hawkins.

School Problems Cited By MSTA

"Public education in Garrett County is in serious trouble," according to a report of a special committee appointed by the Maryland State Teacher association to examine and evaluate the financial status of the county with regard to its support for public schools.

The report was presented to members of the Garrett County Teacher association at a special meeting last Thursday night at Southern High school, Oakland, by members of the special committee.

Present were Dr. M. Roberta Keiter, president of MSTA, and two members of the MSTA staff, Robert Haugen, field representative; and Robert G. Dexter, director, public relations.

The 17-page report concluded that "the action of the county commissioners relative to the adequate support for schools has, in and of itself, damaged the educational programs in Garrett county." The report noted these points:

Orderly progress in educational programs in Garrett county has been curtailed.

It has become impossible to staff the schools with qualified teachers.

The salary scale, now the lowest in the state, is grossly inadequate.

The allegation of GCTA that public education in the county is in immedate danger of deterioration due to inaedquate financing has been substantiated.

The report indicates that a major portion of the current controversy stems from "a personal feud between one or more members of the Board of County Commissioners and the superintendent of schools."

This "obstacle" must be erased, according to the report, before the controversy can be resolved. The report called for intergroup cooperation to prevent an already critical situation from worsening.

In the letter of transmittal to the MSTA executive board, John Thompson, chairman of the special committee and classroom teacher from Frederick county, cited the "serious problems evident in the attitudes and relationships of individuals and groups involved in the controversy," as probably more im-

To Display Works Of Art Locally

Thirty works of art from exhibitions previously held in the Baltimore Museum of Art and the Maryland Institute of Art will be displayed in Oakland from March 7 through 24.

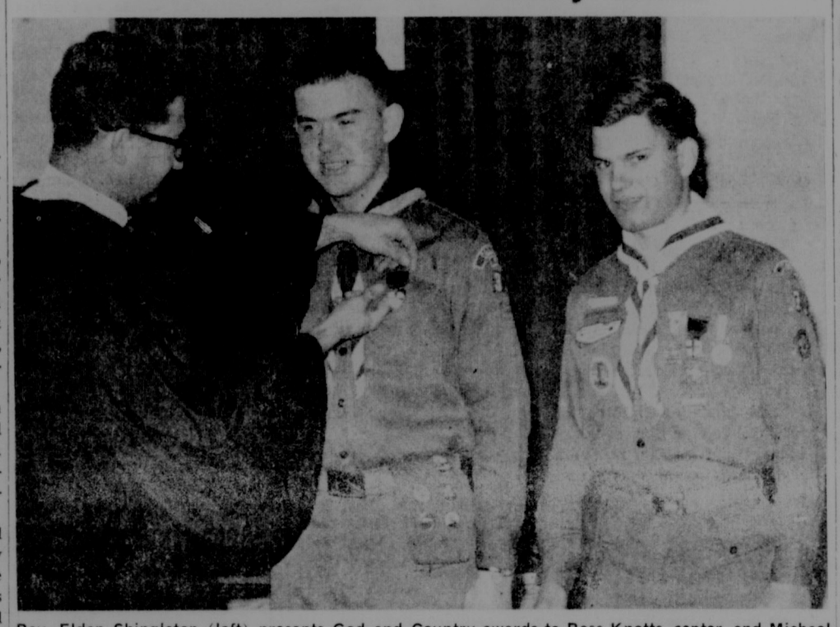
For these two weeks, creative works by contemporary Maryland artists will be exhibited in the Garrett County Historical Society Museum on Center St.

A broad range of techniques will be presented in the traveling exhibition, including oil on canvas, watercolor, acrylic, wood, bronze, steel, and other media. Styles will range from traditional to abstract to graphic surrealism.

Oakland will be the ninth of thirteen stops for this particular traveling exhibition of works of art. Aza Stanton is the chairman of the local group sponsoring the presentation here.

Among the businesses sponsoring the exhibit are the Mt. Top Chamber of Commerce, the Douglas Boat Company, Browning's Foodland, Rudy's, Sterling Processing, Rolyans, Englander's Pharmacy, Naylors, the Optimist Club, the Rotary Club, the Lions Club, the H-P Stores, the First National Bank, and the Deep Creek Lake-Garrett County Promotion Council.

Campers Organize



A meeting was held Sunday, Feb. 11, at the home of Mr. and Mrs. Paul Frank, Jr., Accident to organize a Local Chapter under the auspices of the National Campers and Hikers Association.

The meeting was conducted by Mr. and Mrs. Harold Turner, Field Directors of N.C.H.A., Cumberland.

Officers elected were President, Winston Teats, Friendsville; Vice-President, Paul Frank Jr., Accident; Secretary-Treasurer, Mrs. Gerald Glass, Accident.

Membership applications are available.

Dr. C. P. Anderson Resigns Pastorate Deep Creek Baptist

Dr. Charles P. Anderson, pastor of Deep Creek Baptist church since November 1, 1957, offered his resignation last Sunday, to become effective in October, when he will have completed eleven years of ministry.

During his first year at Deep Creek the little white church, oldest Baptist landmark in the county, was demolished and the present stone building begun. Dr. Paul S. Parker, who preceded Dr. Anderson as pastor had promoted a building program with the congregation and had raised approximately $20,000.

Earl K. Harvey, Sr., building program chairman, led in drawing plans for the building. In the meantime worship took place in a hospital tent and parsonage. Super structure of the church was erected in the fall of 1958 by Kitmiller and Edgar, contractors. The lower floor was in use by January, 1959 with the first service in the completed building on June 4, 1961. The building was dedicated July 9 of that year.

On July 10, 1966 the mortgage note was burned, clearing the church of indebtedness. In January, 1967 the church which had received aid from the Maryland Baptist Mission board, became self-supporting. Activities have continued there with Schools of Missions, Vacation Bible Schools and special evangelistic meetings emphasized. Bible Study seminars are offered each mid-winter, Youth week is observed annually and other activities.

The church has had a special concern for visitors to Deep Creek Lake with about two thirds of the congregation made up of visitors during July and August. They call themselves "summer Baptists".

Winter Returns With Added Punch

Winter delivered a low blow to the county's midsection over the week-end, knocking the mercury to a —4, with approximately six inches of snow and a polar wind delivering final indignities.

Temperatures ranged near the 30-degree mark last Thursday and Friday, with snow flurries falling intermittently on Friday.

Saturday the mercury was kept near the zero mark due to the icy effects of high winds. Snow continued to fall at intervals over the week-end, while incessant winds piled drifts in all corners.

On Monday, partly cloudy skies brooded over temperatures which ranged from 6 to a high of 15. Skies were still cloudy on Tuesday morning, although the sun did break through in the afternoon. Temperatures were kept below the 13 degree level by the winds which continued to sweep over the area.

Wednesday had a 12 degree reading at 8 a. m. with clear skies. High for the day was 27, which permitted some snow melting work to be begun by ol' sol.

Thursday skies were mostly cloud free, and the temperature was 16 at 8 a. m.

Ross Knotts and Michael Davy, boy scouts of Oakland troop 31, Oakland were awarded their "God and Country" award during the morning worship service last Sunday morning at the Oak Park Church of the Brethren.

The boys were recently approved by the troop's board of review conducted recently by William M. Riley, chairman.

Knotts is a first class scout, won the 50-miler award and the Philmont award, both earned at Cimarron, New Mexico last summer; has earned merit badges in reading, geology, chemistry, citizenship in the home, in the community; and is a patrol leader. A tenth grader at Southern, he has been in scouting for five years. He is a son of Mr. and Mrs. Charles L. Brown.

Davy is a star scout, has won the 21 and 15-mile awards, Arrow of Light, is a member of the Order of the Arrow; has earned merit badges in canoeing, cooking, camping, first aid, marksmanship, reading, personal fitness and is an assistant patrol leader. He was in Cub scouts three years and has been a boy scout for four years. He is a tenth grader, and a son of M/Sgt. and Mrs. Garrett T. Davy.

The God and Country award in scouting is a church award earned by scouts or explorers working and studying with the minister of his church. The program takes approximately one year and proceeds through three stages. It rquires 150 hours or more of time with 75 to 100 hours in service projects, 40 to 50 hours in study sessions and an unlimited number of hours attending youth rallies, visiting welfare institutions, par-

Voluntary Wheat Program Sign-Up Now Underway

The signup for the 1968 wheat voluntary program now is under way, I. William Umbel, Chairman, Agricultural Stabilization and Conservation County Committee, has announced. The signup period started on February 5 and will end on March 15.

Mr. Umbel explained that the program for 1968 is basically the same as in 1967 except that certificate payments will be based on 40 percent of the wheat allotment instead of 35 percent last year. The price support loan level at a national average is $1.25 per bushel. Domestic marketing certificates will be valued at the difference between full wheat parity and the $1.25 loan value, as of July 1, 1968.

Farmers who have planted wheat within their 1968 wheat allotment are eligible to take part and earn a certificate payment on up to 40 percent of the allotment. Participation entitles one to take advantage of the support loan program.

Mr. Umbel said that a farmer with a 10 acre wheat allotment and an established yield of 30 bushels could receive a payment of approximately $150 for planting at least four acres of wheat. All of the wheat planted within the allotment could be placed under a government loan, or sold on the market.

Applications may be filed in the ASCS office from Monday through Friday, 8:00 a. m. to 4:30 p. m.

Bids On School Facilities At Hand

Bidding will be ready for a number of educational building units within weeks, it was revealed at a meeting of the Board of Education on Tuesday.

Willard L. Hawkins, county superintendent of schools, said the eight room addition and new gymnasium for Dennett Road would be ready for bidding along with the vocational units for the two high schools.

The Dennett road addition, he said, would relieve the overload at Center Street and Loch Lynn. The two high school additions vocational-wise, are listed in a separate story. The Bloomington addition also will be ready for bidding in about four weeks.

A group of Grantsville patrons appeared before the Board requesting a new four-room addition for that school. Mr. Hawkins said this addition was on the building agenda of the school board and the request was approved pending the necessary financing.

A request from the principal of Route 40 school to drop grade eight next year and establish a kindergarten program was tabled until the next board meeting. Grade eight, if the plan is approved, would go to Northern high with the exception of the pupils living at Finel.

The board officially approved the salary request of the teachers, as it had done previously. The salary range is from $5,700 starting salary to $9,800 for those with master's degree and maximum experience.

Board members discussed recent actions of the County Teacher association and Maryland State Teacher association where leaders called for a strike and imposition of sanctions.

Karol Rush Is Friendsville Mayor

Karol Rush was elected mayor of Friendsville in Tuesday's municipal election in that town. Rush had 49 votes with Foster Frazee receiving 18. Lawrence Sellers had 15 write-in votes.

For council Howard Griffith had 63 votes, Foster King, 61 votes, James W. Lininger, 45; and Webster Herring, 33. There were several write-in votes with Ross Selby receiving 6, Ed Sliger, 2; and Wilbur Fox, 1. Griffith, King and Lininger will serve two-year terms, along with Rush and hold-over councilmen, Chauncey Friend, Cecil Schroyer and Robert Sines.

Court Agrees To Mandamus Writ

Signs Court Order; Education Board Will Select College Site

In a decision handed down by Associate Judge Stuart F. Hamill in the Circuit Court on Tuesday afternoon the Board of Education was given exclusive responsibility of selecting the site for the proposed community college, and the County Commissioners were informed that they had the authority and respnosibility to appropriate funds to meet the costs of the establishment, current expenses, purchase of land, construction of captial improvements and the maintenance, upon proper demands or presentation of vouchers.

The judge agreed to the petition for the declaratory judgement and writ of mandamus against the commissioners sought by the Board of Education constituting also the board of trustees for the college. He issued an order of court which was prepared after the hearing on Tuesday afternoon. The hearing lasted a little over an hour in which Lewis Jones and S. R. Pagenhardt, attorneys for the Board of Education, outlined what had taken place to date. W. Dwight Stover, attorney to the County Commissioners, and Gorman Getty, Cumberland, represented the Commissioners.

Order of Court

The specific order of court had the following:

Upon the Petition and Answer filed herein No. 1562, Miscellencous Docket, and after oral argument by counsel for the parties, the Court being of the opinion that the relief sought by the Petition has been sustained by the admissions of the Answer, it is thereupon this 13th day of February, 1968, by the Circuit Court for Garrett Coun-

Vocational Grant Gets Commissioner Signatures Tuesday

Signatures of the balance of the three county commissioners were affixed on Tuesday afternoon to a petition seeking a grant for vocational additions to Northern and Southern High schools.

The Appalachian Regional Commission had announced last month it had approved two grants totaling $112,684 in Federal Appalachian funds for construction of vocational education additions at both high schools. The balance of the funds needed, $272,800, is being provided from state vocational funds.

Board of Education officials pointed out both the facilities would cause no expenditure of county funds.

Construction at Northern will provide an addition to the agriculture center including a shop and greenhouse, and up-date the present shop facilities. Total cost was to be $90,000 with $26,100 provided by the Appalachian Regional Development Act and $63,900 as a grant from state vocational funds.

At Southern the addition will consist of a food service and business education wing, a two-story building of block and brick. Construction and equipment for this unit will cost $295,384 with the Appalachian Act providing $86,584, and state vocational funds for $208,800.

Allen S. Paugh, one of the County Commissioners had signed the petition several weeks ago, with Hubert Friend and Ross Sines affixing their signatures on Tuesday afternoon.

Characters here in action for the Junior Class play, "Mary's Big Lamb," are left to right: Sandra Crytzer, Brenda Phillippi, Wayne Callis, Karen Sanders and Bowie Grant. The play will be presented to the public tonight in Southern High School.

World Day Of Prayer Will Be Observed March 1

World Day of Prayer Services will be held locally March 1, at 1:30 p. m. from St. Paul's Methodist Church, Oakland. The Rev. Eldon Shingleton, pastor of Oak Park Church of the Brethren, will speak on the world theme, "Bear One Another's Burdens". Mrs. H. H. Leighton will be in charge of music. The annual Children and Youth Service will be held from 3:30 to 5:00 p. m. from the St. Mark's Lutheran Church.

Rehearsals for both services have been announced by the chairmen. Adult rehearsal is to be February 23rd, 1:30 p. m. at St. Paul's, and children's rehearsal will be held at St. Mark's Assembly Room, February 25, at 6 p. m.

The World Day of Prayer, observed each year on the first Friday in Lent, is sponsored by Church Women United. It has a history dating from 1887. Prayer and giving for the world-wide mission of the Church have been its primary purpose. On this day, people are brought together across denominational, racial, national, and cultural boundaries to pray for the needs of the world and to make an offering for carrying out the Church's mission around the world.

World Day of Prayer is world-wide in character. The same basic service is used by groups in 126 countries and territories of the world. This provides opportunity for fellowship and experience of Christian unity in prayer with christians all over the world.

The World Day of Prayer began with the vision and dedication of a few women. It has grown to involve millions of women around the world.

Northern Plans FFA Sweetheart Dance Feb. 17

The Cove Chapter of Future Farmers of America is planning to conduct its F F A Sweetheart Social and Dance at Northern High School on Saturday Night Feb. 17. Cove Chapter Future Farmers are using the event to officially start National FFA Week proclaimed from Feb. 17 thru Feb. 24.

Casselman Motor Co. has donated a Sweethearts Chariot to be given as a door prize. This car is fully inspected and ready for Tags. Twenty three girls have entered the Sweetheart Contest and Chapter Members have created an old fashioned Country Social for those who want to take a break from dancing.

General admission is 50 cents single, one dollar for couples and a special family rate of one dollar if parents are accompanied by their children. The family rate was effected to encourage adults in the community to express some support for the Agriculture and FFA Club Program in the school.

The Chapter Sweetheart Trophy will be presented at 10:30 followed by the awarding of the Sweetheart Chariot at eleven.

Chapter Officers are David Sisler, president; Daniel Weimer, vice president; Lott VanSickle, secretary; David Durst, treasurer; Richard Rush, reporter; Jack Coddington, sentinel; and Harold G. Loughrie, advisor. Club officers stressed the hope of high attendance at this fund raising affair as an opportunity for people in the school community to express support in the Northern High Agriculture Program, the president said.

Eight Are Listed On Vehicle Docket

Deer-Auto Accidents Are Numerous

A recent study showed that more than 120,000 deer were killed in a single year by motor vehicles on the Nation's highways, according to information received by the Maryland Department of Game and Inland Fish.

The department urged drivers to use caution when they see the sign "Deer Area"; watch both sides of the road at night for glowing eyes; drive carefully for some distance after you have seen one. Dear are unpredictable

In the State of Maryland alone last year over 990 deer were killed by motor vehicles.

Meat For Thritfy Meals To Be Shown

Food demonstrations on "Meat for Thrifty Meals" will be given by Mrs. Freda Denison, extension agent for home economics, in three places during next week.

They are scheduled as follows:

February 21, Oakland gas company store, 1 p. m.

February 22, Grantsville, home of Mrs. Harry Edwards, 1 p. m.

February 23, Accident fire hall, 1 p. m.

She also listed club meetings for homemaker clubs as follows:

February 10, Mt. View club, 8 p. m., home of Mrs. Cecil Sebold.

February 20, Homemaker executive board meeting, 1 p. m., at the Accident fire hall.

February 21, Accident club, at the fire hall at 7:30 p. m.

February 23, White Church club, home of Mrs. Lester Steyer, 1 p. m.

Now there's a wallcovering with the look of traditional, fine wallpaper, plus the highly practical virtues of strain resistance and scrubability — yet with none of the shine characteristic of many plastics according to Mrs. Denison. This Tyvek, made of spunbonded olefin, is resistant to strains so even crayon, lipstrick, and fingerprints are easily scrubbed off with soap or detergent suds. Since it contains no plasticizers, it does not readily attract dust.

Pefect for "turning up" hems on knits and other stretchy fabrics is a new three-fourth inch flexible lace seam binding which allows a hem to "give" up to 22 percent. This sheer nylon finish, available in seven colors, is also practical as it can be washed by hand or machine.

The latest bed cover, a quilted comforter filled with Dacron fiberfill, comes with non-slip fitted corners. Designed to stay safely in place at night, it is equally safe in soap or detergent suds.

About 1,000 young German demonstrators smashed windows at a U. S. Trade Center.

Soldier Wounded In Vietnam Battle

Lance Corporal Paul E. Wolfe, Jr., was wounded in action in Vietnam on Feb. 7 his father Paul E. Wolfe, Sr., and stepmother, Mrs. Wolfe, were notified recently.

He sustained a wound in his right arm and was scheduled to undergo surgery Feb. 13. He spoke by telephone to both his father and step-mother from the Naval hospital in Guam on Sunday morning, Feb. 11.

At Eighty-One

It is fascinating for us all to contemplate the day when we have finally arrived and at last have accomplished sufficiently to sit back and review those achievements garnered during a span of years. Therefore, when you finally give ease to your restless feet and become quite calm at eighty-one, I wonder if:

you ladies will have sorted out those recipes you have collected all your lives, three-fourths of which you never tried—but they all sounded so good;

the gentlemen will have all the tools sorted neatly in a compact workroom where each thing is just at one's fingertips;

there will be no more mending left to do;

all the pictures will be properly pasted in the scrapbook and dated;

we will be happy to rise before the sun if we never enjoyed getting up;

and if we will fail to hope that the mails will hold one longed-for letter this day.

Personally, something says that since I remain a lover of the country, not even after the wisdom of eighty-one years will I like the city's hustle and cold impassioned attitude any more than I do now. Further, I will still hope for the summer smell of pine pitch on some forested plot, even if it does get on my hands, and the remarkable scent of a load of hay, if anyone hauls in hay by that time. In winter I fervently hope that just one balsam fir will remain on the Christmas tree lot to give me the special spicy warmth dispelled by this evergreen.

And you know, when the grandchildren aren't looking, somthing in my spirit is going to make me still hunt eagerly for three different sassafras leaves on one tree, try squishing my bare feet in newly wet grass, and event stand on my head to continue a personal record.

Perhaps by that era I will reread this (or have someone read it because of my poor sight) and know how foolish I was now to plan the completion of these wants and duties. Better still, they may have progressed to the point of having proper drugs so that you and I will have extended longevity, enabling us to view mountain sunsets ad infinitum.

PHARMACY PHACTS

from Clinton W. Englander

Question

I'm one of those people who can be counted on to have a cold each winter, and I've been wondering if the way I blow my nose could be adding to my problem?

Answer

Well, if you tend to blow your nose in a rather enthusiatic manner—if you're a hooter, a tooter or even a bugler—there really is reason to believe your method of blowing can be compounding your problem. Hard blowing of the nose can possibly force the cold germs into your eustachian tubes and sinuses causing further and serious infection. For this reason most medical authorities discourage hard blowing of the nose. So, if and when you do have to blow, why not try a huff and a puff—gently, that is, rather than toot, hoot and bugle?

Youth Seminar Held By Brethren

Brian Holsopple and Mike Fike of the Maple Spring Church, Eglon, West Virginia; and John Crowe, of the Oak Park Church, Oakland, were among the 200 participants from throughout the United States attending the Church of the Brethren Christian Citizenship Seminar for Youth in Washington, D. C., and New York, January 28 — February 2.

Under the theme, Government Is The Christian's Business, the seminar offered an opportunity for Christian youth and their adult teachers to study the United States government and the United Nations first hand. It provided the occasion to examine the national government and international relations in the context of the Christian faith.

The seminar program in Washington, D. C., included visits to the Capitol, the House and Senate galleries, the Department of State and the Supreme Court. A member of the House and of the Senate addressed the group. The seminar participants also visited their congressmen and attended a committee hearing. The general sessions of the seminar considered such issues as: The Church and Public Affairs, Race, Poverty, Peace, and the Draft.

Wednesday evening Thursday and Friday of the seminar were in New York. Participants toured the United Nations building and were addressed by United Nations Secretariat speakers. A part of the program in New York was held at the Church Center for the United Nations where speakers related the field of international relations to the Christian perspective.

This particular seminar is the twenty-second in a series of Youth Seminars sponsored by the Youth Ministry Department of the Christian Education Commission and the Peace and Social Education Department of the Brethren Service Commission, General Brotherhood Board, Church of the Brethren, Elgin, Illinois.

portant than the financial difficulties.

"It is obvious that the present impasse can work only harm to Garrett county and the children and the committee sincerely hopes that the welfare of children can be the mutual interest that will bring all groups together."

The committee, which spent 2½ days in the county last October, also made some observations:

That the county would collect taxes on considerably more than the $68,000,000 listed at the base in the annual budget, and could reach $75 million by July, 1968, as re-assessment, new construction, and disputed assessments of natural gas storage facilities are added.

The $56,000 estimated discount for elderly property owners appears to be grossly over-estimated.

The five percent discount allowed for prompt payment of taxes is unusually high.

Committee Action Noted

The county teacher association voted last Thursday evening their intention to take a series of drastic actions after March 19, in the event that the County Commissioners turn down the pending teacher salary package which would provide a scale from $5,700 for a beginning teacher to $9,800 for a teacher with a master's degree and fourteen years of service.

The actions proposed and approved by a majority of the teachers voting and attending the meeting:

A request to the MSTA Executive board to consider state-wide "sanctions" against the county.

The complete withdrawal of all extra-curricular duties by teachers including cancellation of sports events, proms, choral and band festivals, etc., in the event the Commissioners turn the salary package down on or before March 19.

Withdrawal of professional services on May 1, in the event that no action is taken by the commissioners by that time.

The association also adopted a resolution which directed the executive board and the committees to immediately embark on a campaign to inform the citizens of the county that teachers are not only asking for change this year—but are demanding change.

The association presented the salary package to the commissioners on January 29, and requested a yes or no answer by March 19.

To All Interested Citizens:

On December 6, 1966, the Clerk of the Circuit Court for Garrett County, Maryland, administered the oath of office to us as County Commissioners of Garrett County. Upon the taking of this oath we believed the office should be administered without partiality or prejudice for the benefit of the citizens and taxpayers of the county.

After the referendum held on June 13, 1967, Commissioner Friend made a motion the Board "go on record to abide by the decision of the voters to establish a Junior College in Garrett County." The motion was adopted and passed. The undersigned commissioners believed it to be our duty to assist in the establishment of the Junior College, keeping in mind our obligation to be responsible elected officials.

Although we were subjected to pressure, harassment and many press releases, we did not waiver in our position. We have acted in accordance with the dictates of our conscience and what we have believed to be for the benefit of the citizens and taxpayers. The Board of Education saw fit to take us to Court and the Court has now ruled we have no discretion in the establishment of the Junior College other than pay the bills.

The responsibility of acting for the benefit of the taxpayers in the establishment of the Junior College now rests with the Board of Education. We hold no malace toward the Board. Yet, we will continue to serve the people as is our responsibility. It is our opinion it is far better not to take an oath than take an oath and then ignore it.

JOHN ROSS SINES,

County Commissioners

Mandamus Writ

(Continued From Page One)

ty, Maryland, Declared that the respective rights and duties of the parties are as follows:

The Board of Education of Garrett County is vested with the authority, under Section 300 of Article 77 of the Annotated Code of Maryland, and, by reason of the approval by referendum provided in said statute on June 13, 1967, is charged with the responsibility, for the establishment of a community college in Garrett County.

The Board of Education of Garrett County has duly constituted itself as a Board of Trustees of the Garrett County Community College, and, as such, has the specific powers granted to it in the aforementioned Section 300 of Article 77, and also the implied powres to do those things which may prove to be necessary in carrying out its obligations and responsibilities thereunder.

The County Commissioners of Garrett County have the authority and responsibility to appropriate funds to meet the costs of the establishment, current expenses, purchase of land, construction of capital improvements and the maintenance thereof.

That the right to select a site for such college is a right of the Board of Trustees of the Garrett County Community College, as necessarily incident to the statutory power to acquire real or personal property deemed necessary by the said Board of Trustees for the construction and operation of said college.

That the responsibility for providing preliminary financing for the necessary expenses to obtain approval of the establishment of the community college by the appropriate State agencies rests upon the County Commissioners, including, but not limited to, obtaining options, preliminary surveys, architectural service, appraisals and land acquisition costs, which should be made available by the County Commissioners upon proper demands or presentation of vouchers by the Board of Trustees, all such costs to be credtied to the county's participation in the total cost of the project.

It is further ORDERED that a Writ of Mandamus issue directing and requiring the County Commissioners to provide said funds upon proper demands or presentation of vouchers from the Board of Trustees of Garrett County Community College, all amounts paid as aforesaid to be credited to the county's appropriate share of the cost of the establishment of the college.

STUART F. HAMILL,
Judge

Judge Hamill expressed the hope that both groups would cooperate and work together for the good of the college.

The candidates for the award were presented by John M. Wood, scoutmaster while Rev. Eldon Shingleton, pastor, presented the emblems. Pins also were presented to Pastor Shingleton, Mr. Wood, Ralph Fauber, Mr. and Mrs. Brown, M/Sgt. and Mrs. Davy, the latter in absentia.

Talks were given by the pastor on the significance of the award, by James Sims, institutional representative for the troop which is sponsored by the Oakland-Mt. Lake Park Lions club; and by William M. Riley, chairman of the review board.

Pastor Shingleton pointed out that the God and Country award in scouting was designed to create within the boy the sense of respect and honor of God, and nurture his active participation in the church, and termed it one of the hardest challenges scouting has to offer.

The award was first granted in 1945 by the Roman Catholic church and was subsequently adopted by the Protestant committee on scouting for all other Christian denominations. Today it is open also to boys of the Jewish, Moslem and Buddhist faiths.

At least ten other boys in the area have previously won the award. They include Kyle W. Sisler, David Sisler, John and Frank Fitzwater, Tom Forman, John A. Sharps, Rev. Sam Moore, David Gonder, Douglas Cargo, and James Feaster, from Mt. Lake Park and Oakland troops, and DeWitt C. Leonard, of Friendsville.

Kingwood Defeats Southern 66 to 40

Southern High school played on an even keel with Kingwood high school in the first period but couldn't hold the pace in the ensuing periods and went down to defeat 66 to 40 on the Oakland court last night.

Holding an 8 to 7 lead at the end of the first period Kingwood held the edge 24 to 17 at the half and 41 to 25 at the end of the third period. Southern managed only nine points in the second quarter and seven in the third.

The loss was Southern's 13th of the season against three victories. The Highlander's next game is also at home next Tuesday against Terra Alta and they will close the season against Aurora at home on February 23.

Jack Alvarez and Pat Flanagan were high scorers in the losing cause for Southern with eleven points each. Andy Cosby and Fred McClelland added five points each.

In the preliminary contest Southern's junior high team recored a 56 to 27 decision over the Kingwod jayvees.

Dead as a Dodo...

The promised postal increases became effective on Saturday at midnight and the five cent first class letter has gone the way of the dodo, the dinosaur and the good five cent cigar.

The increase in postage, as everybody knows, was not to insure improved service, but to increase government salaries, among other things. Still government officials in their usual style have managed to convey the opinion that the increase in charge is a blessing being bestowed upon the citizens of the United States. In government prepared statements issued by various postmasters we learn that "postal rates are still quite a bargain'. Sandwiched in with more such baloney comes the information that it is possible to send a letter first class to any place in the United States for six cents, and airmail to any place in the U. S., or and U. S. serviceman overseas, for ten cents. Of course we are not told when the recipient will get the letter sent at such "bargain rates".

Of course the United tSates with its enormous size and fantastic mail load presents mountainous problems to the post office department. Still the dim memory of the "penny postcard" (now a five center folks) naggingly reminds us of the great increase in postal rates over the past few years.

Perhaps the increase would not be so hard to take, even without an improvement in postal service, if the government would just simply say "O. K., we're going to increase the postage, even though the service isn't going to get any better, because we need money and this looks like as good a place as any to get it", instead of pretending that they are doing us a big favor and "giving us quite a bargain" at an increased price.

Overcharging is bad enough, but piously phrased hypocrisy is just a little too much to stand.—Preston County Journal.

Garrett School

Cites Good Program

"Garrett County has a good program of education for its youth. We are one of the few counties to start a new kindergarten program and if the two Commissioners, Sines and Friend, had cooperated with out efforts our junior college could have been opened within the next year, a rare challenge for an Appalachian county of this size. We are looking forward to a fifteen year program of education for the youth of Garrett County — kindergarten thru junior college, a program not likely to be found in any other Appalachian county in the country the size of Garrett. We have good buildings and more are to be put under contract soon, all at a minimum cost to the county. Our school debt service is the lowest in the state. We have the beginning of an excellent program of vocational education, all in fine new facilities. We have modern, up-to-date equipment in our science, language, and commercial departments. We have excellent school libraries in all schools, large or small. We have a number of fine programs at work under Title I, especially for the underprivileged, not even dreamed of a few years ago. We have a school for the severely mentally retarded. We have a new Outdoor Education Center from which operates one of the best outdoor education programs in the state. We have one of the finest Planetarium programs in the state. We have at Southern High School the finest Agriculture Education Center in the state, and plans are just about complete for an expansion of the Agriculture Department facilities at Northern. Arrangements have been made to have this addition financed entirely with State and Federal funds, at no cost to the county.

All classrooms are equipped with ample updated textbooks, instructional aids of all kinds and with good furniture. Our instructional supervisors work closely with State Department and many other educational specialists to constantly upgrade the curriculum and improve instruction.

"Our graduates attend the best schools and universities in the area, and many of them complete records that are a source of pride to the whole community. Just recently we graduated a Phi Beta Kappa student from Johns Hopkins University. We have a Garrett County high school graduate at the West Virginia University who has completed the highest record ever achieved by a student at this large school. We have a second year student at the University of Maryland who was recently given the highest award available at this school of 25,000 students for being the best student in chemistry, the only girl ever to win this award —and many other instances can be cited where our graduates have won top scholastic honors in the colleges of their choice. These students have all been prepared and given their background for college work in the schools of Garrett County. This means that they have had the opportunity to attend good schools, offering a good educational program, taught by good teachers.

"My time as Superintendent of Schools will soon expire. However, I might add that during the last thirteen years I have given my best efforts in time, energy and thought, with the minimum of funds, to bring the schools of the county up to their present standards. I cannot in the short time I have left as head of this school system sit silently by, while a group motivated more by its power struggle desires than by its interest in children, reports inaccurately and unjustly to the people of this county.

"To publicize our schools throughout the state as facing a crisis and as being in deep trouble is nothing but a grossly unfair, senseless piece of propaganda. There is no crisis or deep trouble in the educational system of Garrett County—only the need for an adequate salary scale for its teachers".

Listen, Americans!

By DR. GEORGE S. BENSON
President—National Education Program
Searcy, Arkansas

How big a cut in Federal spending should Congress make before imposing higher taxes on an American public already hit by soaring living costs and burdened with back-breaking local, county, state and federal taxes? The answer: Waste should be cut from the Defense Department authorizations of $74.4 billion (1968 Budget; period ending June 30, 1968). At least 5 percent — $3.7 billion — could be saved without hampering military and defense activities. In the category of non-defense activities, common sense cries out for eliminating the colossal waste, shelving non-essential programs, cutting all others to the bone, and putting our Government (and Country) on a war footing. A minimum of from $10 to $15 billion could and should be cut, as a starter.

If Congress and/or the President would "tighen the belt" to this extent ($15 billion minimum) the American people, I believe, would accept, though reluctantly, a temporary tax hike to help fight inflation — an inflation caused, in large part by the most proliferate governmental spending at all levels (much of it with borrowed money) in the history of our nation.

Government today is costing the American taxpayers a quarter of a trillion dollars a year — $250 billion — and the prospect at all governmental levels is for bigger and bigger spending. Such governmental extravagances together with our failing balance of payments, our $350-plus billion national debt, our loss of gold reserves and other frightening developments, have endangered the Dollar and thus our whole financial stability as a nation. And yet the spenders — the promoters of fighting the war and "living it up too", the "Guns-and-Butter-Too" disciples — are calling for still greater domestic (non-military) expenditures in many non-essential (in times of war) programs.

Here is the table of Federal governmental expenditures for the 8-year period (1 year Eisenhower; 7 years Kennedy-Johnson):

	1961	1962	1963	1964	1965	1966	1967	1968
National Defense	$47.6	$51.4	$53.4	$54.5	$50.7	$58.4	$71.3	$74.4
Non-Defense	51.9	56.2	60.3	65.8	68.6	78.6	89.5	105.8

This figures out to a 56.3 per cent increase in military expenditures, while non-defense spending was rising 103.8 per cent. The Vietnam war is budgeted at approximately $23 billion. A glance at the above table shows that by geting Federal non-defense spending back to the level of just four years ago. 1964, more than enough would be saved out of the 1968 fiscal year appropriations to entirely finance the Vietnam war.

Congressman Wilbur D. Mills, Chmn. of the powerful House Ways and Means Committee where all tax legislation must originate, is demanding of the Administration and suggesting to Congress that controls be set up giving Congress a power and responsibility not now statutorily available — the control over spending. Ceilings could be established by Congress, depending upon circumstances developing each year, to put an absolute limit on overall Federal spending. This is a vital need in today's Federal government, and particularly now that our nation is at war.

DIED

MRS. GERSTEL ALLEN

Mrs Natalie Pegram Allen, 49, of Wisconsin avenue, Chevy Chase, sister of the Rev. W. Shelby Walthall, of Oakland, died yesterday, February 14, at Johns Hopkins hospital, Baltimore, after an illness of several weeks.

Born in Birmingham, Ala., she was a daughter of the late Hugh and Marian Shelby Walthall. She was a member of the Episcopal church at Enterprise, Ala., and Daughters of the American Revolution.

Besides her brother she is survived by her husband, Gerstel D. Allen; a daughter, Miss Marian Allen, Enterprise; three sons, Daniel, Walthall and George Allen, all of Enterprise, and another brother, Jacques A. Walthall, Dallas, Tex.

The body was brought to the Minnich Funeral home in Oakland where preparations for burial were made. The body was taken to Enterprise, for funeral services.

HARRY E. RICE

Harry Edward (Dewey) Rice, 67, of 24 D Street, Mt. Lake Park, died yesterday, February 14, at his home after an extended illness.

Born in Oakland he was a son of the late William E. and Clara E. Cogley Rice.

A retired school bus owner-operator, he also formerly operated a farm at Pleasant Valley. He was a member of St. Peter's Catholic church, Oakland.

The deceased for a number of years was a basketball enthusiast and played forward on the Oakland Independent basketball team for several years in the late 1920s and early 1930s.

Surviving are his widow, Marie Zimmerman Rice; two daughters, Mrs. Rose Marie Foley, Canton, O.; Mrs. Elizabeth Dressman, LaVale; three sons, Edward Rice, Campbell, Ohio; Francis Rice, Mt. Nine Area Students Make Frostburg State Dean's List

Nine area students were listed on the Dean's list at Frostburg State College, Frostburg, for the fall semester. To be eligible for the Dean's list, a student must have earned a grade-point score of 3.25 or better and must have carried 15 or more semester hours of work.

Carol W. Bell, who graduated from Southern Garrett County High school in 1962, attained a straight A average for the semester, having a grade-point score of 4.0.

Others on the dean's list included Leslie Ann Cave, of Route 1, Swanton, who is a senior majoring in elementary education; Nancy Lou Guard, of Route 1, Addison, Pa., who was graduated from Northern Garrett County High school in 1964 and who is majoring in elementary education; and Charles Keller, a 1964 graduate of Elk Garden, whose home address is Kitzmiller, and who is majoring in mathematics and geography.

Jay Rice, who graduated from Southern in 1965, was the only junior included on the dean's list.

Two Frostburg sophomores who attained the list were 1966 graduates of Northern High school. They are Doris Brenneman and Ellen Miller, both of Accident. Ronald DeBerry, a 1966 Southern alumnu, also made the list.

Only one freshman from the county attained a place on the list. She is Ruth Brenneman, Accident, who graduated from Northern in 1967.

No Candidates Yet For Local Election

There are no candidates for mayor, councilmen or treasurer for the town of Oakland as of this morning, it was announced at the city hall.

The election will be held on Monday, March 11. A mayor, three councilmen and a treasurer are to be elected. Mayor Russell L. Smith's term expires this year as do the terms of Harry L. Stemple, Willis Shaffer and Allen Naylor; and Mrs. Beryldine Stanton as treasurer.

The last day to file as a candidate is Thursday, February 29, at 4 p. m. The last day to register to vote would be Friday, March 1, at 4 p. m. The council named the judges for the election last week. They were Mrs. Eleanor J. Stemple and Mrs. Phyllis J. Helbig, as register judges and Miss Isabel Hamill and Mrs. Louise M. Shaffer as machine judges.

The thirteen names taken from the voting register last week were eliminated because of residence regulations.

End Of The Road...

Great Britain is finding, as the U. S. is surely to discover one of these days, that the doctrine of the pure welfare state is unworkable for one very good reason. No government can tap its people for enough tax revenue to pay the bill. As Mr. George Melloan writes of the British dilemma in The Wall Street Journal, "The government is beginning to doubt whether Britain can afford luxuries such as universally free medical care and 'family allowances'. It is also beginning to doubt that universal benefits accomplish one of the primary objectives of welfare theory, freedom for all citizens from poverty and want".

The Labor government is now looking for ways to provide such things as social insurance, medical care and educational benefits on a selective basis. Something that has been urged in the United States to no avail for years. Evidence of growing public disenchantment with pure welfarism in England may be seen in a public opinion survey revealing that 65 per cent of those questioned would be willing to pay higher taxes if the money were used only for the needy. Only 35 per cent were willing to pay more taxes for further universal benefits.

Great Britain has pursued the welfare philosophy to the end of the road. The U. S. is proceeding down the same road at a speed that a lot of people feel is catastrophic.

Your Federal Income Tax

The Republican, in cooperation with the Internal Revenue Service, Baltimore District, will publish each week in this column, tax information that will enable taxpayers to become more familiar with the Federal income tax laws.

Questions and Answers

Q. Who can file the short form, 1040A?

A. The form can be used in the following circumstances:

1—income is under $10,000; and

2—income consists entirely of wages subject to withholding and not more than $200 from other wages, dividends and interest.

The Form 1040A cannot be used by taxpayers who either itemize their deductions or who claim special tax credits or deductions such as the retirement income credit, sick pay exclusion, or moving expense deduction.

Further details on filing requirements are given in the instructions that accompany both the 1040 and 1040A tax forms.

Q. How do you handle medical insurance premiums under the new law?

A. One-half of the premiums paid for medical insurance up to a maximum of $150 may be deducted when you itemize your deductions. These premiums are not subject to the three percent of income limitation that applies to other medical expenses. The balance of your premiums should be included with any other medical expenses.

The $3 a month paid for supplementary benefits under Medicare qualifies for this tax treatment.

Q. Does IRS put out anything that goes into more detail than the tax instructions?

A. Yes, there are several publications.

One, "Your Federal Income Tax", provides 160 pages of detailed information. It may be purchased at local IRS offices for 50 cents.

There is also a "Tax Guide for Small Business", which costs 50 cents and a "Farmer's Tax Guide", which is available without charge.

Q. Too much was taken out for social security tax last year because I held two jobs. What should I do?

A. You can take a credit for the excess social security tax withheld by entering it on line 18 of Form 1040.

Q. I support the child of my divorced daughter. Can I claim the child as a dependent even though she does not live with me?

A. Generally, you can if you provide more than one-half the child's support and the child was either a citizen or resident of the U. S., did not file a joint return and had gross income of less than $600.

The dependency requirements are covered in the 1040 tax instructions.

Q. Is it true you can now deduct one-half of your medical insurance premiums even if you don't itemize your deductions?

A. No, that is not the way this new provision works. One-half of the premiums paid for medical insurance up to a maximum of $150 may now be deducted without regard to the 3 percent of income limitation on medical expenses, but only when the taxpayer itemizes his deductions. The balance is included with other medical expenses subject to the 3 percent rule.

Previously, the entire amount of these insurance premiums had to be included with the taxpayer's other medical expenses and only the amount of the total in excess of 3 percent of income could be deducted.

Procedures for handling medical expenses are described in the 1040 instructions. Be sure to read them carefully before starting on your 1967 return.

Q. My leg is in a cast and I have to take a cab to work. Is this deductible as a medical expense?

A. No. Transportation expenses to and from work are considered personal expenses and are not deductible. Transportation costs to the hospital or to a doctor for treatment of your leg are deductible as medical expenses, however. Check your Form 1040 instructions on how to handle these expenses.

How can I be sure the person I pick to prepare my tax return is reliable?

A. Here are a few things to look for:

1. Avoid the man who "guarantees" you a refund.

2. Be on guard if he suggests that the refund be sent to his address.

3. Never sign a blank tax form.

4. Don't sign a form that has been prepared in pencil; the figures could be easily changed.

5. Ask the advisor to sign the return he has prepared. Remember when someone helps you prepare your return you are still legally responsible for every item on it.

Q. I was out of a job for a month or so last year and collected state unemployment benefits. Do I declare them as income?

A. No, state unemployment benefits are not taxable and do not have to be reported as income.

Q. I send my ex-wife $150 a month to support our two children. Can I deduct these payments on my tax return?

A. If the $150 a month is clearly designated as child support, it is not deductible. But, alimony payments would be deductible by you.

Huskies Defeat Oldtown 66-34

Northern High School's Huskies recorded their 15th victory in 16 outings on Tuesday afternoon but they had to hustle to pull out a 66-54 decision over a scrappy Oldtown High school quint on the Northern High school court.

Sparked by Royce Duckworth who collected eight field goals and converted 12 of 15 free throws, Oldtown jumped off to a 10-8 lead in the first quarter but trailed 22-14 at halftime and were just seven points back at 42-35 at the end of the third period.

Oldtown lost the first game to the Huskies 80 to 65.

Gary Reichenbecher, the area's top scorer, outpointed Duckworth 29 to 28, hitting on 12 shots from the field and making 5 of 10 free throws to boost his season total points to 441 in 16 games for an average of 27.6. Jimmie and Bob Jones of Oldtown, and John Braskey, of Northern, fouled out with five personals.

Northern had the edge in field goals 26 to 20. Both teams had 14 fouls.

Some 200 students held a patriotic rally and march in Pittsburgh Friday in support of the war.

Merl Hershberger Honored at Dinner

Merl F. Hershberger, College Park, was honored for his thirty-three years of service as State Soil Scientist with the Soil Conservation Service in Maryland and Delaware on Friday evening, February 9, with a testimonial dinner given by his fellow employees.

Mr. Hershberger is a native of Grantsville and a graduate of Grantsville High School. He obtained his Bachelor of Science degree from University of Maryland and a Master's degree from University of Illinois. He will retire from his present position on February 15.

There were one hundred seventy-five fellow employees, friends, and relatives from many states present for the occasion, many of whom participated in the "This Is Your Life" type program which followed the dinner. Attending from this area were Mr. Hershberger's brother and sister-in-law, Mr. and Mrs. Daniel W. Hershberger of Grantsville, and fellow associates of the Soil Conservation Service, Mr. and Mrs. William Nace, Cecil Kight, Oakland; E. Stuart Delbrook, Mt. Savage; and Kenneth Stone, Cumberland.

13 Are Killed On State Highways

Thirteen persons were killed on Maryland highways last week according to the weekly survey published by the State Police. Five of those killed were drivers, five were passengers, and three were pedestrians. Alcohol was a contributing factor in two of the deaths, speed in six, and "driver error" in ten.

"In serious accidents investigated by the State Police last week fifty-seven persons were killed or seriously injured. Seventeen of these persons had seat belts available, but in only four instances were they actually in use", noted Lt. Col. George Davidson, Chief of Operations of the State Police. "Police officers who investigated the accidents are of the opinion that death or greater injury was prevented in all four cases.

"The great safety value of seat belts was proved quite some time ago, and their use by these four persons simply serves to underscore the importance of using this safety device. If more drivers and passengers made similar life-saving decisions, the injury and death resulting from highway collisions would be considerably reduced".

Flue Fire Extinguished

Quick thinking on the part of a county roads employe kept a flue fire from spreading last Saturday morning at the home of Harold Dillsworth, on the Crellin-Underwood road.

Oakland fire department responded to the call and sped to the scene but in the meantime C. D. Shaffer and Domenic Pratt county roads employes, traveling in the auto patrol passed the house, saw the smoke and immediately stopped to give assistance.

Pratt apparently pulled off some siding and used snow to put out the blaze. They were departing when the Oakland fire truck made its appearance. The firemen reported a loss of $10 on the building and none on the contents. Firemen said the wall and ceiling were slightly damaged.

Firemen Again Called

Oakland firemen were called again Tuesday morning about 8:30 o'clock to the home of Mike Hinebaugh, in Loch Lynn.

The fire started in the basement where Mr. Hinebaugh was attempting to thaw some frozen pipes. Damage was estimated at about $15.

At Week-End Camp

Six boys represented the Accident Scout troop at a week-end Camp at Camp Potomac, at Oldtown. Those attending: Johnny Glotfelty, Lee Sutherland, Skip Schwing, Bradley Armentrout and Gary Reckner. Most of the boys made advancements while attending camp.

John Glotfelty recently passed his tenderfoot test.

Paul Frank, scoutmaster and Edgar Harman, assistant, announced that for Scout Week a display in the Garrett National Bank was made and a group would attend church services.

A hike is planned for this Sunday.

Advancement night ceremonies are also planned for Feb. 19.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The government bureau known as the Department of Health, Education and Welfare is quite an organization.

* * *

This group has taken the lead in the anti-cigarette drive. Now regardless of the merits of this matter, it perhaps is no news to anybody that cigarettes are not the most beneficial item for human health.

C. W. Harder

* * *

But now HEW is going into the matter of marijauna, not from the standpoint of establishing that the weed, or "pot" as it is called in hippieland, is harmful, but rather on the basis that it may be less harmful, than commonly considered at present.

* * *

Marijauna is classified as a narcotic, and therefore its possession, use, etcetera, is presently a felony under Federal law.

* * *

But now HEW is studying the matter to see if the weed should be reclassified so that possession and usage would at the most be a misdemeanor.

* * *

There are no indications the Agriculture Department has gotten into this matter to try and provide a cash crop for the farmers of the land. In fact, the rationale for this study is quite vague.

* * *

There are arguments advanced that the use of "pot" produces a pleasant euphoria, but is not habit forming.

* * *

On the other hand, HEW is taking the position that cigarette smoking is habit forming, and thus must be discouraged.

* * *

On the other hand, it is highly unlikely that any one has gone with gun in hand to hijack a pack of cigarettes. Perhaps the most violent endeavor for cigarettes is the mythical man who walked a mile for a pack.

* * *

But, it should not be discounted that perhaps there is some method to HEW madness.

* * *

After all, a person affluent enough to smoke three or four packs of cigarettes per day undoubtedly has an income supporting a substantial personal income tax. Therefore, the theory may be, let us not kill off taxpayers, they are getting fewer and fewer already.

* * *

On the other hand, if these taxpayers can be switched to "pot" perhaps instead of registering indignation over what happens to their tax money, they will develop a pleasant euphoria about the whole matter of increasing taxes.

Mr. Hawkins said board members questioned the legality of a teacher strike and denounced sanctions as the "most vicious and cruel treatment possible for the children of the county." They added that "Sanctions would be self defeating and would bring down the wrath of the people of the county toward the teaching profession."

Mr. Hawkins said the board realized need for strong action if the commissioners fail to provide an adequate salary. He plans to arrange a meeting with leaders of the teacher association soon to discuss a plan of action.

Martin Resigns

Robert R. Martin announced his resignation as Supervisor of Transportation in the school system where he has served ten years. Mr. Martin has accepted a position with the Allegany County Board of Education in school transportation, effective July 1.

Board members congratulated Mr. Martin on his new assignment and expressed appreciation for his services to the county schools.

Is Your Name FORD?

Do You Know That:

Ford, an old and honored surname, is principally of English and Irish origins. In the former category, it is of relatively simple derivation and was the name often applied in mediaeval times to those whose homes were located at a ford or stream crossing.

In its Irish usage, Ford is the equivalent of such surnames as Foran and Forhan and is obtained from the Gaelic "fuar" which means "cold". The surname dates back to the 10th century and has been popular in Cork County. The coat-of-arms of the Irish branch of the Ford family bears the motto "To Me, Christ is Gain".

John Ford (1752-1824) and James Ford (1731-1799) were captains respectively of Maryland and New Hampshire troops during the Revolutionary War. The former was born and died in Cecil County.

As additional evidence that members of the Ford family were among the early settlers of this country, it should be noted that the first census of the United States, taken in 1790, has seventy-six listings of persons by the name of Ford who were residents of Maryland and heads of families at that time.

"The Ford Genealogy" is an account of some of the Fords who were early settlers of New England. It was compiled by Eliakhim Reed Ford of Oneonta, N. Y., and published in 1916.

Ford County, Illinois was named for Thomas Ford (1800-1850), governor of the state from 1842 to 1846.

Arthur Younger Ford (1861-1926) was president of the University of Louisville.

John Ford (1862-1941) was justice, Supreme Court of New York for twenty-six years.

William Miller Ford (1878-1938), a physician of note, practiced his profession in New York City where he served also as professor of obstetrics, New York University School of Medicine.

Clellan Stearns Ford is professor of anthropology at Yale University.

Edward Clark Ford is secretary, Jones and Laughlin Steel Corporation, Pittsburgh.

Franklin Lewis Ford is professor of history and dean of the faculty of arts and sciences, Harvard University.

CAPITOL COMMENT

by *Charles "Mac" Mathias*
Congressman, 6th District, Maryland

The State Of The Union

The New Year is traditionally a time of hope, but the second session of the 90th Congress convened last week in an atmosphere clouded by doubts and uncertainties about the course of the country and the condition of the world.

In keeping with tradition, the first important item of business was to receive the President on January 17th, when he came to Capitol Hill to address a special night joint session of Congress and report on the state of the union.

The President's State of the Union message this year was a full, candid and honest catalog of the problems to face. The list was a long and sobering one. In reviewing the national mood, the President touched on the "restlessness" which many Americans feel, and the "questioning" which troubles the nation. I agree that brilliant and perceptive leadership is needed to provide the inspiration and optimism to pull us up out of our philosophical confusion and spiritual lethargy.

Summarizing his domestic program for 1968, the President proposed many things. Some were important pieces of unfinished business, such as the vital bill to improve state and local law enforcement, which was passed by the House in August and is now before the Senate. Other proposals in the fields of manpower training, health and consumer protection were new, and will be spelled out in detail in subsequent special messages.

I am willing to view these new proposals with an open mind, and to test them in the fires of debate. In the light of previous experience, however, I am confident that this Congress will approve only those recommendations which are found to be sound and necessary. The proposed surtax, for example, is being subjected to another round of hearings and challenges this week, and any legislation to place restraints on American travel abroad seems destined to receive very close scrutiny.

While emphasizing the continuing search for a formula for peace in Vietnam, the President also sketched the progress recorded in international affairs in 1967, and some of the problems which we must wrestle in 1968. In this vital area, as in domestic affairs, it is already clear that his proposals will be carefully reviewed, often analyzed, and frequently questioned by the Congress.

In the coming weeks, as the Congress begins its work, I hope that the President will offer additional comments, particularly on two aspects of national affairs not covered in the State of the Union message. The first of these is the problem of quality in government. This is especially critcal in a time of budgetary squeeze, when we must be sure that every Federal program is structured and administered in the best possible way, to produce the maximum returns for the public investment.

The second question is our current economic situation. The President opened 1968 by imposing restrictions on the flow of American capital overseas, invoking emergency legislation designed for use in wartime or time of fiscal peril. So far, the Congress and the nation have not received enough information to understand, much less evaluate, our present economic position and the threats posed by either the balance of payments deficit or the inflation which the President has forseen. Such information will be essential before the Congress can reach intelligent decisions on spending, on the proposed surtax, and on the possible further extension of controls on capital and on the ways Americans invest their money.

In future newsletters I will be discussing these and other issues in detail. This will be a difficult and trying year for the Congress, and your counsel and advice will be most helpful and most welcome.

Bonar Addresses Lions

R. B. Bonar, currently in charge of Dale Carnegie operations in Maryland, spoke to members of the Oakland-Mt. Lake Park Lions club at its regular meeting Monday evening.

His talk was coupled with his use of a current magazine and when the page number of a magazine was called out he would advise the audience of the contents of the page. He expressed interest in conducting a Dale Carnegie course in Oakland.

Earl Clark advised that 12 fruit cakes remained for sale out of a total of 750 which were sold last year.

Tag Renewal Forms To Be Mailed Soon

Auto tags renewal time is fast approaching and John R. Jewell, Motor Vehicle Commissioner urged everyone to return their license applications promptly in order to receive 1968 plates by mail delivery before the April 1st deadline.

"This year's new 4-part application form is computer-printed in the Department's Data Processing Center" Commissioner Jewell stated, "and rquires several new items of information. On the fourth section, the vehicle's owner or owners must enter the identification number of their driver's license or chauffeur's permit in the spaces indicated. If the owner does not drive, he must enter his full name and date of birth in the space provided".

Emphasizing the need for supplying full and accurate replies to all other questions, such as use and present status of the vehicle, insurance coverage, and change of address, the Commissioner stated "applications not containing the full information requested will be returned to the owner with an appropriate instruction slip, thereby delaying final receipt of the tags".

Election Officials Discuss Legislation

At a meeting of the Maryland Association of Election Officials held in Baltimore, Feb. 6, 7, and 8 several House Bills of interest to the voters of Garrett County were discussed and recommendations made to the Committee on Judiciary.

House Bill No. 5 concerning the establishment of a state office to coordinate the various election boards in the state, and to keep the boards informed on changes in the election laws was again unanimously passed.

House Bill No. 6 concerning the "Fair Election Practices", the Association recommended that section 26-1 through 26-26 inclusive, of Article 33 of the Annotated Code of Maryland be repealed, and to enact new Section 26-1 through 26-19 to stand in the place of sections repealed. These sections apply generally to election contributions and expenditures and regulation of the use of monies in elections.

House Bill No. 319 concerning "Absentee Voting" was discussed. It was recommended to provide for the use of emergency absentee ballots for voters unable to be present to vote on election day because of sudden illness or accident or because of absence caused by employment arising immediately before the election.

House Bills Nos. 7, 8, 97, 235, 281, 316 were also discussed and recommendations made to the Committee on Judiciary.

James F. Messersmith, (R) Frederick County was elected president of the Maryland Association of Election Officials; Peter Parker (R) Baltimore City, vice president; Miss Rose Dawson (R) Montgomery County, secretary; Paul A. Heshmeh, Jr. (D) from Wicomico County, treasurer. Five new members of the Board of Directors were also elected from Ann Arundel County, Harford County, Baltimore City, Charles County, and Baltimore County.

Attending the meeting from this county were Thomas W. Hetz, president of the Board of Supervisors of Elections; George E. Coddington and George D. Meese, members; Mrs. Geraldine Turney and Mrs. Margaret DeWitt, clerks.

Wins Promotion

Edwin R. Browning, native of Waynesboro, Pa., has been promoted to district ranger of the Norwood Ranger district of the Grand Mesa-Uncompahgre Forest at Norwood, Colo.

A son of Mr. and Mrs. R. R. Browning, he was an assistant district ranger on the Clark's Fork Ranger district for the past five years. The promotion is effective Feb. 25.

Browning had been in Powell, Wyo., for the past three years since the Clark's Fork district offices were moved there. He is a graduate of Waynesboro High school, 1954, and Penn State university in 1958.

He is a great great grandson of Meshack Browning, pioneer hunter of Garrett County.

Catholic Review Features Work Of David W. Gonder

An article pointing out what PAVLA (Papal Volunteers for Latin America) has done for two of its members, appeared in the Catholic Review of February 9.

One of the members is David W. Gonder, 25, who is working in Kingston, Jamaica. He and James J. Norton, who works with Indians in Peru, both went to the same school, Loyola college, Baltimore, but did not meet until several weeks ago when Gonder was on a vacation trip to participate in the wedding of his sister in Oakland in December.

Gonder is now serving his last term in St. George's College high school in Kingston, where he works exclusively with youngsters. He says his teaching experience has interested him in joining the teaching ranks when he returns to Maryland.

He termed the boys in Jamaica unusually active because the climate is like summertime all year. He teaches boys from all economic classes because the school is semi-private. It includes boys who are supported by government grants.

In addition to teaching Dave has revived a Boy Scout troop.

An Eagle scout of the Oakland boy scout troop, he has tried to apply some modern methods to the old-fashioned British system of scouting, he says.

Contact with poor boys has shown him some of the deprivations they suffer. Despite living on an island which attracts vacationers from around the world these boys are too poor to ever go to the beach. Dave, who spent many hours on Deep Creek Lake, found himself teaching these boys how to swim.

The article concerning the two boys was written by Thomas N. Lorsung, a Review news editor. Dave is a son of Mr. and Mrs. Bernard I. Gonder, Sr., Alder street, Oakland.

Two Injured In Collision On Rt. 219

Two persons were hospitalized and another slightly injured last Thursday as a result of a two-car accident on U. S. Route 219, .4 of a mile south of Gortner.

Admitted to Garrett County Memorial Hospital at Oakland were Ralph James Thomas, 24, Thornton, W. Va., operator of one of the vehicles, and Mrs. Wilma Sypolt, 62, of Arnoldsburg, W. Va., a passenger in the other car.

Mrs. Sypolt's husband, Ernest Lee Sypolt, 64, the driver of the second car, was treated and released.

Mr. Thomas sustained a fractured arm and was listed in "satisfactory" condition, and Mrs. Sypolt was admitted for treatment of head lacerations. She was reported in "fair" condition.

Tfc. R. D. Lashley investigated the crash which occurred about 3 p. m. He said Mr. Sypolt was traveling south on Rt. 219 and made a left turn into the path of Mr. Thomas, who was going north. The Thomas vehicle was damaged extensively, while the other car was demolished.

SENSING THE NEWS

By Thurman Sensing

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

For the American people, North Korea's seizure of the intelligence - collecting ship Pueblo has been a grim reminder that the cold war is still a reality, no matter how much the "liberals" may say it is a thing of the past. A U. S. warship hijacked in international waters is an example of the piratical character of the communists.

The Pueblo incident should be seen and understood in its full dimensions. In the first place, the act was unprecedented in modern times. Not since the days of the Barbary pirates has an American vessel been boarded and captured on the high seas. Thus it was an assault on a principle cherished throughout the history of the American Republic—the principle of freedom of the seas. Twice in American history—in 1812 and in 1917—the United States went to war to uphold this principle. In other conflicts in which the U. S. has engaged, freedom of the seas also has been a significant factor in determining American intentions.

The United States, as a great sea power and trading nation, cannot afford to give way to Communist piracy on the high seas—least of all from a petty satellite of the Soviet Union. The strongest measures are justified to protect an American warship and those who sail her.

It would be naive, however, to suppose that the seizure of the Pueblo was a hasty act on the part of the North Koreans. The Russians, who long ago installed a pupet as ruler of North Korea, certainly would not have permitted the seizure without careful thought as to the final objective of such an act. It is ridiculous to think we can get the Russians to help us out of our Pueblo predicament, when they no doubt instigated it in the first place.

Behind the seizure, one can be sure, is a plan to humiliate the United States and to present the American republic to the world as a "paper tiger." Japan attempted the same thing in the 1930s when its aircraft sank the U. S. gunboat Panay on China's Yangtze River. "Here the U. S. is supposed to be a great power," the communists in effect say, "and they can't protect a small patrol craft in the North Pacific."

In addition, Americans can be sure that the communists—meaning Russia as well as North Korea—wanted in this ship seizure to demonstrate their capacity to open a new front and to compel a reduction of naval forces in the waters off Vietnam. Indeed they have been successful in part of this effort, for the ship seizure made it necessary for the U. S. to divert warships to the Korean coast.

How is it that the Pueblo came to be seized in the first place, and why American ships and aircraft did not reach the vessel before it was forced into a North Korean port, must be the subject of intensive congressional scrutiny. The public should realize, however, that, in the McNamara era at the Pentagon, the uniformed commanders in the battle zones have been allowed very little authority to make decisions that in any way touch on political matters. Thus it would not be surprising to discover that decisions such as committing U. S. fighters off the North Korean coast, under McNamara era operating rules, required the approval of Mr. McNamara's office.

However the Pueblo situation is resolved, the American people should learn from it that the struggle with communism is not lessening in seriousness. Nor is the Soviet Union mellowing. The communists believe they are in a fight to the finish. They are determined to extinguish the capitalist nations, and they intend to push ahead in their war against freedom.

The Reds have a capacity to create trouble in many parts of the world, in Korea as well as Vietnam, in Latin America as well as the Middle East. The United States can't deal with each of the present and future threats as it has dealt with the threat in Vietnam—with a vast land army. The communists have the advantage of numbers over the United States and its free world allies. The U. S. in future will have to deal with communist aggression by utilizing its technological - military-superiority. Awareness of this necessity is what prompts some thoughtful defense thinkers in the United States to assert that another Korean war, let us say, would make it imperative for the U. S. to use battlefield nuclear weapons to stop the aggressors. Indeed had such weapons been used in the Korean war in the early 1950s, the North Koreans and Red Chinese would have had their power blunted at that time.

The lesson of history is that victory goes to the bold and daring. If the free world fails to use its scientific and technological know-how to stop the armed hordes of communism, it may be bled to death by the modern guerilla version of the old oriental torture death of a thousand cuts.

Time For Good Examples

During the 1964 presidential campaign, there was an interesting demonstration of semantics concerning the word "extremist." Goldwater was portrayed as an extremist and by application everyone who supported or voted for him was placed in this category.

This, of course, was nonsense. However, a recent action by President Johnson does rate the extremist label in the true and full meaning of the word. We refer to his call for legislation to curtail American travel abroad.

We have always believed that Americans should see America first, to get a better appreciation of our great country, but we don't think Washington should have the right to tell Americans that they cannot travel to friendly nations.

In trying to keep American dollars at home the President has a laudable aim, but we think he could achieve it without a law, complete with penalties. What this country needs are some good examples, and we'd like to nominate Hubert Humphrey as Good Example No. 1. The Vice President's recent nine-nation junket to Africa was no tourist-class trip, and in the course of it he gave away enough millions of U. S. dollars to send an army of American tourists abroad, first class. Nor is Hubert Humphrey the only VIP who has been delegated to travel overseas to invest heavily in that thing called "world opinion." One of the most extravagant investors in this field was Bobby Kennedy, who sank hundreds of millions into propping up Sukarno on one famous trip. This kind of foreign travel should be stopped forthwith.

Equally important, we think the President should try to get Senators, Congressmen and other Federal bigwigs to start serving as good examples. At present many of them definitely are not. They seem to think they are cheating their constituents, not to mention themselves and their families, if they don't get to see the big wide world close-up. And the Rev. Adam Clayton Powell, Jr. was not the only legislator who demanded the best in accommodations, plus personal service, from members of our diplomatic corps, the military and other government employees available as flunkeys. All of which leaves a lot of dollars lying around in those foreign countries.

Our betters who indulge in this say it doesn't really cost anything because they're dipping into blocked funds, a residue of foreign aid past, available for tne use of "authorized personnel." This is all well and good, but why restrict this bonanza to the bureaucrats? Why not make the blocked funds available to the people who provided them in the first place, the American taxpayers? It's something for the President to ponder.—U. S. Press Association, Inc.

A GAS WATER HEATER IS GOOD TO THE LAST TOT.

Mom did a huge laundry, a couple sinkfuls of dishes and Sis used a tub-and-a-half of hot water for her bath. Then came baby's bath. After that, Dad and his shower. As Dad began his sixteenth chorus of The Road to Mandalay, Junior's hopes soared. This might be the night. The night they ran out of hot water!

Not a chance! Not with a Gas water heater.

But cheer up Junior. A Gas water heater isn't all bad. Since it does the job at about one-half the cost of heating water electrically, the money a Gas water heater saves in a single year could buy someone a brand new bicycle. Someone who takes his bath without a big fuss.

COLUMBIA GAS OF MARYLAND
THINK OF ALL THE THINGS YOU CAN DO WITH THE MONEY YOU SAVE. GAS MAKES THE BIG DIFFERENCE.

Open wide and say ah.

Surprise.

You thought you were going to see a roomy, homely Volkswagen station wagon.

But it's a new kind of roomy, homely Volkswagen station wagon.

To begin with, getting in is easier: the front doors are lower and wider. And with the side door we've achieved a milestone in station wagon doordom. It slides.

Once inside, you might even think you're in a normal car. Everything's padded. Including the dashboard, visors, and the armrests. (Besides looking like a car, we've improved the suspension so it even rides like a car.)

There are bucket seats up front. And where most cars have something called a console, the new box has an aisle. (If the mood should strike you, you can walk the length of the box.)

So when you look inside the new box expect to be pleasantly surprised. But not overwhelmed.

Because as boxes go, our station wagon is now pretty fancy.

But as station wagons go, it's still a box.

Precious Gift

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

She's a lucky little girl. Though she's only five years old, she knows how to pray. It is perfectly natural for her to kneel by her mother's side at bedtime and "talk to God."

She has a head start over children who have never experienced this kind of communion. For there are many youngsters throughout our land who have never learned to pray, simply because no one has ever taught them. For that matter, she's ahead of a good many grown-ups, too!

No one, of course, is ever too old to learn *how* to pray. But those who learn young are fortunate, for constant prayer builds a faith that will sustain them all their lives. Give your child the gift of prayer by taking him to church, by enrolling him in church school, and by listening to his prayers at home, each and every night.

YOUR BETTER HEALTH IS OUR CHIEF INTEREST

We are in close contact with physicians and maintain in our prescription laboratory ample stocks of every possible medicine we think they may prescribe. The leading pharmaceutical firms have our permission to send us any new discovery as soon as it is released for safe use.

So complete is our stock of medicines, that the odds are we can fill any prescription, even those prescribed by physicians located in distant cities. If we ever do not have an ingredient, if it is available we will get it quickly, or order it direct from the manufacturer.

★

YOUR DOCTOR CAN PHONE US when you need a medicine. A great many people entrust us with their prescriptions. May we compound yours?

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY LAWRENCE W. ALTHOUSE

THIS I KNOW!

Lesson for February 18, 1968

Background Scripture: John 7 through 9. Devotional Reading: 2 Corinthians 4:1-6.

"Seeing is believing," runs the old adage. Yet sometimes perhaps it is even more correct to say that **believing is seeing.** Sometimes we cannot see because there is no disposition to believe in anything. If our minds are made up, our eyes are likely to be closed. Then, as Jesus put it, "If they do not hear Moses and the prophets, neither will they be convinced if someone should rise from the dead" (Luke 16: 31 RSV).

Rev. Althouse

For Further Discovery

There could be little scientific advance today if men of science were not willing to believe beyond what has already been proven. Several years ago in the journal of a leading university there appeared an article about "particle 38." Having celebrated its discovery, the writer went on to say: "We are not absolutely sure particle 38 really exists, but it is a most helpful construction for further discovery." There can be no basis for further discovery in any field if we close our eyes and refuse to look beyond what we know to be proven.

Just as we have seen that there are two types of starvation or malnutrition, so there are two types of blindness. Physical blindness is bad enough, but spiritual blindness is an even more serious condition. The loss of one's soul is even more critical than the loss of the eyes.

Furthermore, Jesus makes it clear that spiritual blindness is not accidental. The man who loses his eyesight suffers enforced blindness, but the man who is spiritually blind is different in that he chooses to be blind. He can see but refuses to accept what he sees. His handicap is his unwillingness.

Spiritual Myopia

This is evident in John 9 when Jesus heals the blind man. When the man appears before his fellow townspeople, they can see that his eyes are open, that he is no longer sightless. Yet, skeptically they ask: "Is not this the man who used to sit and beg?" Some agree that it is, while others refuse to accept what they see: "No, but he is like him." Because they do not want to believe, they will not see.

The Pharisees are no less blind. That a man's sight has been restored seems of no consequence to them. They fix their near-sighted vision on a question of propriety: has the sabbath been broken? Healing, they reasoned, was work and work was strictly forbidden on the sabbath. Since they were confronted by something they could not explain, they closed their eyes and saw only what they wanted. They remind us of the physician in Zadig who predicted that Zadig would lose his eyesight. When, instead, Zadig recovered, the physician wrote a treatise on why Zadig should have been blind!

"Now I See!"

Thwarted in their attempts to get damaging testimony from the parents of the man who had been healed, the Pharisees turn to the man himself. Wasn't he aware that this "healer" was an impostor, a sinner? Theologically, of course, the healed man was no match for them. He was unable to untangle the legal implications of his healing. There is, however, one thing that he can say with complete confidence: ". . . one thing I know, that though I was blind, now I see."

There is much in both science and religion today that lies beyond our proof and understanding. There is much we cannot explain. But we are not called to prove Christ, to match theological wits with each other, or to author irrefutable doctrines and creeds. We are challenged to meet life with eyes wide-open, ready to see whatever God would reveal to us and share with each other, not our theories, but our experiences of what Christ has done for us.

Wildlife Federation Plans Wildlife Program

The Maryland Wildlife Federation will join the National parents organization in spearheading public information to spotlight the needs of fish and wildlife throughout the state and nation during the week of March 17 - 23. The week will be set as wildlife week.

It was pointed out that vanishing fish and wildlife species, growing water and air pollution problems, littering of public highways, waterways and campsites—these are all conditions which can be solved through public education.

Northern Trounces Highlanders 70-57

Gary Reichenbecher hit a season high of 37 points and increased his point total to 412 in 15 games last Friday night in leading Coach Pat Wolfe's Northern High School Huskies to a 70 to 57 triumph over the Highlanders of Southern High on the Northern court.

Sweeping the season series with its Garrett County rival Northern recorded its 14th victory in 15 games.

Southern made it an interesting contest in the first quarter but the Huskies went ahead 33 to 21 at the half. However Southern came back to trial by only three points at 34 to 31 but lost its momentum as the third period came to an end at 48 41. Hawkins was banished on personal fouls shortly before the end of the third period and in the fourth quarter Southern lost Cosby. Substitutes continued the struggle but the Huskies finally pulled away to a safe margin.

Reichenbecher, area's high scoring player, scored 16 field goals and meshed five of nine foul shots.

Pat Flanagan and Andy Cosby were Southern's leading scorers with 18 and 12 points, respectively, Alvarez got 4, Hawkins 9, Speicher 7, Evans 4 and Poling 3 to complete the Highlander scoring. For Northern Aiken had 12, Umbel 2, Goehringer 9, Braskey 4, Frickey 2 and Cuppio 4.

It was Southern's 12th defeat against three victories. Southern junior varsity cagers downed Northern in the preliminary game 41-29.

Summary:

Mr. and Mrs. Wade Hauser, Jana Sisler and Mr. and Mrs. Fred Douglas, all of Aurora, spent several days recently in the home of Mr. and Mrs. Charles Douglas and family in Russell, Ky.

Honor Mrs. Smouse At Farewell Party

Mrs. Jean Smouse, Oakland, and Robert Swann, of Family Service, Morgantown, W. Va., were honored at a farewell party last Friday, February 9, in the service's offices on High street in that city.

A covered dish meal was served. Hosts were a committee of Welfare recipients who have been writing a booklet on welfare rights. Other workers at the Service and OEO workers also attended.

A rough draft of "Your Welfare Rights", the booklet, was displayed. Original illustrations for the booklet decorated the room and entertainment was provided by accordion music of one member.

A representative of the group attended the People's Poverty meeting in Charleston, W. Va., January 19. Representatives of the group have been invited to participate in a panel to be held at the West Virginia Welfare conference in Charleston April 18.

A luncheon also was given Tuesday, February 13, at Hotel Morgan by the staff of the Monongalia Family Service association honoring Mrs. Smouse, Mrs. Louella McAloose, Mr. Swann and Mrs. Mary Handlooser.

These four second year social work students have completed a six month placemnt at the agency sponsored by West Virginia university. While there they have served as the total social work staff, having an opportunity to help form policy of the newly reorganized agency. They practiced case-work, group work, community organization and conducted a research project on clients presenting problems in relation to planning future agency service. The students will leave the agency tomorrow and return to full time class work February 19.

They plan to receive their master's degree of Social Work on May 12.

PUBLIC SERVICE COMMISSION Of Maryland

ORDER NO. 57039

IN THE MATTER OF REGULATIONS GOVERNING SERVICE SUPPLIED BY ELECTRIC COMPANIES.

* * * *

BEFORE THE PUBLIC SERVICE COMMISSION OF MARYLAND

CASE NO. 5957

The Potomac Edison Company by letter dated January 19, 1968, has requested, in order to adopt a bi-monthly billing policy, that it be granted an exemption from Rule No. 5.5 of the Commission's Regulations Governing Service Supplied by Electric Companies, established by Commission Order No. 55819, rendered on March 31, 1965, which states as follows:

"Meters shall be read at approximate monthly intervals unless otherwise authorized by the Commission."

The Commission after considering this request has concluded that the matter should be assigned for hearing to determine whether the requested change in the method of billing would be compatible with the public interest.

IT IS, THEREFORE, this 7th day of February in the year Nineteen Hundred and Sixty-eight by the Public Service Commission of Maryland,

ORDERED, that this matter be, and it is hereby, assigned for hearing at the office of the Commission, Baltimore, Maryland, on Wednesday, February 21st, 1968, at 10:30 o'clock, A. M.

PROVIDED, the applicant cause a copy of this order to be published in one newspaper published in Frederick County, Maryland, in one newspaper published in Washington County, Maryland, in one newspaper published in Montgomery County, Maryland, in one newspaper published in Allegany County, Maryland, and in one newspaper published in Garrett County, Maryland, at least one time before the 16th day of February, 1968.

Garrett County Public Schools
BOARD OF EDUCATION
Oakland, Maryland
Notice To Contractors
Vocational Addition to Southern High School
Vocational Addition to Northern High School
and
Classroom Addition to Dennett Road Elementary School

Sealed bids in triplicate will be received until 2:00 p. m., Eastern Standard Time, Tuesday, March 19, 1968, at the office of the Board of Education, Oakland, Maryland, to consist of four (4) commercial classrooms, three (3) vocational home economics classrooms, a guidance suite and related facilities at Southern High School; an extension to the agricultural shop, plus a greenhouse and related facilities, at Northern High School; and an eight (8) classroom and gymnasium with locker rooms addition to Dennett Road Elementary School.

Plans and Specifications and Form of Proposals, etc., may be obtained on or after Tuesday, February 27, 1968, at the office of Johannes and Murray and Associates, Architects, 855 Pershing Drive, Silver Spring, Maryland, or the Board of Education office, Oakland, Maryland.

Qualified General Contractors proposing to bid may secure the loan of Plans and Specifications upon depositing Twenty Dollars ($20.00) per set. All Plans, Specifications and Addenda must be returned in good condition within ten (10) days after the opening of bids to obtain refund. The full Twenty Dollars ($20.00) deposit will be refunded only to Contractors submitting a bid, and only on the first three (3) sets. Additional sets may be obtained from the Architect for Twenty Dollars ($20.00) each, on which refund of one-half of the deposit will be made.

At such time as the Construction Contract is awarded, the successful Contractor will be given for construction purposes Fifteen (15) complete sets of Plans and Specifications free of charge. If the General Contractor requires additional sets for his Subcontractors, he may purchase them from the Architect at printing cost.

Each bidder must deposit with his bid security in an amount of not less than five (5) per cent of his bid in the form required by the Instructions to Bidders.

The Board of Education reserves the right to waive any informalities and/or to reject any or all bids.

NOTE: Bidders and their Subcontractors will kindly note and observe the specification requirement which permits inclusion in bids of a substitute item of manufacture other than that specifically indicated by name in the related portion of the Specifications. Where such is accomplished, bidder shall indicate in his bid what sum he will deduct from his base bid for the inclusion of such item or items.

By Order of
The Board of Education
Willard L. Hawkins,
Superintendent of Schools

No. 5651 Equity In The Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

This is to give notice that on the 24th day of January, 1968, a Bill of Complaint was filed in the Circuit Court for Garrett County, Maryland, by the Plaintiffs against the Defendants at the addresses herein above set forth. The object of these proceedings is to procure the passage of a decree for the sale of the real estate of Cora E. Opel, situate in Election District No. 3, Garrett County, Maryland, and for the payment of debts and claims filed against the property:

The bill states:

That during her lifetime and at the time of her death, Cora E. Opel, was seized and possessed of a parcel of land situate in the Town of Grantsville, Election District No. 3, Garrett County, Maryland, and being the same as described in a deed from Julius C. Renninger, et al, to Catherine Opel, dated August 19, 1920, and recorded in Liber E.Z.T. No. 80, folio 73, one of the Land Records of Garrett County, Maryland; this same property was then devised to Cora E. Opel, under the will of her mother, Catherine Opel, the latter having departed this life testate on October 9, 1927; that surviving her are her next of kin and heirs at law as follows: (a) John Opel, a nephew who intermarried with Margaret Opel (who is now deceased)—John Opel now residing in Accident, Maryland. (b) Anna Harman, niece who intermarried with Oscar Harman both of whom reside in Accident, Maryland. (c) Leah Beitzel, niece who intermarried with Jacob Beitzel (now deceased) residing in Accident, Maryland, (d) June Beachy, a niece who intermarried with Alvin Beachy, both of whom reside at Grantsville, Maryland, (e) Orpha Georg, a niece who intermarried with Paul Georg, both of whom reside in Gambrills, Maryland, (f) Annie Tressler, niece, who intermarried with Sherman Tressler, both of whom reside in Mt. Lake Park, Maryland, (g) Lewis Krause, a nephew who intermarried with Gertrude Krause, both of whom reside in Upper Marlboro, Maryland. The Board of Complaint further indicates there are other parties who may be kin and heirs of the said Cora E. Opel, but are unknown to the Plaintiffs. That Anna Harman qualified as Administratrix of the estate of Cora Opel on August 9, 1966, as will appear by reference to a Certificate of Letters filed as Plaintiff's Exhibit No. 3; that the personal estate of the said decedent is insufficient to pay the indebtedness filed against the estate and that at the time of her death Cora E. Opel was indebted to the Garrett County Welfare Board in the amount of $1441.32, representing amounts advanced to the said decedent during her life time as Old Age Assistance under the laws of the United States and the State of Maryland, and the said Cora E. Opel is further indebted to the Newman Funeral Home in the amount of $975.00 and also unto divers other persons, and that the said real estate is not of sufficient value to satisfy all claims against the estate of the decedent.

The bill then prays for a decree for the sale of said real estate, for the sale of debts and claims and for general relief.

WHEREFORE, it is ORDERED by the Circuit Court for Garrett County, Maryland, this 24th day of January, 1968, that the Plaintiffs cause a copy of this Order to be inserted in a newspaper published in Garrett County, once a week in each of four successive weeks, before the 16th day of February, 1968, giving notice to the said unknown heirs who may be defendants of the object and substance of the Bill of Complaint and warning them to show cause, if any there may be, on or before the 18th day of March, 1968, why a decree should not be passed as prayed.

An Ordinance

AN ORDINANCE of the Mayor and Council of Loch Lynn Heights, a municipal corporation of the State of Maryland, entitled "AN ORDINANCE REGULATING THE USE OF PUBLIC SEWERS AND PRIVATE SEWAGE DISPOSAL SYSTEMS."

BE IT ENACTED AND ORDAINED by the Mayor and Council of Loch Lynn Heights, as follows:

Section 1. It shall be unlawful for any person to place, deposit, or permit to be deposited in an insanitary manner upon public or private property within the Town of Loch Lynn Heights, or in any area under the jurisdiction of the Town, any human or animal excrement, garbage, or other objectionable waste.

Section 2. It shall be unlawful to discharge to any natural outlet within the Town of Loch Lynn Heights, or in any area under the jurisdiction of the Town, any sanitary sewage, industrial wastes, or other polluted water, except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.

Section 3. Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

Section 4. The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purposes, situated within the Town and abutting on any street, alley, or right-of-way in which there is now located or may in the future be located a public sanitary or combined sewer of the Town, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this ordinance.

Section 5. Where a public sanitary or combined sewer is not available under the provisions of Section 4, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

Section 6. Before a commencement of construction of a private sewage disposal system the owner shall first obtain a written permit signed by the Clerk. The application for such permit shall be made on a form furnished by the Town, which the applicant shall supplement by any plans, specifications and other information as are deemed necessary by the Mayor and Council. A permit and inspection fee of Five Dollars ($5.00) Dollars shall be paid to the Town Treasurer at the time the application is filed.

Section 7. A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Mayor and Council. They shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the Clerk when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within forty-eight (48) hours of the receipt of notice by the Clerk.

Section 8. The type, capacities, location, and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the State of Maryland. No permit shall be issued for any private sewage disposal system employing subsurface soil absorption facilities where the area of the lot is less than fifteen thousand (15,000) square feet. No septic tank or cesspool shall be permitted to discharge to any public sewer or natural outlet.

Section 9. At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Section 4, the prescribed sewer tap fee shall be paid in advance and a direct connection shall be made to the public sewer in compliance with this ordinance, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material.

Section 10. No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by the health officer.

Enacted and Ordained this 5th day of February, 1968.

Youngster Dies When Hit By Automobile

A grandson of Mrs. Genevieve Higgins, of Waynesboror, Pa., was killed on Thursday, Feb. 1, when he was struck by an automobile as he was crossing a street in Denver, Colo., near his home. Mrs. Higgins was the former Genevieve Gonder daughter of Mrs. Hattie Gonder, Oakland, and the late W. A. Gonder.

The child was Scott Edmund Russell, aged 7, of 635 Xenon Court, Jefferson County, Colo. The boy died of multiple injuries when he was hit by a car as he darted across the highway. He was knocked 63 feet by the impact, according to an article in a Denver newspaper.

He was a son of Edmund Russell and Betty May Higgins Russell. The father is employed by Bendix as an office superintendent.

Surviving besides the parents is a sister, Valerie Dedrick, 9, her grandmother and great grandmother.

Jessie Gets A Friend

By Carol Canan

Little four-year-old Jessie Rayl, along with her three sisters and her parents, Mr. and Mrs. Leo Rayl, often stopped at Harvey's Store last summer for ice cream. Now, thanks to the kindness of the Harvey brothers, Shorty and Dale, Jessie has a new-found friend and playmate to make her life a ilttle easier.

You see, Jessie is blind. Her new playmate, donated by the Harveys, is a German shepherd puppy, which Jessie calls Cooky, and who will be her companion, watchdog and playmate for many years.

Although this breed of dog is well-known for its ability to lead the blind, that is not the purpose Cooky is intended to serve. He will not be trained to lead Jessie, instead he will serve more as a friend than trained guide.

The Rayls do not wish to see their daughter grow too dependent on anything or anyone. They try to treat Jessie as normally as possible, in hopes that she will learn to cope with everyday situations encountered because of her difficulty. They wish her to learn to depend on herself, rather than others.

Jessie takes full responsibility for the care and feeding of her new friend, so that he will recognize her as "his" human. Even though blind since an eye operation over three years ago, Jessie can tell by touch that this wriggling, wagging bit of liveliness is all hers.

Ski Exhibitionist To Be at Wisp Area

Commissioners Schedule Varies

Members of the Board of County Commissioners attended a meeting of the Overall Economic Development Program held in the jury room on Monday, Feb. 5. Bradford Rinard, of the Community Action Committee, discussed the matter of making the Overall Economic Development Program more active and effective.

At the regular Feb. 5, meeting sheriff James Frantz reported that two radios in cars of his department are in need of repairs. Cost of these radios is approximately $650 each. Sheriff Frantz was advised to consult the state police to determine the cost of repairs to the radios and the possibility of securing used units from the state police.

Robert Murphy presented a petition from the residents of the Dry Run Road requesting improvements to that road. The commissioners promised to give the matter consideration.

Mr. and Mrs. Howard Davis discussed the possibility of getting aid from the county for Mrs. Freda Morton and her eight children, whose home and possessions were destroyed by fire on January 25. The board is investigating means of providing help.

The hiring of James Leroy Holler as a county roads department employe was given unanimous approval by the three commissioners before the meeting was adjourned.

To Observe FFA Week Feb. 17-24

Vocational agriculture students of Southern High Schol will join Future Farmers of America members throughout the nation in activities to focus attention on the importance of agriculture during National FFA Week, February 17-24.

"Challenging Youth in Agriculture" is this year's FFA Week theme. Young agriculturists seek to inform the public of the importance of the agricultural industry to America and to the world, the value of good citizenship development, and the role of Future Farmers of America in helping meet the challenges in world food production that face America today.

"Because of the many predictions of world hunger in the future, many people have stopped listening," said Richard Bishoff, vocational agriculture teacher and FFA advisor. "Now suddenly, the future is here! For tht past seven years, our world has not been able to grow as much food as it has eaten. And, finally, the bottomless U. S. surpluses have melted away".

"Let us also point out", he added, "that it is estimated that the world as a whole will need 50 per cent more food just two decades from now. Meeting these challenges will be in the hands of young agriculturists being trained and developed in such an organization as the FFA".

Locally, members of the Oakland FFA Chapter plan a dress-up day on Feb. 22, for Rt. 219 theater marquees, show cases, and to present radio skits.

Membership in the FFA is made up of students of vocational agriculture in high school. The organization's activities are designed to help develop rural leadership and good citizenship, to stimulate the students to better achievement in ther study, and to work toward successful establishment in farming and other agricultural occupations.

The Oakland FFA Chapter has 108 members. Officers are president, William E. Fitzwater III; vice-president, Ralph P. Miller; secretary, Thomas Wilderson; sentinel, Joseph Everd; treasurer, Delbert Waybright; and reporter, Ralph W. Fitzwater.

Loan Program Offered

The Farmers Home Administration, U. S. Department of Agriculture agency, is administering a rural economic opportunity loan program in cooperation with the Office of Economic Opportunity.

The rural economic opportunity loan program is designed to help rural Americans obtain a better standard of living where they are. It consists of small loans to low-income farmers to help them improve their farm incomes and, where practical, develop a nonfarm service, trade, or other small enterprise that will add to farm income. Other limited income rural residents also may recive loans to develop nonagricultural enterprises that have prospects of succeeding.

Opportunity loans can be scheduled for repayment over a 15-year period. They bear interest at the rate of 4 and one-eighth percent and are limited to a maximum amount of $3,500.

The Farmers Home Administration Office for Allegany and Garrett Counties is located on U. S. Rt. 219 North, Oakland.

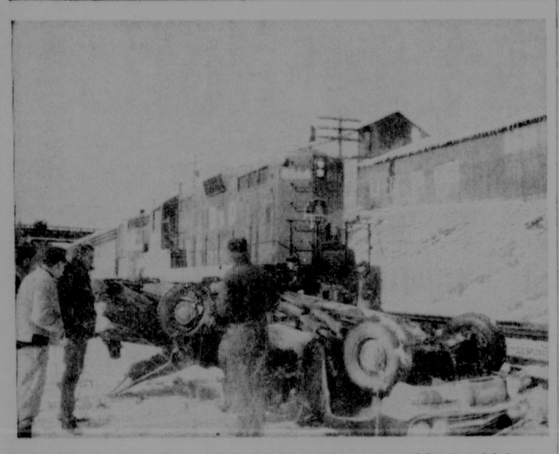
VOLUME 91. OAKLAND, GARRETT COUNTY, MD., FEBRUARY 22, 1968 PER COPY 10c NUMBER 52.



Revealing . . .

A television commentator and writer in Britain had a most revealing statement in this week's issue of U. S. News and World Report. He didn't hesitate to say he was very grateful for what U. S. was doing in Vietnam. He felt his government ought to admit it also but felt sure it would not.

He pointed out that what the Viet Cong and North Vietnamese had done was just a small sample of what the people of South Vietnam could expect should the United States fail in that country, or if America got tired of doing the world's work for nothing but the world's abuse.

Every time there has been a cease fire for a holiday in that country the enemy has used that time to rebuild its infiltrating forces. This time the Viet Cong launched an attack during the lunar New Year, a religious holiday in that country. And they used that attack to slay thousands of civilians, destroy many homes and make homeless many thousands more. The enemy is

Pictured is the aftermath of the train-car accident which occurred Wednesday afternoon. The car, owned by Clarence W. Cogley, had just been pried from the front of the freight engine, and lay on its top. No one was injured in the mishap.

Freight Train Hits, Crushes Stalled Car

A 74-car freight train traveling east from Grafton to Cumberland struck and demolished an automobile owned by Clarence W. Cogley at approximately 2 p. m. Wednesday.

Cogley, 36, a barber at Cogley's barber shop in Oakland, was driving his car from the road leading onto Second street from the Oakland parking lot and had just reached the tracks when he saw the traffic bars lowering. He related that he applied his brakes, his motor stalled, and his car skidded directly into the path of the approaching train.

He recalled scrambling to safety seconds before the freight hit his 1960 Chevrolet.

The impact caught the car broadside, scooped it up and carried it several hundred feet before the train came to a halt, at which time the car rolled on its top at the edge of the tracks.

Engineer George W. Chidester, 45, of Keyser, W. Va., said he was on a routine run to Cumberland when he saw a car stopped directly on the tracks. As he saw the driver flee from the vehicle, he applied the emergency braking system. Mr. Chidester had been with the B&O for 25 accident-free years until Wednesday.

Trooper Stephen Russell, of the Maryland State Police, conducted the investigation. He stated that no charges would be made.

Library Has Copies Of Md. Constitution

The Ruth Enlow Library has received a quantity of copies of the proposed constitution of the state for distribution to interested persons.

The copies contain the full text of the documents adopted by the Constitutional convention for submission to the voters on May 14, and may be obtained at the library. They were prepared as a public service by the Westinghouse Broadcasting company.

Introduces Measure On Judge's Salary

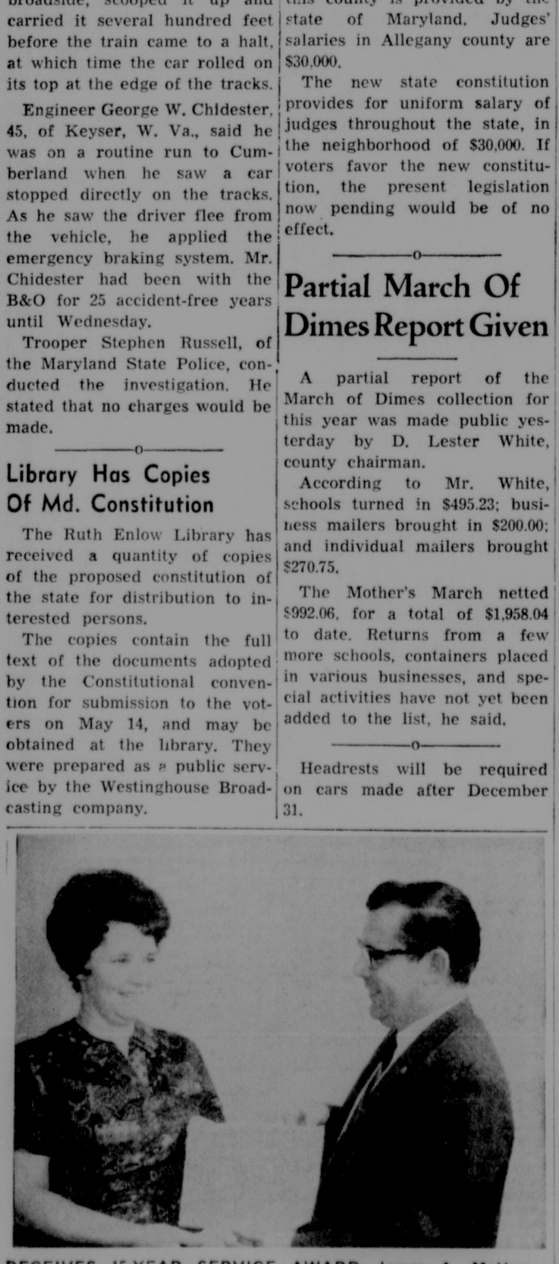
A House measure, No. 453, was introduced in the Legislature by the Allegany and Garrett County delegations concerning the salary of judges.

The measure would provide certain salary payments to resident judges of the circuit courts of Allegany and Garrett counties and clarifying a change in provision for such payments to judges in Washington county.

The measure would provide a supplemental salary of $2,500 for judges in these counties, the amounts to be paid by the County Commissioners of the counties involved.

Previously Garrett County commissioners had provided no salary for judges. The $20,000 salary of the present judge in this county is provided by the state of Maryland. Judges' salaries in Allegany county are $30,000.

The new state constitution provides for uniform salary of judges throughout the state, in the neighborhood of $30,000. If voters favor the new constitution, the present legislation now pending would be of no effect.



Partial March Of Dimes Report Given

A partial report of the March of Dimes collection for this year was made public yesterday by D. Lester White, county chairman.

According to Mr. White, schools turned in $495.23; business mailers brought in $200.00; and individual mailers brought $270.75.

The Mother's March netted $992.06, for a total of $1,958.04 to date. Returns from a few more schools, containers placed in various businesses, and special activities have not yet been added to the list, he said.

Headrests will be required on cars made after December 31.

RECEIVES 15-YEAR SERVICE AWARD—James A. 5994 Auto Tags Are Received Here

The time will soon be here to discard your rust and dirt-covered automobile license plates for new ones.

Some 5994 sets of automobile tags were received by County Treasurer Mrs. Arzella Parsons during the past week and will go on sale as soon as applications are received by auto owners.

This year's tags, which are blue with white lettering, once again bear the "DE" and "DC" letters. The DE tags start with the number 1001 and run through 3998, while the DC tags begin at 7001 and go through 9998.

Midnight, March 31 is the deadline for new tags to be displayed on automobiles. Fees are the same as for the previous year — $15 or $23 plus a 25 cent handling charge for the treasurer; and $35 for uninsured motorists.

Plates will be on sale at the treasurer's office in the Oakland Court House, and at Edward's Garage in Grantsville.

Applications for the new plates were to be mailed from the Department of Motor Vehicles this week. Among the data required on this year's application is information on insurance and operator's license.

Applications for trucks and commercial vehicles will be mailed during the latter part of March. Those tags have a May deadline date.

To Appear On Forum

William W. Grant, of Oakland, is one of those selected to speak at a forum meeting on the Maryland Constitution to be held March 3 at 3 p. m. in the auditorium of the Bishop Walsh high school in Cumberland. Eight speakers are listed. There will be a question and answer period.

Mathias To Speak On Nr. East Crisis

Congressman Charles McC. Mathias, Jr., will be the speaker at a public meeting sponsored by the Garrett Branch of the American Association of University Women, to be held on Friday evening, March 1, at 8 o'clock, at the Southern High school cafetorium.

The address will be non-partisan in nature. The Congressman, who recently announced his candidacy for the U. S. Senate, will be speaking on the Middle East situation following a special two weeks' trip in January to both Israel and Jordan.

Purpose of the trip was to review the refugee situation and to make recommendations for resolving some of the problems as well as reducing the tensions in those areas. Mr. Mathias is currently preparing a report to the Judiciary committee on his findings and recommendations. This report is expected to be ready for release prior to his scheduled talk on March 1.

Members of the AAUW stressed the fact that the talk would be non-political and that the public was invited.

Mathias is a native of Frederick and was born July 24, 1922. He received his law degree from the University of Maryland in 1949, after studying at Haverford and Yale universities. He was admitted to the Maryland Bar and later admitted to the Supreme Court bar. He was first elected to the 87th Congress in 1960 and has been re-elected to the 88th, 89th and 90th Congresses. In his fourth term in the House of Representatives, he is a member of the Judiciary committee and the committee on the District of Columbia.

He has served as an officer of the Children's Aid Society of Frederick county; Trustee of the Episcopal Free School and Orphan House; vestryman of Frederick's All Saints Episcopal church; president of the Historical society of Frederick county; officer of the Maryland State junior chamber of commerce, member of the executive committee, Maryland Civil War centennial commission and a member of the Board of Associates of Hood college. He is a commander in the U. S. Naval Reserve.

Pilot Puts Plane Down On Route 50 Near Red House

A Houston pilot made a forced landing on Rt. 50, west of Red House about 4:30 last Thursday, when his commercial plane became dangerously low on fuel.

The Texan, William Miller, taxied down a straight stretch of the highway and came to a stop near the home of Mr. and Mrs. Wayne B. Hamilton, of Hamilton Farms. He explained to the Hamiltons that strong winds had caused the plane to use more gas than anticipated.

The plane, a Pawnee, was tied up for the night at a barn on the property. The pilot was enroute to Texas from Loch Haven, Pa., with the craft, which is to be used for aerial crop dusting and spraying.

Mr. Miller spent the night with W. Brooks Hamilton, Jr., who drove him to the Garrett County airport Friday morning to obtain fuel. As they were not able to get sufficient gas to continue on Mr. Miller's intended route, he decided to retrace his course to Winchester, Va., where he could refuel.

Rt. 50 again served as an airplane runway on Friday, as Mr. Miller winded away while the Hamiltons held back surprised motorists.

March 21 is date for second Apollo flight.

Swartzentruber Files for Mayor

H. D. "Hub" Swartzentruber, filed on Monday as a candidate for the office of Mayor of Oakland. He was the first candidate for that position. The term of the present mayor, Russell L. Smith, expires this year, and he has indicated upon occasion that he would not be a candidate for re-election, but he has indicated this in previous years but changed his mind before the deadline.

Deadline for filing is Thursday, February 29, at 4 p. m. The election will be held on Monday, March 11.

Mr. Swartzentruber has owned and operated a harness shop in Oakland since 1946. He has served two terms as a County Commissioner, having been elected in 1954 and again in 1962 for four years each. He also serves as a Sunday Church school superintendent at St. Mark's Lutheran, and is also a Sunday school teacher.

Also on Monday Harry L. Stemple and Allen Naylor, incumbents, filed for re-election as members of the city council. Willis Shaffer, third councilman whose term expires, is at present on a trip to Puerto Rico with his wife but plans to return prior to the deadline. It was not known whether he would be a candidate.

Ambulance Enroute To Hospital, and Auto in Collision

Because ambulances are not considered "privileged vehicles" with right-of-way- prerogatives, Gerald N. Minnich, Oakland, was given a fine in Magistrate Court Monday.

Mr. Minnich, who had picked up Mrs. Ward Hinebaugh from her car at Eighth and High Streets after she suffered a cerebral hemorrhage, was headed for Garrett County Memorial Hospital via 8th street, when his vehicle collided with and badly damaged one being driven by Mrs. Sandra Phillips Smith, of Liberty Street, who was heading west on Dennett Road. The accident, which occurred at Eighth St., and Dennett Road, necessitated another ambulance being called to take Mrs. Hinebaugh on to the hospital. With Mrs. Smith was a young Metheny boy, aged 3, who was treated and released at Garrett County Memorial hospital.

Mr. Minnich pleaded not guilty, but was found guilty by the magistrate and fined $1 and costs for failing to yield right of way, as there are no laws demanding right of way for ambulances and similar ve-

High Court Affirms Truck Burial Ruling

A ruling handed down by Garrett County Circuit Court, in a civil case involving a coal truck buried at a strip mine site, has been upheld in the Maryland Court of Appeals.

Court of Appeals Judge William J. McWilliams upheld the Garrett decision which stated that both the coal truck driver and the shovel operator at the mine were negligent.

The suit concerned a coal truck owned by Stanley W. Finzel and driven by one of his employees. The employe went to the Ebensburg Coal and Clay Company strip mine near Finzel, where he parked close to a high wall. As the shovel operator was loading the truck, the wall slipped into the pit, taking with it the truck and burying it. It was demaged beyond repair, according to testimony.

Mr. Finzel, through his attorney, Horace W. Whitworth, Westernport, filed suit for damages to his truck, claiming the shovel operator was negligent in not stopping excavation when he noticed dirt and rocks sliding down the high wall.

However, the Garrett County decision awarded no damages, pointing out that the truck driver also saw the dirt and rocks sliding and there was an assumption of risk when he parked his vehicle near the high wall.

Mr. Finzel, through his attorney, then appealed the lower court decision to the Maryland Court of Appeals. The high court ruled that the judgment be affirmed, with costs to be paid by the appellant.

QUADRUPLETS FOR GRADE EWE—A grade ewe of Junior Martin, farmer of Loch Lynn, came forth with quadruplets on Monday, an unusual event for the sheep world, especially when all four are sturdy and healthy. With the lambs in the picture also are the mother, a grade ewe, in the background, and Robin Shaffer, granddaughter of Mr. Martin.

Grade Ewe Gives Quadruplets Feb. 19

A grade ewe owned by Junior Martin, a farmer of the Loch Lynn area, produced quadruplets for him on Monday, to add to the rapidly growning farm population of this sheep man. That day also four other ewes had triplets each, to make a total of 16 for the day and to raise to 73 the number of lambs from 39 ewes since January 23. At least 21 more grade ewes are expecting to produce which will likely run the total number to more than 100.

In Monday's quadruplets there were three sturdy females and one healthy male. The sire of the entire flock this year is a registered Hampshire ram which is owned by Mr. Martin.

District Playoff Will Be At Oakland

The district playoff for Class B baskeball teams will be played on the Southern High gymnasium, it was announced by Dick Travis, tournament director.

This is the first time for a number of years that a district playoff will be held in this area.

The playoff will include Northern High school which is Garrett county's representative in the class B tournament. The Huskies will play the class B champions of Allegany county. The team will be either Bruce High of Westernport or Valley High of Lonaconing.

The date of turney play will be Tuesday, March 5, at 8 p. m.

Southern High school Highlanders will play their initial tournament game in class A on Friday evening, March 1, at 8 o'clock, in the North Hagerstown High school gymnasium, and their opponent will be Frederick High school. The winner of that game will play again at Frederick on Saturday, March 9.

For the tournament at Hagerstown the team and cheerleaders will leave Friday morning at 9 o'clock. March 1 by charter bus. They will return to Oakland Saturday afternoon.

Senator Tydings Is Dinner Speaker

U. S. Senator Joseph D. Tydings of Maryland will be the speaker at a dinner to be held on Friday evening, February 23, at the Wisp lodge near McHenry, sponsored by the Garrett County Young Democrat club.

A social hour and dinner hour are planned beginning at 7 o'clock p. m., it was announced by William Bever, president.

Senator Tydings will speak on the Maryland constitution. Mr. Tydings is speaking in the three western counties on the constitution beginning Thursday in Washington county, and several places in Allegany county before completing the day in this county.

The Democrat State Central committee has planned a breakfast with the senator for Saturday morning.

Karol Rush, chairman of the committee, will be toastmaster for the dinner.

New Extension Agent Is Named

Miss Alice E. Hevner, Frederick County, has been appointed by the University of Maryland as an Extension Agent, 4-H and Youth, for Garrett County. Miss Hevner is a 1967 graduate of Shepherd College, Shepherdtown, West Virginia, where she earned a B.S. degree in Home Economics. At Shepherd College, she was a member of the Professional Home Economics Fraternity, Kappa Omicron Phi.

In Frederick County Miss Hevner was a 4-H member for eleven years. During 1967 she spent some time in Brazil as an International Farm Youth Exchange.

Miss Hevner's main responsibility will be in promoting the 4-H and Youth program in this County.

Another Dale Carnegie Course To Be Offered

Another Dale Carnegie Course will be conducted in Oakland in the near future, it was disclosed this week by the Oakland-Mt. Lake Park Lions club which will be a co-sponsor.

Carnegie courses are presented in Maryland by R. B. Bonar and Associates of Baltimore. Richard Davis, president of the club, said he believed that the sponsorship was a community service and that businessmen, professional men, sales persons, housewives, club women and officer personnel would benefit from this training as well as every adult.

The course is designed to help people develop leadership, ability, self confidence, to deal with people effectively, keep their presence of mind when speaking before meetings and to groups.

The course was successfully conducted in Oakland several years ago. Mr. Davis said the course was not limited to Lions club members, but was being brought to Oakland for benefit

Soldier Returns From So. Vietnam

Sp-5 Elmer L. Reckart, son of Mr. and Mrs. Carlus Reckart, star route 2, Oakland, has returned to his home after spending a year's tour of duty in South Vietnam where he served with the 255th Supply and Transportation company at Cu Chi, and with the 512th Transportation Company at Qui Nhon.

After spending a thirty-day leave at home with family and friends he and his wife, Mamie, plan to reside at Fort Campbell, Ky., where he will complete his service. Mrs. Reckart is the daughter of Mr. and Mrs. Herman Poling, of Oakland.

Two Jailed In Sunday Stabbing

William Paugh Fatally Wounded; Delone Brown Charged With Murder

Delone Emerson Brown, 39, of Deer Park, formerly of Hutton, was formally charged with murder in the Sunday night fatal stabbing of 25-year-old William Everett Paugh, route 1, Deer Park, in a tavern just off Maryland route 135, near Deer Park.

Mrs. Ruth Lucille Malcomb, 38, also Deer Park, was charged with being an accessory after the fact in the murder. She and Brown were apprehended about midnight Sunday at her home in Deer Park by Tfc. Robert Lashley of the Maryland State Police. They accompanied him willingly to the sheriff's office where they were later charged by John Evans, Jr., deputy sheriff, and placed under arrest.

At the preliminary hearing Tuesday afternoon Trial Magistrate Robert M. Maroney held both for action of the March term grand jury, the former held without bond and the latter upon $2,000 property bond.

Mr. Paugh was declared dead on arrival at Garrett County Memorial hospital in Oakland after an inspection by Dr. Herbert H. Leighton. The body was taken to Sacred Heart hospital in Cumberland for an autopsy.

Some eight persons who were in Bob's and Madelyn's tavern at the time the victim was knifed were questioned late Sunday night and also on Monday by Garrett County State's Attorney Fred A. Thayer, Sheriff James E. Frantz and trooper Lashley.

The stabbing occurred inside the darkened tavern during a scuffle. Paugh was knifed once in the left rib section and once in the right rib section under the arm, State Police said. The knife was recovered Monday morning about 9:55 approximately 165 feet from the back door of the tavern. It was a hunting knife type with a 4 and one-half inch blade, curved on the point. It has been sent to police headquarters for testing. The knife was identified as belonging to Brown by both the accused and Mrs. Malcolm.

Neither of the accused testified at the preliminary hearing. State's Attorney Thayer presented formal statements which admittedly were made voluntarily by the two accused. In the first formal statements which were taken Monday afternoon at the police barracks at LaVale, both of the accused admitted having used the knife, but in a later statement by Mrs. Malcolm she retracted her first statement and admitted she had made the first statement in order to protect Brown.

When they were interrogated

Education Classes Are Underway In Four Area Schools

Persons involved in "Operation Main Street" have moved into area classrooms two evenings a week as part of their development and training requirements, according to Lowell Bender, of the Community Action Agency.

Classes are being held at Southern High School, Friendsville, and Kitzmiller to cover the basic concepts of reading, English, and mathematics. At Jennings, the classes are more on a community-attendance basis, and are aimed at helping students obtain a high school diploma by passing a high school equivalency test, he pointed out.

Harold Humbertson teaches the Friendsville class, which is held on Tuesday and Wednesday evenings from 7-9 p. m. Edward Green and Paul Haar are in charge of Southern's two classes, which are held on Mondays and Wednesdays from 7-9 p. m. Classes at Kitzmiller meet on Monday and Thursdays from 6-8 p. m., with Clark Sharpless, Jr., as instructor.

At present there is no instructor for the Jennings class.

The classes, which began on Feb. 5, and will continue until June, are attempting to begin at the level the students have reached and move forward from there, Bender said. Except for the Jennings class, all students are men.

Mrs. Edith Cross Dies At Age 100

Mrs. Edith Cross, aged 100 years, died Friday, February 9, in O'Neal Nursing Chateau, in Akron, Ohio.

She was formerly Edith Sines and was born in Oakland, daughter of a blacksmith. She and her husband, John E. Cross, went to Akron in 1913 and was one of the early families to move into Goodyear Heights.

A rather full account of her life appeared in the Akron Beacon Journal on Sunday, February 11 and most of the story is quoted.

Mrs. Cross was a robust woman who could have been mistaken for 70. But she was 100 when she died Friday.

Although her sight and hearing had begun to fail in recent years, her mind remained clear and her devout life was inspiration to other patients at the nursing home. Religion and prayer played a big part in her life. She was the oldest living member in the nation of the Church of the Brethren.

An 11-room house at 1390 Sprague street was Mrs. Cross' home from 1913 until 1961. She lived alone and did all her own work there after her husband's death in 1939. She lived with her daughter, Mrs. William W. Childs in Akron until 20 months ago when a broken hip caused her to enter the nursing home.

She leaves 96 descendants, including Mrs. Chiilds; sons Otis N., Jacksonville, Fla.; Sherman S. Cleveland; 22 grandchildren, 63 great grandchildren and 8 great great grandchildren.

She was a symbol of an America that no longer exists even in the backwoods. She was a Sines, a family that stretched back into the dim forests. She and her grandfather enjoyed identical life spans—100 years, eight months and five days.

As a girl she tried teaching but didn't like it so she became her father's helper in the blacksmith shop. After her marriage her husband was a mail carrier along a nine-mile route that circled the Deep Creek area. When he became ill she delivered the mail by horse for five years.

They came to Akron after a brief stop in Granville, Pa., and her husband went to work for Goodyear. Their large house soon was filled with 14 boarders and Mrs. Cross did sewing, washing and ironing, wallpapering and baked pies for an East Akron restaurant to help pay for the house.

Funeral services were conducted Monday, February 12 with burial in Rose Hill cemetery in Akron.
